

R. A. S. OF V.

REPORTS

1941 - 45

London College of Music

Instituted 1887 (Incorporated)

**Great Marlborough Street,
LONDON, W.**

For Musical Education and for Examination.

PATRONS:

THE RIGHT HON. THE EARL HOWE.
THE COUNTESS HOWE.
THE RIGHT HON. THE VISCOUNT COBHAM.
THE VISCOUNTESS COBHAM.

BOARD OF EXAMINATION:

Dr. F. J. Karn, Mus. Bac., Cantab. (Principal),
G. Augustus Holmes, Esq., Director of Examinations.

LOCAL EXAMINATIONS.

For Certificates in Pianoforte Playing, Violin, Organ, Singing, Elocution, etc., also for the Diplomas of Associate (A.L.C.M.), Licentiate (L.L.C.M.), the Teacher's Diploma (L.C.M.), and the Fellowship Diploma (F.L.C.M.) are held in Melbourne and at over 150 other Local Centres in Australia TWICE in each year.

SYLLABUS, giving all details, can be obtained at all Music Warehouses or of the Organising Secretary.

Medals and Book Prizes are offered for competition at each examination, and, in addition, a Gold Medal is given each year, entitled the Commonwealth Medal, to be competed for by A.L.C.M. and L.L.C.M. candidates.

ELOCUTION.

Special attention is given by the College to Examinations in Elocution, which is one of the leading features of the Melbourne Centre. Elocutionists are particularly requested to write for information.

London College Examinations are recognised by The Incorporated Society of Musicians, London.

All communications to—

JAS. A. PICKERING,

Organising Secretary for Victoria

SEE WHAT YOU ARE OFFERED HERE!

Why YOU should become a member of Readers' Union

Readers' Union is a new development in publishing, a co-operative book-buying scheme designed to provide the intelligent reading public with good books at low prices.

By joining Readers' Union you can build up a library of your own of the best recent books—fiction, history, biography, travel—at a trifling cost.

Each month you will receive a real bargain; a good recent book, normally only available at a much higher price. You will also receive the lively and informative 16-page "Readers' News" free with each book, and from it get a clearer understanding of books and authors.

Readers' Union books are supplied to members at a uniform price at 4/5 per copy, plus postage (about 6d. per book) where necessary. No matter what the price to the public may be, Readers' Union members get their special edition for 4/5.

Every lover of good books and reading should be a member
of Readers' Union.

For further particulars, write to

ROBERTSON & MULLEN'S LTD.

Australian and New Zealand Agents for Readers' Union.

SEVENTY-FIRST ANNUAL REPORT
 OF THE
 COUNCIL
 OF
 The Royal Agricultural Society
 OF VICTORIA

To the Members,

Ladies and Gentlemen:

Your Council has pleasure in presenting the following report of proceedings of the Society for the year 1941.

Sectional Efforts.

Maintenance of the Society's connection with its supporters and the provision of some compensation for the loss of the Royal Show, was even more difficult than in 1940, by reason of the fact that the Exhibition Building was occupied by the Royal Australian Air Force.

A Clydesdale Show, in the conduct of which this Society co-operated with the Victorian Branch of the Commonwealth Clydesdale Horse Society, was held on Wednesday, 13th August, at Messrs. Mackinnon and Cox's stables at Newmarket in conjunction with Messrs. Campbell and Sons' 63rd Annual Parade and Sale.

Classes were provided for three-year olds, two-year olds and yearlings of both sexes, and the Produce Sweepstakes Competitions for colts and fillies—which have for so many years been a feature of the Clydesdale Section at Melbourne Royal Shows—were also conducted.

Considering the restricted classification provided, the number of animals exhibited was very satisfactory and the quality was such that there was keen competition for the R.A.S. prize cards, ribbons and sashes, which were awarded in addition to cash prizes.

Visitors from three neighbouring States were amongst the interested spectators, and all concerned expressed their appreciation of the co-operative effort which had proved so successful.

Breeders and exhibitors of light horses were well catered for at the Royal Horse Show, held on the Polo Ground at Moonee Valley Racecourse on Friday and Saturday, 5th and 6th September.

The Society is greatly indebted to the Committee of the Moonee Valley Racing Club, which not only made the Racecourse available free of charge, but had its staff make all preparations for the conduct of the Show, and, in addition, manned the gates and provided necessary staff during the Show at its own expense.

Competitors and public congratulated the Society on having concentrated all activities on the Polo Ground—instead of in various parts of the Racecourse as in 1940—and particularly on the lay-out of the new Jumping Course, which certainly made the contests more entertaining for the spectators, whilst at the same time testing the horsemanship of the contestants.

Well over 800 entries were received in the 72 classes provided in the prize schedule: the Hunting and Jumping Events being particularly well supported and keenly contested. The weather on both days of the Show could not have been improved upon, and despite such formidable counter attractions as an A.I.F. march and a League football semi-final, the public patronage was gratifying.

It is pleasing to record that it was possible to contribute £325 to the funds of the Australian Red Cross Society's Prisoners of War Adoption Scheme, in aid of which the Show was conducted.

As in 1940, by kind permission of the Abattoirs and Cattle Markets Committee of the Melbourne City Council, Bacon and Pork Pig Competitions were conducted at the City Abattoirs in conjunction with stud pig sales organized by the Victorian Branch of the Australian Stud Pig Breeders' Society.

Pens from the Show Grounds, erected in the lamb holding yards, provided very satisfactory accommodation for both competition and sale pigs, whilst every possible facility was readily made available by the Superintendent of Abattoirs in connection with the slaughtering of the pigs and the general conduct of the competitions.

The success of these very educational competitions—which took into consideration litter weight, rate of growth and carcase quality—was assured by co-operative effort. The Victorian Branch of the Australian Stud Pig Breeders' Society donated £59 towards the prize money offered by this Society; the Australian Meat Board donated £50 towards the expenses involved; and the Department of Agriculture not only arranged for its Stock Inspectors to inspect, weigh, and tattoo for identification purposes, litters from which it was intended that pigs would be selected for exhibition and slaughter, but also awarded Certificates of Performance in both classes, which, as in 1940, were judged by the Departmental Pig Expert.

A notable feature of these competitions and sales was the decision to restrict entries to pigs from Government accredited Brucellosis-free herds, and when offering his congratulations on this decision, the Chief Veterinary Inspector expressed his satisfaction with the results of tests in herds submitted to date.

The occupation of the Exhibition Building by the R.A.A.F., already referred to, made it impossible to cater for several sections in a combined Show as in 1940.

However, through the generosity of the proprietors of Luna Park, and with the co-operation of the Kennel Control Council, the Society was able to conduct a Championship Dog Show on Friday and Saturday, 19th and 20th September.

The use of the Park enabled the Show to be staged under conditions which would otherwise have been impossible, and not only did the proprietors place it at the disposal of the Society free of charge, but they provided lighting on both evenings and also assisted materially in advertising the Show at their own expense. In addition, every possible assistance was rendered by the Manager and staff to ensure success.

Nine hundred and thirty-five entries were received, representing 541 individual dogs entered by 390 different exhibitors—a very gratifying reflection of the standing of this Society's show in the dog world, even though, on account of the expense involved, benching was on this occasion provided only for challenge winning dogs.

Ideal weather conditions enabled judging to be carried out in the open and the concreted courtyard proved very suitable for this purpose.

