SIXTY-SECOND ANNUAL REPORT
OF THE
COUNCIL
OF THE
ROYAL AGRICULTURAL SOCIETY
OF VICTORIA.

To the Members,

Ladies and Gentlemen,—

Your Council has pleasure in presenting the following report of proceedings of the Society for the year 1932.

Permanent Buildings and Works.

Owing to the necessity for economy, expenditure was confined mainly to maintenance work that could not longer be delayed, and a relatively small amount was devoted to permanent improvements.

A new turnstile entrance was erected in Lang's Road, and proved to be a great convenience to Show patrons. A special enclosure near the No. 2 Horse Pavilion, and the purchase of a Dynamometer Car, built at the Melbourne University Engineering School, made possible the Steady Pull Contests for Pair Horse Draught Teams, which proved to be one of the outstanding features of the 1932 Show.

In order to increase catering facilities during the Show, the Bar near the No. 2 Horse Pavilion was extended, improvements made in the kitchens under the Jubilee Grandstand and in the Royal Luncheon Room, whilst conditions in the Alfresco Tea Room were also considerably improved by enclosing that portion in which the refreshments were prepared for distribution.

Exhibitors' requests were met to the extent of flooring lockers near the Swine Pavilion, the provision of additional lockers alongside and under the new Sheep Pavilion, and considerable expenditure had quite unexpectedly to be incurred in providing accommodation for cattle in the Carriage Pavilion and the erection of extra lockers adjacent thereto.

Extra lavatory accommodation was provided under the Public Grandstand, the Cumming Stand was partially recovered, a further section of the Arena Bank between Grandstands was re-conditioned and fenced, and the Members' Motor Park improved by filling and levelling.

Fairly extensive and very necessary repairs to road surfaces and the entrance at the Dog Pavilion, and the painting of Railway entrances and various buildings around the Grounds considerably improved appearances, especially as many exhibitors followed suit by painting

and otherwise improving their stands; whilst the attention given to lawns, garden plots and arena, the track around which was gravelled and re-graded and the fence painted, gave further tone to the general brightening-up effect of the improvements made in preparation for the Show.

As a result of fire early in October, a number of horse boxes and the electric motor at the Grounds were damaged. The Society was fully covered by insurance and, its claims having been met, the necessary repairs were carried out by the Society's own staff.

The Exhibition.

The Society's Annual Exhibition, which was held from 15th to 24th September, 1932, proved full of surprises for even its most ardent supporters. The Prize Schedule was revised early in the year, and the increase in the total prize money, occasioned by the inclusion therein of new classes and competitions, was fully justified, as the entry received not only eclipsed all previous records, but the increase was apparent in practically every section throughout the Show, and yet the general quality of exhibits was of a high standard. The non-competitive exhibits can be similarly described, for never previously has there been such an apparent effort on the part of standholders as a body to co-operate with the Society in making the Show a really attractive display, fully representative of primary and secondary industries. Some standholders erected new buildings, many re-painted and otherwise improved their stands; whilst all made a point of staging exhibits to best advantage.

The Society was favoured with good weather and with the full co-operation of the Press. The wide publicity given to the general excellence of the Show and the programme of events was fully appreciated by your Council, and resulted in an attendance much greater than in recent years; whilst the very apparent good humour of patrons not only reflected a general feeling of optimism towards the future, but made the Show one of the smoothest running and most enjoyable fixtures yet conducted.

The following table is published in order that a comparison may readily be made of entries received in the various sections in 1930, 1931 and 1932:—

Section.	1930.	1931.	1932.
Clydesdales	138	195	190
Farm and Lorry Horses	28	41	52
Arabs	4	2	5
Thoroughbreds	6	6	4
Trotters	26	28	32
Hackneys	4	3	—
Cobs	6	3	10
Ponies	38	49	54
Saddle Horses and Ponies	217	240	282
Harness Horses and Ponies	88	85	133
Shorthorns	104	82	93
Herefords	5	22	38
Aberdeen Angus	4	1	10
Dairy Shorthorns	71	84	100
Red Polls	68	102	113
Australian Illawarra Shorthorns	48	58	74
Ayrshires	206	321	359
Jerseys	258	306	357

the high standard of quality, eclipsed in numbers of exhibits all previous records, and necessitated the provision of additional pens. Considerable interest was again displayed in the Export Classes in this Section, entries for one of which—for late lambs—closed on 15th December, the carcasses being sent to Smithfield for judging, as was done with those of lambs exhibited at the Show.

Though an increased number of fleeces was entered and displayed in the Government Pavilion, it is a matter for regret that entries in this Section are not more in keeping with the importance of the wool industry.

There was a fine display of pure bred Pigs of various breeds, and the increased entry overtaxed the available accommodation. Keen interest was again displayed in the several carcase competitions for bacon and pork pigs.

Quality was a feature of the exhibitions of Poultry, Pigeons, Cats and Dogs. The considerably increased entry in the last-named Section, in view of the record established in 1931, when a world-renowned judge officiated, can only be taken as evidence of fanciers' approval of this Society's attitude towards proper government of canine affairs in this State.

The five district exhibits staged by country Agricultural Societies again provided the main feature in the Agricultural Hall, in which exhibits of farm and dairy produce and fruits were also attractively displayed, though owing to adverse conditions the exhibits of fruit were disappointing by comparison with previous years. Though space had, of necessity, to be strictly limited, the entries in the State Schools' Competition made an excellent display.

The increased interest taken in the Competition for the State Agricultural Championship indicates that this will yet prove to be one of the keenest annual contests decided at this Society's Show.

The several judges paid a tribute to the quality of the exhibits in the classes for Wines and Aerated Waters. Entries in this Section were one-third more numerous than in 1931.

The annual increase in entries in the Section for Women's Industries was more than maintained this year, and the exhibits were of a uniformly high standard. But for the generosity of Messrs. Foy and Gibson, it would have been impossible to suitably accommodate the numerous entrants for the Dressmaking and Fancy Needlework Competitions.

The splendid display in the Government Pavilion, representative of all phases of primary production, lost nothing by comparison with those of former years. This comprehensive and educational exhibit staged by Government officers was inspected by a large proportion of Show patrons, as were also the exhibitions prepared by the Forestry Department and the State Rivers and Water Supply Commission at their respective stands.

Your Council has expressed its keen appreciation, not only of the displays just referred to, but also of those staged by the general body of exhibitors, recognising as it does that, without such co-operation, the Show would lose much of its attraction for the public. Indeed, in view of the high standard of exhibits in various stands at the last Show, consideration is to be given to the advisability of issuing a certificate of merit or some similar award in such cases in future.

