# TWENTY-SECOND ANNUAL REPORT

OF THE

COUNCIL

OF THE

## Royal Agricultural Society of Victoria

*TO THE SUBSCRIBERS.*

LADIES AND GENTLEMEN,

The following is a report of the proceedings of the Society for the year 1892 :—

### PERMANENT BUILDINGS AND WORKS.

The principal works carried out on the show grounds during the year include improvements to the carriage shed, the floor of which was levelled in terraces and asphalted, at a cost of £254. This expenditure has quite altered the character of the building, making it very suitable for the display of vehicles, so that the improvement is one which is much appreciated by exhibitors and the public. The row of cattle sheds at the west end of the trotting track was levelled up and gravelled along the front, at a cost of £25 5s. 0d. The building originally erected for sheep—the half of which was last year used for poultry—was this year entirely devoted to these exhibits, having been enclosed, glazed, and specially lighted from the roof. In consequence of the increased number of exhibits of sheep, 137 of the cattle stalls were altered to sheep pens, and a number of other minor improvements and alterations were made in connection with the show, the amount expended in buildings during the year being £580 14s. 2d., bringing the total expenditure on buildings and works at the show grounds up to £28,970 15s. 9d.

## THE EXHIBITION.

The annual exhibition was held on the 23rd, 24th, 25th 26th, and 27th of August. A programme of prizes on a more extended scale than in any previous year was published, including £500, Grand Champion prizes, and £706 15s., contributed by private donors. The entries received again showed an increase on the previous year, the total number being 4,075. The money taken for admission, including £426 at the grand stand, amounted to £2,844 5s. 9d., which was £420 10s below the sum received in the previous year, but about the same as the takings two years before. The amount received for entry fees and ground rent was £814 14s. 11d., which beats all previous records. With regard to the exhibits, the draught horse stock (73 entries) showed a considerable falling off in numbers from the previous year, but the quality was well maintained. The thoroughbred stallions (7 entries) were a stronger class than usual, but the thoroughbred section, as a whole, was still about the weakest in the show. In trotters and roadsters (44 entries) the classes were well filled, and the 5 Clevelands comprised fine specimens of that breed. Hackneys (17 entries) and ladies' hackneys (10 entries) were fairly well represented, and there were 40 entries of carriage and buggy horses, with 40 of saddle and harness, and 26 of breeding ponies—these classes being better represented than usual. Valuable prizes were offered for four-in-hand turnouts, but the result was disappointing, only two teams having been shown. The hunters' contests were again attractive features of the show, there being 20 entries in the heavy, and 26 in the light weights, almost all good horses and clever jumpers. A class for maiden hunters, introduced for the first time, drew 12 entries. The high-jumping contest again attracted a large crowd, but while the jumping was good, there was nothing sensational in the performance of the horses. The shorthorn cattle comprised 129 entries of an excellent type, and many of the animals were shown in very high condition. Herefords (34 entries) were, like the Shorthorns, of a very high standard. Polled Angus (27 entries) showed a drop in numbers from the previous year, but their quality was well maintained. Ayrshires (165 entries) were again a very strong section of the show. Jerseys (66 entries) showed a considerable falling off in numbers, but their high standard has been well maintained, and indeed raised by recent importations. There were 12 entries of Holsteins, which were brought out in nice condition, and a good deal of attention was attracted to this breed, which has on various occasions made wonderful milking records. Three Brittanies were exhibited, 22 Dairy Cows and 11 fat cattle. Merino sheep (31 entries), Lincolns (95 entries), Leicesters (70 entries) showed a considerable increase over previous years, and Romsey Marsh, introduced for the first time (13 entries), South Downs (53), Hampshire Downs (11), Shropshire Downs (24)

