READERS' UNION

A Wonderful New Development in Book-buying.

READERS' UNION is a new English publishing venture that will appeal to all readers. It is definitely not "just another Book Club."

READERS' UNION breaks a circle. English publishers cannot cut prices until they see a ready market. Readers cannot pay high prices. READERS' UNION, through its membership, provides a market, bringing books and readers together.

Despite their price, READERS' UNION editions will be a technical triumph. While size must vary, uniformity of style will be achieved by a pleasant-looking page, a smooth, tough paper, and (thanks to new production processes) a pliable board binding with overhanging edges. In short, READERS' UNION editions will be real books, easy to handle, colourful, very good looking.

READERS' UNION will supply *to members only* recently published books at a fraction of their issued prices. The first book, to be sent out in October, is sold to the general public at 24/-. READERS' UNION members will get it at less than *a sixth of that price*.

READERS' UNION has no politics. Its monthly choice will be made from contemporary books on a wide variety of subjects: fiction, biography, travel, adventure, history, reference, science, world affairs. *R.U. will obtain for its members the best of contemporary literature.* No heretic burning doctrines will dictate its policy. It will choose only those books which have a wide appeal. The keynote of its choice will be interest and merit.

SIXTY-SEVENTH ANNUAL REPORT
OF THE
COUNCIL
OF
The Royal Agricultural Society
OF VICTORIA.

To the Members,
Ladies and Gentlemen,

Your Council has much pleasure in presenting the following report of proceedings of the Society for the year 1937.

Permanent Buildings and Works.

Of works carried out during the year, that of most importance was the lighting of the Grounds to make possible the holding of night sessions of the Show.

The floodlighting of the Arena from five steel lattice towers 110 feet high, supplemented by special lighting over the trotting track, was carried out under the direction of the Chief Electrical Engineer of the Royal Agricultural Society of N.S.W., and resulted in this Society having the best-lighted arena in Australia. With a view to further development, a new sub-station was erected on the Lang's Road frontage, from which it will ultimately be possible to control all lighting on the Grounds, it being the policy of the Council to supply all current required, whether for lighting or power, from underground cables radiating from this point.

The Dog, Poultry and Pigeon Pavilions, the Centenary Hall, Horticultural Hall, and Hall of Women's Industries were brilliantly lit, and adequate services were provided in the Administrative Building and the Halls of Commerce and Manufactures, the exhibitors in which co-operated in making very pleasing displays on those nights on which the Show was open to the public.

Street lighting was amplified; all Entrances, Luncheon Rooms and conveniences were suitably lit and facilities provided for the supply of current to those exhibitors who desired to open their stands at night, and to the Side Show area.

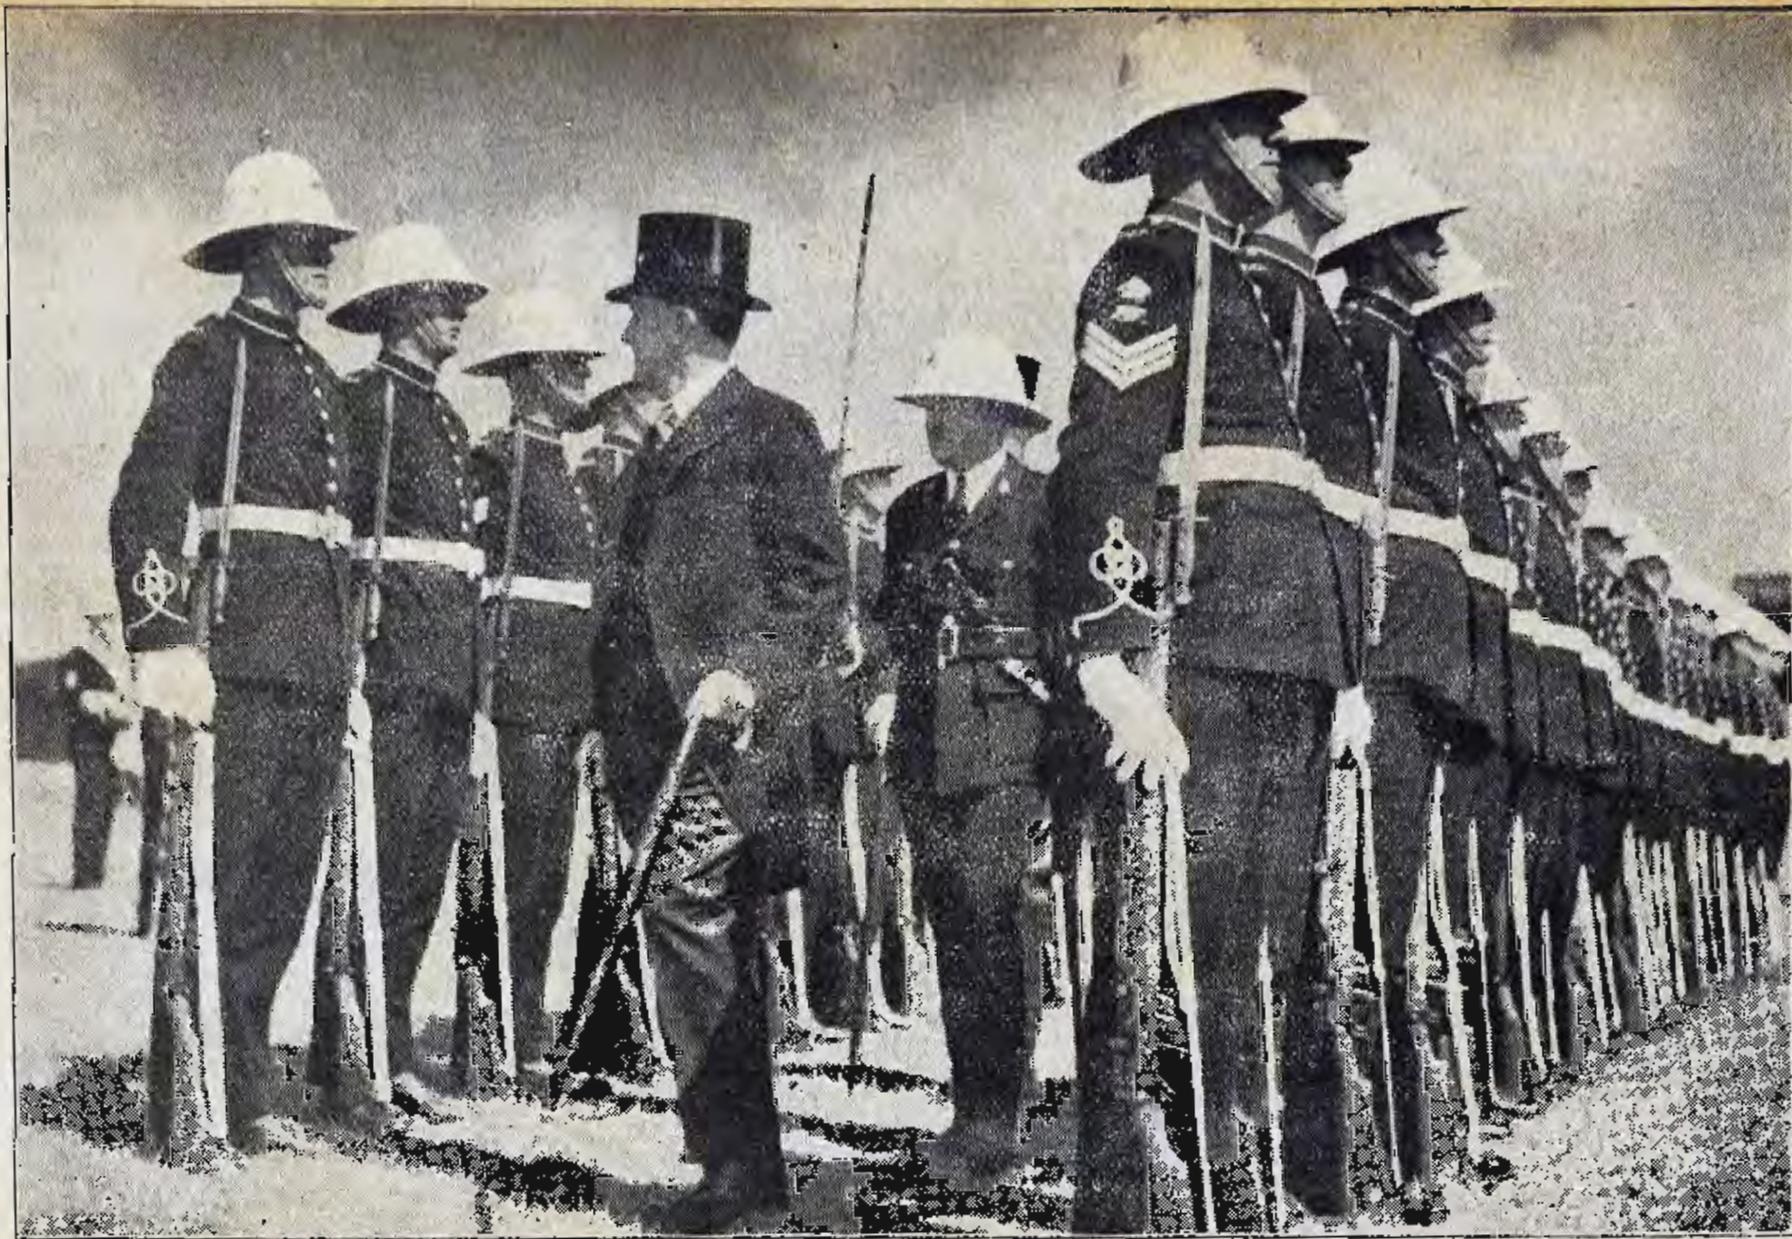

As in order to comply with requirements of the Board of Public Health, considerable expenditure had to be incurred in sewerage works, the opportunity was taken to provide brick lavatories embodying showers and wash hand-basins at three points on the Lang's Road frontage and adjacent to the Swine Pavilion.

