OBJECTS.

The objects of this Society shall be to encourage a spirit of emulation amongst Agriculturists, Makers and Importers of Agricultural Implements, &c., by offering prizes, to be competed for annually, for the best samples of Grain, and other Agricultural Produce; for the best Stock, for Agricultural, Grazing and Dairy purposes, and for the best Agricultural Implements. Also, by offering prizes, to be competed for at Annual Ploughing Matches, and for the Formation and Encouragement of District Farming Societies.

In carrying out those objects, the Society shall be guided by the following

RULES.

1. That Two Pounds Annual Subscription constitute a Member.
2. That the Annual General Meeting of Members of the Society shall take place on the First Wednesday of July in each year.
3. That the Society be managed by a Committee, consisting of a President, two Vice-Presidents, a Treasurer, twelve ordinary Members of Committee, elected by the Central Society, and two Representatives from each of the District Societies; five to form a quorum.
4. That the President and Vice-Presidents be elected by ballot at the Annual General Meeting; that one shall retire annually, in rotation, and be eligible for re-election.*
5. That the Members of Committee representing the Central Society be elected by ballot at the Annual General Meeting; one-half to retire annually in rotation, and be eligible for re-election.

* Resolution adopted at the Annual General Meeting, held July 6th, 1859, to give effect to Rule 4:—"That the Vice-President elected by the smallest number of votes shall retire at the end of one year; the Vice-President having the largest number of votes at the end of two years, and the President at the end of three years, from the adoption of the Rule."

6. That the Committee shall fill any vacancy occurring in their body during the year.

7. That any Member of Committee absent from Meetings three times consecutively, shall be liable to have his name struck off the list.

8. That the Committee shall appoint all Officers, define their duties, elect Judges, and transact any other business necessary to carry out the objects of the Society.

9. That the Secretary be empowered, on the requisition of ten Members, or by virtue of his office, to call either a General Meeting, or a Meeting of Committee.

10. That before any General Meeting of the Society be held, a public notice of at least ten clear days be given to the Members.

11. That discussion on any political topic shall be strictly excluded from the Meetings.

12. That the Members of any regularly organized Agricultural Society throughout the Colony shall be entitled to compete free at the Exhibitions and Matches of the Society; all others shall pay a fee, to be arranged in proportion to the value of the Prizes offered.

13. That an admittance ticket shall be given to each Member of the Society, on payment of his subscription for the year, and that this ticket, bearing the Member's name (with the signature of the Secretary and Collector attached), shall, on presentation, admit him free to all Meetings and Exhibitions of the Society for that year.

14. That parties desirous of becoming Members can do so by signifying their intention to any Member of Committee, Collector, Secretary, or Treasurer.

15. That the Society's Financial Year end on the 31st May, and that a Special General Meeting be held on the first Wednesday of June in each year, to arrange the business to come before the Annual General Meeting, and to appoint auditors.

16. That any alterations in, or additions to, the foregoing Rules, must be made at the Annual General Meeting, or at a Special General Meeting of not less than Twenty Members.

ELEVENTH ANNUAL REPORT

OF THE

COMMITTEE

OF THE

Port Philip Farmers' Society.

To the President, Vice-Presidents, and Members of the Society.

GENTLEMEN,—In submitting their Annual Report, your Committee have great pleasure in being enabled to convey the assurance of the continuous prosperity of the Society, both as regards its material progress and financial condition.

The Committee feel justified in referring more particularly to these circumstances, as when considered in connection with the very general depression which has prevailed during the season, they amply attest the interest evinced in the objects and welfare of the Society, and afford a gratifying indication that its proceedings are fully and extensively appreciated.

In the discharge of their duties, the Committee have to acknowledge the cordial co-operation of the Local Committees, and which has materially contributed to the success attending their labours, and the harmony subsisting between the parent and branch societies. The uniformity of action thus imparted to, and characteristic of, the operations of the central society, and the districts in connection with it, is a most important element of success, and calculated to insure a very extended and continuous improvement.

CHANGES IN COMMITTEE AND VICE-PRESIDENCY.

Subsequent to the last Annual General Meeting of the Society, and consequent on the resignation of Messrs. Morton and Dick as members of Committee, Messrs. Simon Armstrong and J. C. Cochrane were elected to the vacancies.