Your Council has also acknowledged with appreciation the arrangements made by the Railway Department and Tramway Board and the Police, Fire and Ambulance services provided during the Show.

The installation of an up-to-date system of amplifiers in the centre of the ground enabled the public to more fully enjoy the full and varied programme provided in the arena throughout the Show. This programme was very favourably commented on, and its successful carrying out was a tribute to the co-operation of the Ring Masters and Arena Officials.

In addition to the Steady Pull contests referred to earlier in this report, another innovation in connection with the Show was a Procession of Saddle and Harness Horses and Ponies from Princes Bridge through the City to the Show Grounds on the last Saturday. Your Council much appreciated the co-operation of the Horse Association of Victoria in organising the Procession, which was an unqualified success, and it is hoped will be the forerunner of many more spectacular pageants in future years.

In order to meet a general desire and at the same time show appreciation of the public support already accorded the Society, your Council resolved to reduce to 1/- the charge for admission to the Grounds on the last day of the Show. This action met with wide approval (the crowd being double that of the corresponding day in 1931), and proved a fitting climax to the Show, which, despite reductions in catering privileges, made in the public interest and increased expenditure inseparable from an exhibition of such proportions, resulted in revenue £10,922/17/6 in excess of expenditure.

Taking all things into consideration, your Council is well satisfied with the outcome of the Show, and is of opinion that the spirit displayed by its supporters and patrons is indicative of improved conditions which augur well, not only for this Society, but for the State and Commonwealth.

Use of Grounds Between Shows.

Though not as remunerative as could be desired, your Council is pleased to report a steady improvement in demand for the use of the Arena and Buildings at the Grounds between Shows. Buildings have been used for the storage of wool, poultry and dog shows, cattle, thoroughbred and draught horse sales, skating and dancing; whilst the arena has been let to various sporting clubs at a nominal rental, thereby increasing its popularity and advertising its undoubted suitability as an ideal Sports Ground.

Farm Labourers' Scheme.

As a result of representations made by your Council to the Hon. the Minister for Labour, the State Employment Committee approved and the Government adopted a scheme, originally proposed by the President as a means of deriving some national benefit from money expended in sustenance, and at the same time providing employment for single men in land improvements which would not otherwise be carried out.

The scheme provides that, in approved cases and under certain conditions, the Government will contribute 10/- each per week as a free grant towards the cost of employing single men in effecting permanent improvements to land, and any person engaged in agricultural,

horticultural, viticultural, dairying, pastoral or other like pursuits is eligible to apply for the services of unemployed single men under this scheme.

Though, for some inexplicable reason, full advantage has not been taken of the scheme, the fact that some 450 to 500 single men have to date been engaged affords some satisfaction and indicates increased employment when the conditions of the scheme are better understood.

The Australian Society of Breeders of British Sheep.

This Society has continued its very steady progress. A decade ago there were 341 registered flocks, whereas in Volume 24 of the Flock Book published last year the total number of flocks of the various British Breeds was 1,055.

Notwithstanding the very low prices that prevailed last year for sheep, the registered flocks have increased, and in Volume 25, which is now being prepared for publication in May next, there will be a record number of registrations, and the Society is to be congratulated on the excellent work it is doing.

Your Council is indebted to the Victorian Branch of the Society for its liberal donations to the Show Prize Fund, and the excellent display of British Breeds at our last Show was attributable to a large extent to the co-operation of the members of the Australian Society of Breeders of British Sheep.

The Sheep Society, in its efforts to improve the quality of our fat lambs and mutton, is continuing its policy of conducting sales of registered sheep, at which all the entries are inspected prior to being offered. Three of these sales were held in Victoria during the year, one in New South Wales, one in Western Australia and one in South Australia, and over 8,000 rams and ewes were disposed of.

Owing to the benefits arising from the Ottawa Agreement, the prospects for sheepbreeders are now brighter, and the Society is looking forward to continued advancement. Members should also be assured of better prices for their stock in the future.

The Australian Corriedale Sheepbreeders' Association (Victorian Branch).

The already large number of breed societies that are located in this office was added to after the last Show, when, at the request of the Committee of the Victorian Branch of the Australian Corriedale Sheepbreeders' Association, it was agreed to carry out the secretarial work of that body. Your Council's action in permitting its staff to do the work of this Association was very much appreciated by the Corriedale breeders throughout Victoria, and is in keeping with the Council's policy of fostering all stud breeding associations.

As this Australian breed of sheep is rapidly going ahead, the Victorian Branch, which is already well established, promises to be a particularly strong body in the near future.

The Commonwealth Clydesdale Horse Society.

Much greater interest has been manifested in the activities of this Society during the year, and not only has the membership been considerably increased, but the number of entries received made it possible

to close Volume 7 of the Stud Book on 31st December. The compilation of this volume is now in hand, with a view to its publication at an early date. When it is remembered that Volume 6, which was published during the year, contained entries received up to the end of 1931 and that these comprised 182 stallions and 350 mares, in addition to particulars of progeny from 654 females previously registered, one can gauge the extent of the revival of interest in horse breeding and can understand the Clydesdale breeders' claim that the horse is supreme in the economical working of farms and in the carrying out of short haulage work. This movement in favour of horse usage is world wide in its scope and augurs well for this important industry.

The publicity service of the Society, conducted by the Federal Council, has been continued and extended, whilst deputations organised by the Branches have waited on the Governments in various States urging legislation to assist in an improvement in the standard of the stock being bred, and, in so far as this State is concerned, it is confidently expected that, as a result of the efforts of the Victorian Branch, that clause in the Horse Breeding Act which permits an owner to use an uncertificated stallion on his own mares will be deleted and other desirable alterations will also be made.

Not only is breeding being taken up much more extensively than has been the case in recent years, but it is pleasing to note that the desire to obtain the services of stallions of the highest quality is keen, whilst the demand for animals registered or eligible for registration in the Commonwealth Clydesdale Stud Book has never been greater.

Horse Association of Victoria.

Since its formation a little over twelve months ago, this Association has made every endeavour to attain the objects for which it was established.

The fact that 500 members have been enrolled during the year is a clear indication of the desire for a body representative of all interested in the breeding and use of horses.