The necessity to carry out this work made it impossible to proceed with the extension of the Dog Pavilion already decided upon.

In order to provide additional space for exhibits of Horticulture, the annexe to the Horticultural Hall, previously occupied by the Ground staff, was vacated, and the basement of that building adapted as a permanent and central workshop, whilst a building used for the display of agricultural exhibits, prior to the erection of the Centenary Hall, was removed to a site where it could be used as a storeroom.

A specially constructed ramp near the Swine Pavilion proved of great advantage to exhibitors of all classes of stock transported by road.

In addition to the annually increasing works which come under the heading of maintenance, a number of improvements were carried out in various parts of the Grounds. These included the erection of

farrowing pens and the provision of additional gates at the Swine Pavilion, corrugated glass skylights, hospital pens and additional feed sheds at the Sheep Pavilion, some alterations to and new benching in the Dog Pavilion, the alteration of hurdles used in Arena events, the provision of door screens and other improvements in the Royal Group of Luncheon Rooms, etc., each of no great significance individually, but collectively increasing facilities for exhibitors and contributing to the smoother running of the Show.

The Exhibition.

The Society's Annual Exhibition, which was held from 23rd September to 2nd October, 1937, was officially opened by His Excellency the Lieutenant-Governor (Sir Frederick Mann), who complimented the Council on the high standard of the exhibits, and on its enterprise in lighting the Grounds for the purpose of conducting Night Sessions of the Show.

In view of the fact that the outlook was so promising that there seemed to be no doubt of record attendances, it was nothing short of a calamity that the Infantile Paralysis Epidemic should have caused such a marked falling off in public patronage of a Show which was outstanding in the long history of the Society.

However, your Council is particularly pleased that it authorised the lighting of the Grounds, for the Night Sessions of the Show proved an unqualified success, and made just that difference to the revenue which enabled the Society to complete its year's work without undue financial embarrassment.

This year's Show was outstanding from many points of view. The improvements annually effected by the Society, together with those carried out by exhibitors on their stands and the result of the efforts of the Society's Honorary Horticultural Adviser (Mr. C. E. Isaac), combined to greatly enhance the appearance of the Grounds as a whole.

Your Council has recorded its keen appreciation of this co-operation and also that of the exhibitors of stock and produce, who, despite the unfavourable conditions in various parts of the State, favoured the Society with an entry of record proportions and exhibits of a high standard of excellence.

The staging of exhibits in the Government Pavilion, which was well lighted and open day and night, was wonderful, and the display in the Horticultural Hall was such as to more than fulfil the promise of improvement on last year's excellent inaugural effort.

The Arena Programme by day was more varied whilst still maintaining the high standard of former years, and by night, owing to special legislation authorising the Society to conduct trotting competitions, the introduction of exciting chariot races and the co-operation of the Metropolitan Fire Brigade, the Police Force and others desirous of ensuring success, elicited such whole-hearted approval from Show patrons as to encourage your Council to persevere with its policy of providing outdoor entertainment of a special blend, viz.: education, excitement and amusement.

Special mention must be made of the most spectacular grand parade with which the first night programme was inaugurated. This voluntary effort on the part of exhibitors of horses and cattle was no less appreciated by the many thousands of patrons who witnessed it, than it was by your Council, which unanimously resolved to record its best thanks to all concerned.

Being fully satisfied that night sessions of the Show will command greater and greater patronage, and that the Grounds so splendidly illuminated will be in demand between Shows, your Council is already

negotiating for improved facilities for travel, car parking, refreshment, etc.

Your Council has gratefully acknowledged the sterling assistance rendered by the Press in giving almost lavish publicity to the Show and thereby counteracting to some extent the adverse effect of the fear engendered by publicity regarding the epidemic already referred to.

Whilst the Society was favoured with fine and mild weather early in the Show, providing ideal conditions for the first four night sessions, a deluge on the public holiday made impossible that record attendance so confidently anticipated as a result of the favourable reports of earlier patrons.

However, it was at once a tribute to the public approval of night shows, to the Arena officials and the competitors, that thousands of patrons stood in the rain until 10.30 p.m. to witness the last of the five night programmes.

Taking into consideration the disabilities against which the Society had this year to contend, your Council feels justifiably proud that the revenue in connection with the Show exceeded expenditure by £7,213, thus demonstrating the very solid foundation of business and public approval on which this Society's activities in the national interest are based.

School Holidays.

Hardly had details in connection with the 1937 Show been dealt with when your Council received advice of a decision, which, in its opinion, was one of the most serious affronts the Society had been called upon to face.

The decision referred to was that of the Education Department to close all schools in August, 1938, instead of at the time of the Royal Show.

This Government Department's non-recognition of the outstanding educational facilities afforded by the Royal Show—more particularly for country people—revealed an attitude so much the reverse of that of the Government as publicly announced by the Hon. the Premier and the Hon. the Minister for Agriculture at successive Shows, and also that of Education Departments in other States, that your Council unanimously resolved that the strongest possible protest should be made by deputation to the Hon. the Minister for Education.

In this connection your Council received a striking demonstration of that public appreciation of the national work being carried on by this Society already referred to in this report.

Letters of protest against the Education Department's decision were received from all over the State from country Agricultural Societies and other primary producers' organisations, Young Farmers' Clubs and private individuals, clearly indicating that country residents resented the alteration, which would not only debar the children from the educational benefits to be derived from the Royal Show, but also their parents and teachers.

In addition to the correspondence referred to, your Council was assured of the hearty support of such bodies as the Chamber of Agriculture of Victoria, the Graziers' Association of Victoria, the Victorian United Cow Test Association and the Victorian Young Farmers' Clubs Association, all of which have State-wide affiliations.

The deputation which waited on the Hon. the Minister for Education (Sir John Harris), on Wednesday, 15th December, was one of the most representative, if not the most representative, yet organised in this State. It was introduced by Hon. J. Cain, and supported by many representatives of all parties in both Houses of Parliament.

In reply to the deputation, the Minister said he approved of the alteration in the school holidays when it was made, and he still approved of it. He further said that there was no reason why children

should not accompany their parents to the Royal Show as in former years, because in such cases the Education Department would not prosecute; however, in view of the very strong representations made, he undertook to bring the matter before the Cabinet, and there the matter rests for the present.

The Commonwealth Clydesdale Horse Society (Federal Council and Victorian Branch).

The Society has made rapid progress during the year. The total membership is now in the vicinity of 2,000, and that of the Victorian Branch 984.

The publication of Volume 9 of the Commonwealth Clydesdale Stud Book, which contains 1,088 pages, has been completed. It includes the pedigrees of 363 stallions, 1,164 mares and progeny, together with 1,016 appendix females, and particulars of additional progeny from 1,743 numbered mares registered in previous volumes, and in accordance with the Society's practice, gratis copies have been issued to all financial members.

Owing to the decision of the Federal Council that the Stud Book be closed to all but the progeny of registered sire and dam, the staff has had an exceptionally busy year, and is now engaged in the compilation of Volume 10, in which will appear the pedigrees of approximately 575 stallions and 4,350 mares.

No fewer than 53 animals have been imported from Scotland during the year, one of which is the 1937 Cawdor Cup winner, while numerous others have been successful at various Shows held throughout Scotland and England, and whilst the majority have remained in Victorian studs, others have been distributed in all States in the Commonwealth, and will, without doubt, have a beneficial influence on the breed.

The Society is continuing its efforts to obtain uniform legislation throughout the Commonwealth which would eradicate all unsound and undesirable stallions, and the Victorian Branch is especially anxious to impress upon the Government in this State the necessity for the deletion of that section in the Act which permits an owner to use an uncertificated stallion for use on his own mares, as it creates a menace to the horse-breeding industry, is unquestionably responsible for the large numbers of unsound and poor type horses which are to be seen throughout the State, and undermines the good influence which the Act would otherwise provide.

The Clydesdale display at the recent Melbourne Royal Show was quite equal to that of last year, which was regarded as the finest in the history of the Society, and interest in the Section clearly shows that the breed is still enthusiastically supported by those engaged in agricultural pursuits.

The Australian Pony Stud Book Society (Victorian Branch).

During the year the Federal Council completed the publication of the first Volume of the Stud Book, in which the studs of the Victorian breeders are well represented.

Originally, it was the intention of the Society to create a separate division in the Stud Book for each type of pony, but it was found that owing to the admixture of blood, one section each for Shetlands, Hackneys, and what are termed "Australian" ponies, would more readily meet Australian conditions.

It is pleasing to note that the Victorian breeders are responsible for a large proportion of the entries appearing in the Shetland Section, for which a condition of entry is that the progenitors must trace in an unbroken line on both the sire's and dam's side to pure imported stock.

During the year several new Victorian breeders have been enrolled as members, and have submitted their ponies for registration in the Stud Book.

**The Shorthorn Society of Australia.
(Federal Council and Victorian Branch).**

The Society continues to retain the interest of breeders in spite of the fact that for some years the beef-raising industry has suffered to some extent by a serious falling off in the demand for prime beef, and the consequent low prices obtaining.

