# ARMSTRONG'S TONIC CATTLE FOODS

*(The Stock Owners' Salvation)*

Are the results of long experience in all the **BEST STOCK BREEDING COUNTRIES**, and where they are used **NO ILLNESS CAN EXIST**. They eradicate **ALL DISEASES** and give **HEALTH and ROBUSTNESS**.

Each class of Stock has its own preparation, common sense telling us that the old rule-of-thumb style, whereby the possessor of a tin of spice expected it to make his fowls lay eggs, cure anthrax, kill bot-fly, fatten pigs, etc., should no longer be upheld.

**WOOL and MEAT GROWERS, Poultry and Horse Breeders**, to be **SUCCESSFUL** in the present fierce competition, cannot afford to trifle with the **HEALTH OF THEIR STOCK**.

Armstrong's Tonics are concentrated, pure, effective, and cheap.

**Sold in 6d., 1s., and 7s. Tins.**

Also, for convenience in regulating the doses, in rd. Packets, 10s. 6d. per Gross. One Packet good for 2 horses, 2 cows, 4 sheep, 3 pigs, or 24 fowls.

# THE "TRUSTY" OIL ENGINE

The Best Motor for  
**FARMING, MINING,  
PUMPING.**

Less than ONE PENNY per horse-power per hour, and NO ATTENDANT required.

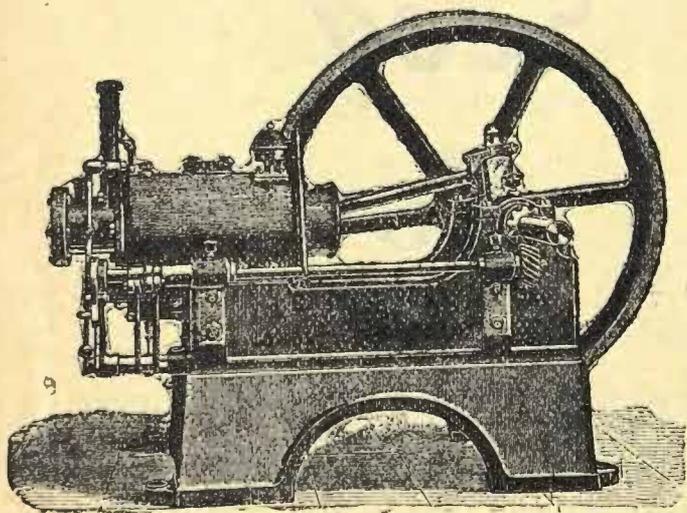

Awarded Highest Award at the World's Fair, Chicago.

[COPY OF TESTIMONIAL.]

From J. PARDOE.

Home Farm, Putley Court, Ledbury.

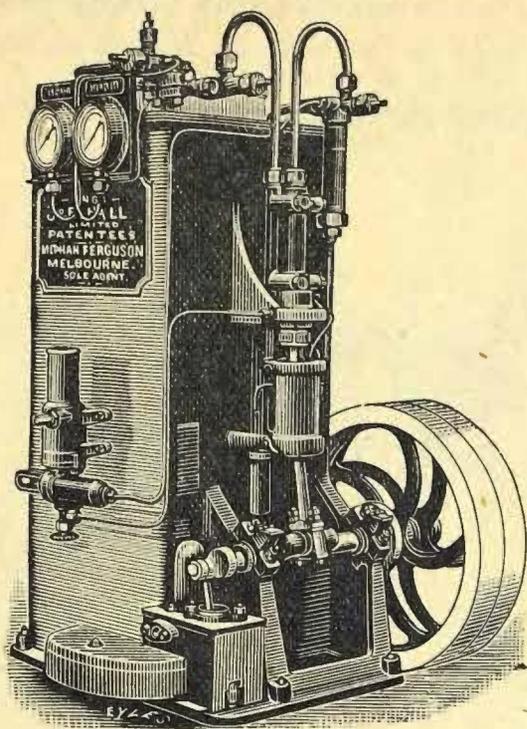

GENTLEMEN,—In reply to your enquiries respecting the working of the "Trusty" Oil Engine you supplied me with for pumping and dairy work, it is running quite satisfactorily. We have had no trouble with it. I may add that the man who is in charge never had anything to do with machinery previously, and is an ordinary farm hand.