In April last the Association conducted a "Back-to-the-Horse" procession and gymkhana. The procession proved an unqualified success, in spite of the very inclement weather, which, unfortunately, spoiled the attendance at the gymkhana in the afternoon. On the last Saturday of the recent Show the Association co-operated with this Society in the organisation of a grand procession of horses and vehicles through the city streets, which created great interest amongst the general public, and was undoubtedly a factor in the record attendance on that day.

With an eye to the extension of this Association's activities, arrangements are being made to establish a Branch in the Wimmera at an early date, after which similar action is to be taken in other large centres throughout Victoria.

The Australian Pony Stud Book Society.

At the request of the Australian Pony Stud Book Society, established in Sydney last Easter, your Council agreed to accept entries for the Stud Book tendered by breeders in this State, and nominated Mr. S. A. Greaves, of Narre Warren, as Victorian representative on the Committee of control. Mr. Greaves, who accepted the nomination, has also kindly consented to act as Honorary Inspector in this State, and will shortly be inspecting the ponies which have already been submitted for registration. With a view to assisting the Society, your

Council is to consider the advisability of restricting entries in the classes for stud ponies to registered animals, when breeders and owners have had a reasonable time in which to submit their stock for registration in the Stud Book.

The Shorthorn Society of Australia.

As a result of the revision of the regulations referred to in last report, the work of this Society has been carried on much more expeditiously during the year. Breeders have co-operated in complying with the regulations governing tattooing and the early notification of the birth of calves, whilst the introduction of the recording of transfers has made it possible to communicate with purchasers and has resulted in an increased membership of the Society.

Entries for Volume 7 of the Herd Book closed at the end of the year, and this volume will contain the pedigrees of cattle owned by breeders who took advantage of the Federal Council's decision to accept for registration therein without fee all animals registered in the Queensland Shorthorn Herd Book which were on pedigree eligible for the Shorthorn Herd Book of Australia.

Despite the depressed conditions which prevailed in the beef trade, breeders showed their optimism regarding the future by improving the standard of their herds, and several valuable animals were imported. The number of entries received reflects confidence in the beneficial effect which is expected to follow the decisions at the Ottawa Conference, and which, if realised, will mean an increased demand for stud stock registered with this Society.

The Red Poll Cattle Breeders' Association of Australasia.

This Association published the sixth volume of its Herd Book during the year, and the entries already received for Volume 7, which will close on 30th June next, indicate that it will assume record proportions. A further indication of the increasing popularity of the Red Poll breed is the importation of a number of animals, which should assist in improving the already high standard of Australian herds.

Contributions to the Show Prize Fund were again made by this Association, and, at its suggestion, other Breed Societies co-operated in providing prizes in a special class for a single steer, suitable for the beef export trade. This new class attracted 18 entries, comprising representatives of the Red Poll breed and the various well-known beef breeds.

The Association suffered a severe loss in November last, through the lamentable death of its President, the Hon. T. H. Payne. His great work in the interests of the Association, and his enthusiasm in maintaining a high standard of quality in his stud herd, proved an important factor in the progress made by the Red Poll breed throughout the Commonwealth.

The Dairy Shorthorn Association of Australia.

Increased support has been accorded this Association during the past year, and members are naturally pleased that their breed has once again the honour of winning the annual championship for milk and butter fat production under official test in Victoria.

Several new members have been enrolled, and their herds have been submitted for registration.

The first volume of the Herd Book is in course of publication, proofs of the first portion having been submitted to the Committee and unanimously approved.

The reported intention of a breeder in Western Australia to import a number of Dairy Shorthorns is an indication of the increased interest in that State, and augurs well for the future of the breed.

The Ayrshire Cattle Herd Book Society of Australasia.

This Society reports that steady progress has been made in all States. The membership has increased considerably, whilst entries in the Herd Book and Calf Register are in advance of those received during recent years.

Volume XXIV. of the Herd Book was published during September last, and a very satisfactory entry has already been received for Volume XXV., which will close on 1st February.

Considering that the money previously allocated for the purpose had been well spent, the Federal Council decided to again grant subsidies to the various Branches, to be used to encourage herd testing and in general propaganda work.

At its September meeting the Federal Council decided to issue a booklet of Herd Test Records, etc. This has now been compiled and will be issued shortly. These records should be of assistance to those contemplating the purchase of Ayrshire cattle and as a guide to breeders when selecting herd sires.

The Victorian Branch decided to again donate prizes for the best Ayrshire herd and the best Ayrshire cow under official test, as an inducement to its members to test their herds, and, by advertising in various journals, has endeavoured to further the interests of the breed.

The Friesian Cattle Club of Australia.

The negotiations for the amalgamation of the Queensland Club with this body, referred to in last year's report, now seem likely to reach a successful conclusion, the Queensland body having authorised its Committee to finalise the matter.

As its publication could not longer be delayed, Volume 11 of the Herd Book was issued during the year without the inclusion of any Queensland entries, and brought the total registrations up to 1,366 males, 3,804 numbered and 2,396 Appendix females.

The Victorian Branch was, as usual, well represented in the volume, its list of members exceeding the combined total of all other Branches.

The Guernsey Cattle Society of Australasia (Victorian Branch).

The year 1932 has been one of continued progress for this Branch. The advance made is best judged by the fact that Volume 9 of the Herd Book, which was published by the Federal Council in October last and covers a period of two years, shows an increase of just over 100 per cent. in Victorian members, and includes the pedigrees of a large number of animals, many of them imported to strengthen herds in this State.

The volume marks a step in the steady growth of the whole Society, bringing the total registrations up to 2,549 males and 3,944 females.

Guernseys were again well represented at the last Royal Show, and breeders are confident of the future progress of this breed in Victoria, now that the shortage of females is being gradually eliminated.

The Australasian Jersey Herd Society (Victorian Branch).

The fact that the active membership of this Branch is now almost 900, being more than that of the other Branches combined, is evidence of the ever-increasing popularity of the Jersey breed in this State.

The Federal Council published the eighteenth volume of the Stud Book during the year, and copies of Volume XIX. will be available for distribution at an early date.

The Branch again issued and distributed a booklet of Herd Test records and also a booklet of handy information, including scales of points for judging, etc., copies of which were forwarded to all calf clubs and similar bodies.

Through its Field Officer, the Branch has been able to keep in personal touch with its members, who appreciate the opportunity thus afforded to obtain his assistance and advice. This officer has also kept the Jersey well before the public by articles in the Press, and he has been a regular contributor to the columns of the "Live Stock Bulletin," the official organ of the Society, which has been forwarded to members each month and has proved to be a valuable medium for publicity regarding the breed.