As a result, stud stock has not been keenly sought after, though there are many breeders who are taking advantage of this and not only improving the standard of their studs, but introducing blood lines which will enhance the value of their animals when prices make an upward trend.

The entries received to date for inclusion in Volume 9 of the Society's Herd Book total 143 bulls, 648 cows, 1,629 calves, and 747 transfers, which is indeed gratifying.

The Publicity Committee appointed by the Federal Council is continuing its efforts to further popularise the breed and bring prominently under the notice of those engaged in grazing pursuits the undoubted ability of the Shorthorn to produce beef of the best quality.

The Victorian Branch has maintained its representation on the State Meat Advisory Committee, which is working in conjunction with the Australian Meat Board. That body has already done much to achieve uniformity in grading, etc., and it is hoped will eventually obtain a wide and permanent market for chilled beef, thus benefiting the whole industry.

At its forthcoming meeting the Federal Council is to consider a proposed alteration to the Constitution of the Society, designed to facilitate a more consolidated effort to further the interests of the Shorthorn breed.

The Dairy Shorthorn Association of Australia.

This Association has experienced a successful year, several new breeders having been enrolled as members.

During the year the Publicity Committee, in its endeavour to make more widely known the dual-purpose qualities of the Dairy Shorthorn, published a booklet containing interesting articles concerning the breed, information for prospective members and also a list of the various registered studs which should prove of great assistance to those desirous of purchasing pure-bred stock.

A pleasing feature at this year's Royal Show was the excellent support accorded the Dairy Shorthorn Section, for which the entries totalled 90. This excellent entry has only been surpassed by the record entry of 100 received for the 1932 Royal Show, and the fact that it was in a year when the season was not favourable for the preparation of stock, as evidenced by the fact that the entries in the majority of other cattle sections showed a decrease, is proof of the growing popularity of this great dual-purpose breed.

**The Red Poll Cattle Breeders' Association of Australia.
(Federal Council and Victorian Branch).**

Further progress has been made by this Association with the enrolment during the year of approximately 40 new members, who have submitted their herds for registration.

In accordance with the usual custom of the Association to publish a volume of the Herd Book once every two years, entries for Volume 9 closed with Branch Secretaries on 30th September last, and the publication of the volume will shortly be taken in hand. Indications are that it will eclipse in size Volume 8, in which were published the pedigrees of 1 507 animals. It is pleasing to note that during the year several breeders, realising the importance of introducing fresh blood into their herds, have made importations from England, and as a result, the pedigrees of seven imported bulls and three imported cows will appear in the new volume. It is confidently anticipated that the

present high standard of Red Polls in Australia will be improved by the introduction of the imported animals into studs in the various States.

The second sale conducted under the auspices of the Victorian Branch was held at Seymour, on 11th November last. Eighty-four entries from sixteen registered studs were received. The entries were restricted to registered stock and each animal was inspected to ensure that those offered were of reasonable type and properly marked for identification purposes in accordance with the rules governing the registration of stock in the Herd Book. As a result of the sale, several new herds will be established.

Several Country Agricultural Societies again availed themselves of the Championship Sashes presented by this Association to shows at which the entries in the Red Poll Section are restricted to registered stock.

The Ayrshire Cattle Herd Book Society of Australasia. (Federal Council and Victorian Branch).

The Federal Council of this Society has inaugurated a Herd Test Competition with the object of encouraging members to submit their herds to Official Test. This Competition is Australia-wide in its scope, and the Council is offering £150 as cash prizes for the best teams of 5 cows under Official Test. It is confidently anticipated that the competition will have widespread beneficial results.

The Federal Council has also published Volume XXIX. of the Herd Book and the sixth regular issue of the Herd Test Record Booklet has been widely distributed.

The Victorian Branch extended its activities by appointing a publicity officer, whose duties will be to keep the qualities of Ayrshire stock well and favourably before the public.

The Kiosk erected on the Showgrounds last year proved a valuable and popular asset, as many members freely availed themselves of the facilities provided. It was also used as an office by the publicity officer during the Show.

The Friesian Cattle Club of Australia. (Federal Council and Victorian Branch).

The publication of the thirteenth volume of the Friesian Herd Book of Australia, covering entries from all States of the Commonwealth, constituted this Club's major achievement during the year.

The high test records listed in the volume provide a simple explanation for the progress of the breed in Australia. As in past volumes, the greater popularity of Friesians in Victoria is evidenced by the fact that in the lists of members of the Club there are shown to be more breeders resident in this State than in any other.

A more than usually prominent part was taken by the Victorian Committee in the affairs of the Federal Council, resulting in several important improvements being made in the Club's rules.

The Guernsey Cattle Society of Australia (Victorian Branch).

In the case of this Branch it is again possible to report an increase in membership. This continuance of enthusiasm establishes that there is a very definite place for the breed in Australia. The Guernsey Milk Bar on the Show Grounds was again conducted, and served to draw useful attention to one of the breed's characteristics—the ability to yield milk of not only high test but of particularly rich colour.

Copies of the eleventh volume of the Society's Herd Book, published by the Federal Council, were forwarded to members early in the year, and being of record proportions, suitably marked the completion of the twenty-fifth year of the Society's operations, during which none but animals whose pedigrees could be traced in unbroken lines to the Island of Guernsey have been registered.

The Australian Illawarra Shorthorn Society (Victorian Branch).

By the introduction of a number of registered animals from New South Wales, several new studs were established during the year, and as a result a noteworthy expansion of this Branch has been made.

In carrying out its decision to publish the Herd Book annually instead of biennially, as was the case with Volume 4, the Federal Council completed the publication of Volume 5 during the year, and copies were issued to all financial members. The Volume contains the pedigrees of 647 bulls and 3,230 cows, in which is included a good representation of the herds of members of the Victorian Branch.

The official inspector again visited the registered herds, and, whilst assisting in the various field days and shows, took every opportunity of further popularising the breed.

Several country agricultural societies again availed themselves of the sashes offered by this Branch for the Champion A.I.S. male and female exhibited at shows at which the entries in the A.I.S. Section were restricted to registered stock.

The Australian Jersey Herd Society (Victorian Branch).

That the Committee of this Branch was justified in extending the scope of its activities by inaugurating its voluntary classification scheme was borne out by the results of the examinations conducted by the board of examiners and the support accorded the scheme for the current year.

In the spring of last year 18 herds were submitted, and in the following autumn 16 were entered, with the result that 8 cows were classed Highly Commended, and 85 Commended.

For the spring examination 42 herds were submitted this year, and the Board has had quite a lengthy task, during which about 2,000 miles were covered.

The Branch, through its Field Officer, is continuing its extension work by organising Field Days in different districts of the State, and all of these functions have been largely attended by appreciative crowds.

During the year the Branch was unfortunate to lose by death two of its most prominent members in Messrs. C. D. Lloyd and A. M. Nicholas. Both of these gentlemen took a keen interest in the work of the Society, and their loss has been keenly felt.

The Federal Council published Volume XXIII. of the Herd Book early in the year, and entries for Volume XXIV., which closed on 30th June last, indicate that this Volume, which will be issued early in 1938, will be one of the largest issued by the Society.

The Victorian United Cow Test Association.

The Council of this Association has been zealous in its activities to increase interest in the Herd Testing Movement throughout the State.

The task has not been an easy one owing to the very dry season, amounting to almost drought conditions in some districts, but the Council has noted with pleasure that some Associations have renewed the operation of second units, and a new Association has become affiliated.

The Annual Field Day was this year held at Winchelsea, and proved to be a most successful and entertaining tour to those members and their friends who were able to attend.

The support of various firms interested in the Dairy Farm Competition was again evidenced, and prizes offered were keenly competed for in each of the ten zones into which the State is divided for this competition.

Certificates issued by the Royal Agricultural Society to first and second prize winners, also R.A.S. of V. Production Certificates, which are issued to owners of herds which reach specified standards under Association test, are highly valued and keenly appreciated.

During the year the Council appointed a well-known weekly journal as the official organ of the Association, and as a result reports of meetings, competitions, field days, etc., have received wide publicity.

Affiliation with the Victorian Pasture Improvement League has been maintained, and at the present time the Association's President is also the President of that League.

Closer co-operation with the Victorian Dairymen's Association has been achieved by the action of that Association in co-opting a representative of the V.U.C.T.A. on its Council. As both organisations have as their objective the improvement of conditions for the dairy farmer, hopes are entertained that the co-operation will prove to be beneficial to all concerned.

This Association's representative on the Victorian Pig Industry Committee has been appointed to represent Victorian producers on the Australian Pig Industry Council.

The Council is gratified that some of the most successful Fodder Conservation Competitions, subsidised by the Royal Agricultural Society, were conducted by Herd Testing Associations, that organised by the Winchelsea Herd Testing Association being outstanding by reason of the 31 entries received and the interest created at the Field Day subsequently held on the property of the winner.

At its last meeting the Council of this Association expressed its amazement at the decision of the Education Department to close schools in August, 1938, and unanimously resolved to make every effort to ensure that the school holidays would coincide with the Royal Show as in former years.

The Australian Dairy Cattle Research Association (Victorian Branch).

This Branch has from time to time received and transmitted to the Federal Council reports regarding the investigation into mastitis being conducted in Victoria by the Commonwealth Council of Scientific and Industrial Research, with funds provided by the Association. At a special meeting of the Federal Council held in Melbourne for the purpose of hearing representations from the Victorian Branch, it was unanimously decided to recommend that the current investigations be continued for a further period of five years beyond that initially provided for, and that, to that end, immediate consideration be given to the reinforcement of the general funds of the Association.