In the month of July, Captain Clarke, in a letter addressed to the Secretary, resigned the Vice-Presidency of the Society in the following terms :—

“Melbourne Club, 30th July, 1858.

“DEAR SIR,—As I propose leaving this country for England by the next mail, I take this opportunity of tendering the Council my office of Vice-President. I am well aware that my connection with the Society has been of little service to it, yet there are few who feel more interested in its objects, and who will hear of its success with more satisfaction than

“Yours truly,

“ANDREW CLARKE.”

Captain Clarke's resignation having been laid before a Special Meeting, the following resolution, moved by Mr. WADE and seconded by Mr. M'CRACKEN, was adopted unanimously :—

“That the thanks of the members of the Port Philip Farmers' Society be given to its late Vice-President, for his exertions in its behalf during his term of office.” And a Sub-Committee was appointed to draw up a suitable reply to Captain Clarke's letter.

A Special General Meeting of the Society was held on the 30th August for the purpose of filling the vacancy occasioned by the resignation of Captain Clarke. Joseph Wilkie, Esq., M.L.A., occupied the chair, and stated the objects of the meeting.

Mr. PETER M'CRACKEN moved—

“That in future there shall be Three Vice-Presidents of the Port Philip Farmers' Society instead of one, as hitherto.”

Seconded by Mr. MOTHERWELL, and carried unanimously.

Mr. LAW moved next resolution—

“That the seniority of the Vice-Presidents be decided by the number of votes received.”

Seconded by Mr. M'CRACKEN, and carried.

On the motion of Mr. LAW, it was resolved—

“That the Vice-Presidents elected shall be subject to any alteration in the Rules of the Society which may be made at the next Annual General Meeting.”

The members then proceeded to ballot, with the following results :—R. F. Greene, Esq., 21 votes ; William Nicholson, Esq., 15 votes ; and W. Lyall, Esq., 11 votes. These gentlemen were therefore declared duly elected Vice-Presidents of the Society.

It was resolved—

“That the Vice-Presidents shall be allowed to take part in Committee business, and vote thereon.”

Mr. LYALL subsequently declined accepting the office of Vice-President, and the only further change to record in the Executive of the Society was the appointment of Dr. Adams, as a representative of the Morningside district on the Central Committee, in the place of Mr. Lyall, retired.

PROCEEDINGS IN RELATION TO BOARD OF AGRICULTURE.

The conference of delegates from the various Agricultural Societies in the colony, alluded to in the previous report, having bodied their views regarding the formation of a Board of Agriculture in a series of resolutions. A Special General Meeting of the Society was held on the 4th August for the purpose of taking these resolutions into consideration, and also to elect representatives at the Board.

Captain Clarke occupied the chair, and having stated the objects of the meeting, read the following resolutions, adopted at the meeting of the conference on the 6th July:—

1st.—“That in the opinion of this meeting it is desirable to establish a Board or Council of Agriculture for the colony.

2nd.—“That the basis of representation be the amount of revenue derived from private sources by the Society.

3rd.—“That the Board shall consist of representatives of all agricultural societies in the colony.

4th.—“That all societies subscribing not less than £50, or more than £200, shall be entitled to send one representative; from £200 to £500, two representatives; from £500 to £1000, three representatives; from £1000 to £2000, four representatives; and no subscription beyond that sum shall entitle any society to any further representation.

5th.—“That the foregoing resolutions be communicated to the various societies, and that they be requested to elect their representatives on the basis laid down.

6th.—“That in the opinion of this meeting, the first meeting of the council should take place on the first day of September, 1858.”

These resolutions having been approved of by the meeting, Mr. WADE moved—

“That inasmuch as the revenue of the Central Society entitles it to send representatives to the Board of Agriculture, this meeting shall now proceed to elect them accordingly.”

Seconded by Mr. J. MACKINTOSH, and carried.

Mr. WADE moved—

“That the number of representatives to be elected by the Port Philip Farmers' Society be three.”

Seconded by Mr. J. C. COCHRANE, and carried unanimously.

Mr. PETER M'CRACKEN moved—

“That one member retire annually in rotation, commencing with the one having the smallest number of votes, retiring members being eligible for re-election.”