For PUMPING, CHAFFCUTTING, SAWING, THRASHING, and FARM WORK; for PRINTING, GRINDING, FAN DRIVING, ELECTRIC LIGHTING, LAUNCHES, &c.

**READ THIS**—The principal characteristics of this Engine are *Simplicity, Reliability,* and *Economical Working.* There is *no Boiler or Furnace,* and therefore *no Danger* from explosion, and *no Certificated Attendant* is required. *Ordinary Kerosene* is used, and the consumption is only about  $\frac{1}{2}$  pint per indicated horse-power per hour, much less than the cost of working a steam engine. This Engine is made in portable, vertical, and horizontal types, and can also be converted into a Gas Engine. *All Engines guaranteed.* Engines can be inspected at work. Write for particulars to—

IT HAS TAKEN OUT OVER 30 LOADS PER HOUR.  
"A Scoop that will take the place of all others.—(Sd.)  
W. H. CLEE, WANURP."

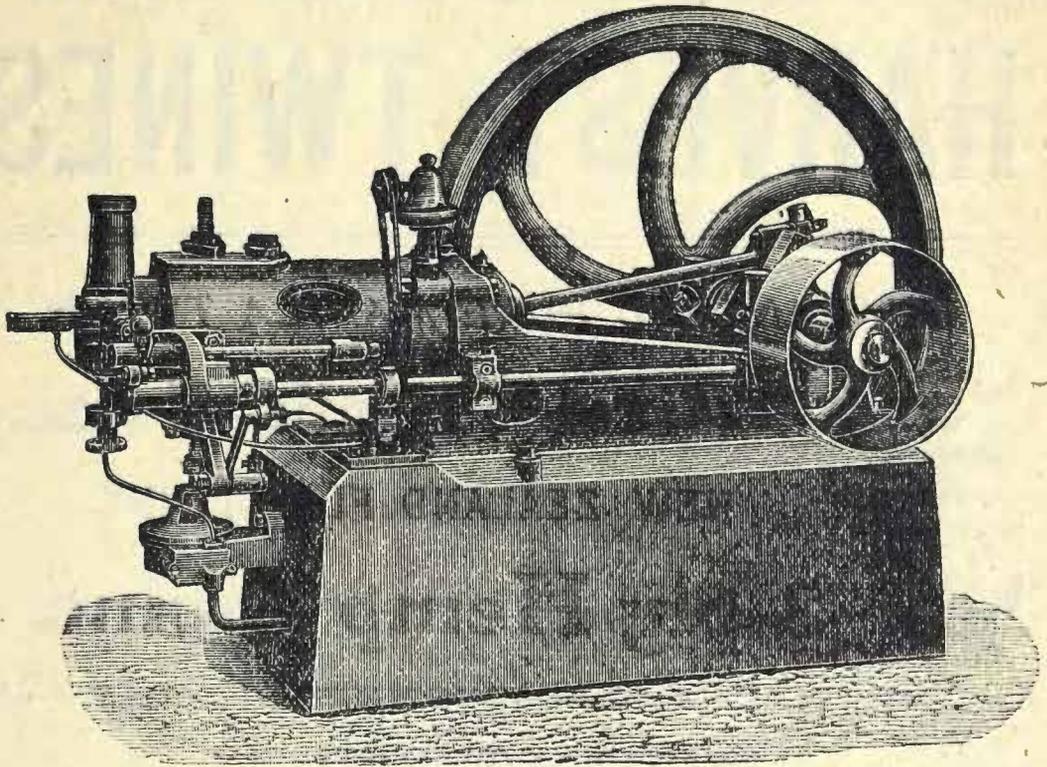

## THE "TURPIN" PATENT SLEDGE SCOOP.

"Wonderful invention; of much benefit to squatters and farmers.—(Sd.) (COUNCILLOR) W. JOHNSON, MÓLOGA."  
"Gives entire satisfaction.—(Sd.) — WILSON, WANURP."

"Until this Scoop was invented it was much easier to take out a new tank than clean out an old one, but with the Turpin Sledge Scoop it is only a matter of a few days to clean out the largest tank. No scoop-man is needed, and neither driver nor horses need go near the mud, thus preventing the dirty and tedious work of washing the horses' legs.—(Sd.) (COUNCILLOR) H. J. MARFLEET, YARRAWALLA."