The Branch Committee has been kept in touch with the progress made with the scientific investigation into contagious abortion, subsidised by the Association and being conducted at the Glenfield Research Institute in New South Wales, and was interested to learn that, without necessitating any contribution from the Association's funds, the N.S.W. Branch had recently been able to complete arrangements, in conjunction with the Department of Agriculture of N.S.W., for the "R. M. Kinross" Research Officer, Mr. R. O. C. King, to proceed to America, where he is to confer with other workers at leading research institutions, and generally to examine on the spot the American situation in regard to contagious abortion and undulant fever.

The Australian Society of Breeders of British Sheep (Federal Council and Victorian Branch).

This Society has experienced a most successful year, and during the period under review has reached a record total of 1,459 members, distributed throughout the Commonwealth. Just over 600 of these members reside in Victoria.

The 29th Volume of the Flock Book, published in May last, contained the record number of 1,491 flock histories. The next Volume, which is now being prepared for publication, will be printed in two sections, and

will contain a complete history of each flock. This Volume will be the largest ever compiled by the Society.

At a conference held in August last between representatives of the Australian Meat Board and this Society, proposals and recommendations in regard to the holding of an All-Australian Export Lamb Competition were considered. Realising that such a competition would be of great assistance to the important lamb-raising industry of Australia, the Federal Council unanimously resolved to give the Board its wholehearted support.

The Australian Meat Board has donated the sum of £100 as prize money, and has arranged to purchase all lambs accepted for the Competition, with which attractive window displays will be made in London. Such displays should give the London public an opportunity of seeing the excellent type of lamb which is being produced in Australia.

Three Registered Sales were conducted under the auspices of the Victorian Branch during the year. Although the greater portion of this State has experienced an adverse season, the condition of the sheep entered was generally good, and the prices realised were quite satisfactory.

This Branch again donated the sum of £69 towards the prize fund of the Sheep Section. The display of sheep staged at the Melbourne Royal Show is regarded as the outstanding exhibition of British Breeds in the Commonwealth, and the exhibits placed before the public at the 1937 "Royal," which totalled over 800, made another excellent display.

The Australian Corriedale Sheepbreeders' Association (Federal Council and Victorian Branch).

This Association still continues to grow in membership. There are now 450 flocks registered throughout the Commonwealth, compared with 365 at 31st December, 1936.

The Committees of the various Branches, which are established in each of the States of the Commonwealth with the exception of Queensland, are untiring in doing excellent work in the interests of Corriedale breeders.

The Official Inspector of the Victorian Branch has reported that the flocks throughout Victoria show that careful attention is given to the sheep, and that there is a general improvement in the standard. The fact that all lambs dropped are officially inspected and tattooed by the Inspector, who also castrates the culled ram lambs, has quite a lot to do with the improvement shown.

The Association has, during the year, presented to Agricultural Societies champion sashes for competition at Shows where entries in the Corriedale Section are limited to registered sheep. As a result the entries at these Shows have increased, and the standard of the sheep shown has been much higher than previously.

During the year efforts have been made to bring about an amalgamation with the Australian Corriedale Society, but up to date negotiations have been unsuccessful.

Early in 1938 Volume XII. of the Flock Book will be published, and it is anticipated that the histories of at least 480 flocks will appear therein. Volume XI., published in 1936, contained 333 Flock Histories.

Victorian Society of Export Lamb and Mutton Producers.

This Society has maintained its representation on the Victorian Meat Advisory Committee, which has throughout the year co-operated with the Australian Meat Board in matters affecting the export trade. Its very representative membership, which includes every member of the Victorian Branch of the Australian Society of Breeders of British Sheep, ensures that the views of producers can be expressed on any matter affecting their interests.

The Australian Stud Pig Breeders' Society. (Federal Council and Victorian Branch).

The Federal Council published the 27th Volume of the Herd Book in March last, and copies were distributed to all financial members and kindred bodies in other countries. An indication of the progress being made is

shown by the fact that the Volume contained the pedigrees of 2,516 pigs, and is the largest yet published by the Society.

In accordance with a resolution passed at the last Easter Meeting, the amount of £350 was again distributed amongst the various Branches on the basis of average membership over the past five years, for use in propaganda work in their respective States.

A supply of "Annuals" published by the National Pig Breeders' Association was again obtained, and a copy forwarded to each financial member.

Keen appreciation was expressed by the Federal Council of this Society at the action of the Australian Meat Board in subsidising an all-Australian Baconer and Porker Carcase Competition, with the object of encouraging the breeding of the best type of pig for export. These competitions should also do much to enhance the reputation in Britain of Australian pig products.

An excellent entry of pigs was received at this year's Royal Show, and the quality throughout the section was again of uniformly high standard. The classes for bacon and pork pigs were well patronised, and as usual proved of educational value to breeders. Your Council has expressed its appreciation of the action of the Victorian Branch in again donating £50 towards the prize fund.

At the last annual meeting of the Victorian Branch the members expressed their sincere appreciation of the co-operation of your Council in effecting improvements for the benefit of swine exhibitors at the Royal Show.

The Kennel Control Council.

The support enjoyed by this Council in its determined efforts for the betterment of the dog fancy was most gratifying during this, the K.C.C.'s second complete year of existence. The ambitions of a body such as this—to wisely and efficiently govern—were realised in altogether too many respects to permit of mention. Suffice it to say that the achievements have been such as to permit of the unchallengeable statement that this method of governance, whereby the Committee is chosen by your Council, has proved a hitherto unequalled success, and that the increased prosperity it has brought to breeders and exhibitors has been repaid by their loyalty and has served as an indication of even greater benefits in the future.

It was the Society's steady co-operation which made it possible for the K.C.C. to function, and in return for this the Dog Section of the Melbourne Royal Shows, held under K.C.C. rules, each proved a record. Although exhibited in four divisions, the total of 875 dogs entered for the 1937 Show indicates a foreboding tax on the capacity of the Dog Pavilion in the future. It also clearly demonstrates the fanciers' approval of the appointment as judge of Mr. G. Steadman Thomas, who is recognised as an international canine expert.

Subsidised sweepstakes at Shows of affiliated Clubs are to be introduced in January next, and will be finally decided at the Royal Show. These are confidently expected to add considerable interest to the overseas judge's decisions at our 1938 Show.

The Victorian Working Sheep Dog Association.

Interest in this Association has been maintained during the year, several new breeders having been enrolled as members and many excellent trials having been conducted by affiliated bodies.

In an endeavour to induce more Clubs to become affiliated, and conduct their trials under the rules of this Association, the Council decided to allot points towards the title "Champion" to dogs competing in the Open event at affiliated trials. Three points are awarded for a first prize, two for a second, and one for a third, and owners of dogs gaining a total of sixty points will be presented with suitable Championship Certificates. This scheme was put into operation during the year, and should do much to bring about the uniformity of Sheep Dog Trials conducted throughout Victoria.

This year's competition for the "Captain Payne" 50-guinea trophy was held at Coldstream in conjunction with the Yarra Glen Agricultural Society, and although the number of entries was not up to expectations, some excellent trials results. The trial conducted under electric light at the recent Royal Show was very favourably commented on.

Interest has been shown in the working of sheep dogs by breeders in Tasmania, and it is confidently anticipated that in the near future a Branch of this Association will be established in that State.

The Victorian Young Farmers' Clubs Association.

It is gratifying to report that the past year has been the most successful since the Association was formed. There has been a very satisfactory increase in the number of affiliated Clubs, and a generally enlivened interest has resulted from the election of a widely-representative Council of 26 members.

A continuance of Government financial support enabled the Association to appoint a second Supervisor, an officer of the Agricultural Department, to co-operate with the Supervisor appointed last year from the staff of the Education Department, in visiting and guiding affiliated Clubs in their work.

A comprehensive booklet, designed to supplement instruction given by the Supervisors, was issued, and received the ready approbation of teachers and Club Executives.

Negotiations covering a period of two years were brought to a satisfactory conclusion by an Order-in-Council enabling the Council of Agricultural Education to authorise this Association to annually nominate a member of a Young Farmers' Club for a three years' scholarship at one of the Agricultural Colleges. The selection of a suitable lad will be the first duty of the Executive early in 1938.

As a means of retaining the interest of those who, since the movement is essentially one for youth, are compelled to relinquish their membership at the age of 18 years, the formation of Senior Sections of Young Farmers' Clubs has been approved, and high hopes are held of the success of this scheme.

Through the generosity of the proprietors of "The Sun News-Pictorial" in donating £150 for the purpose, this Association was able to nominate a Victorian member of the Australian team of Young Farmers which competed in the International Dairy Cattle Judging Competition at the Royal Show at Wolverhampton, England, in July last. Whilst the team was not successful in winning the competition, reports disclose that a creditable performance was given.

With the active co-operation of the proprietors of "The Argus" and "The Australasian," and the donation by them of additional prizes, the rules of the competition for "The Argus" and "The Australasian" Shield, which is for general Club work, were radically altered, and as a result of the introduction of a system of equalisation in the allocation of points, a Club numerically weak in numbers has now as much opportunity of winning the shield as a stronger Club. The approval of affiliated Clubs is evidenced by the greatly increased number of entrants for the 1938 competition.

