# AUSTRAL PARK

Staged the Best Team of JERSEYS at Sydney  
Royal, 1934.

THE HEAD OF THE HERD.

NAVUA CUNNING LAD (imp. in Dam).

## WHAT ABOUT 1935?

The year 1935 may be momentous in Australian history. Equally so, it may decide the destiny of many Jersey herds throughout the country. Present prices force upon all dairymen the ultimatum of improving their methods, cutting costs, and increasing the efficiency of their herds; or else being forced out of the dairy business. Never before in the history of the Jersey cow have breeders so realised the importance of culling their herds, and using good proved sires.

In these unusual times the tendency is to focus our attention so closely on the present that we neglect planning for the inevitable future. Yet the breeders who are "weathering the storm" are the men who are thinking ahead and making their dairies a real business proposition.

The Austral Park herd is a commercial herd. It is a large, vigorous, healthy herd, expected to yield heavily all the year. It is well fed for commercial production. The cows are large-framed, deep-bodied, and vigorous. Their vessels are strong and well hung. No cow remains in the Austral Park herd that cannot turn in a good profit each year. Jersey breeders, and those anxious to build up profitable herds, can buy Jersey bulls with the knowledge that they are buying sound, healthy, vigorous sires with a heavy production backing. I am always glad to receive visitors and to show them the herd. CORRESPONDENCE INVITED.

# GREENWOOD JERSEY STUD AT POMBORNEIT

in the South-Western District of VICTORIA, owned by

*Keith McGarvie, M.L.A.,*

can offer for Private Sale a few Young Jersey Bulls fit for service, with scores of high production figures to back them up.

**Greenwood Athalie (25520).**

Cows of our own breeding have headed several classes in the past few years, including Senior Four-year-old with GREENWOOD ATHALIE, who produced 673 lb. butter-fat, as well as producing the highest butter-fat in the Melbourne Royal Show Test, 1933.

We regret to report the death of our honour board sire, RETFORD PEER, 1909, at a ripe old age, but are pleased to say that we have as Junior Herd Sire a son of his from GREENWOOD BRAMBLE (34210), which was second only in her class (Senior Three-year, 290 standard) to the cow which made the Victorian record for the class.

Bramble's figures in this class are 9972 milk, 6.27 per cent. average test, 626 lb. butter-fat.

We offer for sale a 2-year-old son of the famous GREENWOOD BELVIDERA (33473), which, as well as holding the Victorian record for Junior Three-year-old, has the Australian record for this age, in addition to being the top Jersey for the Victorian Government Test, 1932. This Bull Calf is sired by WOMPINI VALAIS, a bull specially selected as a calf by Mr. McGarvie, and closely related to the well-known producer, WOMPINI LEONIE 3rd (1066.9 lb. butter-fat for 365 days).

The two cows mentioned above are daughters of an honour board Bull of our own breeding—GRACEFUL DUKE OF GREENWOOD—which we have mated back this year to the daughters of Retford Peer.

# THE RISE OF GUERNSEYS

---

Is due not only to the unquestionable ability of these hardy cattle to produce more and better milk under any climatic conditions, but also to the meticulous care with which the Guernsey Cattle Society of Australasia guards the authenticity of their breeding.

Check and double check—there must be no possibility of an infusion of impurity of breeding or wrongful claim to blood line to mar the centuries devoted to line breeding, selection, and the elimination of the weak and unproductive.

Behind every registered Guernsey in Australia there stands this assurance. Buyers demand it before they pay the higher prices pure-bred Guernseys command.

You, too, can secure this proof for your stock and get more money for your calves if you become a member of the Society and register them in the Stud Book.

# FRIESIANS

ARE

## THE WORLD'S BEST DAIRY STOCK

---

Under Victorian Government Test a Friesian Cow again heads the list as the top producer of butter-fat. This is the eighth top butter-fat record to Friesians in the past ten years.