The Grip of the Belt on the Pulley secured by applying the  
*Patent "Power-Saving"*  
**PULLEY COVERING.**

NO MORE SLIPPING BELTS.

NO LOSS OF POWER.

**FACTS OF ECONOMY TO MANUFACTURERS.**

**T**HE importance of securing the *grip* of the *belt* on the pulleys is known to all practical manufacturers. *A gain of power* without increased expense means *a gain of money* to all using machinery. This fact, coupled with the desire of Manufacturers to INCREASE THEIR PROFITS, leads us to call your attention to

**ITS ADVANTAGES over a Smooth Iron Pulley or a Leather-Covered Pulley, which are—**

- 1st. It prevents the Belt from slipping.
- 2nd. It has more adhesion than iron or leather, which largely increases the drawing power of the Belt.
- 3rd. A Belt can be run looser, which means less friction on the bearings and machinery, consequently more producing power.
- 4th. By preventing the Belt from slipping, and running it with less strain, it will last much longer, do the work easier, and produce more goods with less power and fuel.
- 5th. Belts running over the covering do not generate electricity, which is very desirable, especially in flour and woollen mills.

This Covering is applied to pulleys by means of a chemically-prepared cement. So firmly does it adhere to the face of the pulley, that, after being in use a few hours, it becomes practically petrified, and an *important* and inseparable part of the pulley. It can be applied without taking down or drilling the pulley, simply running off the belts. Pulleys covered in the evening are ready for use next morning.

## The Pitman-Wright's Pneumatic SHEEP-SHEARING MACHINE.

### The Multum in Parvo

**I**S the most simple Machine yet introduced before pastoralists. Easy to handle. Weight of the Machine complete is only 3 lbs. (three pounds). Economy of wear and tear reduced to a minimum, having only 4 (four) operating parts in its construction. Most efficient lubrication, in fact it is entirely running in a lubricant at all times. No adjustment of parts in combination requiring the mechanical man to attend. It is constructed so that the simplest minds can readily pull the Machine to pieces, and set together in first-class order without doubt. It has the most complete method of adjustment of comb and cutter that is possible to attain, thus entirely dispensing with the generation of heat so prevalent to other Machines. It is easy to set up, requiring only a line of piping through the shed to convey the air. The Machine can be seen at work during the Show week, and any further information may be obtained from

**RULES.**

[As the Council of the Royal Agricultural Society of Victoria has resolved to hold their Shows under the Rules of the English Kennel Club as adopted by the Victorian Poultry and Dog Society, and has recognised that Society as the local custodian of a Stud Register kept in accordance with the Kennel Club Rules, the following Code is published for the guidance of the of the Society's Dog Shows.]

1. Every dog exhibited at the Show must, at or before the time of entry for such Show, be entered in a registry of names kept by the Victorian Poultry and Dog Society, at their offices, 195 Collins-street, Melbourne. A charge of 1s. each dog will be made for registration. A name that has been already assumed and duly registered in the *Victorian Poultry and Dog Society's Stud Book*, or entered in any published number of the *Kennel Club Calendar* or *Stud Book*, by the owner of a dog of the same breed, cannot be registered except by a distinguishing name or number. If the name of a dog be changed, or an old name be re-assumed, such name shall be required to be registered previous to the time of entry.

**Art Draperies and Tapestries.**

# EXCELSIOR NICOTINE DIP Cures and Prevents Footrot.

NOTE.—Any dog not previously registered in accordance with Rule 1 may be registered at this Society's offices at the time of entry for Show on payment of the registration fee of one shilling.

2. Dogs that are already entered in the *Victorian Poultry and Dog Society's Stud Book*, or in any published number of the *Kennel Club Calendar* or *Stud Book*, are exempt from the above rule, provided their names remain unchanged. Puppies exhibited in classes exclusively for litters of puppies are also exempt.

3. Any dog which is to be exhibited at a Show held under the Rules must be the *bonâ fide* property of the exhibitor in whose name he is entered, and must have been so fourteen clear days before the first day of the Show. Each dog must, on the entry form, be clearly identified by name, by date of birth, and by the name of his sire or dam, and of the breeder, each and every one of them, if known (as registered in accordance with Rule 1); and if the dam was covered by more than one dog, the names of all must be given. If the age, pedigree, or breeder's name be not known, the dog must be entered at each Show as breeder, age, or pedigree unknown, any or all as the case may be.