As the direct representative of the Young Farmer Movement, the Association has been able to make several worthwhile suggestions to the Agricultural and Education Departments.

The Council of the Association was grieved at the decision of the Education Department to keep schools open during the Melbourne Royal Show, an act which would debar Young Farmers from taking advantage of the outstanding educational facilities which that Show affords. Hopes are entertained that this decision will yet be reversed.

Each affiliated Club is now supplied regularly with a free copy of the Agricultural Journal and the Education Gazette. The latter publication already contains a section specially written for Young Farmers, and arrangements are being made for a similar service by experts of the Agricultural Department in its journal.

The Association is fully aware that it has been able to function properly only because of the financial assistance received from the Government, and it is most appreciative of the Premier's more than ordinary interest in the movement and his indication of continued financial support.

The Chamber of Agriculture of Victoria.

The thirty-eighth Annual Meeting and the thirty-fifth Annual Convention of this Chamber, held at Sale on 6th, 7th and 8th April last, was officially opened by His Excellency the Governor, Lord Huntingfield, and was attended by three hundred delegates, thoroughly representative of the one hundred affiliated bodies throughout Victoria. The Railways Commissioners made the usual satisfactory arrangements for the transport of delegates, who were accorded a very warm welcome to the "Capital of Gippsland."

Several of the addresses delivered by experts on various subjects were illustrated with lantern slides, and were greatly appreciated. A lengthy business sheet was gone through, and many matters affecting primary producers as a body were thoroughly discussed. The resolutions adopted were subsequently brought prominently under notice of the responsible Ministers by deputation.

Arrangements are already well in hand for the 1938 Convention, which is to be held at Warracknabeal at the end of March.

Being the body most representative of primary producers in Victoria, the Chamber on their behalf took strong exception to the decision of the Education Department to close schools in August, 1938, instead of at the time of the Royal Show, and the resolution of protest passed at the last quarterly meeting of its Council found ready endorsement by affiliated bodies throughout the State.

The Journal.

As in former years Commonwealth-wide publicity has been given to the activities of the Society through "The Australian Farm and Home," in which the Society's official journal is incorporated. Not only have the proceedings at meetings of your Council been reported each month, but considerable space has been devoted to all matters in which the Society is interested.

Membership.

That the decision to conduct night sessions of the Show will, under normal conditions, have a beneficial effect on the membership of the Society is clearly demonstrated by the fact that, despite this year's serious handicap, the membership stands at 4,112, as compared with 4,136 last year, the reduction being accounted for by four less annual subscriptions and the remainder by deletions from the list of Life Members.

This comparison is the more striking when it is remembered that the total attendance at this year's Show was 250,476, or 60,813 less than in 1936.

Owing to the effect of the epidemic many members in the country did not renew their subscriptions this year, but can confidently be expected to do so in 1938.

The number of new members enrolled this year was 600, so the outlook is more promising than it has been for some time.

Use of Grounds Between Shows.

Some income has been derived from the use of the Show Grounds arena and buildings during the year, but the real revenue so confidently anticipated when it was decided to light the grounds has still to be secured. Your Council is satisfied that advantage would have been taken of our splendidly-lighted arena but for the regrettable continuance of the epidemic, and at its first meeting in the New Year consideration is to be given to propositions which may lead to occupation of the Grounds.

The Grand Parade on the First Night of the Show.

Reproduced from "The Leader."

To improve the prospects of completing a satisfactory lease your Council contemplates soliciting some amendment of the Act which governs its actions in this connection, and feels that the Government could hardly refuse to place the Society in a position to secure additional revenue from this source instead of applying for financial assistance by Government subsidy or grant.

Your Council has noted with interest the continued endeavours to secure legislation for night trotting, and has naturally endorsed the general opinion that the Show Grounds arena would be ideal for the purposes of that sport. This suitability was clearly demonstrated during our last Show, and, of course, the Adelaide Show Grounds track is regularly used for that purpose, to the satisfaction of all concerned.

One thing is certain, there is no ground in Victoria so well lighted and so well adapted for use as a sports arena, being ideally served by both train and tram, having adequate room for car parking and extensive grandstand accommodation, as well as many other facilities.

Melbourne and Metropolitan Clean Milk and Dairy Competition.

The inauguration during the year of a Clean Milk and Dairy Competition, open to licensed dairymen situated within the metropolis, proved an instant success. The competition, which drew 61 entries, was divided into four sections, covering treating and delivering dairies with a daily output of under and over 1,000 quarts; and delivery dairies equipped with built-in power refrigerated storage and those relying on ice-packed or refrigerated cabinets for storage.

The allocation of points was decided on the unit-principle throughout, but for convenience the items to be considered were grouped under three main headings.

Under the first heading points were awarded for the general arrangement of premises with special regard to the lay-out and structure of dairy buildings, together with the adequacy of equipment for the nature and extent of the business conducted.

The second heading covered dairy sanitation and attendant factors, namely the maintenance and management of the premises and dairy plant, the use of proper methods in the processing of milk and in sterilisation of equipment, and the observance of approved precautionary measures throughout the procedure associated with receiving, processing and distributing.

The third heading provided for a liberal recognition of merit for consistently good quality in the product as supplied to the consumer. The degree of compliance with statutory requirements in respect to butter-fat and non-fatty solids content, the temperature at delivery, and bacterial content were deciding factors.

Three visits of inspection were provided for and such examinations of milk samples or other laboratory investigations as were deemed necessary.

A valuable trophy was presented to the winner in each section, and, in addition, specially printed certificates, suitable for framing, were issued by the Society to those competitors securing a stipulated number of points.

For the success of this competition the Society is indebted to the two judges—Mr. D. Rutledge, Officer in Charge, Metropolitan Milk Supply, Department of Agriculture, who undertook the duties associated with the inspections, etc., and Miss J. D. McLean, B.Sc., of the State Milk Laboratory, who carried out the laboratory work.

Fodder Conservation.

Although, as mentioned in last year's report, twenty-seven applications for subsidies were granted, the condition requiring a minimum of five entries reduced the actual number of fodder conservation competitions to twenty. Total entries exceeded two hundred, ranging from as low as seven to as high as thirty-one, and the reports of the various judges showed that competition was keen. In addition to the cash prizes, certificates suitable for framing were issued by the Society to all competitors securing a stipulated number of points.

The Arena Lighted for the Official Inspection Party Prior to the Show, *Reproduced from "The Leader."*

The Committee has given consideration to recommendations made by judges, and conditions governing future competitions will be revised in the light of this year's experience. It is hoped finality will be reached at a further meeting of the Committee to be held early in the New Year.

Your Council has received many expressions of approval of its action in subsidising these competitions, and has been advised that Field Days held on the properties of some successful competitors aroused much interest in the conservation of fodder.

The Council.

As the nominations for election at the annual meeting in February last were not in excess of the vacancies, all of the retiring members of Council were returned unopposed for a further period of three years.

Although following the extended leave granted to him during 1936, hopes were entertained that Mr. A. M. Nicholas would be able to resume his activities, he suffered a relapse and died on 26th February last. Thus the Society suffered the loss of one of its staunchest supporters, who will long be remembered for his very generous financial assistance in Centenary Year.

At its meeting in March your Council recorded its keen appreciation of the services rendered by Mr. Nicholas, and, on behalf of all members of the Society, expressed sincere sympathy with his widow and family.

In April your Council unanimously elected Mr. S. A. Greaves, of "Strathard," Narre Warren, to fill the vacancy.

Extended leave was granted our President (Sir Charles E. Merrett), who journeyed to England as leader of the Australian Rifle Team which competed so successfully at Bisley, and to Senator J. F. Guthrie, who was one of the representatives of the Commonwealth Parliament at the Coronation.

Since May last leave of absence has been granted to Mr. G. T. Chirnside on account of the state of his health, which unfortunately does not seem to be showing that improvement which all desire. This veteran Trustee of the Society, who has been a member of Council since 1898, felt it his duty to resign and make way for a younger man, but your Council was very loth to accept the resignation and charged the President with the duty of persuading Mr. Chirnside to reconsider his decision.

Illness has prevented our Vice-President, Mr. J. A. Mitchell, from attending the last three meetings of Council, and a serious accident precluded Mr. G. L. Wilson's attendance at the last two meetings. Happily both have made good progress towards complete recovery, and their presence is confidently expected at the first meeting in 1938.

Early in December members greatly enjoyed a Field Day at "Yarraview," the highly-improved property of Capt. A. E. T. Payne, to whom your Council expressed its appreciation of the courtesies extended, and its congratulations on the success of the function.

Following his appointment as Director of the Zoological Gardens, Mr. Hector Kendall submitted his resignation as Veterinary Surgeon to the Society. At its June meeting your Council accepted the resignation with regret, and unanimously resolved to place on record its appreciation of Mr. Kendall's services during his twenty-five years' association with the Society.

Council further resolved to appoint Lieutenant-Colonel W. A. Kendall, B.V.Sc., G.M.V.C., as Veterinary Surgeon, and Mr. G. Fethers, B.V.Sc., as Assistant Veterinary Surgeon.

Acknowledgements.

Your Council acknowledges with appreciation the continued interest of His Excellency the Governor and Lady Huntingfield in the Society's activities throughout the year.

To His Excellency the Lieutenant-Governor (Sir Frederick Mann) your Council tenders its warmest thanks for officially opening the Show, and the keen interest which he and Lady Mann displayed in the various sections during their visits to the Grounds.