Public patronage was very satisfactory—2,500 people attended during the Saturday afternoon session—indicating the number of the

Society's patrons who visit the Royal Show for the purpose of seeing the dogs exhibited thereat.

This Show was a success in every way, and, as a result, £100 was donated to the funds of the Australian Red Cross Society's Prisoners of War Adoption Scheme.

Another success resulted from the co-operation of this Society, with the Committee of the Poultry Industry Spitfire Appeal, which conducted a Show for Poultry, Pigeons and Cage Birds in the Doric Hall, South Melbourne, on Thursday, Friday and Saturday, 25th, 26th and 27th September.

This Show, which was officially opened by the President (Sir Charles E. Merrett), was run under the Rules and Regulations of this Society, and was unique in that no prize money was offered, the awards consisting of R.A.S. Prize Cards and Rosettes, together with a number of trophies donated by supporters.

In view of this fact, the entry of 1069 poultry, 797 pigeons and 440 cage birds can only be regarded as exceptional. Not only was this show notable for the manner in which exhibitors rallied to its support, but for the amount of voluntary assistance given in connection with the erection of pens and the cartage of gear and exhibits to and from the hall.

The exhibits were of a high standard and collectively made a splendid display, well worthy of much greater public patronage than was received, and which would have been forthcoming had it been possible to hold the Show in a more central position.

The Appeal Committee expressed its keen appreciation of the assistance rendered by this Society, which loaned its poultry coops and other gear; provided rosettes and prize cards ready typed; and in addition carried out work associated with the publication and distribution of the prize schedule, the reception of entries, the despatch of entry tickets, the preparation of judges' books and the publication of the show catalogue. Thus the full amount of entry fees received—£206/12/9—went towards the funds, and together with the proceeds of the sale of catalogues, represented a big proportion of the Show revenue.

It is pleasing to report that the Poultry Industry Spitfire Appeal Fund benefitted by approximately £225 as a result of this Show, which also provided the avenue through which this Society was able to cater for its supporters in the feathered world.

Following the precedent created in 1940, a donation of £50 was made to the funds of the Australian Sheepbreeders' Association in recognition of that Association's action in maintaining a considerably increased classification for those breeds of sheep catered for by the Royal Show.

This Society also co-operated with the Victorian Branch of the Australian Society of Breeders' of British Sheep by contributing to the prize fund and providing R.A.S. prize cards and ribbons for the special stud ram show and sale conducted at Newmarket Sale Yards on Friday, 7th November.

Whilst your Council regrets that it was impossible to cater for the Society's supporters in other sections of the Royal Show, it has already announced its intention to co-operate, in 1942, in the conduct of similar activities to those described in the preceding paragraphs, and in addition, to take advantage of the suitability of the large luncheon room at the Moonee Valley Racecourse to stage a display of Women's Industries in conjunction with the Royal Horse Show.

Associated Bodies.

Despite the loss of the services of many trained officers, through enlistments in the Navy and Army, the Secretarial and administrative work of the various stud stock societies and other organizations has

been maintained throughout the year. Your Council acknowledges with appreciation the readiness with which the senior members of the staff have contrived to overcome the many difficulties which have arisen, by working longer hours and utilizing the services of untrained assistants.

**The Commonwealth Clydesdale Horse Society
(Federal Council and Victorian Branch).**

This Society regrets that, although horses have been used to maintain essential services in many areas, they have not been utilized to the extent anticipated, and the irregularity of the demand has resulted in very marked fluctuations in market values.

The Committee is convinced that horses represent a valuable national asset, which may yet play a very important part in maintaining production and essential services, as is already the case in countries more seriously affected by the war. There is no doubt that with proper co-operation and the intelligent use of all horses available, a very worthwhile contribution to the Commonwealth War Effort could be made, and at the same time many branches of industry could be placed on a sounder and more independent footing.

The membership of the Society has, in view of the conditions, been well maintained, and breeders are continuing their efforts to raise the standard of their studs.

Entries for Volume 13 of the Stud Book will close on the 1st March next, and entries already in hand number 134 stallions, 732 mares, 1704 foals and 915 transfers.

The Committee of the Victorian Branch greatly appreciated the co-operation and support of your Council in connection with the Clydesdale Show referred to earlier in this report.

The Victorian Government, realizing the value of draught horses, has introduced a Foal Bonus Scheme under which the breeders will receive £2 for each foal by a certificated stallion from an approved mare, and the number of applications already lodged, indicates that breeding in this State is being carried on fairly extensively.

The Society is gratified that breeders are thus being encouraged to utilize the services of stallions which possess certificates of soundness, and it is hoped that the anomalous position, created by permitting an owner to retain an uncertificated stallion for use with his own mares, will soon be fully realized and the Act amended in accordance with the persistent appeals from this Society and other interested bodies, for the compulsory castration of all unsound and undesirable stallions.

The Australian Pony Stud Book Society.

Although no actual branch of the Society has yet been formed in Victoria, the necessary secretarial work in connection with the reception of entries and inspection of ponies is still being carried out in this office.

As indicated in the previous report, increased activity was shown in pony circles as a result of the decision of the Federal Council to close Volume 2 of the Stud Book during the year. Work on the compilation of the Volume is now proceeding, and a good representation of the studs of Victorian breeders will appear therein.

The stud book is divided into three sections, viz.—Shetlands, Hackneys, and Australian ponies. Breeders from this State supply the bulk of the registrations for the Shetland Section.

**Shorthorn Society of Australia
(Federal Council and Victorian Branch).**

This Society reports that generally speaking, conditions for the beef raising industry have been favourable and the demand more consistent than has been the case for some time. The outstanding qualities

of Shorthorns are being more widely recognized and new studs are being formed in the several States.

The dispersal sale of the late Mr. A. J. Simpson's old established "Clifton" stud was the most satisfactory held for some years, and although many of the cattle were purchased by owners of existing studs, at least three new Victorian studs have been founded on animals procured at the sale.

There is also evident a greater desire on the part of graziers to introduce pure bred bulls into their herds, but this market has been rather erratic, and there are unfortunately too many who still place little or no importance on the choice of herd bulls.

During the year Volume 10 of the Society's Herd Book was published and circulated among financial members, and kindred bodies overseas. It contained the pedigrees of 147 bulls, 856 cows with produce, together with particulars of additional progeny from 1,441 cows registered in previous volumes, in addition to information concerning all notifications of transfer of ownership.

The war has unfortunately greatly affected the importation of animals from Great Britain, but there are many high quality studs throughout the Commonwealth and by their intelligent use, it will be possible to continue the work of improving the general standard of Australian stock.

The Dairy Shorthorn Association of Australia.

Despite adverse seasonal conditions and the serious position in which breeders are placed owing to the shortage of farm labour, the Association has experienced another satisfactory year, and a further increase in membership can be reported.

Entries for Volume II closed during the year and work on its compilation is now proceeding. The Volume will contain the adult registrations of 251 bulls, and 693 cows with their produce recorded to 30th June, 1941, together with particulars of additional progeny, notifications of transfer of ownership and other information relating to cows registered in Volume I.

As a result of a prize generously donated by Mr. John Gilbert, of Orbost, a competition for Dairy Shorthorn Herds under Government Standard Test for the period 1st July, 1940, to 30th June, 1941, was conducted. Honours went to Mr. W. K. Atkinson, whose "Willow Park" stud herd of 64 cows, comprising eleven 2-year-olds, sixteen 3-year-olds, seven 4-year-olds, and 30 mature cows, produced without allowances an average of 367.8 lbs. butterfat, and with allowances 436.1 lbs. butterfat. It is also of interest to record that the actual average production of the 114 cows tested in the five herds submitted, was over 350 lbs. butterfat without allowances.