4. The *bonâ fide* owner of the dam at the time she whelps shall be considered to be the breeder of the litter. In cases, however, where a bitch is lent for breeding purposes, the person to whom the bitch is lent shall be considered the breeder of the puppies born during the period of such loan, provided he or she, before the litter is born, send to the Secretary of this Society, or to the Secretary of the Victorian Poultry and Dog Society, a statement of the facts, signed by himself or herself and the owner of the bitch.

5. If the name of the dog which has won a prize has been changed, it is necessary in entering the said dog to give his old name as well as his new name every time he is exhibited until the change has been duly published in the *Victorian Poultry and Dog Society's Stud Book*; and if his name be changed again, all his names must be repeated for a like period.

6. If a dog shall be entered except as before directed by Rules 1, 2, 3, 4, and 5, he shall forfeit any prize that may have been awarded him and if the omission be detected in time, he shall not be allowed to compete and shall in either case forfeit all entrance fees and subscriptions.

7. The Council or authorities may reserve to themselves the right of refusing any entries they may think fit to exclude.

8. A castrated dog or spayed bitch shall be disqualified from competing or receiving a prize if awarded.

9. Total blindness shall absolutely disqualify; partial blindness shall have great weight against a dog. Should a dog appear to be deaf or lame, it shall be in the power of the judge to disqualify, unless he is satisfied that such defects are temporary.

10. No dog shall be qualified to compete who shall be declared by the duly qualified and appointed Veterinary Inspector during the Show to exhibit any form of any contagious or infectious disease, neither shall such dog be entitled, if in that condition, to receive a prize if awarded, unless the Council shall consider that the owner of the dog was not to blame in the matter. The Veterinary Inspector shall give his decision in writing, duly signed, to the Secretary or Committee of the Show before its close, and such opinion shall be final as regards the condition of the dog.

11. Any person who is proved to the satisfaction of the Council to have been guilty of any fraudulent or discreditable conduct in connection with dogs, dog shows, or field trials, may, in addition to any pecuniary penalty to which he may be liable, be declared incapable of competing for or winning a prize at any Show or field trials held under these rules, for such period as the Council may decide upon.

12. An equal (champion) or first prize shall be counted as a win to both dogs. In estimating the number of prizes a dog has won, the number of prizes won shall be calculated up to 12 noon of the day previous to the original day of closing entries for the Show.

13. No dog shall be allowed to compete in a novice class that has won a first prize up to the time of judging such class, but in the event of a winner being barred, his entry money shall be returned.

14. The Committee of the Victorian Dog and Poultry Society shall, from time to time, forward to the governing bodies of all Shows held under the Society's Rules a list of Shows selected by them as being worthy to rank as two-point Shows. A first prize at any one of such Shows shall, for all purposes of a champion class qualification, count two points. A first prize at any other Show held under the Victorian Poultry and Dog Society's Rules shall count one point. In calculating the points necessary to qualify for a champion class, a prize won in a novice class shall not count. No dog shall be qualified to compete in a champion class that has won less than six points at Shows held under the Rules of the Victorian Poultry and Dog Society, or at Shows registered in and for the *Kennel Club Calendar* and *Stud Book*; and no dog shall compete in an open class that is qualified to compete in a champion class at any Show where champion classes are provided for that breed. The prizes must be won in open classes, or in classes provided for colonial-bred dogs of any breed, or in varieties of the same breed, divided by weight, colour, sex, or age, in adult classes; and one of the prizes must be won at a Show held by the Victorian Poultry and Dog Society, or at a two-point Show held under the Rules of the Kennel Club. This Society's Shows, and the Shows of the Victorian Poultry and Dog Society, shall rank as two point Shows. All other Shows held under the Rules of the Victorian Poultry and Dog Society shall rank as one-point Shows.

15. No dog shall be entitled to be called a champion that has not won a first prize in a champion class at a Show held under these Rules, or in a challenge class at a Show held under Kennel Club Rules. No dog entitled to be called a champion shall be allowed to compete in an open class at any Show held under these Rules, whether a champion class be provided at the Show or not.

