# TWENTY-NINTH ANNUAL REPORT

OF THE

## COUNCIL

OF THE

# Royal Agricultural Society of Victoria.

---

TO THE SUBSCRIBERS.

Ladies and Gentlemen,—

Your Council have pleasure in presenting the following report of the proceedings of the Society for the year 1909:—

### **Permanent Buildings and Works.**

During the year a number of improvements and alterations have been effected, and a lot of minor works carried out about the grounds. The position of the main entrance gates was moved along Grand National-avenue to Nyora-street, where new ornamental gates and ticket boxes were erected, at a cost of £340. The last purchased land between the grounds and Epsom-road was fenced in at a cost of £205. Additional pig pens were provided in the swine building, at an expenditure of £136. A new scoring board was erected at a cost of £200, and telephones were connected about the grounds at a cost of £62 1s. 6d., these being the largest items. A new high jump was built in the centre of the arena, and the trotting track was again dressed with phenolic. Pens were provided in the sheep building to fill the space previously occupied by the sale rotunda, and a new verandah roof put up south of the carriage shed. A considerable amount of painting was done, and throughout the yards generally the buildings and roads were put in thorough repair, the outlay being £2003 17s. 7d., bringing the total expenditure on buildings, works, and maintenance up to £64,634 7s. 7d.

### **Extension and Area of Grounds.**

In the preceding division, reference was made to fencing in new ground. This extra area contains 4 acres 1 rood and 3 perches, actually purchased, and 1 acre 21 perches in roads acquired and included. The show grounds now comprise the original 30 acres under Crown-grant, with 12 acres 1 rood 22

perches additional, making the total area 42 acres 1 rood 22 perches.

### The Exhibition.

The Annual Exhibition was held on the 31st August, and 1st, 2nd, 3rd and 4th September. The prize schedule was thoroughly revised, and several new classes added. The entries numbered 6708, and again established a record. The gate money, including £255 4s. at the grand stand, amounted to £4439 10s., being £32 19s. below the amount received last year, when the show was of longer duration on account of the visit of the American Fleet.

The following table gives the number of exhibits in the several sections, together with last year's numbers, for purposes of comparison:—

Reviewing the exhibits in their catalogue order, the draught horses, which had dropped in numbers for the two previous shows, increased by 58, and were of a very high standard, particularly in the young stock classes. Suffolk Punches have stood at about the same number for the last four years. In thoroughbreds, only three stallions and two colts were exhibited, the section being even weaker than usual. Three Arab sires of good type were shown. Trotters were short in numbers, but were an attractive feature of the show. There was little change noticeable in Roadsters, Hackneys (breeding section), and Ponies (breeding section), except that there was better competition in the Ponies this year. The hunting and jumping events, for which some of the supplementary classes of last year were retained, filled particularly well, as the classes were made "special" to allow horses to go in more than one competition. Hackneys, Carriage and Buggy Horses and Saddle and Harness Ponies recovered somewhat from last year's shortage, and the competition was improved accordingly. Shorthorn Cattle were again behind in numbers, but many of the exhibits were of exceptional merit. The Hereford, Polled Angus, and Red-Polled cattle sections remained about as in the previous year. A section was introduced for South Devons, and there were four entries, which, however, were not exhibited. Milking Shorthorns, which had dropped in numbers for the two previous years, showed an increase. In Ayrshires, there was a considerable increase in

numbers, this being by far the largest cattle section on the grounds. Jerseys also showed an increase, and the exhibits were of very fine quality. In Holsteins, there were only two exhibits, while Dairy Cattle were strongly represented, but Fat Cattle were the lowest in number for years. The several sections of sheep were very well filled with exhibits of a high standard, the Lincolns showing an increase in numbers and taking the lead of all the other breeds. The Swine again showed an increase, the large number of white pigs exhibited being a feature of the show pens. Poultry were short of last year's exceptional entry, but the section was still a strong one; and Dogs were about on their usual lines. Carriages, Buggies, etc., while short of last year's numbers, made an excellent display. In Harness and Saddlery, there was a slight increase in entries, but the competition in this section is very limited. In Farm Produce, the entries, while of excellent quality, are still restricted in number, the time of the year being against the development of this section. In Schools' Produce, there were 10 entries. In the Societies' Competition there were three exhibits (a fourth entry being kept back by the floods), and they were well displayed and exceedingly creditable to the districts which produced them. In the State Schools District Competition, there was a large increase in entries, and there were again two Agricultural High School exhibits, the whole making an interesting collection of the results of the pupils' work. Prizes were again offered for an essay on the Show by school children under 16, but there were only six entries as against 46 last year. In Dairy Produce, there was an increase in the number of exhibits, the quality being good throughout. Entries in Wines, etc., showed a considerable increase, Cider being strongly represented. Preserves and Fruits were again disappointing, while in Apiculture the display was satisfactory. There were six entries of stands of Artificial Manures. In addition to the tabulated exhibits there were 243 stands of Machinery, Implements, and Miscellaneous non-competitive exhibits, making an interesting and instructive display, occupying all the old available space and extending into the new ground, which had been just before enclosed. Taken all round, the Show was the fullest and perhaps the best ever held by the Society. The ring events were increased, and there was an excellent programme provided for each day, the President having particularly interested himself in this department. The weather, however, was not inviting, and the attendance of the public was somewhat short, which was to be regretted in view of the great extent and admittedly high standard of the exhibition.

