# FORTY-SECOND ANNUAL REPORT

OF THE

## COUNCIL

OF THE

# Royal Agricultural Society of Victoria

TO THE MEMBERS.

LADIES AND GENTLEMEN,—

Your Council have pleasure in presenting the following report of proceedings of the Society for the year 1912:—

### **Permanent Buildings and Works.**

During the past year your Council carried out another section of a permanent improvement scheme by devoting practically the whole of its available funds towards catering for the convenience and comfort of the general public. Over £3000 was spent in forming and channelling roads and asphaltting paths, and it was almost unanimously agreed that this money could not have been spent to better advantage. Another section of the work of sewer-ing the grounds was carried out by connecting and improving the ladies' lavatories near the grandstand, and providing further sewer-ed accommodation for men in the same portion of the grounds.

A large uncovered grandstand was erected at a cost of £1031, and as the takings at this stand (notwithstanding the unpropitious weather) amounted to nearly £200, it must be regarded as a highly satisfactory return on the outlay.

A scheme was adopted whereby exhibitors were permitted to erect buildings of a uniform design around the arena ramp on condition that accommodation was provided for the public on the roof. This experiment proved satisfactory alike to both exhibitors and the Society. The former had the advantage of securing one of the best situations on the grounds for a period of twelve years at a nominal rental, whilst the Society reaped the benefit of having its ramp accommodation increased and of earning revenue by charging the public for admission to the enclosures on the roof. Your Council has approved of the extension of this scheme. One section of this building was reserved for use as a Post and Telegraph Office, and, owing to its central situation and increased size, it proved a great public convenience.

The painting of the grandstand and the administrative offices greatly improved the general appearance of the grounds.

A new Refreshment Buffet in the heart of the old Machinery Court was much appreciated, as was also a large number of seats that were provided in various parts of the grounds.

In order to protect the public and to facilitate the leading of stock into the arena, enclosures were provided at every gate. Stockmen were thus able to handle their exhibits with greater ease and safety than formerly.

Two large sheds and an assembling enclosure were erected for the convenience of horses engaged in the arena events. A covered space for the judging of sheep and two additional horse washes were provided, and a number of other minor improvements were effected, the cost for the year being £6481 19s. 10d., bringing the total expenditure on buildings, works and maintenance up to £82,096 os. 5d.

### The Exhibition.

The Annual Exhibition was held from the 2nd to 7th September. The Prize Schedule was carefully revised, and a number of new sections and classes were added. The total number of entries constituted not only a record for the Society, but also for Australasia; the figures being 8548 as against 7717 last year, which was the Society's previous record.

The Gate Money, including £693 14s. from the grandstands, amounted to £7065 11s. 3d., being £435 16s. 9d. in excess of the highest amount previously taken.

For the purposes of comparison the following tables are published showing the number of entries in the several sections for the Shows of 1911 and 1912:—

Taking the entries in their catalogue order, it will be seen that the 1911 record of 518 draught horses was not maintained at the 1912 Show, but still an entry of 457 is a highly satisfactory one. Particularly amongst the males was there an all round excellence of quality, but in the females the exhibits were hardly up to last year's standard. The Shire horses, however, were in greater numbers and of better quality than in any former year, whilst the Group Prizes that have recently been introduced were particularly attractive and interesting. Suffolk Punches still show no increase in numbers or popularity.

Owing, no doubt, to the increased encouragement by way of prize money, there was a very much better class of thoroughbreds exhibited at the Show than has been the case for many years. Only three animals were exhibited in this section in 1911 as against 15 in 1912.

The Trotters showed a falling off in numbers, which is rather difficult to understand, but amongst the stallions there were some exceptionally fine animals.

The Roadsters were rather better than usual, but in this section the prize winners stood high above the other competitors.

There were fewer Hackneys exhibited this year, and there was a marked falling off in the number of ponies. Amongst the ponies it was observed that they were not up to the usual standard

as regards quality. The Shetland ponies, however, that made their re-appearance on the grounds after many years' absence, were particularly attractive.

In the section for Cobs some exceptionally fine specimens of the breed were shown, and these were always the centre of crowds of admirers.