The Association suffered a great loss during the year by the death of Mr. James Lidgett, one of its foundation members. The late Mr. Lidgett was elected President of the Association in 1928, a position which he held until his death.

At the annual meeting of members, the vacancy was filled by the election of Mr. Grant Kerr, a son of the first President of the Association.

The Red Poll Cattle Breeders' Association of Australia (Federal Council and Victorian Branch).

During the year several new breeders in the various States were enrolled as members and interest in the activities of the Association was maintained.

In pursuance of the policy of the Association to publish a Volume of the Red Poll Herd Book every two years, entries for Volume 11 closed with a satisfactory total, and work on its compilation is now proceeding.

Owing to the cancellation of the 1940 Royal Melbourne Show, the annual and ordinary meetings of the Federal Council, usually held in Melbourne at that time, were postponed until the 1941 Sydney Royal Easter Show, when many matters of interest to breeders were discussed. Similar action has been taken in connection with the 1941 annual meeting.

Quite in keeping with a report from England predicting that Red Polls will be in greater demand after the war, the Committee of this Association is convinced that stud masters throughout the Commonwealth can look forward to increased sales of breeding stock, as enquiries now being received indicate a growing interest amongst cattle breeders in this dual-purpose breed.

The Ayrshire Cattle Herd Book Society of Australia (Federal Council and Victorian Branch).

The Federal Council of this Society published the 33rd Volume of the Herd Book during the year. The Volume contains a large proportion of entries from Victorian members who contribute considerably over half the registrations received.

At its Annual Meeting the Federal Council made several alterations to its rules, and as a result, the various Branches will benefit by having increased funds with which to carry on their various activities.

To enable this to be done the Federal Council decided to discontinue the publication of a Herd Test Booklet, and in Victoria this will in future be done by the Branch.

A member of the Victorian Branch, Mr. J. H. Goddard, was successful with his cow, "Inverurie Blue Bell," in winning the award for Reserve Champion Cow of all breeds under Official Government Test. This cow, which was tested as a Senior 3-year-old, had a record of 770 lbs. butterfat in 273 days. Mr. Goddard's was the top herd of all breeds in the section for herds of 10 to 14 cows.

During the year the Victorian Branch contributed £250 to Commonwealth War Loans, and, not wishing to profit from these investments, decided to contribute the interest earned each year to some patriotic fund. Last year the contribution was to the Lord Mayor's London Bombing Victims Appeal Fund.

The members of the Victorian Branch, in a desire to honor those old breeders who had given signal service to the Society in its early days, decided at the last annual meeting to elect Mr. G. L. Wilson and Mr. Andrew Buchanan patrons of the Branch.

The Friesian Cattle Club of Australia (Federal Council and Victorian Branch).

The Branch Committee reports that the demand for Friesians in Victoria continued unabated and made the filling of all orders an impossibility.

The breed's production records under Government Test in Victoria included the Champion cow of all breeds. She gave a total of 19,397 lbs. of milk and 811 lbs. butter fat in 273 days in the herd of Mr. R. W. Smith.

The Branch again took an active part in the affairs of the Federal Council, and was responsible for several improvements to the rules of the Club.

Economies in the publication of the Herd Book improved the finances of the Federal Council. It is hoped to publish Volume 15 in 1942.

The Guernsey Cattle Society of Australia (Victorian Branch)

The membership of the Branch again showed an increase and the demand for the breed made supply exceedingly difficult at times.

Outstandingly high test records under Government Test in Victoria, included Captain A. E. T. Payne's herd which was well ahead of all breeds in the section for 25 or more head, making it a meritorious runner-up for the Reserve Championship over all classes and sections.

Volume 13 of the Society's Herd Book was published by the Federal Council and it included an encouraging percentage of Victorian entries.

The Australian Illawarra Shorthorn Society. (Victorian Branch)

An increase in the membership can again be reported. Interest in the breed has been well maintained and numerous New South Wales-bred animals were again introduced into Victoria to establish new and strengthen existing studs.

The Federal Council completed the publication and distribution of Volume 7 of the Society's Herd Book during the year. The herds of Victorian breeders are well represented in the Volume, which, covering the period from July, 1938, to June, 1940, contains the pedigrees of 6,322 individual animals. This figure represents an increase of 794 over the number appearing in Volume 6.

Several breeders still realize the importance of submitting their herds for the Government Standard Test, and some excellent performances were again recorded. Special mention should be made of Messrs. G. Tandberg and Son's senior 2-year-old heifer, "Veresdale Bush Bee," which produced 532 lbs. butterfat, thus giving her third place in the senior 2-year-old class against all breeds for the year ending 30th June, 1941.

The Committee reports with sincere regret, the death of Mr. R. S. Teese, who took a leading part in establishing the Branch and held the position of President until ill-health forced him to resign some few years ago. In addition, Mr. Teese, at various times, held the position of Inspector and Federal Council delegate, and in 1937, in recognition of services rendered to the Society and the breed, he was elected a Patron of the Branch.

This Branch has invested £100 in War Loan Bonds.

The Australian Jersey Herd Society (Victorian Branch)

The membership of this Branch remains at a very high level, and the volume of registrations submitted by members is ever increasing. During the last financial year members of the Branch submitted forms for 427 bulls, 2,688 cows, 9,119 calves, and 3,591 transfers, or a total of 15,825.

The type classification scheme, which now has just completed its sixth year, has proved highly successful, and is widely supported by members.

In the past year 71 herds were submitted; 43 cows were classified HC, and 306 C, whilst 18, which had previously been "Commended," were raised to the "Highly Commended" class.

The number of ratings now awarded from the inception of the scheme to date is 161 HC and 1,076 C.

One of the members of the Victorian Branch, Mr. R. M. Chirnside, was successful in winning the Victorian Government Herd Test Championship for the seventh successive year, and in so doing broke the record established by himself in 1940.

The Branch during the year invested £1,000 in Government War Loan Bonds.

The Victorian United Cow Test Association.

This Association has experienced a most difficult year owing to the shortage of labour in rural areas, which has led to the reduction of many dairy herds and the complete dispersal of others.

As a gesture in support of the war effort, the Association determined at its Annual Conference that Herd Testers be withdrawn from the list of Reserved Occupations. The accentuated shortage of testers to service those Herd Testing Associations which could carry on, was alleviated by the action of the Department of Agriculture in conducting a class in which women were permitted to study for the Government Certificate of Competency.

The women who gained certificates and took positions with Herd Testing Associations, gave such satisfaction that the Department of Agriculture has decided to conduct a second class early in 1942.

The Association is gratified that as a result it is likely that certificated testers will be available, not only to fill vacancies which will occur from time to time, but to service Herd Testing Associations which find it possible to recommence operations in the new year.

As one means of assisting Herd Testing Associations to operate under existing conditions, it was resolved to make it optional for them to extend testing sub periods from 30 up to 40 days, whilst still retaining the lactation period at 273 days.

In order to assist the Council for Scientific and Industrial Research in its investigation on behalf of the Australian Cattle Research Association, this Association secured from its members much valuable information relating to the incidence of mastitis in dairy herds in Victoria.

As has been the case previously, the gold medals and cash prizes offered in connection with the Herd Testers' Competition, annually conducted by the Association, were keenly competed for, and much good work reported upon by the judges.