The Australian Illawarra Shorthorn Society (Victorian Branch).

Steady progress has been made by this Branch during the year, and breeders are convinced that there is a great future for the Australian Illawarra in Victoria.

Several new members have been enrolled, and their herds have been submitted for registration. Volume 2 of the Herd Book has just been published by the Federal Council, and Victorian herds are well represented therein.

The Committee is pleased that an increasing number of members are submitting their herds to official test, as it is only in this manner that the capabilities of the breed as high producers of butter fat can be made more widely known.

The Australian Illawarras exhibited at the recent Show were all from Victorian herds, and, as the entry constituted a record, it is evident that this Australian breed is firmly established in this State.

The Victorian United Cow Test Association.

As a result of organised effort, the scope of this Association has been considerably extended during the year. New Associations and new units of old Associations have been affiliated, and many additional herds have been brought under test in all parts of the State. The desired uniformity has been brought about as a result of the revision of the Constitution and Rules mentioned in last report, whilst a revision of the Rules governing the Calf Marking Scheme has led to its more general adoption by Branches.

Much good work has been done through the organisation of Field Days on the farms of successful members in different districts, and the wide publicity given to the records of tested herds and the results

of judging in the various zones into which the State is divided for the purposes of the comprehensive Dairy Farm Competition annually conducted by this Association.

In order to keep every member of every unit in close touch with the work of the Association, the Council has circulated through Branch Secretaries printed reports of the Annual General Conference, the V.U.C.T.A. Members' Field Day, Council meetings and deputations, booklets on Herd Testing, Pastures and Ensilage Making, and—in co-operation with the Department of Agriculture—has recently issued pamphlets, together with forms, on which information can be supplied, in an endeavour to discover the bulls which have the greatest influence in raising the production of milk and butter fat in the herds under test.

No better indication of the value of the work of this Association could be had than is given by the demand for "R.A.S. of V. Production Certificates," which are issued by this Society to Association members whose herds average 300 lbs. butter fat or over in 273 days. The test year ended on 30th June last, and since then over 500 certificates have been issued through Branch Secretaries, who are required to certify that the records are correct.

The Association is now officially represented on the Council of the Victorian Pasture Improvement League and the Victorian Pig Industry Committee.

The Australian Dairy Cattle Research Association (Victorian Branch).

The ever-increasing menace to the dairying industry of various diseases prevalent in dairy herds throughout Australia led to the formation of this Association by delegates from all States, who attended a conference in Sydney last Easter.

In accordance with a recommendation from a sub-committee specially appointed, your Council resolved to support the Association in its efforts to promote sustained scientific investigation work on diseases of dairy cattle, giving first attention to contagious abortion and contagious mastitis.

A conference, convened by your Council and held during last Show, was attended by delegates from every interested body in this State. It was resolved to form a Victorian Branch of the Association, and a fully representative Committee was appointed, with the President of this Society as Chairman. Branches of the Association have also been formed in New South Wales and Queensland, and it is anticipated that similar action will shortly be taken in other States.

The Victorian Committee has made enquiries as to how the work of the Association can best be undertaken in this State, and, following a meeting of the Federal Council in Melbourne early in 1933, it is hoped that it will be possible to obtain the funds necessary to commence operations.

The secretarial work of the Branch is being carried out in this office.

The Australian Stud Pig Breeders' Society.

Throughout the year this Society has maintained its position, despite the fact that the pig-breeding industry is still suffering from adverse trade conditions. The membership of the Victorian Branch shows a slight increase on that of last year, and the number of pigs registered is also greater.

Volume XXIII. of the Herd Book is now in course of publication, and copies will be distributed to members as soon as they are received from the printer.

Although research work by the Department of Agriculture in Victoria was continued throughout the year, no satisfactory means of tattooing black-eared pigs was discovered, and therefore some other effective system of marking for identification purposes is being sought by the Federal Council.

The Committee of the Victorian Branch again made a generous contribution to the Prize Fund, and, on its recommendation, separate classes were provided at the recent Show for crossbred baconers and porkers. As only members of the Australian Stud Pig Breeders' Society may make entries for the Royal Show, the increased exhibit reflected not only the co-operation of the Society, but the confidence of its members in the future of the industry.

The Victorian Working Sheep Dog Association.

Throughout the year this Association has continued its efforts in the interest of the working sheep dog.

Several new members have been enrolled, and their dogs have been entered in the trials conducted by the 37 affiliated bodies throughout Victoria.

During the year the second competition for the 50-guinea "Captain Payne Trophy," which was conducted at Kyneton, attracted a large and representative entry, and a very keen competition resulted.

Consideration was given by the Council to the advisability of drawing up a standard for Border Collies, but it was resolved that, until a standard was adopted in Great Britain, no action should be taken by this Association.

The Kennel Control Council of Victoria.

The further progress made by the K.C.C. during its second year has been most satisfactory. The number of affiliated bodies has increased and the individual membership has grown to the hitherto unthought-of figure of 894.

During the year the Council founded the "K.C.C. Kennel Gazette," a publication issued each month by an honorary Editorial Committee in the interests of the fancy. The undertaking has been successful, and has been a factor in furthering the breeding and exhibiting of dogs.

There is, unfortunately, still opposition to the Council's efforts to properly control the fancy. This opposition is, however, now in a weakened state, and is expected to eventually cease to exist. Certain drastic steps taken during the year were solidly supported by members.

The Council has wisely leavened the severity of its attitude to exhibitors at unrecognised shows and parades through what has become widely known as its Open-door Policy, and has at all times welcomed the novice or other exhibitor who, through ignorance of canine affairs or other cause, has temporarily supported the opposition.

The affiliation of the Council with the world's premier dog club, the English Kennel Club, has proved more than nominal. A sound working arrangement now exists with the parent body, with which the K.C.C. of Victoria is kept closely in touch through correspondence

and numerous publications. The arrangement has redounded to the advantage of Victorian exhibitors and breeders.

During the Royal Show Week the Council introduced an innovation, in the form of an Annual Dinner for members. The function was held at the Hotel Australia and proved a success.

On 1st January, 1932, the Rules requiring the compulsory notification of the birth of litters came into force. These are proving a reliable means of securing accuracy in pedigrees, and are rapidly forming the basis of a complete and authentic record.

The Council owes much of its success to its democratic system of election of Committee. The elections, held in December, 1932, resulted in members electing 24 of their number to form the new Committee.