showed a large increase, and these breeds of farmers' sheep made quite a new and gratifying feature in the yards. Swine (128 entries) showed a falling off in numbers from the previous year. The Berkshire breed, which maintains its popularity in the colony, still greatly predominates at the show but a few exhibits of the Tamworth breed, which is much esteemed in England, were shown for the first time. In poultry the single bird entry was introduced, and the change appeared to be appreciated, for there were 437 entries, nearly four times the number received last year. There were 153 dogs, comprising most of the noted prize takers of the colony. In carriages and buggies there were 179 entries, and as they were well displayed in the newly asphalted and terraced shed, they formed a very attractive feature of the show. There were 24 entries of saddlery and harness. In farm produce (90 entries) the quality of the exhibits was excellent, the roots especially being unusually fine, and so large as to excite the wonder of all beholders. The dairy produce (157 entries) contained exhibits of first-class quality, and the display of hams and bacon was very creditable to exhibitors. Preserves (10 entries) were also exhibited, and there were 3 entries of manures. In wines there were 157 entries, which were judged at the Exhibition cellars before the Show opened, and were very favorably spoken of by the jurors. Prize wines were sold in the kiosk on the grounds during the show, and so popular has this department become that the stewards are already agitating for an enlargement of the kiosk. The only prizes offered in machinery were specials for sheep shearing machine, bush-fire extinguisher, and tank cleaner, respectively; the prize in each case being awarded. There were 131 stands of machinery (in motion), implements and miscellaneous exhibits, making the most extensive display ever seen on the Society's grounds. Auction sales of stock were held in the yards on Thursday, Friday and Saturday, and were fairly successful. In relation to the shows of the society, it may be stated that the number of entries has steadily increased year by year, and this year, for the first time, they have exceeded 4000, so that it is gratifying to report that notwithstanding the prevailing depression the Exhibition was the most extensive and varied that has been held by the society. The weather on the opening day was very wet and unfavourable, and had a deterrent effect on intending visitors on that and succeeding days, and the municipal elections throughout the colony also took place on one of the show days. These facts are quite sufficient to account for the falling off in attendance from the previous year, which cannot, therefore, be regarded as showing a diminished interest by the public. With favourable conditions, the society's exhibitions, while increasing in their extent and representative character, will doubtless also continue to receive corresponding public patronage.

## THE WINE TASTING.

It was resolved by the Council to give those interested in Australian Wines an opportunity of tasting the samples stored in the Exhibition cellars, where the society is collecting a stock of wines which is annually increasing in quantity and value. With regard to the tasting, which took place on the 2nd November, the following is from the report of the Committee of Management :—

“Owing to his many engagements, His Excellency The Governor was unable to be present, as the Committee of Management had hoped, but a number of representative citizens more or less interested in the wine industry responded to the Council’s invitation. The wines submitted were those remaining over from the judging at the 1891 show, which had since lain in bottle in the cellars. Almost without exception they were found to be in excellent condition, and were very favourably commented on.”

## EXHIBITS FOR IMPERIAL INSTITUTE.

The Council enabled the Exhibition Trustees to procure a number of valuable samples of cereals at the show, to assist in making up a collection for the Victorian Court in the Imperial Institute, for which they received the thanks of the Trustees.

## THE JOURNAL.

In September a letter was received from H. W. Mills, editor, stating that the publishers were losing money on the Journal; and making certain proposals to the Council. The matter was dealt with, and it was resolved to continue the publication of the Journal, and to pay the publishers (Messrs Reardon and Mitchel, late H. W. Mills and Co.) a sum of £60 per annum, or £5 per monthly issue of the paper, and an agreement on these terms for one year was drawn up between the Society and the publishers.

## RATING OF SHOW GROUNDS.

In the report for 1890 it was stated that the Council, on the advice of their hon. solicitor. Mr. McKean, had appealed against the rating of the show grounds at the Court of Petty Sessions, and the appeal was allowed. The Borough Council, however, took the case to the Supreme Court, and it was eventually dealt with by the Full Bench of six judges, the result being that the former decision was upheld, so that it may be now regarded as definitely settled that the Society can only be rated at the nominal sum of one shilling.

## MESSAGE OF CONDOLENCE TO QUEEN AND ROYAL FAMILY.

On the occasion of the lamented death of the late Duke of Clarence, the following resolution was forwarded to Her Majesty the Queen, through His Excellency the Governor :—

“The Royal Agricultural Society of Victoria desires to convey to Her Majesty the Queen, the Prince and Princess of Wales, and the Princess Mary, an assurance that it sympathises and condoles with them in their recent unhappy bereavement, and to express its sorrow for the loss they have sustained by the death of the Duke of Clarence; a loss in which this Society participates in common with the Empire.”