Royal Agricultural Society of Victoria certificates were also issued to owners of herds which were successful in reaching the specified standard of production.

Interest in the activities of the Chamber of Agriculture, the Pasture Improvement League, the Victorian Pig Industry Committee, the Cattle Research Association, and the Victorian Dairyman's Association, has been maintained throughout the year by direct representation, and the Council of the Association has resolved to co-operate in any movement, which is likely to lead to action necessary with regard to problems facing the dairying industry.

The Australian Cattle Research Association (Victorian Branch)

The financial arrangement mentioned in last year's report made possible a continuance of the national work undertaken by this Association in the interests of the dairying industry. During the year, the investigations into Bang's Disease in New South Wales and Bovine Mastitis in Victoria, have been maintained, and it is confidently anticipated that the Australian Dairy Produce Board will renew its financial support for a further period of years, and thus enable the Association to carry on with work which promises results of great value.

The Australian Society of Breeders of British Sheep (Federal Council and Victorian Branch).

Keen interest is still being maintained in the activities of this Society and an increase in the number of members enrolled in all States is reported. The present membership is 2,253, compared with 2,126 at the corresponding period last year. 950 of these members reside in Victoria.

The thirty-third Volume of the Flock Book, published in March last, contains the record total of 2,376 flock histories; and individual registrations of 2,796 rams and 1,815 ewes.

It is anticipated that Volume 34 of the Flock Book, now being published, will show a further increase of both flock histories and individual registrations.

The latest development towards the licensing of all breeders of pure bred rams was the resolution passed by the Australian Committee on Animal Production in June, that legislation for the licensing of breeders of rams for use in fat lamb production is desirable and a sub-committee was appointed to draft necessary legislation and regulations for submission to a later meeting.

During the year Export Certificates were issued for a number of sheep exported to New Zealand and South Africa, and during December last four Border Leicester stud rams were shipped from Victoria on behalf of the Government Sheep Breeding and Research Farm in India.

The Second Annual Show and Sale of Stud Rams, conducted by the Victorian Branch at the Newmarket Sale Yards in November last, attracted an excellent entry of 290 rams, and sheep of high quality were disposed of at satisfactory prices. The Committee greatly appreciated the co-operation of your Council in connection with this Show.

Sales of sheep bred in registered flocks were again held at Shepparton, Bendigo and Newmarket, and record entries were received. The Shepparton sale proved to be the most outstanding, as, in addition to a yarding of over 1,400 sheep, the quality was of the highest standard.

The continued success of these sales is most gratifying to the Branch Committee, which is convinced that fat lamb raisers are making greater purchases at these sales because they realize that they can obtain good quality rams at a reasonable cost.

The Committee of the Victorian Branch again made a special grant of 55 guineas for distribution in the British Breeds Classes at the 1941 Australian Sheepbreeders' Show. Although the war has caused serious labour problems, and seasonal conditions were unfavourable, a record entry was received for this Show, and it was one of the finest exhibitions ever conducted by the Association. In the classes for British Breeds an entry of 550 sheep established a new record.

The Federal Council has invested £1,500 in Commonwealth War Loans, and the Victorian Branch £50.

The Australian Corriedale Sheepbreeders' Association. (Federal Council and Victorian Branch).

The Federal Council of this Association published the 15th Volume of the Flock Book in June last, and it contains the record number of 510 histories of flocks situated in all States of Australia.

The membership of the Association has been increased during the year to 520, and it is anticipated that the demand for the "Corriedale" will continue, as there is already an indication that, as was the case last year, Corriedale type wool will command very satisfactory prices during the coming year.

A pamphlet was published during the year and forwarded to all members and many interested Associations both in Australia and overseas. The information contained in the pamphlet should assist in placing before sheep breeders the outstanding qualities of the breed.

In accordance with the usual practice, Inspectors in the various States have completed the examination of the 1940 drop of lambs. The Federal Council feels that such inspections will further raise the standard of the breed and help to bring about a more uniform type of sheep throughout Australia.

As in 1940 the Victorian Branch donated to the funds of the Australian Sheepbreeders' Association the sum of £10/10/- and two cups for competition in the Corriedale classes at the 1941 Show. The number of entries received in these classes was 180, compared with 153 in 1940.

The Federal Council has invested £700 in Commonwealth Government War Loans.

The sum of £300 has been loaned by the Victorian Branch to the Commonwealth Government free of interest for the duration of the war and twelve months thereafter, and £200 has been invested in War Saving Certificates.

The Australian Stud Pig Breeders' Society (Federal Council and Victorian Branch).

Volume 31 of the Stud Pig Herd Book, published during the year, is easily the largest yet issued by the Society, containing as it does 5,039 entries, as compared with 3,330 in Volume 30, and 2,333 in Volume 29. Such rapid expansion was, of course, due to the development of the industry to meet the Government contract with the Mother Country, which had of necessity to be re-cast in keeping with the shortage of shipping.

The Committee of the Victorian Branch greatly appreciated the co-operation of your Council, the Australian Meat Board, and the Department of Agriculture in staging the 1941 Bacon and Pork Pig Competitions referred to earlier in this report, the prize money for which was subsidized by the Branch to the extent of £59.

The Society has not lost sight of many problems facing the pig producer, and during the year representations were made, again urging the State Government to establish a pig testing station at Werribee; advocating that the Commonwealth Government take over meat as it is delivered into cold storage, and urging the Federal Government to make wheat available to those engaged in the Pig, Poultry and Dairying Industries, at a price closely approximating that received by the wheat growers. Attention of the Federal Prices Commissioner was also drawn to the high retail prices of pig meats as compared with the prices received by the producer.

The Kennel Control Council.

The affairs of the Kennel Control Council, as administered by the Committee appointed by your Council gave satisfaction to breeders and exhibitors generally.

Due to the painstaking efforts of that Committee under the chairmanship of Mr. W. Cockbill of your Council, the Kennel Control Council now has an impregnable position in the dog world and is respected throughout the Commonwealth.

Through its resolve to maintain its existing services despite the war, the Kennel Control Council has been able to ensure that dog showing and breeding has suffered little during the year. Whilst acknowledging the inadvisability of unnecessary spending, the Committee feels justified in its view, because of the very necessary open-air recreation the hobby affords to many at very little cost, and the really substantial sums dog shows are realizing for War Funds.

Considering the difficulties to be met, dog shows of the Kennel Control Council affiliates were well supported.

Many small informal exhibitions of dogs were held by Red Cross Auxiliaries and such bodies to aid these funds. The granting of Kennel Control Council sanction led to quite worth while amounts being obtained.

The Kennel Control Council was responsible to a considerable extent for the success of the Society's Championship Dog Show at Luna Park, which resulted in a donation of £100 to the Red Cross Society's Prisoners of War Adoption Scheme. The attendance of over 5,000

persons in the two days of the Show demonstrated very clearly the public interest in the section, and the effect it must have on Royal Show gate receipts in normal times. Special classes were again subsidized by the Kennel Control Council, and these provided an interesting programme of judging at night.

With encouragement from the Kennel Control Council the Victorian Obedience Dog Club was formed during the year and granted affiliation.

The demonstrations arranged by such Clubs abroad, very definitely have increased public interest in dog shows and the effects of this Club's work will be watched very keenly.

Whilst the rules of the Kennel Control Council now have been tested thoroughly, the Committee did not hesitate to make alterations and additions to meet new circumstances.