The K.C.C. of Victoria has repeatedly acknowledged its indebtedness to the Royal Agricultural Society for the assistance given, following the Society's pledge of full support. Members feel that their indebtedness has been at least lessened by reason of the fact that the biggest and best entries of dogs have been received for the Melbourne Royal Shows held under the K.C.C. of Victoria Rules.

The Victorian Poultry Control Council.

This Council was formed in 1929, and had for its principal objective the improvement of poultry exhibitions. Much good work has been done in the matter of compiling "Standards of Excellence" for all breeds of poultry, List of Judges, Schedule classifications and so forth.

During the year a number of Societies that were previously affiliated decided to withdraw from affiliation, owing to the dissatisfaction that existed with regard to certain control clauses in the Constitution, that the V.P.C.C. were putting into effect, and, as a result of a special meeting of those interested held in July last, it was resolved that the V.P.C.C., as it was then constituted, should cease to function.

At a subsequent meeting of the Poultry Control Council it was thought advisable to give further consideration to the establishment of a controlling organisation in a somewhat modified form, and, as there is so much good work that could be done in the interests of the poultry industry which is of such value to this country, there is every indication that poultry-showing organisations will shortly be banded together again.

The Chamber of Agriculture of Victoria.

The Thirtieth Annual Convention of this Chamber, held at Swan Hill on 12th, 13th and 14th April, 1932, was officially opened by His Excellency the Lieutenant-Governor, Sir William Irvine, K.C.M.G., and was attended by about 250 delegates and invited guests from all parts of Victoria. The addresses were of particular interest, and many matters affecting primary producers were keenly discussed.

Delegates much appreciated the arrangements made for their entertainment and the facilities provided to enable them to visit the many places of interest in the district. Your Council accorded a hearty vote of thanks to the people of Swan Hill for the many courtesies extended to this Society's delegates during the Convention.

The Journal.

An official report of proceedings at the monthly meetings of your Council and other information relating to the activities of the Society has been regularly published in its official journal, which is incorporated with "The Australian Farm and Home." As a result of this paper's connection with several stud stock breeders' associations and its circulation throughout Australia, wide publicity is given to the work of this Society.

Membership.

It will be remembered that at last Annual Meeting the Rules were amended to permit the enrolment of 500 Life Members at a fee of ten guineas. Though only 307 life subscriptions were received, and the majority came from those who were already members of the Society, it is pleasing to report that the number of new annual members enrolled almost equalled the number of such transfers. The figures, after making allowance for deaths and resignations, are as follow:—

In 1931—Total Membership, 3711. Annual Members, 2247.

In 1932—Total Membership, 3915. Annual Members, 2165.

Centenary Celebrations.

Your Council has assured the Centenary Celebrations Committee of its cordial approval and whole-hearted support of the movement to fittingly celebrate the one-hundredth anniversary of the founding of Victoria and of its capital city, Melbourne.

The celebrations are to be held from October, 1934, to the early part of 1935, and it is proposed that they should include a Royal Show in keeping with other special events which are to be arranged. To that end a conference between representatives of your Council and the Celebrations Committee is to take place at an early date.

Society's Office Arrangements.

Some considerable time ago your Council resolved that, at the expiration of the lease of its City office, the staff should be accommodated in the Administrative Building at the Show Grounds. The lease expired in November; but, as a result of careful enquiry, your Council being convinced that the transference of the staff would not result in any material saving, a fresh lease of offices in this building has been completed on very satisfactory terms covering a period of five years.

Council.

It is with extreme regret that your Council reports the death of Mr. Samuel McKay, which occurred in Sydney on 12th November, 1932, shortly after his return from the Ottawa Conference, at which he acted as an official consultant to the Australian delegation.

Mr. McKay was first elected to the Council in July, 1926, to fill the vacancy caused by the death of his brother, the late Mr. H. V. McKay. He was elected a Vice-President of the Society in 1929, and, despite the extent of his business and numerous public activities, he still found time to render sterling service to the Society as a member of the Finance, Works, Machinery and Ground Allotment Committees.

Your Council placed on record its keen appreciation of that service and an expression of deep regret at his death. A resolution of sympathy was conveyed to the bereaved widow and family, and the Council was fully represented at the funeral, the attendance at which clearly indicated the high esteem in which Mr. McKay was held by all sections of the community.

As nominations for election at the Annual Meeting were not in excess of the vacancies on the Council, the whole of the retiring members were re-elected.

Extensive leave of absence was granted to Mr. W. D. Leslie following a serious accident, from which your Council regrets to report he has not yet fully recovered. The attendance at Council meetings of Senator J. F. Guthrie, Dr. S. S. Cameron and Messrs. J. A. Beattie, R. E. Dawson and W. Cockbill was also affected by illness during the year.

As the vacancy caused by the death of Mr. S. McKay occurred subsequent to the November meeting of Council, it will, in accordance with By-Law 15, be filled at the Annual Meeting.

Acknowledgments.

To His Excellency the Lieut.-Governor, Sir William Irvine, K.C.M.G., your Council tenders its warmest thanks, not only for officially opening the Show and presenting trophies to successful exhibitors, but for the interest taken in the activities of the Society.

Your Council also gratefully acknowledges the continued support accorded by the State Government in making possible the magnificent exhibit in the Government Pavilion and assisting in other directions; the interested assistance of the Right Hon. the Lord Mayor and the Traffic Committee of the Melbourne City Council, more especially in connection with the Procession; the painstaking services of the Judges and Stewards; and the co-operation of the Melbourne and Metropolitan Board of Works, the Metropolitan Fire Brigade, and the Police and Defence Departments.

The Society's keen appreciation is expressed at the liberal support given by donors to the prize fund and the whole-hearted co-operation of exhibitors and standholders in the efforts made to ensure the success of the Show.

Your Council specially desires to acknowledge the great service rendered by the Press in keeping prominently before the public the activities of the Society, more particularly at Show time, and also to thank all others who in any way assisted in furthering the interests of the Society throughout the year.

Finance.

On reference to the financial statement, it will be seen that the revenue for the year was £40,442/4/5, which shows an increase of £4,230/12/- on that of last year.

The expenditure (including £8,238/4/- in prizes and £948/2/10 for buildings and improvements) amounted to £36,868/7/2, the bank overdraft being reduced from £43,161/16/2 to £39,587/18/11, and the Society's indebtedness to the Government, inclusive of interest, decreased during the year from £41,527/18/10 to £40,130/7/5.

Taking the expenditure in permanent improvements as assets, the working expenses show a profit on the year's transactions of £4,522/0/1, as against last year's profit of £322/2/2.