To the Prime Minister (Rt. Hon. J. A. Lyons, P.C.), and Ministers, both Federal and State, for their attendance at the Show and their

interest in the welfare of the Society, your Council records its grateful appreciation; and also to the Railways Department and the Metropolitan Tramways Board for the splendid transportation arrangements so efficiently carried out; to the Defence Department, the Melbourne City Council, and to the various Stud Stock Breeders' Societies which co-operated in every way possible to ensure the success of the Show.

Keen appreciation is also expressed of the support again accorded by the State Government especially in connection with the magnificent display staged in the Government Pavilion during the Show; and to the Police Department and the Metropolitan Fire Brigade for their co-operation in providing such spectacular demonstrations in the arena in both day and night programmes.

Your Council desires to again place on record its grateful thanks to the Press and the various Broadcasting Stations, for the publicity given to the activities of the Society, more particularly at Show time: to the Judges and the Stewards for the manner in which they carried out their responsible duties on judging day: to the standholders and exhibitors for their loyal and whole-hearted co-operation in staging the Show, and to all others who in any way assisted in furthering the interests of the Society throughout the year.

Your Council especially acknowledges with appreciation the action of that gentleman, who desires to remain anonymous, and who, when the Government could not see its way to so assist the Society, readily loaned the £6,000 necessary to enable the Grounds to be lit: the generosity of the Royal Agricultural Society of N.S.W. in making available to this Society the services of its Chief Electrical Engineer to supervise the installation of the floodlighting system, and the whole-hearted enthusiasm with which that officer brought the work to such a satisfactory conclusion.

Your Council hopes that it will be possible to take further advantage of these services during the coming year.

Finance.

On reference to the financial statement it will be seen that the revenue for the year, excluding the special lighting loan of £6,000, was £42,839/2/2, which shows a decrease of £2,215/0/5 on that of last year. The expenditure (including £9,759/5/2 in prizes and £9,735/15/4 for buildings and improvements) amounted to £52,747/0/5, the bank overdraft being increased from £59,380/10/4 to £63,288/8/7.

The Society's indebtedness to the Government stands at £33,741/10/8, advantage having been taken of an offer to release the Society from repayments for three years on condition that such repayments were made up during the succeeding three years. Interest payments were, however, made as usual.

The special loan of £6,000, to finance the lighting of the Grounds, has been reduced to £5,750, and interest thereon has been paid to the end of the year.

Taking the expenditure in permanent improvements as assets, the working expenses for the year show a loss of £172/2/11 as against last year's profit of £4,544/9/3.

Whilst the Society's indebtedness has been increased considerably above your Council's anticipations, the conditions which brought this about were exceptional, and there is satisfaction in the knowledge that the new asset, viz.: the lighting system, is revenue producing much above other assets of the Society, as it has made possible the holding of Night Sessions of the Show, which ultimately will be the means of greatly diminishing our liabilities.

THE range of fine shirt designs at Henry Buck's has never been so wide as now. Some are "quiet." Some are decidedly otherwise. But every one is colourful . . . new . . . different . . . and exclusive, in both pattern and shade, to Henry Buck's.

These "HB" 8-Point Shirts are made from pre-shrunk woven materials. They will never shrink or fade.

IF any should fail to give satisfaction, Henry Buck's will replace it without question.

FUNERAL DIRECTORS

To the Royal Australian Navy, Commonwealth Military Forces
and Royal Australian Air Force.

To those who are bereaved of loved ones the funeral director plays an important and delicate role.

He quietly relieves the grief-stricken of all responsibility and care, and performs his part with efficiency and tact.

In this respect, when competency, sympathy and moderate cost go hand in hand, it is an ideal combination.

We render a service to lodges, churches and similar institutions.

ST. PATRICK'S COLLEGE BALLARAT

St. Patrick's College, one of the Associated Public Schools of Ballarat, ranks among Victoria's leading public schools. It is situated near the shores of Lake Wendouree, amid forty acres of delightful gardens and playing fields. Adjoining the College grounds are Victoria Park and the famous Ballarat Public Gardens. The spacious and well-appointed dormitories give excellent accommodation for residential students. There is a trained nurse on the staff, and special attention is given to the younger boys. The effects of the bracing climate, the excellent physical training and sport under expert guidance are soon made evident in the increased strength and vigour of the boys who come to Ballarat.

S.P.C. is famous throughout Australia for the number of its students who have become priests and religious. "That nursery of the priesthood" is the way "Manly" refers to St. Pat's. Amongst its alumni are counted some of the leading professional men of the State.

Pupils prepared for the Public Examinations, State and Commonwealth Public Service, Ballarat School of Mines, the University, and for Commercial positions. Special facilities for Woolclassing.

SPORT 1936: S.P.C. Teams were premiers of Public Schools in Cricket, Football and Athletics.

First Term, 1938, begins Tuesday, 8th February

Boarders return 7th February

Early application is desirable

ARE YOU AN EXECUTOR, TRUSTEE OR ADMINISTRATOR?

If so, you will realise your great responsibility.

Do you find the imposition upon you of this important trust a matter of care and anxiety?

If so, you may desire to be relieved of same, and should this be the case, you cannot do better than seek the appointment of **THE EQUITY TRUSTEES COMPANY** in your stead.

This is a matter regarding which your Solicitor can confidently advise you.

The Company has for many years acted as Trustee and Administrator with marked success, and because of its impartiality is often better enabled to deal with conflicting family interests than private individuals. Should you desire to be informed of the services the Company has to offer, we shall be pleased to furnish full particulars of the same, either by post or at a personal interview.

RAIL FREIGHTS ON
WOOL ARE NOT
BEING INCREASED!

The Victorian Railway Commissioners wish to emphasise that there is no foundation whatever for the rumours that the Victorian railway freight rates for the carriage of wool have been or are about to be increased.

The railway freight rates on wool have not been altered since the substantial reduction of 25 per cent. was made — and these reduced rates are still available.

BETTER WELDING

Electric Welding is now the premier process in many constructional spheres, so that wherever iron and steel are to be used as materials of fabrication a careful investigation of the possibilities of applying electric welding will almost invariably be profitable.

The E.M.F. Electric Company, which has had many years' experience in the manufacture of resistance welding machines, and electrodes and plant for arc welding, is ready at all times to provide expert advice in the cause of better welding.

Feeds **KRAFCO** to Growing Stock

Read these Facts about Poultry Feeding.

The health and vigour of growing pullets depend upon the efficient digestion and assimilation of their food. KRAFCO is easily digested, and its food content is rapidly and almost completely assimilated.

Low grade feeds have one appeal, namely, the price per bag. And yet they are **not** cheap. They have a low percentage of digestibility, and consequently birds must eat more of them to keep alive.

The use of low grade feeds entails great waste, not only in time required for digestion, but in the energy wasted by the birds in changing a lot of useless trash into manure.

Obviously then, the higher the percentage of digestibility the lower will be the consumption of food by the birds, and therein lies the very simple reason why it is wiser and more economical in the long run to regularly feed KRAFCO to all growing and adult stock.

Why You Should Feed KRAFCO, the Milk Sugar Food

Because it contains 14 per cent. Lactalbumen, the only complete protein known, and 70 to 73 per cent. milk sugar, which breeders and scientists agree is the best energy food for growing stock.

These are the elements in KRAFCO which will ensure your birds' efficient digestion and assimilation of the most valuable nutrients in their rations.

Here's another thing. Scientists have proved that KRAFCO is the most economical natural source of vitamin B₂—and one part of this vitamin, known as "Lactoflavin," is positively essential for normal healthy growth.

KRAFCO is not expensive to feed—5 per cent. added to the ration will cost less than $\frac{1}{2}$ d. per month for each bird, while the results, as proved by breeders everywhere, are extremely gratifying. Start feeding KRAFCO to your birds right away.

The advice of Mr. W. C. Rugg, late Victorian Government Poultry Expert, is always at your service in connection with the feeding of KRAFCO. Write him care of—

DISC PLOW
(PATENTED)**

The Federal Reversible Disc Plow is adaptable to all conditions of soil cultivation. It cuts an even bottom, leaves no ridging, turns the sod well over.

It has the following new features:—

1. Free from side draft.
2. Improved means for adjusting breast and undercut.
3. Each disc carried on independent supports.
4. Disc bearings interchangeable.
5. Dual wheels can be fitted for hard and specially hilly conditions.
6. Works with a loose neck yoke—no more sore shoulders.
7. All adjustments are simple and easily arranged.
8. Patented 3-horse abreast yoke available if required.
9. All bearings are of oil bath type.
10. Turns sod equally well on flats and hillsides.
11. Convertible to take orchard attachments of various kinds.

NEW INVENTION COMPETITION, 1936.

Special Prizes Presented by Messrs. Phillips, Ormonde, Le Plastrier, and Kelson.

After conducting tests and observing the performance of the various implements under practical conditions, the judges are of the opinion that the following devices make for the greatest advance in their particular spheres of primary production. Messrs. H. V. McKay, Massey Harris Pty. Ltd., "Sunprong" pasture harrows, consisting of prongs set on transverse rotating shaft. Separate super and seed boxes. J. Bartram and Son, "Turnbull" water tube dairy boiler; drum and tubes of welded construction and small capacity designed to give safe, quick steaming up to 60/70 lbs. per square inch. These two are placed equal, and share the first and second prizes. Highly recommended is Mitchell and Co.'s tractor mower attachment for Fordson tractor, with special device for stopping the tractor when cutter bar meets an obstruction. Tests are now being conducted in connection with implements entered for the 1937 competition, and awards will be announced when the judges have completed their investigations.