To fill the vacancy in the Committee arising from the resignation of Dr. Westmore F. Stephens occasioned by the demands of his profession, Mr. L. S. K. Cunningham was appointed by your Council.

On 1st January the new type of Challenge Certificate, the winning of which leads to the title of Kennel Control Council Champion, was introduced. Unlike the original type these vary in value according to the competition met, and so give much more equitable reward for wins.

Although special arrangements had been made through the courtesy of Sir William Angliss, M.L.C., for reservation of a suitable area, the quail season was so poor that the Committee deemed it inadvisable to conduct the Annual Championship Field Trials.

Dog breeding and exhibiting in Victoria is now stable, profitable and in itself, quite an industry. Hopes are held that after the war there will be considerable exports to those countries which have been forced by the unhappy times to relinquish or drastically curtail these activities.

The Victorian Working Sheep Dog Association.

The Association still retains the support of breeders and workers, and a substantial increase in the membership can again be reported.

Although quite a number of Societies, which usually conducted trials, have discontinued their activities as a result of the war, the competitions held throughout the year by those bodies that were able to carry on attracted excellent entries, which is further indication that interest is still being maintained in this vital phase of the sheep industry—the development of the already high standard of the working sheep dog.

One of the biggest and most interesting programmes in the way of Sheep Dog Trials ever staged in Australia, was conducted at Yarrowonga in July last, when the 1941 competition for the Captain Payne 50-guinea trophy, and the William Cooper and Nephews' Utility Trial were held in conjunction.

The combined trials were conducted by the Yarrowonga and Border Agricultural and Pastoral Association, under the auspices of the New South Wales Sheep Dog Trial Workers' Association and this Association. Keen interest was displayed in both trials, which attracted excellent entries from Victoria and adjoining States.

During the Yarrowonga Trials, a Conference discussed the advisability of forming an Australian Association to control Sheep Dog Trials and conduct Australian Championships. However, nothing definite was done along these lines; but a resolution was passed intimating that the conduct of Australian Championships would be desirable.

At this time, perhaps more than any other in the history of rural Australia, the sheep dog is going to "pull his weight," in every sense of the word. With so many men gone from country districts, and so much left to do, the well-trained sheep dog, able and willing to be directed by those who remain, will compensate more than ever for the absence of labour which cannot now be obtained.

PTY. LTD.

Member of the B.U.A., London, and A.F.D., Victoria.

FUNERAL DIRECTORS

To the Royal Australian Navy, Commonwealth Military Forces and Royal Australian Air Force.

No connection with any other firm of similar name.

To those who are bereaved of loved ones the funeral director plays an important and delicate role.

He quietly relieves the grief-stricken of all responsibility and care, and performs his part with efficiency and tact.

In this respect, when competency, sympathy and moderate cost go hand in hand, it is an ideal combination.

We render a service to lodges, churches and similar institutions.

ARTHUR APPS, J.P., Managing Director.

FUNERALS CONDUCTED CITY AND COUNTRY

The Victorian Young Farmers' Clubs Association.

With a continuance of the financial assistance of the State Government, this Association was able to consolidate and increase the extent of the Young Farmer movement throughout Victoria.

Greater enthusiasm on the part of adults was a feature of the year's work, due, no doubt, to parents noticing the difference Young Farmers' Clubs bring about in their children. This quickened interest has led to pasture plots and such activities in school grounds becoming in many cases miniature experimental stations, where information of value to the whole district is gained. Officers of the Agricultural Department were most helpful in this respect.

Despite petrol rationing the Association's three supervisors were able to make personal contact with clubs and to be of real assistance to the children and the teachers.

Probably the most noteworthy activity during the year was a display of Young Farmer work and series of lectures and demonstrations by the children at the Annual Convention of the Chamber of Agriculture. The aims and the practicable results of Young Farmer work were impressed upon the delegates and visitors from Agricultural Societies and other bodies interested in rural matters. By this means the message was taken to practically every part of the State. So impressed were they that two important motions were carried during the course of the Convention. One provided that teaching of agricultural science should be an integral part of the school curriculum in rural areas and the other urged promotion for those school teachers who loyally and efficiently conduct Young Farmers' Clubs.

The fourth of the annual three-year Young Farmer scholarships at an Agricultural College was allotted by the Council of Agricultural Education through the Association. The examinations for these scholarships bring home very forcefully the amazing amount of knowledge these young people acquire through their Clubs.

Realizing the very important part district inspectors of schools can take in helping and encouraging teachers with their Young Farmer work, arrangements were made that they should submit annual reports to the Association on the Clubs visited.

Despite the war, in fact because of the greater need it has created for rural education, the Association persisted with its annual School of Agriculture which is held for the benefit of both teachers and non-teachers. The Association is indebted to the Deputy Premier (Hon. A. E. Lind, M.L.A.) for officially opening the school. This year some members of the Women's Land Army of the Country Women's Association attended the classes.

The first of a series of complete booklets on various Club projects was published. This one dealt fully with the Dairy Project and it proved of great value to teachers. These publications should be of considerable help in overcoming the reluctance of some teachers to form Clubs in their schools, because of their lack of knowledge of agricultural subjects. The issue of these booklets is additional to much circular matter made available to Clubs.

At the close of the year there were actually fewer Clubs affiliated than before but the Association is proud of its achievements in this respect, considering its determination not to foster a Club unless it is thoroughly satisfied circumstances will permit it to function properly and so ensure that the children's future on the land is not endangered by incorrect or otherwise undesirable teachings. The Council of the Association will not lower the prestige of the movement in order to obtain temporarily impressive but ultimately damaging increases.

The Association is prosecuting the work of Young Farmers' Clubs to the utmost, realizing that rural education was never more important to the country than now.

The Chamber of Agriculture of Victoria.

The forty-second Annual Meeting and the thirty-ninth Annual Convention of this Chamber, held at Bairnsdale on 22nd, 23rd and 24th April last, was officially opened by the Deputy Premier (Hon. A. E. Lind, M.L.A.), and was attended by a large number of delegates representing affiliated bodies throughout the State.

A very cordial welcome was extended to delegates and everything possible was done for their comfort and entertainment during their stay.

Several most interesting and instructive addresses were delivered and the many items on the agenda were well discussed.

A full report of the Convention was published in the Chamber Year Book, together with the text of all the addresses, and copies of this publication were widely distributed.

The major portion of one of the evening sessions was devoted to the work of the Victorian Young Farmers' Clubs Association. This, in conjunction with a display and a series of demonstrations by Young Farmers, organized in a neighbouring hall by the Association, did much to foster interest in and encourage a development of the Young Farmer movement throughout Victoria.

During the year the Chamber has maintained its interest in all matters affecting the primary producer, and has been particularly active in endeavouring to overcome the problem of the shortage of labour in rural areas.

Lord Mayor's Queen Carnival.

Early in the year members were advised that Council had resolved to support the Lord Mayor's Queen Carnival, which was organized on a State-wide basis, with the object of raising £50,000 for Australian Red Cross and Comforts Funds.

DUMBRELLS JEWELLERS

Miss Strella Wilson, the well-known singer, was chosen as Queen of Primary Products, and this Society's full support was given the Committee—representative of all phases of primary industry—which, under the chairmanship of Sir William Angliss, made strenuous efforts to ensure her the honour of being crowned Queen of the State.

Nine other Queens were chosen by other interests and the keenest of keen competitions resulted in approximately £100,000 being collected.