Seconded by Mr. LAIDLAW, and carried *nem. con.*

The election of representatives was then proceeded with, and terminated as follows:—Mr. J. C. Cochrane, 13 votes; Mr. J. Mackintosh, 12 votes; and Mr. P. Phelan, 7 votes. These gentlemen were therefore declared duly elected.

The Secretary having received from the Hon. the Chief Secretary a communication enclosing a draft of the Bill for the establishment of a Board of Agriculture, summoned a Special General Meeting of the Society for the 21st March, for the purposes specified in the official document, of which the following is a copy:—

“Chief Secretary's Office, Melbourne,
March 19th, 1859.

“GENTLEMEN,—I am directed by the Chief Secretary to request that you will, at your earliest convenience, proceed to elect the number of members to represent your Society at the Board of Agriculture, to which it is entitled under the third clause of the Act 22nd Vict., No. 83.

“The Chief Secretary requests that, when notifying to this office the names of the members elected, you will at the same time furnish a certified account of receipts of the Society for the past year from subscriptions, gifts, donations, entrance-fees, receipts at exhibitions, or any other source, not being the proceeds of money or other aid received from any Parliamentary vote.

“I have the honour to be, Gentlemen,

“Your most obedient servant,

“J. MOORE.

“To the Members of the Port Philip Farmers' Society.”

As the provisions of the Bill necessitated on the part of the members of the Society a fresh election of Representatives, the meeting held on the 31st March was, on account of the small attendance, adjourned to the 14th April, when the chair was occupied by Mr. John Thomas.

The CHAIRMAN having stated the objects of the meeting, and the Secretary having read the circulars from the Chief Secretary's office, Messrs. William Wade, Peter M'Cracken, James Mackintosh, and John C. Cochrane, were unanimously chosen to represent the Society at the Board of Agriculture.

OFFICE OF SECRETARY.

Mr. Thomas Skilling having resigned the office of Secretary, on the occasion of the last annual meeting,

It was moved by Mr. COCHRANE, seconded, and carried *nem. con.*—

“That Mr. T. Skilling be requested to discharge the duties of Secretary, pending the election of his successor.”

At the meeting next following the annual meeting, and held on the 19th July, Mr. LYALL moved—

“That until after the general Exhibition of the Society, to be held on the 29th and 30th September proximo, the resignation of Mr. T. Skilling, as Secretary, will cause great inconvenience to the Society, the Committee therefore request that gentleman to continue his duties until after that event, and that a special committee meeting be summoned for Monday next, the 26th inst.”

Seconded by Mr. M. LOEMAN, and carried.

On the 26th July, Mr. T. Skilling intimated to the Committee his compliance with their request to continue his duties as Secretary until such time as the annual exhibition had taken place.

At a meeting of the Committee on the 23rd August, Mr. JAMES MACINTOSH moved—

“That an advertisement be inserted in the three daily papers, inviting candidates for the office of Secretary to the Society to forward their testimonials, on or before the 11th day of September, to the office of the Society, 82 Swanston-street.”

Seconded by Mr. P. M'CRACKEN, and carried.

At a meeting of the Committee held on the 13th September, the Secretary read a requisition which had been forwarded to him, of which the following is a copy:—

“To the Secretary of the Port Philip Farmers' Society.

“We, the undersigned members of the Port Philip Farmers' Society, hereby request you to call a special general meeting of the members of the Society, to be held in Melbourne, at o'clock, on _____, for the purpose of considering the propriety of enabling the members of the Society to elect a Secretary from candidates who may be nominated by the Committee, or of confirming the election of a Secretary.”

(Here follow the signatures.)

Mr. J. MACINTOSH moved—

“That until after the meeting to be held in accordance with the terms of the requisition, the applications for the office of Secretary be not opened or considered by the Committee.”

Seconded by Mr. MILLER, and carried.

It was then moved by Mr. COCHRANE—

“That the applications of candidates for the office of Secretary

be not opened until after the general meeting, and that an advertisement be inserted informing candidates of the same."

Seconded by Mr. W. DEWAR, and carried.