A reply came to hand in due course, stating that His Excellency had received a despatch from the Right Honourable, the Secretary of State for the Colonies, in which he was requested to express, on Her Majesty's behalf and that of Their Royal Highnesses, the Prince and Princess of Wales, their grateful thanks for the sympathy which had been shown them in the great loss they had sustained on the occasion of the death of His Royal Highness, the Duke of Clarence and Avondale. Also that Her Serene Highness, the Princess Victoria Mary of Teck, had requested that her sincere thanks might be conveyed for the personal sympathy expressed to herself in the Society's resolution.

### THE COUNCIL.

In January Mr. Peck wrote tendering his resignation, as he intended to take an extended trip to Europe and America. Mr. Peck being an old and valued Member of Council it was proposed that instead of accepting his resignation the Council should grant him twelve months leave of absence, and also furnish him with a letter accrediting him to kindred Societies; and this resolution was unanimously adopted. In August a vacancy occurred in the Council through the death of Mr. Woodmason. Mr. Woodmason, who was elected to the Council in October, 1889, in the place of Mr. Ramsden (resigned;) took a lively interest in the Society. A resolution was passed recording the regret of the Council at the loss sustained through his death, and a letter of condolence was written to his widow and family. Mr. George Young was elected in the room of Mr. Woodmason. In December a vacancy was reported in the Council through the death of Mr. T. Matthew McCaw. Mr. McCaw was elected to the Council in 1890. He had, however, been connected with the Society as a Life Member and Steward for several years previously; and his father, the late Mr. Matthew McCaw, who was one of the founders of the Society, was the President in 1876, he having held that office at the time of his death. The Council passed a resolution expressing their great regret at the loss sustained through the death of Mr. McCaw, and ordered that a letter of condolence be written to his widow. Mr. Thomas Skene was elected to the seat rendered vacant by Mr. McCaw's death.

## THE SECRETARY.

In the last report it was stated that the Secretary had been granted six months leave of absence to enable him to visit Europe for the benefit of his health. The Council desire to congratulate the Subscribers on his having returned to resume his duties before the expiration of his term, with his health completely renovated by the rest and change. During his absence a great deal of extra work and responsibility were necessarily thrown on the President, Mr. McGregor, who cheerfully undertook the duties, so that the Council are much indebted to him for his valuable services under the special circumstances.

## THE COLLECTOR.

In April the Collector, Mr. Segerberg, was given one month to continue collecting subscriptions, and was informed that after that date his services would be dispensed with. He, however, failed to bring in his books, and though repeated efforts were made to induce him to do so, they were unavailing, and it was found necessary to issue a warrant for his arrest. On his books being examined it was seen that he was considerably deficient in his cash, and subsequent investigations showed that he was £65 short; which, less commission due to him, made the actual loss to the Society £57 8s. 6d. Mr. John Hedrick, who had previously held the position, was afterwards appointed collector to the Society. With a view to increasing the number of Subscribers the Council issued a circular to the public, they gave collecting books to several of the Members of Council, and they also appointed a number of country collectors. Though these latter were not very successful, it is gratifying to report that as a result of the effort made the subscriptions received exceed those of the previous year, notwithstanding the dullness of the times.

## ACKNOWLEDGEMENTS.

The Council desire to acknowledge their continued indebtedness to His Excellency the Governor and the Countess of Hopetoun for their kind patronage of the Society's exhibitions, and to express their appreciation of the keen interest manifested by His Excellency and the Countess in the various departments of the show. They wish to express their thanks to the Government and Parliament of Victoria for the annual grant of £500 offered as grand champion prizes of Australia. They beg to convey their very hearty thanks to the donors of prizes at the show for their liberality in subscribing to the prize fund. They have also to express their appreciation of the valuable services of Mr. McKean, the Society's Honorary Solicitor. They wish to specially thank the judges at the show for

their valuable gratuitous services ; and the stewards for their active assistance and co-operation. They desire also to thank the press for their valuable services in giving prominence to the operations of the Society.

### FINANCE.

On reference to the Financial Statement, which has been carefully audited (*vide* report below), it will be seen that the revenue for the year amounted to £7656 17s 11, exceeding that of the previous year by £276 11s 2d, and as the expenditure for the year amounts to £6123 5s 1d, the overdraft has been reduced by £1533 12s 10d. On further reference to the statement it will be seen that £580 14s 2d was laid out on permanent buildings and works, which may be looked on in the nature of an investment, so that excluding this item the ordinary working expenses show a profit of £2114 7s on the year's transactions. The overdraft stands at £7104 9s 5d, as against £8638 2s 3d last year.