There was an increase in the number of Saddle and Harness-horses and ponies and the general standard of quality was about equal to former years.

The Arena Events were probably more attractive than ever before, there being no fewer than 513 entries as against last year's record number of 353. The increased prize money offered for the Jumping Contests brought forward a better class of horses than usual. Entries for the Trotting Events were disappointing, but in the Ladies' Riding and Driving Competitions much interest was displayed. The Military Events and Wood-chopping Contests were even more interesting than last year, and for the first time a Sheaf-tossing Competition was introduced and proved immensely popular.

Though there was a falling off in the number of entries in the Shorthorn section, many beautiful animals were shown, and they could only be pronounced as excellent when judged from the standpoint of quality.

Herefords were somewhat below the standard of former years, whilst Polled Angus and South Devons were much the same as formerly.

Milking Shorthorns were rather a mixed lot, though there were some worthy specimens of the breed in the female classes.

There were some splendid animals amongst the Ayrshire bulls, whilst the cows were of the finest quality and constituted one of the most attractive features of the Show.

Quality was also the predominant feature in the Jerseys. The cows in this section were considered to be the best ever seen in the yards.

There were some highly creditable representatives of Guernsey cattle, and not only was there an increased number of Dexter Kerries, but the general quality of this natty, miniature cattle was higher than last year.

There was again keen competition in the Dairy Cattle section, and the Fat Cattle were rather better in condition and appearance than usual.

Merino Sheep made their re-appearance in the grounds after many years' absence, but the entries were poor. It is expected, however, that there will be an improvement in both numbers and quality at future Shows.

There was a slight falling off in the number of Lincolns shown, but the competition was uncommonly keen, and a high standard of quality was maintained throughout.

Both English Leicesters and Border Leicesters showed a marked increase over the entries of previous years, and whilst the

type seemed to vary considerably amongst the English Leicesters, the Border Leicesters contained a number of sheep of a particularly high class character.

Romney Marsh, Hampshires and Suffolks were much the same as formerly, the Suffolks attracting a great deal of notice.

There was again an increase in the number of Southdowns. This breed seems to be gaining in popularity.

There was a noteworthy display of Shropshires, which were a marked improvement in numbers and quality on anything seen in the yards for a number of years.

The Swine entries again showed a falling off, but still an entry of 295 in this section cannot be regarded as anything but satisfactory. The Berkshires this year were unusually good, whilst the Yorkshire classes produced some excellent competition.

For the first time in the history of the Society the Poultry entries exceeded 1000. The most gratifying feature being that the quality of the exhibits also reached high water mark.

Pigeons were included this year for the first time, and 190 birds were benched. These were the centre of attraction to a large number of fanciers.

The Dog section has never been particularly strong at the Royal Show. It is, therefore, satisfactory to note that this year's exhibition was a fairly representative display, showing an increase of 116 over last year's entry.

Contrary to expectations there was a larger entry in the Carriage section than there has been for a number of years, but Saddlery and Harness again showed a slight falling off.

In the Farm Produce section it was noticed that the wheat exhibits were the best that have been displayed for many years, the fodder being also particularly good.

Notwithstanding the increased amount of prize money offered, only two Societies competed in the Grand Societies' Competition, but your Council has decided to persevere with this section in the hope of there being better competition in the near future. The State Schools and Agricultural High Schools again made a very worthy display, the exhibits in this section being shown in a manner that was highly creditable to all concerned.

The Dairy Produce exhibits were much the same as in former years, the competition in the Cheese classes being particularly keen. Wines were much the same as previously, but the exhibits of Fruits, Preserves and Apiculture were somewhat disappointing.

The classes for Women's Industries have jumped right into popular favour, and in no section was a keener interest displayed throughout the whole Show than in this department. The quality of the work was of a much higher standard than last year, notwithstanding the fact that the entries had increased by more than 100 per cent.

Once again the Machinery Stands and Non-competitive exhibits covered all the available space in the grounds, and the action of your Council in offering prizes for the best kept stands resulted in a marked improvement being shown in the general appearance of this portion of the grounds. Your Council also desires to

record its hearty appreciation of the co-operation of the Standholders in the matter of the beautification of the Show Grounds.