Your Council is pleased that its confident forecast of an improvement in the Society's financial position during the year was realised and, in view of the general outlook from a national standpoint, is equally confident that, with a continuance of its present policy of economy in expenditure, an even better result will follow its efforts in the interests of the Society during the coming year.

RULES.

1. The Society shall be called **The Royal Agricultural Society of Victoria.**

2. The objects of the Society shall be to promote the development of the Agricultural, Pastoral, Horticultural, Viticultural, Stock Raising and Industrial Resources of the State—

- (1.) By holding Exhibitions at such places and times as the Council shall appoint; and by offering and awarding prizes and premiums at all such Exhibitions, if deemed desirable.
- (2.) By holding meetings for the purpose of popularising rural life and disseminating knowledge of improved methods and new ideas in relation thereto.
- (3.) By corresponding with Agricultural and other kindred societies, and collecting information for the furtherance of the objects of the Society.
- (4.) By promoting the discovery, investigation, and introduction of improved kinds of agricultural implements and machinery, the better equipment and construction of farm buildings, the application of chemistry to the general purposes of agriculture, the destruction of insects injurious to vegetable life, and the eradication or utilization of weeds.
- (5.) By promoting the discovery, investigation, and introduction of new varieties of cereals, vegetables, or grasses suitable to the climate, and capable of being cultivated with profit; and also the introduction of desirable kinds and varieties of live stock.
- (6.) By collecting and distributing information on all subjects concerned with the objects of the Society, including the preparation and publication of Flock Books, Herd Books, Stud Books, Pamphlets, Essays, and Papers, and by the establishment and maintenance of a Library and Reading Room for the use of Members.
- (7.) By investigating the nature of diseases in animals or plants and taking measures to encourage the prevention or eradication of such diseases.
- (8.) By remunerating any person for original research work leading to the advancement of the objects of the Society.
- (9.) By the purchase of live stock for breeding purposes and allowing farmers and other rural workers the use thereof for improving the standard of live stock.
- (10.) By promoting or assisting any scheme for herd testing and remunerating any person for his services in connection therewith.
- (11.) By promoting or assisting competitions in regard to farm crops and other primary production, implements of husbandry and improvement of the conditions and methods of rural work.
- (12.) By promoting or assisting any other work which may be regarded by the Council of the Society as being beneficial to primary production or the improvement of live stock.
- (13.) By borrowing monies at interest on "short call" or otherwise from bankers or any other source for the purposes of the Society and particularly for repaying in whole or in part, monies owing or which may become owing by the Society either on current account or otherwise.
- (14.) By establishing and supporting or aiding in the establishment and support of funds, trusts and conveniences calculated to benefit employees or ex-employees of the Society, or the dependents or connections of such per-

sons, and by granting pensions and allowances, and by making contributions towards Insurance Premiums.

(15.) To do all such other lawful things as are incidental or conducive to the attainment of the above objects.

3. The Society shall consist of a President, three Vice-Presidents, four Trustees (three of whom shall be appointed as hereinafter provided, and one shall be appointed by the State Governor), Governors, Members, Honorary Members, Honorary Scientific Members (not exceeding six in number), and Corresponding Members. The term "Member" shall (unless the context otherwise requires) be deemed to include a Life Member Life Governor, and Governor.

4. Subject to the provisions of Rule 27, every applicant for admission into the Society, by giving his name and address, with his subscription, to the Secretary, shall be duly constituted a Member of the same, and shall have all the rights of membership till the day after the Annual Meeting next ensuing. Provided that when any subscription shall be paid in the name of any firm or company such firm or company shall nominate in writing one of the members thereof, who shall on the receipt by the Secretary of such nomination, be entitled to and exercise the rights and privileges of membership, and be bound by the Rules, By-Laws, and Regulations of the Society, and may be elected to any office.

5. Governors shall pay a subscription of three pounds three shillings and Members one pound ten shillings annually. Life Governors shall pay a subscription of thirty one pounds ten shillings and Life Members a subscription of fifteen pounds fifteen shillings provided that, as regards Life Members to the number of five hundred, who shall become such from and after the 4th February, 1932, the subscription payable by each such Life Member shall be £10/10/- only, if payment be made on or before 24th September, 1932.

6. The Society shall be managed by a Council consisting of thirty-three Members (elected from amongst the Members of the Society as hereinafter provided), and the Trustees, who shall be *ex officio* Members of the Council.

7. One-third of the Council (the Trustees excepted) shall retire annually in rotation, but shall be eligible for re-election.

8. Land acquired, or to be acquired, for the Society shall be held by and be vested in the Trustees for the time being of the Society for and on behalf of the Society. The Trustees appointed as provided by these rules shall hold office until disqualified, or until they are removed in due course at the Annual or at a Special General Meeting of the Society. Any new Trustee or Trustees shall be appointed at the Annual or at a Special General Meeting of the Society, or in accordance with Rule 14. The Trustees shall deal with the lands of the Society as directed by resolution of the Council of the Society (of which an entry in the Minute Book shall be conclusive evidence), and they shall be indemnified against risk and expense out of the Society's property. If the office of Trustee, appointed by the State Governor, shall become vacant by reason of death, resignation, or otherwise, a new Trustee shall be appointed by the State Governor.

9. The Council shall, at their first meeting after the annual election in each year, elect out of their own number (which includes the Trustees), a President and three Vice-Presidents.

10. The Council shall have the entire management of the income and funds of the Society, and all other affairs thereof, and for these purposes the Members of the Society for the time being shall be deemed to have constituted the Council of the Society for the time being their agents.

11. The Council shall have power to appoint and remove all paid officers of the Society.

12. The Council shall have power to elect Honorary, Honorary Scientific, and Corresponding Members; nominations therefor having been submitted at a previous meeting, and a notice of such

nominations having been sent to each Member of the Council. The Honorary Scientific Members shall retire annually, and shall be eligible for re-election.

13. Governors and Honorary Scientific Members may attend meetings of the Council and take part in discussions thereat, but shall not have power to vote.

14. The Council may, except as to the Trustee appointed by the State Governor, fill up any vacancies in its own body created by death, resignation, or occurring in any other way amongst its office-bearers.

15. The Council shall have power to make or amend such regulations as they think necessary.

16. The Council shall be regulated in its proceedings by such By-laws as shall from time to time be enacted by it, conformably with the Constitution and objects of the Society; but no By-law shall in any case be altered, or new one proposed, unless notice of such intention has been given at a previous meeting and sent to each member of the Council.