RULES

1. The Society shall be called **The Royal Agricultural Society of Victoria.**

2. The objects of the Society shall be to promote the development of the Agricultural, Pastoral, Horticultural, Viticultural, Stock Raising and Industrial Resources of the State—

- (1) By holding Exhibitions at such places and times as the Council shall appoint, and by offering and awarding prizes and premiums at all such Exhibitions, if deemed desirable.
- (2) By holding meetings for the purpose of popularising rural life and disseminating knowledge of improved methods and new ideas in relation thereto.
- (3) By corresponding with Agricultural and other kindred societies, and collecting information for the furtherance of the objects of the Society.
- (4) By promoting the discovery, investigation and introduction of improved kinds of agricultural implements and machinery, the better equipment and construction of farm buildings, the application of chemistry to the general purposes of agriculture, the destruction of insects injurious to vegetable life, and the eradication or utilization of weeds.
- (5) By promoting the discovery, investigation and introduction of new varieties of cereals, vegetables or grasses suitable to the climate, and capable of being cultivated with profit; and also the introduction of desirable kinds and varieties of live stock.
- (6) By collecting and distributing information on all subjects concerned with the objects of the Society, including the preparation and publication of Flock Books, Herd Books, Stud Books, Pamphlets, Essays and Papers, and by the establishment and maintenance of a Library and Reading Room for the use of Members.
- (7) By investigating the nature of diseases in animals or plants and taking measures to encourage the prevention or eradication of such diseases.
- (8) By remunerating any person for original research work leading to the advancement of the objects of the Society.
- (9) By the purchase of live stock for breeding purposes and allowing farmers and other rural workers the use thereof for improving the standard of live stock.
- (10) By promoting or assisting any scheme for herd testing and remunerating any person for his services in connection therewith.
- (11) By promoting or assisting competitions in regard to farm crops and other primary production, implements of husbandry and improvement of the conditions and methods of rural work.
- (12) By promoting or assisting any other work which may be regarded by the Council of the Society as being beneficial to primary production or the improvement of live stock.
- (13) By borrowing monies at interest on "short call" or otherwise from bankers or any other source for the purposes of the Society, and particularly for repaying in whole or in part monies owing or which may become owing by the Society either on current account or otherwise.
- (14) By establishing and supporting or aiding in the establishment and support of funds, trusts and conveniences calculated to benefit employees or ex-employees of the Society, or the dependents or connections of such persons, and by

granting pensions and allowances, and by making contributions towards Insurance Premiums.

(15) To do all such other lawful things as are incidental or conducive to the attainment of the above objects.

3. The Society shall consist of a President, three Vice-Presidents, four Trustees (three of whom shall be appointed as hereinafter provided, and one shall be appointed by the State Governor), Governors, Members, Honorary Members, Honorary Scientific Members (not exceeding six in number), and Corresponding Members. The term "Member" shall (unless the context otherwise requires) be deemed to include a Life Member, Life Governor and Governor.

4. Subject to the provisions of Rule 27, every applicant for admission into the Society, by giving his name and address, with his subscription, to the Secretary, shall be duly constituted a Member of the same, and shall have all the rights of membership till the day after the Annual Meeting next ensuing. Provided that when any subscription shall be paid in the name of any firm or company such firm or company shall nominate in writing one of the members thereof, who shall, on the receipt by the Secretary of such nomination, be entitled to and exercise the rights and privileges of membership, and be bound by the Rules, By-Laws and Regulations of the Society, and may be elected to any office.

5. Governors shall pay a subscription of three pounds three shillings and Members one pound ten shillings annually. Life Governors shall pay a subscription of thirty one pounds ten shillings and Life Members a subscription of fifteen pounds fifteen shillings, provided that, as regards Life Members to the number of two hundred, who shall become such from and after the 2nd February, 1933, the subscription payable by each such Life Member shall be £10/10/- only, if payment be made on or before 30th September, 1933.

6. The Society shall be managed by a Council consisting of thirty-three Members (elected from amongst the Members of the Society as hereinafter provided) and the Trustees, who shall be *ex officio* Members of the Council.

7. One-third of the Council (the Trustees excepted) shall retire annually in rotation, but shall be eligible for re-election.

8. Land acquired, or to be acquired, for the Society shall be held by and be vested in the Trustees for the time being of the Society for and on behalf of the Society. The Trustees appointed as provided by these rules shall hold office until disqualified, or until they are removed in due course at the Annual or at a Special General Meeting of the Society. Any new Trustee or Trustees shall be appointed at the Annual or at a Special General Meeting of the Society, or in accordance with Rule 14. The Trustees shall deal with the lands of the Society as directed by resolution of the Council of the Society (of which an entry in the Minute Book shall be conclusive evidence), and they shall be indemnified against risk and expense out of the Society's property. If the office of Trustee, appointed by the State Governor, shall become vacant by reason of death, resignation or otherwise, a new Trustee shall be appointed by the State Governor.

9. The Council shall, at their first meeting after the annual election in each year, elect out of their own number (which includes the Trustees) a President and three Vice-Presidents.

10. The Council shall have the entire management of the income and funds of the Society, and all other affairs thereof, and for these purposes the Members of the Society for the time being shall be deemed to have constituted the Council of the Society for the time being their agents.

11. The Council shall have power to appoint and remove all paid officers of the Society.

12. The Council shall have power to elect Honorary, Honorary Scientific and Corresponding Members, nominations therefor having been submitted at a previous meeting and a notice of such nomina-

tions having been sent to each Member of the Council. The Honorary Scientific Members shall retire annually, and shall be eligible for re-election.

13. Governors and Honorary Scientific Members may attend meetings of the Council and take part in discussions thereat, but shall not have power to vote.

14. The Council may, except as to the Trustee appointed by the State Governor, fill up any vacancies in its own body created by death, resignation or occurring in any other way amongst its office-bearers.

15. The Council shall have power to make or amend such regulations as they think necessary.

16. The Council shall be regulated in its proceedings by such By-laws as shall from time to time be enacted by it, conformably with the Constitution and objects of the Society; but no By-law shall in any case be altered, or new one proposed, unless notice of such intention has been given at a previous meeting and sent to each member of the Council.

17. The financial year of the Society shall end on the 31st day of December of each year, to which day the accounts of the Society shall be balanced. At the monthly meeting of the Council, to be held in January in each year, the Council shall prepare a list of Members nominated by them to fill the vacancies in the Council. Nominations (other than those made by the Council) of Members who may be candidates for such vacancies must be in the hands of the Secretary prior to such meeting. Every nomination other than those made by the Council shall be signed by at least two Members other than the candidate, and shall have endorsed thereon the consent of such candidate, duly signed by him.

18. The Annual General Meeting shall be held on the first Thursday in February, at which meeting the Annual Report and Balance Sheet shall be submitted, Members elected to fill the vacancies in the Council, two paid Auditors appointed, and any other business transacted of which due notice in writing shall have been given before the hour of two o'clock in the afternoon of the second Tuesday in January immediately preceding.

19. Fourteen days at least before the Annual General Meeting the President or his Deputy shall send to all Members of the Society a ballot paper, numbered, and initialled by the President or his Deputy, or the Secretary, with the names of all the candidates who have been duly nominated, and each Member desiring to vote shall erase therefrom all names he thinks fit. Provided that any ballot paper containing more or less than the required number of names shall be rejected by the President (who shall be Returning Officer) or his Deputy at the election. Every such ballot paper shall be returned before the closing of the poll, which shall be at three o'clock p.m. on the day of the election, and the said ballot papers shall be opened and counted when the Returning Officer is making up the poll.

20. Fourteen days at least before the Annual Meeting a copy of the Report and audited Balance Sheet for the preceding financial year shall be forwarded to every Member of the Society.

21. The Secretary shall report to the meeting of the Council next after the Annual Meeting the Members elected to fill the vacancies in the Council.

22. A Special General Meeting of the Society may be called at any time by the Secretary, on direction of the President or on the requisition of twenty Members of the Society, of which meeting there must be given ten clear days' notice stating the business to be transacted, but no business shall be transacted at any such meeting other than that for which it has been called.

23. A Special Meeting of the Council may be summoned by direction of the President or of three members of the Council, but no business then transacted shall be valid unless confirmed by special resolution at the subsequent Ordinary Meeting.

24. At the Annual Meeting twenty Members, including Members of Council, or at a Special General Meeting ten Members, exclusive of Members of Council, shall form a quorum.

25. The privileges of Membership shall consist of power to vote at the election of Members of Council appointed by the Society, of free admission to the Library, Reading-room and Lectures, and, with two ladies, to the Society's Exhibitions, grounds and grandstands (subject to such regulations as the Council may make) on production of the Member's ticket for the current year. And while the Society issues a monthly journal a copy shall, on receipt of a request in writing, be posted free to every Member.

26. Any Member neglecting or refusing to comply with these Rules, or any or either of them, or any lawful directions or requirements by the Council made in pursuance or under the authority thereof, or being guilty either before or after becoming a Member of the Society of conduct calculated to bring the Society into discredit in connection with its General Meetings, its Meetings of Council, its Exhibitions, or other objects, shall be liable to be summoned before the Council, and, if found guilty, shall be subject to reprimand or to have his name expunged from the roll of Members, and may also be disqualified from exhibiting and may be disallowed from again becoming a Member during the pleasure of the Council. A Member expelled under this Rule shall forfeit all right in and claim upon the Society and its property.