N.B. to Rules 14 and 15.—These Rules shall come into operation upon 1st July, 1890, and any dog which shall have qualified previously to that date for competition in a champion class must compete in a champion class where such class is provided. Any dog entitled to be called a champion before that date shall not be deprived of his title. A first prize won at any Show under these Rules previous to 1st July, 1890, by any dog not fully qualified to compete in a champion class under the old Rules, will score one or two points as provided in the new Rules.

16. If any dog be disqualified by the Judge, or formally objected to during the Show, for being improperly tampered with, the Veterinary Inspector shall examine the dog, and give his opinion to the Secretary in writing before the close of the Show.

17. Any objection to a dog may be made by any person; it must be made to the Council or Secretary of the Society not later than the Friday preceding the close of the Show. The objection must be in writing, and the objector must (unless in cases where the objection is laid by the Council or by the regularly constituted Committee of a Show, in which cases a deposit shall not be necessary) at the same time lodge a sum of £1 in the hands of the Council or Secretary, which deposit shall, if the objection be proved frivolous, be forfeited.

18. In the foregoing Rules, the word "dog" shall be interpreted to include both sexes.

### SPECIAL REGULATIONS.

1. All dogs must have chains and collars, without names, attached, to enable them to be taken out if required.

2. Any dog wearing a collar with its owner's name thereon will be disqualified from receiving a prize.

3. Exhibitors will, on personal application to one of the Stewards, be permitted to loose their dogs for exercise for a short time each day—in the morning, prior to the opening, and in the evening, after the closing of the exhibition; but they will on no account be permitted to remove the same from the Yards without a written order from the Secretary, and a deposit of £2. (See General Regulations, Clause 30.)

4. Dogs considered by the Stewards and Hon. Veterinary Surgeon unfit for Exhibition, either from disease, vice, or other causes, will not be received; or removed if found necessary.

5. Dogs to be in their places in the Yards on Wednesday by ten o'clock.

NOTE.—The Society will engage a thoroughly practical man to take charge of the dogs.

Exhibits must be shown without name plates. Exhibitors must state on their entry forms any special points in the way of new patents or improvements in their vehicles, so that the Stewards may be enabled to point them out to the Judges without any interference on the part of the Exhibitor or his Agents.

The Council reserves the right, in the event of there being insufficient accommodation, to receive not more than two Exhibits from one Exhibitor in any one Class in this Section.

NOTE.—The attention of Exhibitors in the above Section is called to General Regulation No. 14, and the Council has further determined that, should any Exhibit or Exhibits be moved from the respective positions in which they are placed for judging, the owner of such Exhibit or Exhibits shall be disqualified from again competing.

*Whisky, Australian, made from grain, six bottles*—First prize, £3; second prize, silver medal; third prize, certificate of merit.

No entry

NOTE.—If required, Exhibitors of Brandy and Whisky must make a statutory declaration to the effect that their exhibits are made as described in the above classes.

## SPECIAL REGULATIONS.

1. Exhibitors must mark on the bottles, in plain figures, the year of the Exhibition (1895), and the number of the class or classes in which each sample is entered. The bottles must be in wine bottles (reputed quarts), and labelled with business labels. Exhibitors must also mark their names and addresses on their cases or hampers.

2. Exhibitors may enter any number of samples in any one class. The name, character, and vintage of the wines must be stated on the entry-forms.

3. Wines, etc., addressed to the Secretary of the Society, must be lodged in the cellars of the Exhibition Buildings, Carlton Gardens, on or before Tuesday, 30th July, 1895, at 5 p.m. (one month before the Show). They will be judged a fortnight before the show opens.

NOTE.—Unless freight and carriage to Exhibition Building have been fully paid, delivery will not be taken by the Society.

4. In the 1895 Vintage Wines the three bottles comprised in the entry will become the property of the Society, and in the other classes one-half the number of bottles will become the property of the Society for purposes of adjudication, and for future reference and comparison. The remaining half will be sent out to the Show Grounds for sale as the property of the exhibitors, who may remove from the Grounds any left over within one week after the Show closes; any remaining after that time to become the property of the Society. Additional wines, same as exhibits, will be allowed into the Show Grounds for sale, if required, up to 10 a.m. on any day of the Show.

5. The Society will make special arrangements for the wines being retailed to the public, in the Wine Kiosk on the Show Grounds.