17. The financial year of the Society shall end on the 31st day of December of each year, to which day the accounts of the Society shall be balanced. At the monthly meeting of the Council, to be held in January in each year, the Council shall prepare a list of Members nominated by them to fill the vacancies in the Council. Nominations (other than those made by the Council) of Members who may be candidates for such vacancies must be in the hands of the Secretary prior to such meeting. Every nomination other than those made by the Council shall be signed by at least two Members other than the candidate, and shall have endorsed thereon the consent of such candidate duly signed by him.

18. The Annual General Meeting shall be held on the first Thursday in February, at which meeting the Annual Report and Balance Sheet shall be submitted, Members elected to fill the vacancies in the Council, two paid Auditors appointed, and any other business transacted of which due notice in writing shall have been given before the hour of two o'clock in the afternoon of the second Tuesday in January immediately preceding.

19. Fourteen days at least before the Annual General Meeting the President or his Deputy shall send to all Members of the Society a ballot-paper, numbered, and initialled by the President or his Deputy, or the Secretary, with the names of all the candidates who have been duly nominated, and each Member desiring to vote shall erase therefrom all names he thinks fit. Provided that any ballot-paper containing more or less than the required number of names shall be rejected by the President (who shall be Returning Officer) or his Deputy at the election. Every such ballot-paper shall be returned before the closing of the poll, which shall be at three o'clock p.m. on the day of the election, and the said ballot-papers shall be opened and counted when the Returning Officer is making up the poll.

20. Fourteen days at least before the Annual Meeting a copy of the Report and audited Balance Sheet for the preceding financial year shall be forwarded to every Member of the Society.

21. The Secretary shall report to the meeting of the Council next after the Annual Meeting the Members elected to fill the vacancies in the Council.

22. A Special General Meeting of the Society may be called at any time by the Secretary, on direction of the President or on the requisition of twenty Members of the Society, of which meeting there must be given ten clear days' notice stating the business to be transacted, but no business shall be transacted at any such meeting other than that for which it has been called.

23. A Special Meeting of the Council may be summoned by direction of the President, or of three members of the Council, but no business then transacted shall be valid unless confirmed by special resolution at the subsequent Ordinary Meeting.

24. At the Annual Meeting twenty Members, including Members of Council, or at a Special General Meeting, ten Members, exclusive of Members of Council, shall form a quorum.

25. The privileges of Membership shall consist of power to vote at the election of Members of Council appointed by the Society, of free admission to the Library, Reading-room, and Lectures, and, with two ladies, to the Society's Exhibitions, grounds, and grandstands (subject to such regulations as the Council may make) on production of the member's ticket for the current year. And while the Society issues a monthly Journal a copy shall, on receipt of a request in writing, be posted free to every Member.

26. Any Member neglecting or refusing to comply with these Rules, or any or either of them, or any lawful directions or requirements by the Council made in pursuance or under the authority thereof, or being guilty either before or after becoming a Member of the Society of conduct calculated to bring the Society into discredit in connection with its General Meetings, its Meetings of Council, its Exhibitions, or other objects, shall be liable to be summoned before the Council, and, if found guilty, shall be subject to reprimand or to have his name expunged from the roll of Members, and may also be disqualified from exhibiting and may be disallowed from again becoming a Member during the pleasure of the Council. A Member expelled under this Rule shall forfeit all right in and claim upon the Society and its property.

27. Any person being expelled from Membership or disqualified from exhibiting, riding, or competing by any kindred society shall not be allowed to become a Member or to exhibit, ride, or compete at this Society's Exhibitions until such expulsion be rescinded or such disqualification be removed, provided such expulsion or disqualification be confirmed by the Council of this Society.

28. The Council shall be the sole authority for the interpretation of these Rules, and of the By-laws and Regulations made thereunder; and the decision of the Council upon any question of interpretation or upon any matter affecting the Society or the administration of its affairs, whether provided for by these Rules or by the By-laws and Regulations made thereunder or otherwise, shall be final and binding on the Members.

29. Every Member shall communicate from time to time to the Secretary his address; and all notices required by these Rules to be sent or given to Members shall be deemed to have been duly sent or given if posted or sent to such address.

30. Every person becoming a Member of the Society thereby undertakes, if at any time required to do so by the Council, to give evidence by statutory declaration or otherwise of any facts within his knowledge or information relating to the subject matter of any inquiry by the Council.

31. Every person becoming a Member of the Society shall thereby undertake to indemnify and shall with every other Member thereof be bound to indemnify the Council, and the individual Members thereof, any Committee of the Council and any Members of any such Committee, against any action or damages in respect of anything done or purported to have been done in accordance with these Rules, or the By-laws or Regulations made thereunder, during the continuance of his Membership.

32. The Council and the members thereof shall be indemnified out of the Society's property against risk and expense which may occur through borrowing monies in accordance with paragraph 13 of Rule 2; and members of the Society notwithstanding Rule 31 hereof shall not by reason only of their membership be or become personally liable through, by reason, or on account of any such borrowings.

33. These Rules shall not be altered except by a majority of the Members present at the Annual or at a Special General Meeting

BY-LAWS.

GENERAL MEETINGS.

1. Notice of the Annual and Special General Meetings of the Society shall be given in such newspapers as the Council may decide, and by circular through post to every Member; and all matters, except the election of the Members of Council at the Annual Meeting, shall be determined by a show of hands, unless a division is called for by at least three members present. At every Annual General Meeting the minutes of the last Annual Meeting shall be read and confirmed; a report, together with a financial statement from the Council, shall be submitted, and any Member present may propose any question to the Council respecting the matters contained in such report, and comment thereon, or may refer to such other matters relating to the government of the Society and the management of its affairs as to him may seem proper, provided that his remarks have reference to some motion of which notice has been previously given in accordance with Rule 18.

2. The President or his Deputy shall conduct the election at the Annual General Meeting, at which meeting two or more scrutineers shall be chosen by the President or his Deputy to assist in making up the state of the poll.

THE PRESIDENT.

3. The President shall, in all official relations of the Society, take precedence of all other Members, and shall take the chair when present, having (as well as any other Chairman of the Council) the privilege of a casting vote in addition to his own in all cases of equality in a division on any question. He shall sign all such letters, votes of thanks, and other documents as the Council may decide.

THE COUNCIL.

4. The Council shall hold a meeting at least every month, on such a day and at such an hour as the Council may decide, for the transaction of the business of the Society, and may adjourn from time to time at its discretion.