27. Any person being expelled from Membership or disqualified from exhibiting, riding or competing by any kindred society shall not be allowed to become a Member or to exhibit, ride or compete at this Society's Exhibitions until such expulsion be rescinded or such disqualification be removed, provided such expulsion or disqualification be confirmed by the Council of this Society.

28. The Council shall be the sole authority for the interpretation of these Rules, and of the By-laws and Regulations made thereunder; and the decision of the Council upon any question of interpretation or upon any matter affecting the Society or the administration of its affairs, whether provided for by these Rules or by the By-laws and Regulations made thereunder or otherwise, shall be final and binding on the Members.

29. Every Member shall communicate from time to time to the Secretary his address; and all notices required by these Rules to be sent or given to Members shall be deemed to have been duly sent or given if posted or sent to such address.

30. Every person becoming a Member of the Society thereby undertakes, if at any time required to do so by the Council, to give evidence by statutory declaration or otherwise of any facts within his knowledge or information relating to the subject matter of any inquiry by the Council.

31. Every person becoming a Member of the Society shall thereby undertake to indemnify and shall with every other Member thereof be bound to indemnify the Council, and the individual Members thereof, any Committee of the Council and any Members of any such Committee, against any action or damages in respect of anything done or purported to have been done in accordance with these Rules, or the By-laws or Regulations made thereunder, during the continuance of his Membership.

32. The Council and the Members thereof shall be indemnified out of the Society's property against risk and expense which may occur through borrowing monies in accordance with paragraph 13 of Rule 2; and Members of the Society, notwithstanding Rule 31 hereof, shall not by reason only of their membership be or become personally liable through, by reason, or on account of any such borrowings.

33. These Rules shall not be altered except by a majority of the Members present at the Annual or at a Special General Meeting.

BY-LAWS

GENERAL MEETINGS.

1. Notice of the Annual and Special General Meetings of the Society shall be given in such newspapers as the Council may decide, and by circular through post to every Member; and all matters, except the election of the Members of Council at the Annual Meeting, shall be determined by a show of hands, unless a division is called for by at least three Members present. At every Annual General Meeting the minutes of the last Annual Meeting shall be read and confirmed; a report, together with a financial statement from the Council, shall be submitted, and any Member present may propose any question to the Council respecting the matters contained in such report, and comment thereon, or may refer to such other matters relating to the government of the Society and the management of its affairs as to him may seem proper, provided that his remarks have reference to some motion of which notice has been previously given in accordance with Rule 18.

2. The President or his Deputy shall conduct the election at the Annual General Meeting, at which meeting two or more scrutineers shall be chosen by the President or his Deputy to assist in making up the state of the poll.

THE PRESIDENT.

3. The President shall, in all official relations of the Society, take precedence of all other Members, and shall take the chair when present, having (as well as any other Chairman of the Council) the privilege of a casting vote in addition to his own in all cases of equality in a division on any question. He shall sign all such letters, votes of thanks and other documents as the Council may decide.

THE COUNCIL.

4. The Council shall hold a meeting at least every month, on such a day and at such an hour as the Council may decide, for the transaction of the business of the Society, and may adjourn from time to time at its discretion.

5. At the monthly meetings the Council shall have full power to originate, discuss and decide by a majority of votes on a show of hands all questions not involving an unusual outlay of money brought before it; provided that, if any three Members present regard any proposition brought forward as too important for immediate decision, they may object and demand the usual month's notice, whereupon all discussion on the question shall cease.

6. No motion, the effect of which, if carried, would be to rescind any motion previously passed by the Council during the same year, shall be entertained unless one month's notice be given to the Council.

7. The ruling of the Chairman shall be final in all matters of order and practice.

8. If within half an hour after the time at which any meeting of the Council is called a quorum of Members be not present, the Members present, or the majority of them, or any one Member if

one only be present, or the Secretary, if no Member be present, may adjourn such meeting to any time not longer than fourteen days from the date of such adjournment, providing that no meeting shall be held on a public holiday, and should an Ordinary Meeting fall on a holiday the Secretary shall be empowered to postpone the date of such meeting and call it not later than ten days after the date on which it otherwise would have been held.

9. Minutes of the proceedings of every meeting of the Council or of any Committee shall be taken during their progress by the Secretary, or, in case of his absence, by some person present whom the Chairman may appoint for the occasion. The minutes shall afterwards be fairly copied into a minute book kept for that purpose.

10. The Council shall, from time to time, draw up such By-laws as may appear to them expedient for conducting the proceedings of their own meetings, which shall be binding on the Members of the Council, and all such By-laws shall be binding on all and every the Members, Honorary, Honorary Scientific, and Corresponding Members, officers and servants of the Society, as well as on all exhibitors or their assistants at the Society's Exhibitions.

11. The Council may appoint Committees to examine into or take action on any special matter relating to the objects or business of the Society, and may dissolve such Committees when they shall think proper.

12. The Council shall appoint a banker or bankers to the Society, to whom all sums of money received by the Secretary or other persons for the use of the Society shall be paid.

13. No money shall be drawn from the Society's banking account but by order of the Council, after a report from the Finance Committee, and by cheques signed by two Members of such Committee and countersigned by the Secretary. Entries shall be made of all such payments.

14. If any Member of Council, with the exception of the Trustees, shall be absent from three consecutive monthly meetings of the Council without leave having been obtained, his seat shall be declared vacant.

15. The Secretary shall notify to the Council any vacancy which may have occurred in the list of President, Vice-Presidents, Trustees or other members of the Council, at the meeting of the Council at which or next after such vacancy occurred, and such vacancy shall not be filled up until the monthly meeting of the Council which shall take place next after such notice, provided that if any such vacancy occur after the ordinary monthly Council meeting in November such vacancy shall not be filled except at the next Annual Meeting.

16. In the absence of the President, the chair shall be taken by the senior Vice-President then present; and should none of these officers be present, then by such Member as the Council shall choose as their Chairman by a majority of votes. (The senior Vice-President shall be deemed to mean the Vice-President who has been a Member of Council for the greatest number of years in the aggregate.)

17. The quorum of a monthly or special meeting of Council shall be five.

18. At every monthly meeting of Council the order of business shall be as follows:—

- (1) Reading and confirming minutes of previous meeting.
- (2) Business arising from minutes.
- (3) Election of officers and nominations for vacancies.
- (4) Committee's Reports.
- (5) Motions.
- (6) Correspondence.
- (7) Postponed business.
- (8) General business.
- (9) Notices of motions.

19. All minutes and reports read to and adopted by the Council shall be signed by the Chairman.

20. The report from the Council to the Annual Meeting in February shall be prepared at the Council meeting first in January or at some adjournment thereof.

COMMITTEES.

21. The Council shall elect such standing Committees at the monthly Council meeting in February as they think fit, and such Committees shall remain in office until the Annual General Meeting in the ensuing year, two members of Committee to form a quorum.

22. The President shall be *ex officio* a member of all committees.

23. Each Committee, at its first meeting, shall elect its own Chairman for the year, and in his absence a Chairman shall be elected by the Committee for the occasion.

24. All Committees shall make or adopt rules for the conduct of their business, and shall make a report of their proceedings to the Council and shall hold office until they have made their respective reports; but in case such reports shall not have been made previous to the first Thursday in February next after their appointment, their powers shall then cease, providing that standing Committees shall retain office till their successors are appointed.

THE STAFF.

25. The Manager shall be immediately responsible to the Council for the discharge of his various duties. He shall attend the sittings of all meetings of the Council and of Committees.

26. The Secretary shall keep all the Society's books. He shall also conduct the correspondence of the Society and keep copies of all letters on the business of the Society.

27. Under the direction of the Finance Committee, the Secretary shall be responsible for all monies received, paying such sums into the Society's Bank, and producing at each meeting of the Finance Committee receipts for the same; and, excepting the amounts allowed him for petty cash, he shall not retain in his hands any money belonging to the Society, but shall pay it over forthwith to the Society's Bank. He shall have the charge of the expenditure for petty cash.

28. The Secretary shall have the custody of all books and property of the Society. All books, pamphlets, etc., becoming the property of the Society shall be stamped with the Society's stamp at once.

29. The Manager shall have the immediate superintendence over all of the servants of the Society, and shall be required to report to the Council any instances of misconduct on their part which he may think of such a nature as to require the consideration of the Council.

30. The Manager and the Secretary shall each find, if required, approved security to the amount of £500, the premium to be paid by the Society.

31. Neither the Manager nor the Secretary shall exercise any of the privileges of a Member of the Society.

FINANCE.

32. The Finance Committee shall have the immediate care of the Society's funds, and shall meet before the ordinary Council meeting in each month, in order to prepare a report for the Council on the state of the Society's funds, which they shall present to each monthly meeting, as well as a statement of the payments recommended to be made, together with all the books in which entries of cash receipts or payments are made, and such documents as the business of the day may require. Should a report from the Finance Committee not have been presented at the meeting of the Council, the Secretary shall report the state of the funds to the Council, in which case the Council shall vote the moneys required without such report.

33. The Chairman of the Finance Committee shall be the Honorary Treasurer of the Society.

34. All receipts for money received on behalf of the Society shall be out of a book with counterpart.

35. All moneys received and paid shall be entered daily in a general cash book.

36. The accounts of the Society shall be audited as may be required by the Council by two professional accountants, to whom a balance sheet shall be submitted by the Secretary immediately after the close of the financial year, and such, when audited, shall be presented at the Annual Meeting.