## Section 42—Stands of Machinery, Implements, and Miscellaneous Exhibits.

No Prizes will be offered for competition in this Section, the majority of makers and importers having expressed their willingness to exhibit without competing. Entries will be received and space allotted in the yards for stands (see General Regulations, clause 11), and exhibitors will have every facility for showing off their collections or individual exhibits to the best advantage. If exhibitors have no printed price lists for distribution, a ticket must be attached to each exhibit, stating the selling price.

## GENERAL REGULATIONS.

---

1. All exhibits must be *bona fide* the property of the exhibitor, and produce, which must be the growth of the present year, must be grown or made by the exhibitor, except in the case of Agricultural Societies being exhibitors.
2. No exhibit will be allowed to enter in more than one class, except for a sweepstake, or for a special or champion prize.
3. General entries must be made in writing on forms supplied by the Society, and must be in the hands of the Secretary, at the office, The Rialto, 497 Collins-street, Melbourne, on or before Saturday, the 3rd day of August, 1895, at 12 o'clock noon. On payment of an extra entry fee, double fee entries will be received till 5 p.m. on Tuesday, 6th August, when all entries close. Entry fees, in accordance with next regulation, to accompany each entry.

### GENERAL REGULATIONS.

4. Members of the Society (subscription, £1) will be charged a fee of five shillings on each entry, except for Poultry and Wines, in which Sections the entry fee in each Class is 2s. 6d., and in Classes 34, 35, 36 (which see). Non-members will be charged ten per cent. on the money value of the first prize in each Class in which they enter, provided always that no entry fee in any Class shall be less than five shillings (which amount covers entries in Classes in which medals are offered for first prizes), except in Poultry and Wines, for which the entry fee is 2s. 6d. Entry fees must accompany entries.

5. Separate entries (with entry fees) must be made for Special Prizes in cases in which the prizes have Class numbers. When the Special Prize is not in a numbered Class, a separate entry is not required.

6. The correct age of exhibits of Live Stock must be set forth in each entry. Any infringement of this rule will disqualify the exhibit.

7. In addition to other particulars the date on which sheep were shorn must be stated on the entry form.

8. The breeding year dates from 1st August in each year for horses, and 1st July in each year for cattle. Colonial-bred shall mean bred in any of the Australasian colonies.

9. Entry tickets will be issued about a week before the Show opens. The entry ticket of each exhibit will state the number of its box, stall, pen, or stand, as the case may be, which will correspond with its number in the official catalogue. The entry ticket must be produced at the gate, when it will admit the exhibit and attendant to the Grounds. It must be retained and again produced when the exhibit leaves the Yards. Attendants' passes will be issued by the Secretary on the Show Grounds.

10. In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparations, expense, and disarrangement of the Show Yard, any person making an entry will be subject to a fine of £2 for each horse entry not exhibited, of £1 for each entry of cattle not exhibited, and of 10s. for each entry of sheep or pigs not exhibited, unless a certificate under the hand of the exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of exhibition, certifying that such non-exhibition is caused either by—(1) the death of the animal or animals; or (2) contagious or infectious diseases (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the Class in which it has been entered, or other reasonable cause. The non-payment of such fines to debar all persons owing them from exhibiting at the future meetings of the Society.

11. Persons or firms intending to exhibit stands of Machinery and Implements, single exhibits, or articles of goods for exhibition only (Section 42) must apply for space on or before Saturday, 29th June, 1895. After the applications close, positions will be allotted, and a charge will be made in proportion to frontage and position granted. Entries of this description of exhibits must afterwards be duly made on the Society's forms, and properly described for insertion in the Catalogue.

12. All exhibits of Carriages, Buggies, etc. (Section 35), and Machinery, Implements, and Miscellaneous Exhibits (Section 42), must be in their places in the Yards on Tuesday night, 27th August. All other exhibits, except Hunters, Ladies' Hunters, Jumpers, Carriage Pairs, and Wines, etc. (see foot of this regulation), must be in their places in the Yards by 10 a.m. on Wednesday, 28th August, when the Judges will commence adjudication. Hunters, Ladies' Hunters, High-jumpers, and Carriage Pairs will only be required to be in the Yards on the day or days on which they perform. Boxes will not be allotted to horses in these Classes. Wines, etc. (Section 39), must be lodged in the cellars of the Exhibition Building, Carlton Gardens, on or before Tuesday, 30th July, 1895, at 5 p.m.