5. At the monthly meetings the Council shall have full power to originate, discuss, and decide by a majority of votes on a show of hands, all questions not involving an unusual outlay of money brought before it; provided that if any three Members present regard any proposition brought forward as too important for immediate decision they may object and demand the usual month's notice, whereupon all discussion on the question shall cease.

6. No motion, the effect of which, if carried, would be to rescind any motion previously passed by the Council during the same year, shall be entertained unless one month's notice be given to the Council.

7. The ruling of the Chairman shall be final in all matters of order and practice.

8. If within half an hour after the time at which any meeting of the Council is called a quorum of Members be not present, the Members present, or the majority of them, or any one Member if one only be present, or the Secretary, if no Member be present, may adjourn such meeting to any time not longer than fourteen days from the date of such adjournment, providing that no meeting shall be held on a public holiday, and should an Ordinary Meeting fall on a holiday the Secretary shall be empowered to postpone the date of such meeting and call it not later than ten days after the date on which it otherwise would have been held.

9. Minutes of the proceedings of every meeting of the Council or of any Committee shall be taken during their progress by the Secre

tary, or, in case of his absence, by some person present whom the Chairman may appoint for the occasion. The minutes shall afterwards be fairly copied into a minute book kept for that purpose.

10. The Council shall, from time to time, draw up such By-laws as may appear to them expedient for conducting the proceedings of their own meetings, which shall be binding on the Members of the Council, and all such By-laws shall be binding on all and every the Members, Honorary, Honorary Scientific, and Corresponding Members, officers, and servants of the Society, as well as on all exhibitors or their assistants at the Society's Exhibitions.

11. The Council may appoint Committees to examine into or take action on any special matter relating to the objects or business of the Society, and may dissolve such Committees when they shall think proper.

12. The Council shall appoint a banker or bankers to the Society, to whom all sums of money received by the Secretary or other persons for the use of the Society shall be paid.

13. No money shall be drawn from the Society's banking account but by order of the Council, after a report from the Finance Committee, and by cheques signed by two Members of such Committee, and countersigned by the Secretary. Entries shall be made of all such payments.

14. If any Member of Council, with the exception of the Trustees, shall be absent from three consecutive monthly meetings of the Council without leave having been obtained, his seat shall be declared vacant.

15. The Secretary shall notify to the Council any vacancy which may have occurred in the list of President, Vice-Presidents, Trustees, or other members of the Council, at the meeting of the Council at which or next after such vacancy occurred, and such vacancy shall not be filled up until the monthly meeting of the Council which shall take place next after such notice, provided that if any such vacancy occur after the ordinary monthly Council meeting in November such vacancy shall not be filled except at the next Annual Meeting.

16. In the absence of the President, the chair shall be taken by the senior Vice-President then present; and should none of these officers be present, then by such Member as the Council shall choose as their Chairman by a majority of votes. (The senior Vice-President shall be deemed to mean the Vice-President who has been a member of Council for the greatest number of years in the aggregate.)

17. The quorum of a monthly or special meeting of Council shall be five.

18. At every monthly meeting of Council the order of business shall be as follows:—

- (1.) Reading and confirming minutes of previous meeting.
- (2.) Business arising from minutes.
- (3.) Election of officers, and nominations for vacancies
- (4.) Committee's Reports.
- (5.) Motions.
- (6.) Correspondence.
- (7.) Postponed business.
- (8.) General business.
- (9.) Notices of motions.

19. All minutes and reports read to and adopted by the Council, shall be signed by the Chairman.

20. The report from the Council to the Annual Meeting in February shall be prepared at the Council meeting first in January or at some adjournment thereof.

COMMITTEES.

21. The Council shall elect such standing Committees at the monthly Council meeting in February as they think fit, and such

Committees shall remain in office until the Annual General Meeting in the ensuing year, two members of Committee to form a quorum.

22. The President shall be *ex officio* a member of all committees.

23. Each Committee, at its first meeting, shall elect its own Chairman for the year, and in his absence a Chairman shall be elected by the Committee for the occasion.

24. All Committees shall make or adopt rules for the conduct of their business, and shall make a report of their proceedings to the Council, and shall hold office until they have made their respective reports; but in case such reports shall not have been made previous to the first Thursday in February next after their appointment, their powers shall then cease, providing that standing Committees shall retain office till their successors are appointed.

THE STAFF.

25. The Manager shall be immediately responsible to the Council for the discharge of his various duties. He shall attend the sittings of all meetings of the Council and of Committees.

26. The Secretary shall keep all the Society's books. He shall also conduct the correspondence of the Society, and keep copies of all letters on the business of the Society.

27. Under the direction of the Finance Committee, the Secretary shall be responsible for all monies received, paying such sums into the Society's Bank, and producing at each meeting of the Finance Committee receipts for the same; and, excepting the amounts allowed him for petty cash, he shall not retain in his hands any money belonging to the Society, but shall pay it over forthwith to the Society's Bank. He shall have the charge of the expenditure for petty cash.

28. The Secretary shall have the custody of all books and property of the Society. All books, pamphlets, etc., becoming the property of the Society shall be stamped with the Society's stamp at once.

29. The Manager shall have the immediate superintendence over all of the servants of the Society, and shall be required to report to the Council any instances of misconduct on their part which he may think of such a nature as to require the consideration of the Council.

30. The Manager and the Secretary shall each find, if required, approved security to the amount of £500, the premium to be paid by the Society.

31. Neither the Manager nor the Secretary shall exercise any of the privileges of a member of the Society.

FINANCE.

32. The Finance Committee shall have the immediate care of the Society's funds, and shall meet before the ordinary Council meeting in each month, in order to prepare a report for the Council on the state of the Society's funds, which they shall present to each monthly meeting, as well as a statement of the payments recommended to be made, together with all the books in which entries of cash receipts or payments are made, and such documents as the business of the day may require. Should a report from the Finance Committee not have been presented at the meeting of the Council, the Secretary shall report the state of the funds to the Council, in which case the Council shall vote the moneys required without such report.

33. The Chairman of the Finance Committee shall be the Honorary Treasurer of the Society.

34. All receipts for money received on behalf of the Society shall be out of a book with counterpart.

35. All moneys received and paid shall be entered daily in a general cash book.

36. The accounts of the Society shall be audited as may be required by the Council by two professional accountants to whom a balance-sheet shall be submitted by the Secretary immediately after the close of the financial year, and such, when audited, shall be presented at the Annual Meeting.