The Society was again unfortunate in the weather at the Show; only one day in the week (Tuesday) being favourable. Notwithstanding this fact, the attendance again constituted a record with 167,390 as against 153,035 in the previous year. The profit on the Show was £6,504 17s. 8d., being nearly £130 greater than last year's record.

### **Purchase of Land.**

During the year your Council purchased the whole of that portion of land between Nyora-street and Epsom-road, and extending from Lang's-road to the Grand National Tower Hotel. It is intended to use this newly acquired land for the purpose of extending the Show Grounds, and permission was sought and has been obtained from the Essendon City Council giving the Society authority either to bridge over Nyora-street or tunnel under it, so as to connect the new block to the Show Grounds proper. The Society's freehold land now amounts to over 18 acres, which, together with nearly 33 acres held under a Crown grant, makes a total area of about 51 acres.

### **Draught Horse Stud Book.**

The Draught Horse Stud Book has now become firmly established as a recognised work of reference for draught horse owners and breeders. Volume VI. was published in March, and it contained the pedigrees of 106 stallions and 240 mares which had been registered since the publication of Volume V., and also 211 colts and 278 fillies, the progeny of mares registered in Volume VI. and the additional progeny of mares registered in previous volumes. Included in the book are two fine photographs of the champion stallion and the champion mare at the 1911 Show. Your Council again placed on record its best thanks to Mr. Ewen T. Campbell, of Kirk's Bazaar, for having carefully revised and extended the pedigrees.

### **Flock Book.**

The Committee of the Flock Book for British Breeds of Sheep in Australia has authorised the publication of Volume V. of the Flock Book. The practice in the past has been to publish a volume every three years, but the committee recommend the publication of a volume annually in the future, and your Council has adopted this recommendation. The necessary revision of the rules is in hand, and it is expected that these will be available for registered flock owners in the near future.

### **Shorthorn Herd Book.**

In 1911 the compilation of a Shorthorn Herd Book was commenced, and a satisfactory number of entries has since come to hand, and the work of examining the pedigrees and extending them right back to imported stock is now being carried out. The Herd Book committee anticipates that it will be fully twelve months more before Volume I. will be ready for publication.

## **Ayrshire Herd Book.**

Although the Ayrshire Cattle Herd Book Society of Australasia is not conducted under the auspices of the Society, your Council agreed, in answer to a request from that body, to allow the Secretary of your Society to undertake the Secretarial duties pertaining to the compilation of the Ayrshire Herd Book. This arrangement has been regarded as being conducive to the best interests of the Herd Book Society and Ayrshire breeders generally.

## **Chamber of Agriculture.**

The tenth Annual Convention of the Chamber of Agriculture was held at Warrnambool on the 2nd, 3rd and 4th July, 1912. It was officially opened by the Hon. John Murray, and was attended by the Hon. the Prime Minister and other leading politicians, as well as by a large and representative gathering of delegates from all parts of the State.

Owing to illness, your Society's representative on the Council (Mr. A. McNaughton) was not able to be present, but, though absent, the compliment was bestowed upon him of electing him as one of the Vice-Presidents for the current year.

The other delegates from your Society presented an interesting report of the proceedings to the Council, and congratulations were conveyed to the Chamber of Agriculture on the success of the Convention, and a vote of thanks was accorded the Warrnambool Agricultural Society for its courtesy to your Society's representatives.

## **The Society's Publications.**

Previous to this year it was the practice of your Council to call for tenders for the privilege of printing and publishing the Society's Prize Schedule, Catalogue and Hunters' Cards, and a more or less satisfactory premium was paid by the publishers for the advertising rights and for the privilege of selling the Catalogues and Hunters' Cards to the Public. This year the Society's staff undertook the work for the first time, and the result proved highly satisfactory from every point of view.

Notwithstanding the very great increase in the price of paper and the cost of printing, the nett profit this year was £100 in excess of the amount paid to the Society in 1911.

## **Horse Parades and Sales.**

At the time of the last Royal Show a petition was prepared and signed by a very large number of the leading draught horse breeders, praying that your Council undertake the management of an Annual Horse Parade and Sale, and that this fixture be held on the Show Grounds in the future. After much deliberation your Council decided to arrange for a Parade and Sale to be held at the Show Grounds during and after the year 1914.