A special general meeting of members of the Society was held in the Mechanics' Institute, Melbourne, on Tuesday, 21st September, for the purpose of "Considering the propriety of enabling the Members to elect a Secretary from candidates who may be nominated by the Committee, or of confirming the election of a Secretary." Rawdon F. Greene, Esq., Vice-President, in the chair.

Mr. M'CAW moved—

"That it is the opinion of this meeting that the power to elect a Secretary for this Society is constitutionally vested in the members of the Society in general, and not in the Committee for the current year."

Seconded by Mr. W. LAW.

Mr. O'BRIEN, M.L.A., moved as an amendment—

"That inasmuch as the resignation of the late Secretary was tendered at the annual general meeting, and as no intimation was given by the general body of members present on that occasion of their desire to withdraw the power of electing a Secretary, entrusted to a former Committee, the present Committee was therefore justified in following the precedent adopted by the previous one in advertising for applications, and proceeding to make the appointment."

Seconded by Mr. GIBB.

Mr. RIDDELL suggested a second amendment—

"That the selection and appointment of a Secretary be vested in the Committee."

Mr. O'Brien having withdrawn his amendment in favour of that of Mr. Riddell, a discussion ensued as to the qualification of members, when,

On the motion of Mr. J. MACKINTOSH, it was resolved—

"That subscribers who have paid their subscriptions for 1857-8 and 1858-9 be allowed to vote."

Mr. Riddell's amendment having been put to the meeting, was carried by a large majority.

At a meeting of the Committee held October 4th, R. F. Greene, Esq., Vice-President, in the chair, Mr. W. Wade was requested to act as Secretary during the day.

Mr. ABRAHAM GARDINER moved—

"That the salary of the incoming Secretary, including all tra-

velling expenses, be at the rate of £350 sterling per annum ; the office to be held during the pleasure of the Committee."

Seconded by Mr. PATTERSON, and carried.

The Committee then proceeded to examine the testimonials of the candidates (thirty in number) for the appointment of Secretary, and eventually elected Arthur J. C. Skilling to the office.

EXHIBITIONS, MATCHES, ETC.

The most urgent and important duties which demanded the attention of the Committee in the early part of the year were, the revision of the prize lists for the annual exhibition, and the providing increased accommodation at the show-yards. The schedule of prizes was revised, and several important alterations effected ; and a sub-committee appointed, under whose directions the improvements and additions to the yards were carried out.

With reference to the Annual General Exhibition of the Society held on the 29th and 30th September, there can be but one unprejudiced opinion. The entries, with the exception of those in one or two sections, were numerous, and the quality of the exhibits very superior, whilst the merits of those where a deficiency of competition was observable, amply compensated for any paucity of numbers.

Unfortunately, the weather proved unfavourable during the greater part of the first day, and this to some extent militated against the success of the meeting. His Excellency the Governor honoured the Exhibition with his presence on the second day, and from an early hour the yards were crowded with spectators.

The field trials of mowing machines, of reapers, and of combined mowing and reaping machines, were held at the farm of Mr. Rogerson, Saltwater River, on the 9th November, and at Mr. William Wade's farm, Belford, near Kew, on the 28th December. It is unnecessary here to enlarge on the importance of practically testing the merits of machinery, as it is now generally acknowledged that the best interests of manufacturers and agriculturists are alike involved in and promoted by the results. On the occasions referred to, the merits of the machines brought forward were of a high order ; and it is satisfactory to perceive the evident appreciation by the colonial manufacturers of the peculiar circumstances and requirements of the colony, and their successful adaptation of their manufactures to the wants of the Victorian farmer.

The Exhibitions of the Mornington, the Bacchus Marsh, and the Gisborne Societies, were held respectively on the 23rd

February, and the 9th and 16th March. At each of these shows, the superiority of the Young Stock to that in the Aged classes was strikingly observable; whilst of the Produce exhibited, it is sufficient to remark, that the majority of the prizes offered at the Annual General Grain Show was carried to these districts. These immediate and important results must evoke an increased interest in the movement throughout the districts, and stimulate their rapid and general improvement.