### **The Flock Book.**

In last report, it was stated that it was in contemplation to publish another volume of the Flock Book, for British Breeds of Sheep in Australia. The Central Committee has taken the matter in hand, and carried it out by the publication of Volume IV. The entries of flocks have been largely increased, almost entirely by the admission of flocks which are transfers from flocks registered in previous volumes. The Australian Longwool Sheepbreeders' Association has published a Flock Book in Sydney. The Association applied for recognition of their book by the Central Committee, but it was found that they had admitted and registered at least one graded flock of blood that had been rigorously rejected by the Central Committee when compiling the Flock Book. Considerable correspondence arose in the matter, which was eventually referred to your Council, who passed a resolution to the effect that they decline to recognise the Flock Book of the Australian Longwool Sheepbreeders' Association until the Central Committee are satisfied as to the purity of the flocks admitted.

### **Draught Horse Stud Book.**

The third volume of the Draught Horse Stud Book of Australia was published in April. Entries have closed for Volume IV., which it is intended shall include a reprint of the first three volumes revised, and the book will be published early in the year. Entry forms will in due course be issued for Volume V., the entries to close on 30th September.

### **The Chamber of Agriculture.**

The Seventh Annual Convention of the Chamber of Agriculture was held at Bendigo on the 6th, 7th, and 8th July. The Society was represented by the Hon. T. Skene (representative on the Council of the Chamber), Messrs. Robert Clarke, and C. W. Campbell, all of whom reported most favourably on the Convention in its business aspects, and also in relation to the local provision made for the entertainment of delegates. The proceedings were officially opened by the Hon. George Graham, Minister of Agriculture, and there was a very large and representative gathering of delegates from all over the State.

### **The Council.**

At the first meeting of the Council in February, Mr. Alexander McCracken was elected President, and the Hon. T. Skene, Mr. Robert Clarke (re-elected), and Mr. W. B. Cumming, Vice-Presidents. In March, Mr. George Chirnside was

granted six months' leave of absence, on account of visiting England, and he was appointed to represent the Society at the 10th International Conference of Sheepbreeders, convened by the National Sheepbreeders' Association at Gloucester. In April the death of Mr. David Archibald was reported. Mr. Archibald was elected to the Council at the Annual Meeting in February, 1908, and was held in much esteem by his fellow members. Mr. David McCulloch was elected in the room of Mr. Archibald. In September, Mr. McCulloch resigned, on account of business in Queensland preventing him from attending meetings. Mr. Donald Stewart was elected in his place. Temporary leave of absence has been granted during the year to Messrs. H. H. Peck, G. Fairbairn, T. F. Cumming, Job Smith, and James Wilson, to the latter two on account of ill-health.

### **The Journal.**

The agreement with the publishers of the Journal, Messrs. J. Twomey and Co., has been renewed for six months from 21st August, on the same terms as before; thereafter three months' notice on either side to terminate the agreement. The Editing Committee has been authorised by your Council to recommend as to further agreement.

### **Single Judging.**

At the monthly meeting in November, your Council resolved to adopt the single system of judging in all classes at the Show, the motion in favour of which notice had been duly given, being carried by 14 votes to 5. It is interesting to relate that so far back as 1884 a motion was brought forward by Mr. Hugh Lennon for the adoption of single judging, but it was lost by 13 votes against, to 7 in favour of, the proposal. And in 1885, the present Secretary, who was Editor of the Society's Journal, wrote an exhaustive article on judging at shows, and advocated a trial of the single judge, "the one right man."

### **Judges from Britain.**

In July a suggestion was received for bringing out one or two judges for the Show from Great Britain, largely with the object of their going back to advertise Australia. The Minister of Agriculture, Mr. Graham, was waited on in the matter, and was most favourable to the project; but thought it too late for last Show. Since the Show, however, the Minister has been again approached on the subject, and he is communicating with the Agent-General to see if the matter can be arranged for next Show.

### **Ladies' Tickets.**

At the Annual Meeting in February, it was resolved to alter the rules to increase the members' privileges to admission to the grounds and grand stand, with two ladies, instead of one, as before. It was expected that this privilege of two separate ladies' tickets would lead to an appreciable increase in the number of subscribers. So far, however, this has not been the case, but it is still hoped that good results will ensue.

### **Congress of Chambers of Commerce.**

The Seventh Congress of Chambers of Commerce of the British Empire was held in Australia in September. Your Council voted £50 towards the expenses of the entertainment of the delegates, and was represented on the Organising Committee by the President and the Hon. T. Skene. Your Council received a letter of thanks from the Chamber of Commerce for their hearty co-operation in making the visit of the delegates so enjoyable.