A Friesian cow holds the Victorian butter-fat record with 859 lbs. from 2120 gallons of milk in 273 days.

A Friesian herd holds the Victorian record for a herd under this test—12 cows having made the remarkable average yield of 566 lbs. of butter-fat per cow in the 273 days. This is their actual production.

*Friesians are the World's Best—as  
well as Victoria's Best—Dairy Cattle.*

The Calves grow fast, the Heifers mature early, the Cows give more milk and more butter-fat than those of any other breed.

For full information about these great cattle, call at the Friesian Kiosk on the Show Grounds.

Ask for **J. S. McFADZEAN**, Auctioneer and Stud Stock Salesman, who is the Publicity Officer for the Victorian Branch of the Friesian Cattle Club of Australia.

COMBINATION OF THE BEST IMPORTED AND  
SOUTH AUSTRALIAN BLOOD.

Clenstone 303 (imp.), whose Dam was the Winner of six First Prizes as a Lamb and Shearling Ewe at the Royal, Royal Counties, and Bath and West Shows.

Dorsets are early and prolific lamb breeders. The Torrumbarry Estate Dorset Stud is one of the largest in Australia, and is noted for the soundness of its sheep and their strong down character. In recent years all the rams have been used on the Estate with merino and cross-bred ewes, and have been consistent breeders of fat lambs for home and export markets. They carry a valuable fleece, and last year the lambs' wool sold at 24d. in Melbourne. This year August consignments of lambs totalling over 1800 have been sold at Newmarket at an average of 22/3.

## *A Sensation!*

Everywhere the new Studebaker is creating a sensation, and no wonder, for the 1934 Studebaker is wonderful value to-day. No car at Studebaker prices—the lowest in history—offers all the refinements and quality features of the 1934 "Skyway" Model. And the 1934 Studebaker is a genuine "All-Streamline" Body Design—not a single "old type" Body Die being retained.

*Let us prove it to you. The De-Luxe Sedan is only £445, and carries six in comfort and does a genuine 20 to 25 m.p.g.*

# FIAT

Fiat is a pioneer of motoring and aviation, and the oldest make of car continuously represented on the Victorian market. For the Centenary Royal Show we are displaying the Balilla "Ten," the lowest priced "Ten" in the Quality Field, and the Ardita Six, a magnificent example of Continental engineering and coachcraft. Prices from £239. Demonstrations arranged.

# STONY PARK EAST POLWARTHS

STONY PARK EAST POLWARTHS are the original Dennis Strain, established 50 years ago —  $\frac{3}{4}$  Merino,  $\frac{1}{4}$  Lincoln — carrying bulky, lustrous fleeces of high-priced wool. Consistent winners at District Shows and at the A.S.B., Royal Sheep Shows, Melbourne and Sydney. Polwarth Wool from this Stud topped Albury Market, Nov., 1933, in offering of 13,000 bales, whilst Polwarth-Merino Cross Wool has invariably been amongst the top lines.

Stony Park East Stud is No. 6 in the Stud Book and the Pioneer Stud of N.S.W.

Grand Champion Polwarth Ram,  
Sydney Sheep Show, 1934. Photo. by Hall.

POLWARTHS—a definitely Australian breed—were exhibited at the Sydney Show for the first time this year, and the winning of the Grand Championship will associate STONY PARK EAST STUD with the initial development of the breed.

POLWARTHS were established in Australia to suit Australian conditions, and have proved themselves to be WITHOUT A SUPERIOR for returning VALUE PER ACRE.

POLWARTHS are comparatively immune from Foot-Rot, Fly and Grass Seed Troubles, and are consequently thriving when other Sheep are distressed.