The Annual General Produce Show was held at the Exhibition Building, Melbourne, on the 30th March, and proved one of the most successful hitherto held under the auspices of the Society. A new and important feature was introduced for the first time on this occasion: prizes were offered by the Society for Victorian wines; and, considered as a beginning, the exhibition augurs well for future success. His Worship the Mayor of Melbourne presented the Society with a very handsome silver cup, which was offered for the best fifty bunches of Victoria-grown grapes.

The prize grain and produce offered, for sale by auction towards the close of the proceedings, were eagerly sought after, and realised prices which must have amply compensated exhibitors for any extra expense of carriage to the exhibition.

With reference to the Ploughing Matches of the season,—five of which, viz., the Mornington, Metropolitan, Gisborne, Bulla, and Bacchus Marsh, have already taken place,—the Committee materially altered the conditions from those of preceding years. General satisfaction has been expressed at the change, as it will operate to secure a larger number of competitors, and a more exciting contest for the champion cup. A similar arrangement to that adopted for the award of the Brewers' Prizes has been observed with those apportioned for the Best Managed Farms, viz., the allotment of a stipulated sum to each district in connection with the Society. This course, will, it is hoped, excite local rivalry and improvement, whilst the difficulty of procuring judges, &c., will be avoided.

FINANCIAL.

With regard to the financial condition of the Society, the Committee have to refer to the balance still to the credit of the Society, to the fact of all the medal prizes awarded up to date having been distributed, or being now ready for distribution, and leaving a considerable number in stock for next year; and this, notwithstanding the Government grant has not yet been received.

It having appeared to your Committee that the previous arrangements for the supply of medal prizes annually required by the Society were defective, a sub-committee was appointed to make the necessary inquiries, and with power to treat on behalf of the Society for the year's supply; a very considerable saving has thereby been effected.

RETIREMENT OF MEMBERS.

The following gentlemen retire by rotation from the Committee, their term of office having expired, but they are eligible for re-election:—Messrs. M. Loeman, R. Laidlaw, P. M'Cracken, A. Motherwell, G. Somerville, and J. Mackintosh.

On the motion of Mr. JOHN FINLAY, seconded by Mr. ISAAC KEYS, the report read was unanimously adopted.

On the motion of Mr. J. C. COCHRANE, Mr. Wade's resolution, "That the members proceed to consider and revise the rules of the Society," and Mr. W. Dewar's contingent motion, "To consider the revised code of rules prepared by the Committee, in accordance with resolution adopted at the special general meeting held on the 1st June," were taken into consideration by the meeting, and the rules, as revised, approved.

PRIZES AWARDED AT THE VARIOUS EXHIBITIONS
OF THE SOCIETY,

DURING THE YEAR ENDING 30TH JUNE, 1859.

ANNUAL GENERAL EXHIBITION OF STOCK, IMPLE-
MENTS, MACHINERY, &c.,

Held on Wednesday and Thursday, 29th and 30th September, 1858.

DRAUGHT HORSE STOCK.

Entire Horse—First prize, a piece of plate, value 20 sovs., Mr. John Wilson's bay Clydesdale entire horse "Clyde." Second do., gold medal, Mr. J. Cochrane's bay entire horse, "Cochrane's Clyde." Third do., silver medal, Messrs. J. and M. Mackintosh's "Prince Charlie."

Colonial Bred Entire Horse—First prize, piece of plate, value 10 sovs., Mr. John Dick's "Black Champion." Second do., first silver medal, Mr. D. Chrystal's "Nugget." Third do., honorary certificate, Mr. George Milner's "Champion."

Three-year-old Colonial Bred Entire Horse—First prize, gold medal, Messrs. J. and M. Mackintosh's "Young Jacob." Second do., first silver medal, Mr. Peter Corcoran's dark bay entire horse, "Comet." Third do., honorary certificate, Mr. Forsythe's brown horse, "Punch."

Brood Mare, Foaled, or in Foal—First prize, a piece of plate, value 10 sovs., Mr. W. Braithwaite's brood mare, "Matchless." Second do., gold medal, Messrs. J. and M. Mackintosh's "Princess Maude." Third do., silver medal, Mr. Broomfield's "Jess."

Victorian Bred Brood Mare—First prize, gold medal, Mr. E. Bradley. Second do., first silver medal, Messrs. J. and M. Mackintosh's "Blossom." Third do., honorary certificate, Messrs. J. and M. Macintosh's "Dapper."