### **The Secretary at Sydney.**

In March, the Secretary was deputed to officially visit the Easter Exhibition of the Royal Agricultural Society of New South Wales. This he did, and wrote a report on the Show. The report appears on page 153.

### **The Secretary at Victorian Shows.**

In the past year, a number of shows throughout the country have been visited by the Secretary in his representative capacity, and your Council desire to avail themselves of this opportunity of expressing their appreciation of the cordial reception invariably accorded to him. It is quite evident that a wide and general interest is taken in the operations of the Royal. The toast of Kindred Societies, with which it is customary to couple the name of the Society's representative, has been well received on every occasion, and it is very gratifying to your Council to find this spirit of concord amongst institutions which are all working in their several spheres with the common object of promoting the best interests of our primary producers.

### **Deceased Members.**

Early in the year the Society lost a valued supporter through the death of the Hon. William McCulloch. Mr. McCulloch was the oldest Life Governor of the Society, and he was also a member of the first Council. He was a promi-

ment exhibitor at the shows, and was well-known as an importer of high-class pedigreed stock.

In September, the death occurred of the Hon. Sir Thomas Bent. Sir Thomas was a member of the Government which granted the Society its present site for show grounds, and for his valued services in that connection he was elected an Honorary Member of the institution, in the affairs of which he always took a lively personal interest.

### **Acknowledgments.**

Your Council desire to record their thanks to His Excellency the Governor-General, the Earl of Dudley, for having accepted the position of patron to the Society. They also cordially thank His Excellency the State Governor, Sir Thomas Gibson-Carmichael, for officially opening the show, and taking such a practical interest as he did in the exhibits. They thank the Hon. the Minister of Agriculture for providing champion medals for competition. They wish to sincerely thank the donors to the prize fund for their continued liberality, making special mention of Mr. G. T. Chirnside's donation of £50 per annum for three shows. They acknowledge their indebtedness to the judges for their valuable honorary services, and to the stewards for their assistance in carrying out the work of the show. They thank the Royal Agricultural Society of New South Wales and the Royal Agricultural Society of Western Australia for framed photographs of their show grounds. They are much indebted to the press for their valuable assistance, and to all who have helped on the work of the Society during the year, they return their best thanks.

### **Finance.**

In the audited statement of accounts published herewith, the revenue is shown to be £10,210 7s. 3d., being £385 3s. more than in the previous year. The expenditure, including £2771 19s. 2d. in cash prizes and medals, and £2003 17s. 7d. in buildings and maintenance, amounted to £8827 14s. 5d., the overdraft being reduced from £9467 6s. 1d. to £8084 13s. 3d. Taking the expenditure in permanent improvements as an asset, the working expenses show a profit of £3386 10s. 5d. on the year's transactions.

On behalf of the Council,

ALEXANDER McCracken, President.

THOMAS PATTERSON, Secretary.

**To the President and Council of the Royal  
Agricultural Society of Victoria.**

Gentlemen,—

I have the honour to report that, pursuant to resolution of Council, I visited the exhibition of the Royal Agricultural Society of New South Wales, held at Moore Park from 6th to 14th April, 1909. It was in 1907 that I last attended the Sydney Show, and in the meantime the Society appears to have made continuous progress. During the two years' interval, a large amount of money has been spent in improvements on the grounds. Before the 1908 show, a commodious cattle building was erected at a cost of about £3700, also a draught horse pavilion, costing over £3000; and before this last exhibition, a new grand stand was provided on the farther side of the arena, which, with the re-arrangement of the adjoining embankments, cost about £6,500. The show was in every way a pronounced success. The entries exceeded those of any previous year, fine weather prevailed throughout, and the attendances were exceptional, the record sum of over £10,000 being taken for gates and grand stand admissions. And this success has been brought about, not by any special new features or innovations, which are now somewhat hard to find in connection with agricultural show business, but by a steady increase and development of settled lines. In the live stock, the most notable expansion has taken place in Shorthorn Cattle, and in Draught Horses; while, broadly speaking, it may be said that the whole of the horse and cattle sections filled well. In hunters and light horses generally, exhibits are allowed to compete in any number of classes, a practice which I think should be adopted at our show. The same horses come into the arena again and again, and thus provide material for ring events. Having said the show was good throughout, I do not purpose to go into details, but the District Exhibits deserve special mention, as they made a most admirable display, and impressed visitors with the extensive and varied resources of New South Wales. The system of single judging, to which I called attention in my last report on the Sydney Show, is still continued, with satisfactory results. As your representative, I received much courtesy and attention from the President, the Secretary, and many members of Council, whom I met, for which in closing I desire to express my grateful acknowledgment.

Your most obedient servant,

THOMAS PATTERSON, Secretary.

20th April, 1909.