At the conclusion of the campaign your Council heartily congratulated the Committee which had worked in the interests of the Queen of Primary Products, and expressed its admiration of the wonderful effort Miss Wilson herself had made in assisting that Committee to raise over £12,000 for the appeal.

Fodder Conservation.

A special committee, comprising the President (Sir Charles E. Merrett), Sir Clive McPherson and Mr. Keith McGarvie (President of the Chamber of Agriculture), appointed for the purpose, was successful in completing arrangements whereby, with the financial assistance of the Victorian Government and the Commonwealth Fodder Conservation Board, it was possible for this Society to launch an extensive and intensive campaign to encourage the practice of fodder conservation throughout Victoria.

Although negotiations were not completed until late in November, your Council is particularly pleased that, in response to the Committee's urgent appeal for co-operation, no fewer than 31 Agricultural Societies and Herd Testing Associations applied for subsidies of £15 each, to be used as prize money in local fodder conservation competitions.

This co-operation is the more keenly appreciated because your Council is fully aware of the difficulties confronting the man on the land at the present time.

A feature of this year's competitions is the introduction of Group Championships. Subsidised bodies are to be grouped according to districts, and the body conducting the local competition from which a Group Champion is eventually selected, will receive £25 towards its own funds, whilst the Championship will carry a cash prize of £10 to the successful competitor, in addition to the prize money won in the local competition.

Whilst your Council has accepted responsibilities in connection with the judging of Group Championships, the subsidized bodies have been invited to nominate judges for local competitions. In this connection, in order to save travelling and expense, it is hoped that in many cases it will be possible for subsidized bodies to secure the services of competent judges locally, and that the competitors will be willing to co-operate with them in overcoming the difficulties of transport from farm to farm.

Your Council is convinced that this united effort will prove of great value to this State and Commonwealth, in that it will be the means of focussing attention on the national importance of conserving fodder as an insurance against losses of stock in adverse seasons.

Wheat Crop Championships.

In addition to making £100 available as prize money for Wheat Crop Championship Competitions, conducted by the Farm Competitions Association in the Wimmera and Mallee as in former years, your Council has agreed to co-operate with that Association in inaugurating a similar competition in the northern wheat areas in 1942, if, when considered in the light of interest displayed by local Agricultural Societies, in so far as the conduct of local competitions is concerned, the Association determines that such action is warranted.

Farm Labour.

Though drought conditions materially relieved the position in 1940, your Council began early this year to urge official recognition of the serious shortage of labour in rural areas.

THE
MERCANTILE MUTUAL

THE
PEOPLE'S PALACE

(Under Salvation Army Management)

131 KING STREET, MELBOURNE

'PHONE: (2 lines) M 2128.

THE PALACE is conveniently situated within a few minutes walk of the heart of the City, Spencer Street Station, wharves and tram routes, and accommodates nearly 500. Equipped with the latest conveniences. Hot and cold water to all showers and baths. Spacious sitting rooms for both ladies and gents,

SINGLE ROOMS from 4/- night, 22/- week; DOUBLES from 7/6 or 42/6 week. EXCELLENT MEALS from 1/6.

REFRESHMENTS AT ALL HOURS.

In co-operation with the Chamber of Agriculture representations were made direct to the Hon. the Premier, and later in association with representatives of other bodies a deputation to the then Federal Minister for Labour and National Service (Hon. H. E. Holt) was arranged.

Subsequently the State Government appointed an officer to take a census of labour required in various branches of primary industry, and though this action was taken too late to allow full beneficial effect in connection with the hay and wheat harvest, the organization now at work will undoubtedly assist fruit growers, etc., and, if maintained, will be able to render invaluable service in 1942.

The Council.

As nominations for election at the annual meeting in February were not in excess of the number of vacancies, all of the retiring members of Council were elected for a further period of three years.

A vacancy, caused by the resignation of Mr. R. E. Dawson, was filled by the election of Sir William Angliss in August last.

Your Council records with deep regret the death of Mr. W. M. Black, who rendered invaluable service to the Society since he was first elected to the Council in 1925. The vacancy thus caused will be filled at the forthcoming annual general meeting of members.

Leave for the duration of the war was granted to Messrs. W. J. T. Clarke and Norman Mitchell, who are now members of the Army and Air Force respectively.

Special leave of absence was granted to Captain A. E. T. Payne, Messrs. W. Cockbill, A. G. Hunter, J. A. Mitchell, H. H. Peck, A. McMillan and M. A. Nicholas.

Acknowledgements.

Your Council records its grateful thanks to the Moonee Valley Racing Club, the Proprietors of Luna Park, the Melbourne City Council and its Abattoirs and Cattle Markets Committee; the Australian Meat Board, the Department of Agriculture and the Stud Stock Breeders' Societies, for the valuable assistance given in connection with the Shows and Competitions already referred to in this report; to the Judges and Stewards whose honorary services were greatly appreciated by all concerned, to the exhibitors who, by their wholehearted support, again demonstrated their desire to co-operate with the Society in its efforts to cater for them, to those who made donations to the prize funds and to those whose support was given through advertisements in show publications, to the Press and Broadcasting Stations for the generous publicity given to the Society's activities, to those who maintained their membership of the Society, despite the unavoidable restriction of privileges, and to all others who in any way assisted in furthering the interests of the Society throughout the year.

This opportunity is also taken to place on record the Council's keep appreciation of the action taken by the Trustees of the National Gallery in presenting to the Society three valuable statues, which will in due course be erected on suitable sites at the Show Grounds.

Finance.

Reference to the financial statement published herewith, will show that the overdraft has been materially reduced by comparison with that at the end of the previous financial year. This is accounted for by the payment during the year of the balance due from the Defence Department in respect of 1940, as well as the major portion of the Society's claim for 1941, which as formerly included a considerable amount for depreciation.

In view of the vital importance of the Air Force in the war, Members will, without doubt, share with the Council a feeling of satisfaction that the use of the Show Grounds has facilitated the training of many thousands of men for the Royal Australian Air Force.

Mitchell Milkers

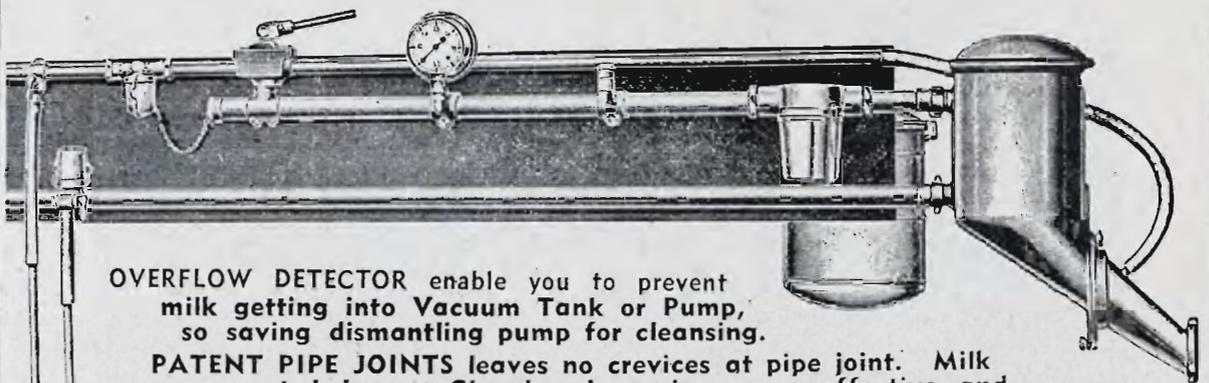

relieve you of all the drudgery of milking . . . Fitted with the most modern devices for ensuring clean milk . . .