13. Exhibits will not be received in the Yards after the date and hour specified. No animal or article, whether for competition or not, will be admitted to the Show Grounds unless duly entered.

14. All Exhibits must be placed where directed by the Secretary, and (except live stock, in accordance with Regulation 30), and carriages, etc., must not be removed from their Classes during the Exhibition.

15. The owner or exhibitor of any exhibit or stand of exhibits disapproved of as an exhibit by the Council of the Society must immediately, upon notice to that effect, remove such exhibit or stand of exhibits from the Society's Grounds.

**FOY & GIBSON'S for**

# CHAMBERS & SEYMOUR sell Colt's Repeating Rifles.

16. As many men will be allowed into the Yards free as the Council may deem necessary to take charge of exhibits, and passes will be issued to all such on application to the Secretary at the Show Grounds.

17. Exhibits must not be rugged during the hours the Show is open to the public, without the consent of the Stewards of the Class.

18. When ordered by the Stewards, attendants on horses and cattle must take the exhibits out on parade. Exhibitors shall be subject to a fine of 10s. in each case in which the order of the Stewards to parade is not obeyed, and shall be liable to forfeit any prize awarded to their exhibit or exhibits.

19. No exhibitor or manager of an exhibiting company (except in the case of an owner riding or driving his exhibit) will be allowed in that section of the yard in which the exhibit is placed during the adjudication of the Judges, and it shall be the duty of the Stewards to prevent any person interfering with the Judges, and, if necessary, to order the removal of such offender from the yards. Persons in charge must on no account leave their respective lots, or address the Judges, unless authorised by the Stewards of the section in which they are exhibiting.

20. The Judges may award a Second or a Third Prize instead of a First one, or may withhold a prize altogether, where the exhibits are not of sufficient merit. Any exhibit (for which no Class is provided) likely to benefit the colony, if entered as an extra in a competing section, may be recommended a Prize or Certificate if considered meritorious.

21. The Judges are requested to make a reserve number of the exhibit next in merit beyond those to which prizes are awarded in every class where the number of entries exceeds the number of prizes offered, if, in their opinion, the exhibit is of sufficient merit to deserve a prize; they are also requested to give commendations when deserved.

22. No Prize can be recommended by the Judges for extra exhibits if the Prize List contains a Class in which the same can compete.

23. The Council may withhold any Prize when statements have been erroneously or fraudulently made regarding an exhibit; and exhibitors guilty of false entries or statements may be debarred from again exhibiting, and, if Members, will be liable to expulsion from the Society.

24. Any person insulting or interfering with the Judges during the Show will be subject to removal from the yards; and the Prizes, if any, awarded to such person may be forfeited.

25. Any exhibitor or attendant refusing to attach the Prize Card to any exhibit to which a Prize is awarded, and to keep the same on during the hours of exhibition, will, on proof thereof to the Council, be disqualified from receiving all Prizes awarded to such exhibit during the Show, and no exhibitor will be allowed to display any Prize Card in addition to those issued by the Society for the year.

26. Should any exhibit, having gained a prize, be disqualified, the next on the list does not necessarily obtain the same Prize. The Council, with or without the advice of the Judges, shall decide the question.

27. All persons exhibiting shall accept the decision of the Judges appointed by the Society, and in the case of protests, the decision of the Council shall be accepted as final and without appeal.

28. Protests against awards must be lodged with the Secretary, *in writing*, before 12 noon on the day after such awards are made, with a deposit of £1 sterling, which will be forfeited to the Society if the protest be found, on due consideration, to be unfounded or frivolous.

29. No exhibit (except Live Stock) can be removed from the Exhibition until 5 p.m. on Saturday, when all exhibits may leave the yards.

30. Live Stock may be removed from the yards each day of the Exhibition after 5 p.m. on depositing with the Secretary an approved cheque for £10 (or for dogs, £2; see Special Regulation, under Section 34, Clause 3) as a guarantee that the animal will be returned to the yards next morning before 10 a.m. In the event of the animal not being returned before the time specified, the cheque, together with all prize money (if any) it has won, will be forfeited; but on the animal's return each day, the cheque will be refunded to the exhibitor.

## Cutlery and Jewellery.

31. Water will be provided in the yards for Live Stock and the working of Machinery.

32. Exhibitors of stock will be required to provide their own forage (which can be purchased in the yards at Melbourne prices); and exhibitors of machinery, fuel (which must be coke or wood, no coal being allowed), and materials necessary to enable them to comply with the Regulations.