Dry Mare—First prize, gold medal, Mr. Kernan's "Diamond." Second do., first silver medal, Messrs. J. and M. Mackintosh's "Princess Mary." Third do., honorary certificate, Messrs. J. and M. Mackintosh's "Jeanie."

Gelding—First prize, gold medal, Mr. William Wade. Second do., first silver medal, Messrs. Clark and M'Intyre. Third do., honorary certificate, not awarded.

Three-year-old Filly—First prize, gold medal, Mr. John Cameron's "Young Lochy." Second do., first silver medal, Mr. Duncan's black filly. Third do., honorary certificate, Messrs. J. and M. Mackintosh's "Maggie."

Three-year-old Gelding—First prize, gold medal, Mr. E. Wyatt. Second do., first silver medal, Mr. A. M'Martin. Third do., honorary certificate, not awarded.

Two-year-old Filly—First prize, gold medal, Messrs. J. and M. Mackintosh's "Daisy." Second do., first silver medal, Messrs. J. and M. Mackintosh's "Annie." Third do, honorary certificate, Mr. G. G. Cameron's "Bay Filly."

Two-year-old Colt or Gelding—First prize, gold medal, Mr. Kernan's "Young Lanark." Second do., first silver medal, Mr. George Milner's "Prince Charlie." Third do., honorary certificate, Mr. William Wade.

One-year-old Filly—First prize, first silver medal, Messrs. J. and M. Mackintosh. Second do., second silver medal, Messrs. J. and M. Mackintosh. Third do., honorary certificate, Messrs. A. and E. M'Pherson.

One-year-old Colt or Gelding—First prize, first silver medal, Mr. Edward Malloy. Second do., second silver medal, Messrs. J. and M. Mackintosh. Third do., honorary certificate, Mr. Thomas Walton.

Cart Horse (chiefly worked during the previous six months within the corporate boundaries of Melbourne, exhibited in the harness in common use—First prize, gold medal, Mr. Aaron Standing. Second do., first silver medal, the Director Experimental Farm. Third do., honorary certificate, Mr. John Finlay.

Team of Four Waggon Horses (bona fide the property of the exhibitor)—First prize, gold medal, Mr. John Finlay. Second do., first silver medal, not awarded.

For the animal in the above sections, which, in the opinion of the Judges, possesses the greatest merit of its kind, the Port Philip Farmers' Society's Challenge Cup, value 50 sovs., in addition to the prize obtained in its own section,—Mr. John Wilson, for "Clyde."

Messrs. C. and T. J. ROSSITER's prize of 20 sovs., and 2 sovs., entrance, offered for the best yearling, the progeny of "Reformer," awarded to Mr. Edward Malloy's yearling colt "Young Reformer."

BLOOD HORSE STOCK.

Entire Horse—First prize, a piece of plate, value 10 sovs., Mr. Rawdon F. Greene's "Indian Warrior." Second prize, first silver medal, not awarded. Third prize, honorary certificate, not awarded.

Mare—First prize, gold medal, not awarded. Second prize, first silver medal, Mr. Henry Brock's "Lass o' Gowrie." Third prize, honorary certificate, not awarded.

Winnowing Machine (cylinder)—First silver medal, Joseph Nicholson.

Digging Machine—First silver medal, W. L. Morton.

Grinding and Oat-crushing Machine (combined)—Silver medal, W. L. Morton.

Pumps (assorted)—Silver medal, B. H. Dods.

FIELD TRIALS OF MOWING MACHINES, OF REAPING MACHINES, AND OF COMBINED MOWING AND REAPING MACHINES.

Trial of Mowing Machines at Mr. ROBERT ROGERSON'S Farm, Saltwater River, on the 9th November, 1858.

No. 1. Mr. Joseph Nicholson, mower and reaper, cuts on the right hand side, price £65. Time occupied at work, 2 hours 26 minutes.

No. 2. Messrs. Thomas Robinson and Co., improved colonial made mowing-machine, price £90. Time occupied at work, 3 hours 10 minutes.

No. 3. Mr. Joseph Nicholson, mowing and reaping machine, manufactured by exhibitor, price £65. Discontinued work in consequence of mal-arrangement of the cutting-knives.