DESIGNED FOR EASY, RAPID, EFFICIENT CLEANING

This is most important

3 TYPES OF PLANTS

{ SINGLE PULSATOR.
1 PULSATOR PER UNIT.
BUCKET TYPE.

OVERFLOW DETECTOR enable you to prevent milk getting into Vacuum Tank or Pump, so saving dismantling pump for cleansing.

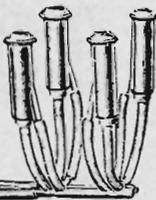

PATENT PIPE JOINTS leaves no crevices at pipe joint. Milk cannot lodge. Cleaning is easier, more effective and quicker. Much more hygienic.

RELEASER has no pipe bends or rubber joint. This ensures quick, efficient cleaning.

DETECTOR shows at once if, through a damaged inflation, milk is in the air line. This is a valuable feature. Without it milk, unknown to you, can foul the airline, enormously increasing bacteria and reducing your milk value.

AUTOMATIC CUT OFF VALVE automatically stops the machine working if releaser happens to fail, as it might on any plant.

VISIBLE TAPS allow you to see that each cow is milking.

DANDENONG CLEAN MILK COMPETITION

—The "Mitchell" Milker owned by Mr. A. J. Hamilton, Dandenong, was awarded the highest number of points of any milking plant in Section A (over 25 cows) in the Clean Milk Competition recently held by the Dandenong Agricultural Society.

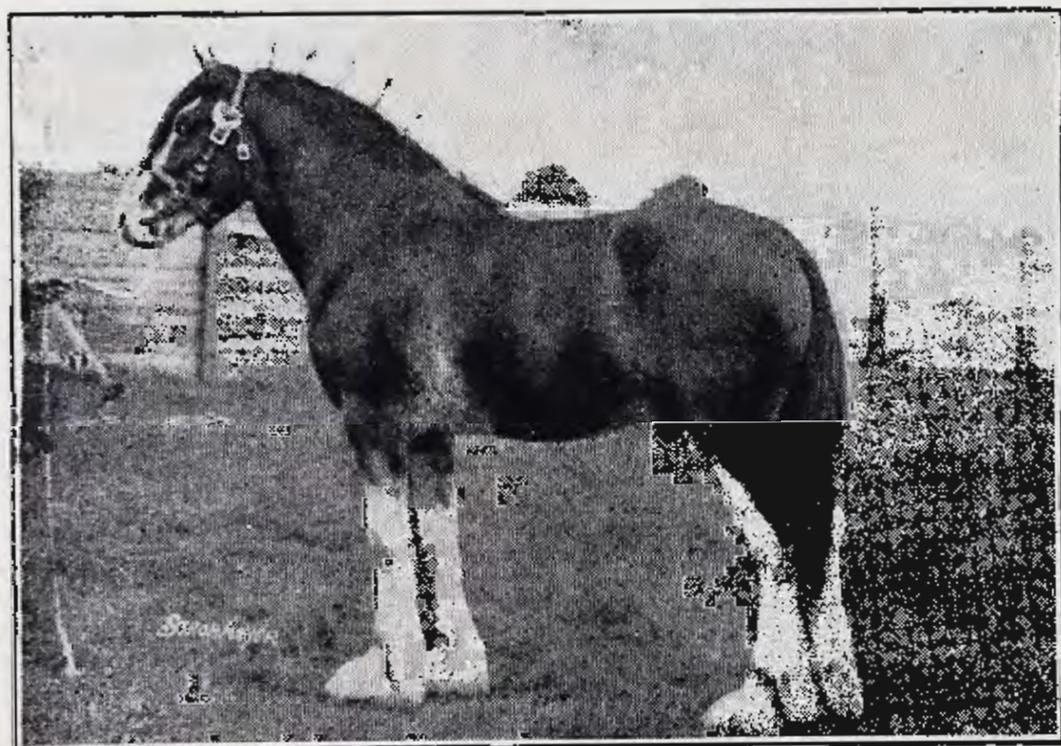

The MITCHELL is a superior Milker in every sense — it is superior in the quality of its parts — superior in design — superior in milking efficiency — superior in cleaning facilities.

Bartram—Smoke-oh. **Novice Pony Mare or Gelding**—18 entries.—1, Mrs. Gwen M. Moore—Lindy

A Record of Service and Progress

THE ANNUAL REPORT FOR 1941 SHOWS THAT THE
SOUND GROWTH OF THE T. & G. HAS BEEN WELL
MAINTAINED.

SERVICE—The T. & G. is a Mutual Life Society — it has no shareholders. In the forefront of its ideals it places fair dealing and service to its Policyholders. All claims are settled with the utmost promptness. £2,970,000 was paid to Policyholders last financial year — nearly £10,000 every working day in the year.

POPULARITY—The esteem in which the Society is held is shown by the fact that during the year a large number of existing Policyholders, in addition to new members, acquired protection for themselves and their dependants. In all 159,244 new Policies assuring £14,827,338 were effected.

SECURITY—The assets, which are held in trust to meet Policy liabilities, now total more than £37,000,000 invested in first-class securities.

BONUSES—As there are no shareholders the greater portion of the surplus will be distributed to Policyholders in the form of Revisionary Bonuses, the balance being held as reserves against contingencies.

WAR EFFORT—Over 500 members of the Society's Staff have enlisted for Active Service, and the Society has invested to the limit of its capacity in the various War Loans in Australia and New Zealand. The sum of almost £2,000,000 was contributed to Government Loans during the year.

The T. & G. SERVES THE NATION.

IT SPECIALIZES IN PROBATE, ENDOWMENT AND
CHILDREN'S ASSURANCES ON THE MUTUAL PRINCIPLE.

TRINITY GRAMMAR SCHOOL

KEW, VICTORIA (Incorporated)

A CHURCH OF ENGLAND PUBLIC SCHOOL FOR BOYS
(from 12 to 19 years), and
TRINITY PREPARATORY GRAMMAR SCHOOL
(for boys from 5 to 12 years)

Ideally situated in beautiful surroundings, in grounds of nearly ten acres, ON THE CREST OF THE HIGHEST PART OF MELBOURNE. Three separate houses for boarders. Splendid sleeping-out accommodation. New Buildings. Modern methods, ensuring individual attention with full collegiate life. The house tutorial system ensures individual attention for each boarder in his studies by the resident members of the staff.

Special provision for the care of young boarders.

In the two schools, each with its separate playing fields and organisation, and its own staff of University graduates and trained teachers, but both under the one Headmaster, boys are taken from the beginning of their school education to the School Leaving Honours standard of the University of Melbourne. Approved by the University as a school in Class "A" for Intermediate and School Leaving Examinations Illustrated Year Book Posted on Request.

Early application for places for 1942 desirable.

FRANK SHANN, M.A., Dip. Ed., Headmaster.
Telephone: Haw. 412.

Pull Trees Out by the Roots

Born to the work, heavy trees and stumps are torn out, abolishing hours of arduous digging and root cutting. In the "Monkey" Grubber way of clearing work is done expeditiously and without great outlay, leaving the land clean for tilling.

The machine is compact and sturdily built to deliver 260 times the power applied to the handle. It is quite portable and fitted with an automatic lowering gear, second speed, rope shortener, snatch block, etc. Ample cable to take an acre and a half from an anchor.

