Proprietary Limited,

IMPLEMENT & MACHINERY  
MANUFACTURERS.

## The "Big E" Lines of Stripper Harvesters.

They save for the farmer from 30 to 50 per cent of horses to pull them, under that generally required for other machines. That being so, they also save the same proportion of harness, feed, men's time, maintenance outlay, probably horse shoeing, etc. Just think what this must mean to the farmer, and especially in a drought season.

A user writes of his

### "BIG E" 9-ft. Machine:

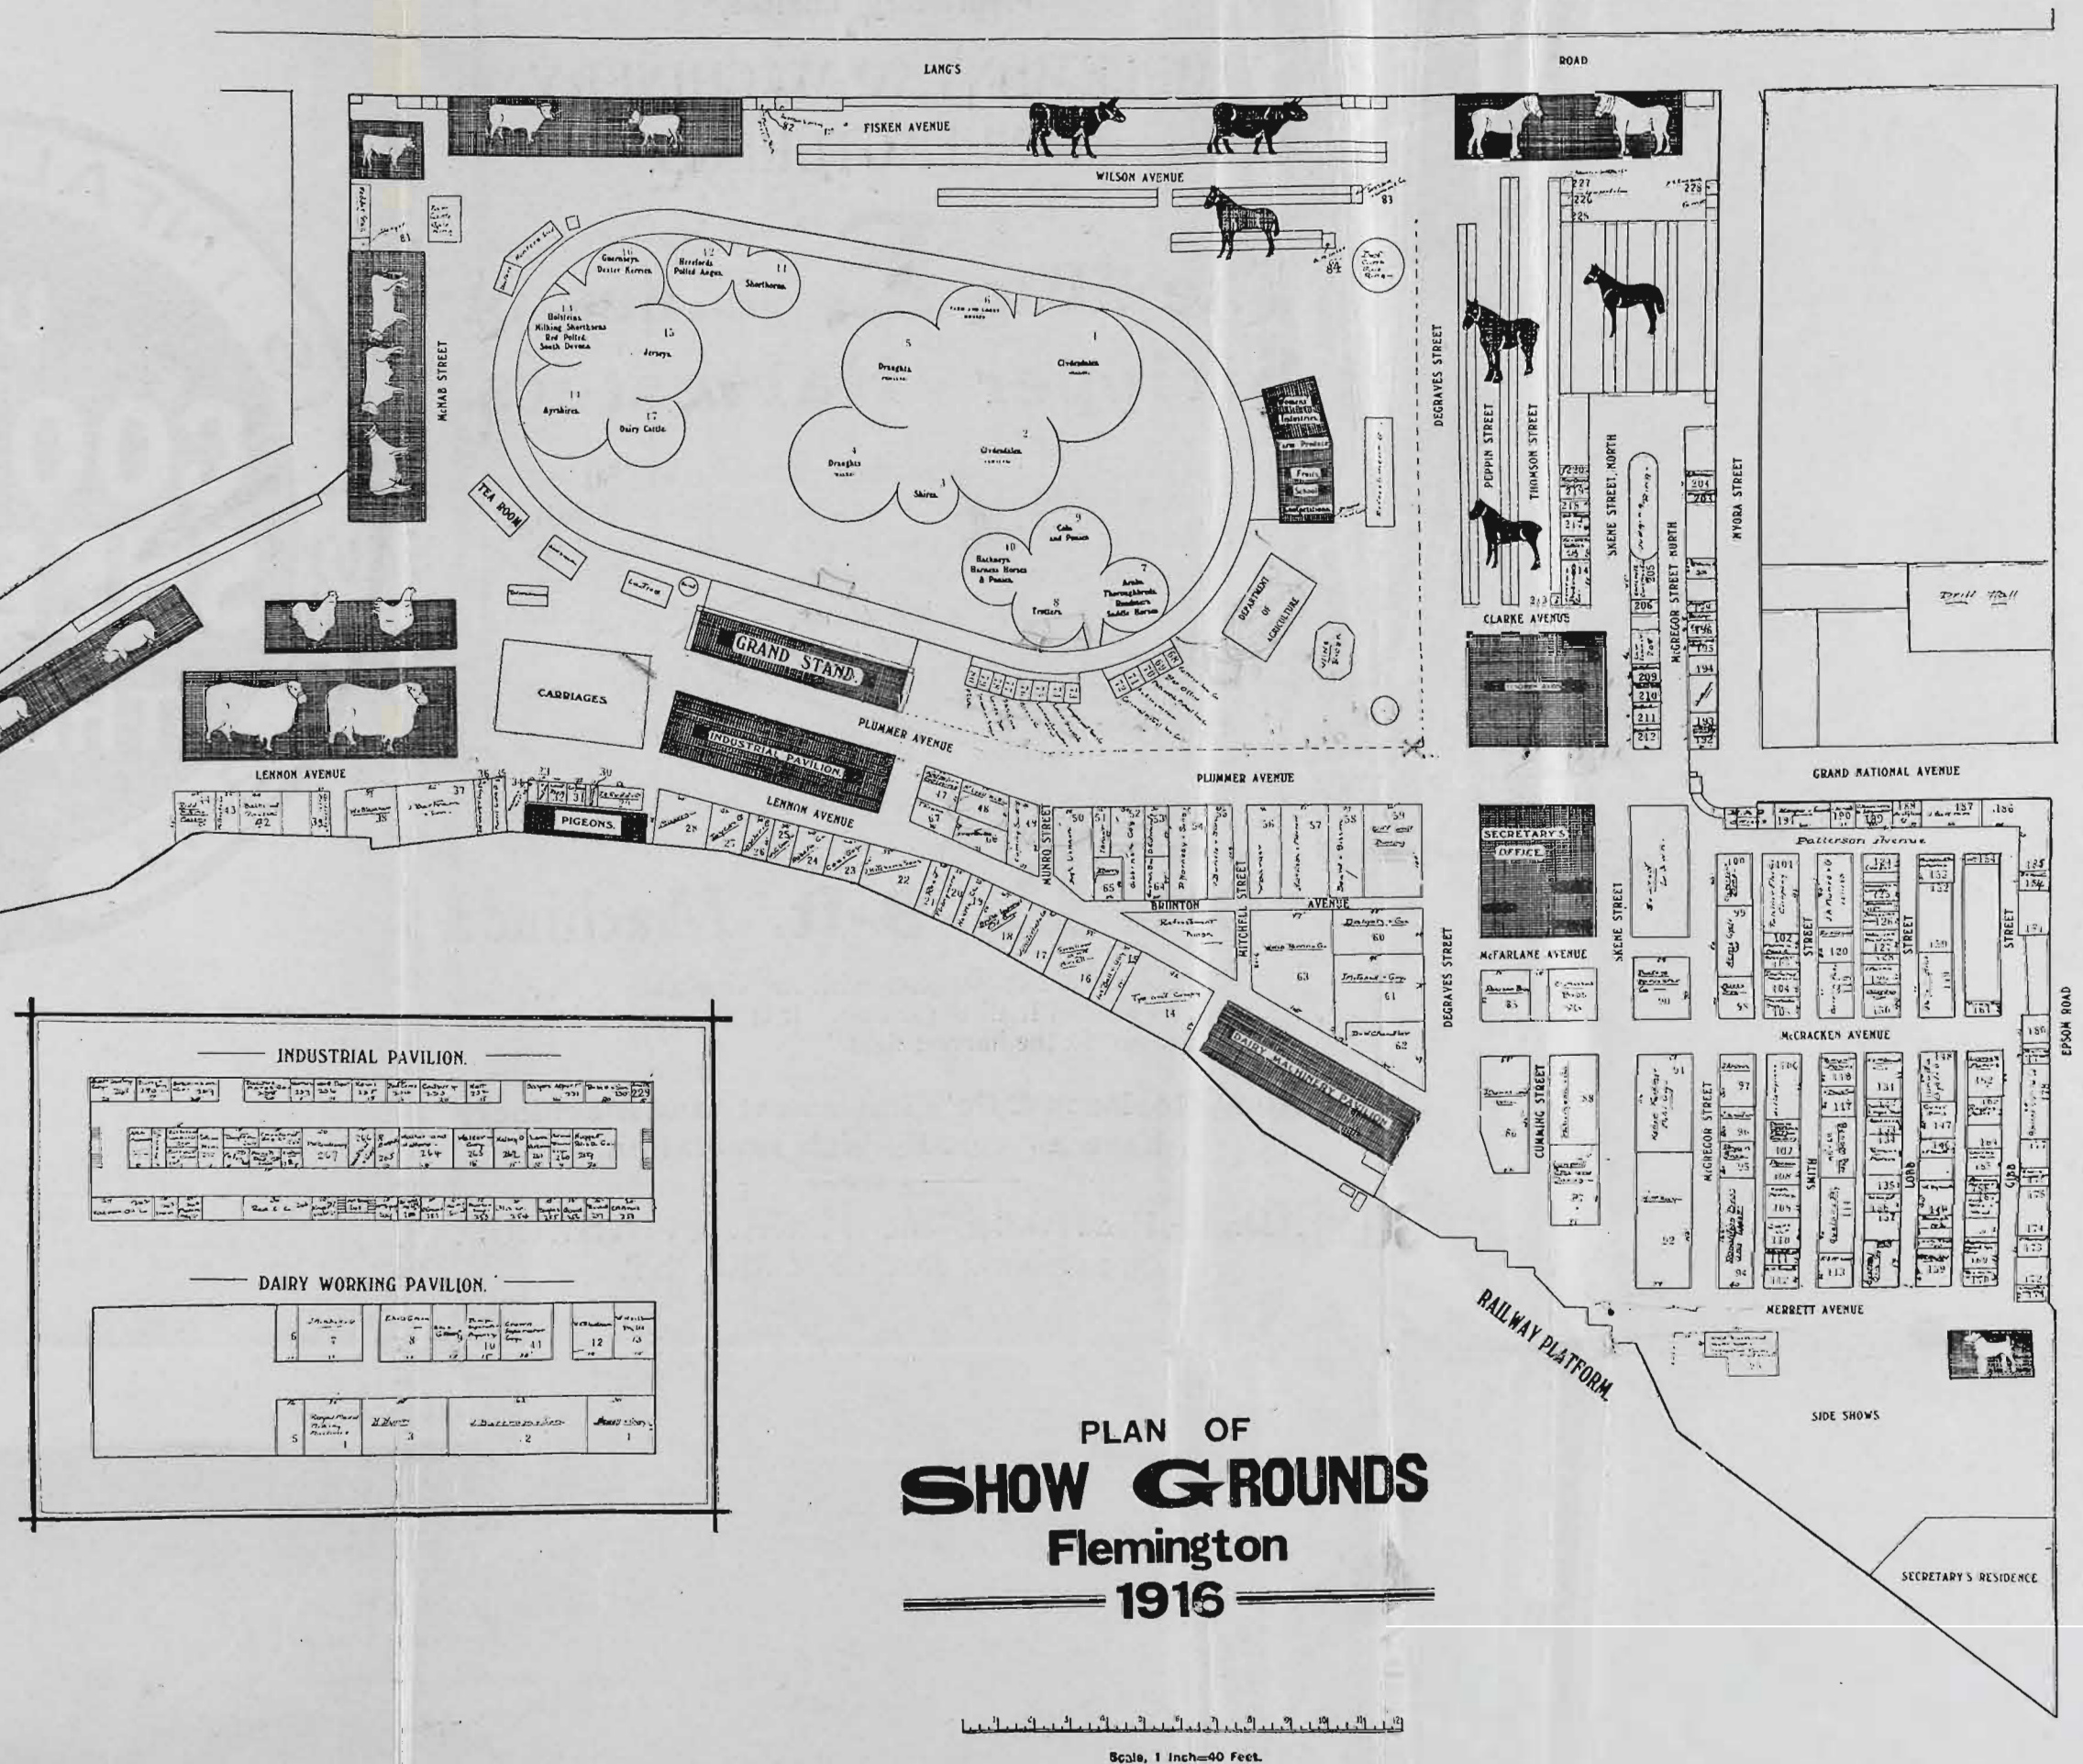

"I took off about 500 acres with it. One team of four horses worked it all the season. It is the best machine I ever saw in the harvest field."

All T. Robinson & Co's Implements and Machinery  
have an equally high reputation.