No. 4. Messrs. Thomas Robinson and Co., American Eagle mowing-machine, price £45. Time occupied at work, 3 hours 17 minutes.

No. 5. Mr. Joseph Nicholson, mower and reaper, cuts on left hand side, with regulator for cutting various heights, price £65. Time occupied at work, 2 hours 45 minutes.

No. 6. Mr. W. Lockhart Morton, Ketchum's mowing and reaping machine, price £55. Discontinued work in consequence of the awkwardness of the horses and men in charge.

November 9th, 1858.

After investigating the working merits of six out of eight mowing machines which were entered, in accordance with our minute of the 29th September, 1858, for trial on the farm of Mr. Robert Rogerson, Saltwater River,—We hereby unanimously award the prize to No. 4, Section 13, appearing in catalogue as the American Eagle mowing-machine.

J. MILLAR,
ALEXANDER GIBB,
JOHN BANKIN.

Trials of Reaping Machines at Mr. WADE'S Farm, Belford, Kew, December 28th, 1858.

TO THE PRESIDENT AND COMMITTEE OF THE PORT PHILLIP FARMERS' SOCIETY.

Gentlemen,—We beg to hand you in our adjudication of the "premiums" for the best "reaping-machines," and the best "combined mowing and reaping machine," tried in our presence on a wheat crop growing on the farm of Mr. William Wade, on the 28th day of December, 1858.

We have great pleasure in awarding the premium placed at our disposal for the best reaping-machine to No. 2, in Section 14, "Robinson and Co.'s colonial-made mowing and reaping machine," which did its work admirably, and, had the ground been in a state of dryness, which generally is the case in the harvest month, the excellence of this machine would have left little further to be desired; it cut low, regular, and clean, delivering the grain at right angles to the line of draught, from the simple revolving of several endless belts working across the grain platform of the machine.

NOTE.—We are further of opinion that this machine, with the addition of a three-pronged rake attached, as suggested by Mr. Millar, C.E., to be raised at intervals by a revolving cam to gather the grain into sheaves, would render it the most complete reaping-machine extant.

We further award a premium to No. 7, Section 15,—*the same machine*,—as a combined reaper and mower, as, though it did not complete its work to our entire satisfaction—as a mower—at the mowing trial, yet we feel convinced that it was owing to the ignorance of the driver in charge on the occasion.

J. MILLAR, C.E.
(Engineer-in-Chief, Geelong Water Company).
JOHN BANKIN.
WILLIAM MORLEY.
JAS. F. DOW.
ALEX. GIBB.

BREWERS' PRIZES.

Subscribed by Messrs. MURPHY & Co., M'CRACKEN & Co., HENDERSON & SONS, and Mr. THOMAS AITKEN, for the purpose of Encouraging the Growth of English Barley.

FLEMINGTON BONE MILLS,

ESTABLISHED—AUGUST, 1855,

Next the Telegraph Wires, Main Geelong Road, and
Opposite the Royal Park.

TO FARMERS, GARDENERS, & OTHERS.

BONE MANURE.

We again beg to call attention to this valuable Fertilising Agent, the advantages of which in purity and portability cannot be exceeded. By its use, the introduction of weeds (which are invariably produced by stable or stockyard manure) is absolutely avoided, and the ease with which a large extent of land may be dressed with it, is a great saving of time and labour—most important considerations in this Colony.

This valuable Manure is held in high favour throughout Europe, and its advantages are beginning to be appreciated in this country, as is proved by the increased demand of those who tested its powers the previous seasons. The First Prizes at the Port Philip Farmers' Society and Industrial Exhibition Shows having been awarded to our production, also deserves consideration. Bone Dust, in fact, is deemed by many experienced persons to be equivalent to thirty times the quantity of Farmyard Manure—a most important item in carriage alone.

The lasting properties of this Manure in light soils is very important, its action having been estimated to be, in the first and second years, from 25 to 30 per cent.; in the third, from 20 to 25; and in the fourth, from 10 to 15.

We therefore trust that, by supplying a pure article at the lowest possible price, to receive the encouragement of the Agricultural Community.