33. No person will be permitted to make drawings or photographs of any exhibit without the written consent of the exhibitor.

34. The privilege of distributing trade lists, advertisements, or other documents is restricted exclusively to exhibitors at their respective stands. Any person infringing this Regulation will incur expulsion from the yards.

35. Every reasonable care will be taken of exhibits, but no responsibility will be incurred by the Society.

36. All exhibits of Live Stock must be removed from the Show Grounds within one week after the last day of sales, or a charge will be made for boxes.

37. The exhibition will be open to the public on Wednesday from 10 a.m. (during adjudication by the Judges), admission 2s. 6d.; on Thursday (vice-regal day), from 9 a.m., admission 1s.; and on Friday and Saturday from 9 a.m., admission 1s. Admission to grand stand on Wednesday, Thursday, Friday, and Saturday, 2s. 6d.

38. Members, on presentation of their badges, will be admitted, with one lady, free to the grounds and grand stand.

39. Cheques for prizes awarded at the Show will be passed for payment on Tuesday, 10th September, 1895, after which date they will be payable on application to the Secretary.

40. Any prize or prizes awarded at this Show, and left unclaimed for six months, may be forfeited and cancelled by the Finance Committee of the Society.

---

## SALES.

SALES OF EXHIBITS (for the carrying out of which the Society will offer every facility) WILL BE HELD ON THE SHOW GROUNDS, on Friday and Saturday; the order in which stock from the different sections is to be sold to be arranged after the entries close. All animals intended for sale must be duly entered and exhibited at the Show.

Prize-lists, entry-forms, and every information on application to the Secretary, the Rialto, 497 Collins-street, Melbourne; or Secretary of any Agricultural Society in Victoria.

Member's Tickets, £1 each, may be had on application to the Secretary, or to Mr. J. Hedrick, Collector, 432 Collins-street.

Holiday tickets at excursion fares on all railway lines.

*Intending competitors are particularly requested to observe the date fixed for the reception of entries at the office, as the rule will be STRICTLY ENFORCED.*

*The Society is prepared to give liberal encouragement to all kinds of novelties calculated to improve existing or to promote new industries, by offering every facility for their exhibition; and provided such novelties are entered as extras in any competing section, by awarding prizes or certificates, if considered meritorious.*

# OHLENDORFF'S DISSOLVED PERUVIAN GUANO.

**P**ERUVIAN GUANO has been the most reliable and generally useful fertilizer for the last fifty years, and large quantities of it have been used in Europe and the Colonies. It is a complete manure, containing—like dung—every element of plant life: ammonia, phosphates, potash, and organic matter; being highly concentrated, it is especially adapted for transport to distant countries.

Peruvian Guano is far superior to other guano found on islands, where rain and evaporation have deprived it of its most valuable constituents, such as ammonia, organic matter, etc.; such Phosphatic Guanos are often recommended on account of their cheapness, but they produce little or no result in the field. Many imitations of Peruvian Guano, under various names, are offered, so that the buyer requires to be very careful to get the genuine article.

The dissolved Peruvian Guano is in fine, dry, powdery form, free from stones or lumps, and is quicker and more certain in its action on vegetation than the raw Guano as imported.

## NIGHTSOIL MANURE.

**T**HIS Manure is manufactured at the City Sanitary Works, off Footscray Road, and is made from the nightsoil from the City, which is pulverised and desiccated into a powdery and granular substance, and is highly valuable for manurial purposes.

The average of a large number of Analyses of this Manure gives as a result:—

Ammonia, about 5 per cent.  
Phosphates of Lime, over 5 per cent.  
Potash, from 2 to 2½ per cent.

In order to bring the advantages of this Manure before the public, it has been decided to fix the following low prices for the present:—

£2 per ton for less than 5 tons, delivered at Wharf, or any  
Railway Station in Melbourne.

£1 15s. per ton for lots of 5 tons and upwards.

Orders may be sent to the City Surveyor's Office, Town Hall, Melbourne.

The City Council are prepared to negotiate with persons desirous of undertaking Agencies for the Sale of these Manures in Country Districts.

Further particulars may be obtained on application at the Town Hall, Melbourne.  
Pamphlets as to these Manures may also be obtained on application.