## The DAISY VALE MERINO STUD

The Daisy Vale Stud, Deniliquin, N.S.W., was started 20 years ago. The sheep are all pure Wanganella blood, and have been culled out every year, and only the best kept for breeding purposes. Mr. Nisbet has been very successful in years past in gaining prizes at Deniliquin Show. Five years ago he won 1st and 2nd for 6-tooth rams. Some years ago one of his breeding secured 1st and champion prize, with good competition, at both Finley and Berrigan Shows, N.S.W. In the year 1919 he bought from F. S. Falkiner & Sons, Wanganella Estate, a ram, the sire of which, in the station books No. 250, was sold the year before for 400 guineas. This ram Mr. Nisbet used in his stud flock for four years with success. He has always secured top prices for his wool—as high as 40d. one year—and has sold rams at fair prices locally, some as high as 10 guineas. In the year 1928, he sold 20 flock rams, 4 and 6-tooth, to Mr. A. B. Simpson, Deniliquin, which cut an average of 20 lbs. of good quality wool for first year, and 19 lbs. the following year. Also sold, the same year, rams to Mr. J. Nisbet, Boooroban; McCallister Bros., Deniliquin; Mr. N. Maw, Deniliquin; and Mr. Joss, Mathoura.

He now has for sale, at very reasonable prices, 170 rams, ages from 4-tooth to full mouth, principally 4-tooth. He always has his sheep classed by Mr. T. Foster, who takes a keen interest in his work, and is well-known in Deniliquin and Hay districts as a sheep classer.

**The Property of Thos. Muirhead, Stewarton, Epping, Tasmania.**

This flock was founded in 1895 with stud ewes purchased from the late Hon. Jas. Gibson, founder of the famous Belle Vue Sir Thomas flock, and from the above date, until the dispersal sale in 1928, had the service of many of the leading sires from this flock.

At the dispersal sale of the Sir Thomas flock in 1928, T. and G. Muirhead were the largest purchasers of the leading sires and stud ewes; amongst these was "Triumph," the highest priced ram at the sale, purchased for 500 guineas.

The position of exhibit numbers on benches or cages shall not be altered.

3. A dog may be entered in more than one class if eligible in accordance with the classification.

4. No dog shall enter the judging ring wearing a collar on which the name of the dog or its owner appears.

5. When being judged, dogs must wear exhibit numbers, which will be supplied by the Society.

6. Exhibitors will, on personal application to the Superintendent, be permitted to loose their dogs for a short time each day—in the morning, prior to the opening, and in the evening, after the closing of the Exhibition; but they will on no account be permitted to remove their dogs from the yards without a written order from the Superintendent and without leaving a deposit of £2. (See General Regulation 39.) Entry tickets for dogs will admit exhibitors on the days the dogs are on exhibition before 9.30 a.m. and after 5 p.m., to enable exhibitors to exercise their dogs if they so desire.

7. Dogs will be subjected to veterinary inspection, and those considered by the Veterinary Surgeon to be unfit for exhibition, either from disease, the effects of disease, vice, or other cause, will not be received, and will be removed if found necessary.

Country and Interstate Exhibitors must inform the Secretary by post or telegram of the despatch of their exhibits, giving all particulars, in order that arrangements may be made for receiving them. 10. The Society will engage a thoroughly practical man to feed and take charge of the dogs during the day, and a night watchman will also be on duty.

11. In order to prevent the non-exhibition of Dogs which have been entered for the Show, thus causing unnecessary preparation, expense and disarrangement of the Show benches, any person making any entry will be subject to a fine of 10/- for each and every entry of Dogs not exhibited, unless a certificate, under the hand of the Exhibitor or his authorised agent, be lodged with the Secretary of the Society at least three days before the opening of the exhibition, certifying that such non-exhibition is caused either by (1) the death of the Dog or Dogs; or (2) contagious or infectious disease (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by the Dog or Dogs becoming ineligible for the Class in which they have been entered, or other reasonable cause. The non-payment of such fines to debar all persons owning them from exhibiting at future exhibitions of the Society.

12. Should any dispute arise in this Section for which no specific rule has been laid down, the decision of the Council shall be accepted as final and without appeal.