### Show Dates.

For many years past the advisability or otherwise of the Society altering the dates of its Annual Exhibition has been keenly discussed. The first week in September is within a period of monsoonal disturbances, and for many years the weather has been most unsuitable for exhibiting stock and for attracting the general public to visit the Grounds. After serious consideration, your Council decided to postpone the Show till the last full week in September, and the Hon. the Premier has consented to bring in a bill next session for the necessary alteration of the date of the Show public holiday.

### Members Subscriptions.

There has again been a very satisfactory increase in the number of members of the Society. For the year 1912 no fewer than 2429 members were enrolled, showing an increase of 151 on last year's record.

It is interesting to note that the membership roll has doubled during the last ten years.

### Death of Mr. D. R. McGregor.

It was with extreme regret that the announcement of the death of Mr. D. R. McGregor was received by your Council at the beginning of the present year.

Mr. McGregor was one of the connecting links between the old Port Phillip Association and this Society. He was present at the initiation of the Royal Agricultural Society in 1871, and was a member of the Council from that time with the exception of two short breaks until the date of his death. He was president in the latter part of 1891, and again in 1892, and occupied the position of Vice-President from 1883 until 1896 inclusive except during the years in which he filled the presidential chair. In referring to his decease, it was remarked at the time that individually the members of Council had lost a good friend, the Society a good councillor, and the State a good citizen.

A record was placed on the Council's minutes of its high appreciation of the long service and valuable offices rendered to the Society by the deceased gentleman, and a letter of condolence was forwarded to his widow and family.

### The Council.

An election for seats on the Council for the eleven vacancies which had been caused by effluxion of time was held on the 1st February, and resulted in the whole of the old members being returned by substantial majorities.

With the exception of the vacancy caused by the death of Mr. D. R. McGregor, there were no changes in the personnel of the Council during the year. On the 12th March Mr. R. I. Argyle, M.L.A., was elected to fill Mr. D. R. McGregor's seat.

Three members of Council, Messrs. G. T. Chirnside, A. E. T. Payne, and J. Mitchell, were granted extended leave of absence on account of their paying a visit to the old country.

Owing to ill-health, Mr. A. McNaughton has been absent on leave since the June meeting, but it is noted with pleasure that during the last few weeks of the year his health has shown signs of improvement.

### Journal.

The Society's Journal is still incorporated with the "Austrian Farm and Home," and during the year this journal gave satisfactory reports of the meetings of Council, and also conveyed much other useful information to the members of the Society.

### Acknowledgements.

Your Council desire to record their high appreciation of the support of His Excellency the Governor-General, who presented two valuable cups for competition at the recent Show.

To His Excellency the Governor, Sir John M. F. Fuller, they are much indebted, not only for liberally contributing to the Prize Fund, but for officially opening the Show and for the kindly interest His Excellency and Lady Fuller displayed during their visits to the Grounds.

They wish to thank the Hon. the Minister of Agriculture for continuing the grant for the Champion medals, which gave rise to a keen spirit of emulation amongst breeders and producers.

They again desire to acknowledge their appreciation of the liberality of the donors to the prize fund.

They also thank the judges at the Show for the careful performance of their onerous duties and the stewards for their active services.

They desire specially to allude to and to acknowledge the invaluable assistance they have received from the press which has been such a factor in bringing the Society's operations into prominence; and to all others who assisted in furthering the interests of the Society they extend their warmest thanks.

### Finance.

On reference to the financial statement, it will be seen that the revenue for the year was £16,610 19s. 8d., being an advance of £2088 6s. 11d. on the previous year.

The expenditure, including £3934 10s. 6d. in cash prizes, £6481 19s. 10d. in buildings, maintenance, etc., and £1590 in the purchase of land, amounted to £18,401 16s. 6d., the overdraft being increased from £9747 18s. 2d. to £11,538 15s.

Taking the expenditure in permanent improvements and in the purchase of land as assets, the working expenses show a profit on the year's transactions of £6281 3s. as against last year's record profit of £5619 10s. 6d.