PRICE PER TON:

No. 1 Bone Manure, £8; No. 2 Bone Manure, £7 per Ton.

Orders by Post direct to the Works, or to any of the undermentioned Agents, will have immediate attention.

AGENTS:

W. LAW & Co., Seedsmen, at their new warehouse, 118 Swanston-street, between Little Bourke and Lonsdale streets, Melbourne.

ADVERTISEMENTS.

GENUINE HORSE, SHEEP, & CATTLE MEDICINES

OF ALL KINDS ARE PREPARED FROM THE BEST DRUGS BY

**CHARLES DAY,
CHEMIST AND DRUGGIST,**

Member, by examination, of the Pharmaceutical Society of Great Britain.

The following are a few of his Select Preparations, which the proprietor can strongly recommend, having been in use amongst some of the principal Horse Proprietors, Trainers, Breeders, Agriculturists, Farmers, Contractors, and others, the properties of which and success of same having been fully proved and tested.

Day's Alterative Condition and Eradicating Worm Powders for Horses, in packets 3s. and 5s. each, accompanied with full directions for use. Also **Day's Alterative, Astringent, Cordial, Cough, Diuretic, Tonic, Fever, Condition, and Physic Balls**, which are much recommended, being prepared by an improved process, thus rendering same always certain in their action. **Day's Specific** is a certain cure for the Gripes and Cholice in Horses; in bottles, with full directions, 5s. each. **Wound Stone**, a never-failing remedy for Sore Backs, Saddle and Girth Galls, Sore Shoulders, Broken Knees, and all kinds of Green and Grangrenous Wounds in Horses and Cattle; in packets, 1s. each. **White, Black, Driffield, Newmarket, Sweating, Egg, and other Oils. Cattle Drenches of all kinds**, for Drying, Downfall, Yellows, Cleansing, Fever, Cordial, Hoon in Cows and Calves, for Inflammation of the Lungs, and Worms, either in Horses, Cows or Calves. **Foot Rot, Liniment, Sheep Ointment, and Sheep Powder for Scab and preventing the Fly Striking. Blistering Ointment**, prepared by an improved process in a manner which never fails producing the desired effect of Blistering, a fault very common with many of the Blistering Ointments. **Leming's Essence for Lameness in Horses. James's Blistering Ointment. Iodine Ointment. Distemper Powders for Dogs, and every Medicine of celebrity.**

Pure Drugs and Chemicals, Patent Medicines and Perfumery, Cheese and Butter Colouring, always on sale, from fresh supplies constantly being received from England.

OBSERVE THE ADDRESS—

**CHARLES DAY,
CHEMIST AND DRUGGIST,**
Medical Hall—27 Lonsdale Street West, Melbourne.

W H E A T S O W I N G .

IMPORTANT TO FARMERS AND AGRICULTURISTS.

By Her Majesty's Royal Letters Patent, and under the patronage of His Excellency Sir Henry Barkly, K.C.B., and the most influential members of the Royal Agricultural Society of Great Britain.

DAY'S FARMERS' FRIEND, OR WHEAT PROTECTOR.

THIS invaluable compound has stood the test for many years without a known failure, and is the only genuine and certain remedy for the Smut in Wheat, and real preventative to the ravages of the Slug, Grub, Wire and Scissors Worms. It also promotes the germination of the Seed Wheat and growth of the crops, increasing the produce of the same quite equal to a change of seed. N.B.—**The Farmers' Friend, or Wheat Protector**, supersedes Blue Stone, Arsenic, Lime, etc., and one trial will be sufficient to convince Agriculturalists of the superiority of same over the old way of dressing with Blue Stone, and that a more economical, efficient, and certain dressing could not be prepared.

Sold in packets, with full directions for use, being sufficient to dress six bushels of Seed Wheat, without Lime, Brine, or anything else. **CAUTION.**—As a guarantee of its genuineness, please observe that every packet of the **Farmers' Friend, or Wheat Protector**, bears a fac-simile of the proprietor's signature, **CHARLES DAY**, and without same none are genuine.

SOLE PROPRIETOR AND PATENTEE OF THE ABOVE,

**CHARLES DAY,
PHARMACEUTICAL AND AGRICULTURAL CHEMIST,