JACKS for any job

about the farm or station, with engines or implements, wagons, trucks, and machinery, with house and machinery removers, in shipyards, on railroads, or with bridge builders, etc., may be had from Trehellas.

The "Wallaby" Jacks are utility tools; the "Monkey" Jacks for heavy farm work, etc.; Wood-cased Jacks to 10-ton capacity; Hydraulic Jacks to 200 tons; Ball Bearing Jacks to 45 tons; and special jacks for railroads.

**Modifications of these types are made for
many purposes.**

A Comfort Hint

● For All Rail

Travellers . . !

Every time you journey by rail, enjoy the added comfort of first-class travel . . . for the very good reason that

FIRST-CLASS TRAVEL COSTS

VERY LITTLE MORE THAN

SECOND-CLASS

Here are a few examples showing why you should invariably ask for a first-class ticket:

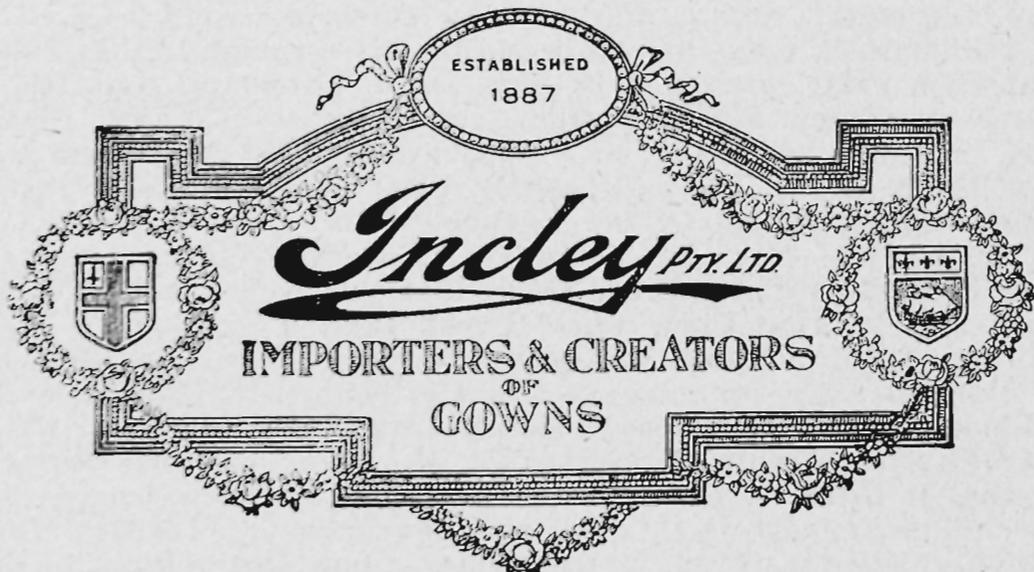

Between	Return Mileage	1-month return fares	
		1st Class	2nd Class
Benalla-Melbourne .	242½	26/9	21/5
Horsham-Melbourne	406½	44/8	35/9
Kerang-Melbourne	359	39/7	31/8
Numurkah-Melbourne	267½	29/7	23/8

For further details of these pocket-pleasing fares, consult your local **Stationmaster**.

Charlock (imp.) (21379). **Trophy**, presented by R. H. Philp, for **Best Cocker Spaniel Puppy Dog**—Norglen Kennels—Symphony of Norglen (22559). **Trophy**, presented by Dr. J. R. RULES

1. The Society shall be called **The Royal Agricultural Society of Victoria.**

2. The objects of the Society shall be to promote the development of the Agricultural, Pastoral, Horticultural, Viticultural, Stock Raising and Industrial Resources of the State—

- (1) By holding Exhibitions at such places and times as the Council shall appoint, and by offering and awarding prizes and premiums at all such Exhibitions, if deemed desirable.
- (2) By holding meetings for the purpose of popularising rural life and disseminating knowledge of improved methods and new ideas in relation thereto.
- (3) By corresponding with Agricultural and other kindred societies, and collecting information for the furtherance of the objects of the Society.
- (4) By promoting the discovery, investigation and introduction of improved kinds of agricultural implements and machinery, the better equipment and construction of farm buildings, the application of chemistry to the general purposes of agriculture, the destruction of insects injurious to vegetable life, and the eradication or utilization of weeds.
- (5) By promoting the discovery, investigation and introduction of new varieties of cereals, vegetables or grasses suitable to the climate, and capable of being cultivated with profit; and also the introduction of desirable kinds and varieties of live stock.
- (6) By collecting and distributing information on all subjects concerned with the objects of the Society, including the preparation and publication of Flock Books, Herd Books, Stud Books, Pamphlets, Essays and Papers, and by the establishment and maintenance of a Library and Reading Room for the use of Members.
- (7) By investigating the nature of diseases in animals or plants and taking measures to encourage the prevention or eradication of such diseases.
- (8) By remunerating any person for original research work leading to the advancement of the objects of the Society.
- (9) By the purchase of live stock for breeding purposes and allowing farmers and other rural workers the use thereof for improving the standard of live stock.
- (10) By promoting or assisting any scheme for herd testing and remunerating any person for his services in connection therewith.
- (11) By promoting or assisting competitions in regard to farm crops and other primary production, implements of husbandry and improvement of the conditions and methods of rural work.
- (12) By promoting or assisting any other work which may be regarded by the Council of the Society as being beneficial to primary production or the improvement of live stock.
- (13) By borrowing monies at interest on "short call" or otherwise from bankers or any other source for the purposes of the Society, and particularly for repaying in whole or in part monies owing or which may become owing by the Society either on current account or otherwise.
- (14) By establishing and supporting or aiding in the establishment and support of funds, trusts and conveniences calculated to benefit employees or ex-employees of the Society, or the dependents or connections of such persons, and by

granting pensions and allowances, and by making contributions towards Insurance Premiums.

(15) To do all such other lawful things as are incidental or conducive to the attainment of the above objects.

3. The Society shall consist of a President, three Vice-Presidents, four Trustees (three of whom shall be appointed as hereinafter provided, and one shall be appointed by the State Governor), Governors, Members, Honorary Members, Honorary Scientific Members (not exceeding six in number), and Corresponding Members. The term "Member" shall (unless the context otherwise requires) be deemed to include a Life Member, Life Governor and Governor.

4. Subject to the provisions of Rule 27, every applicant for admission into the Society, by giving his name and address, with his subscription, to the Secretary, shall be duly constituted a Member of the same, and shall have all the rights of membership till the day after the Annual Meeting next ensuing. Provided that when any subscription shall be paid in the name of any firm or company such firm or company shall nominate in writing one of the members thereof, who shall, on the receipt by the Secretary of such nomination, be entitled to and exercise the rights and privileges of membership, and be bound by the Rules, By-Laws and Regulations of the Society, and may be elected to any office.

5. Governors shall pay a subscription of three pounds three shillings and Members one pound ten shillings annually. Life Governors shall pay a subscription of fifty pounds, and Life Members a subscription of twenty-five pounds.

6. The Society shall be managed by a Council consisting of thirty-three Members (elected from amongst the Members of the Society as hereinafter provided) and the Trustees, who shall be *ex officio* Members of the Council.

7. One-third of the Council (the Trustees excepted) shall retire annually in rotation, but shall be eligible for re-election.

8. Land acquired, or to be acquired, for the Society shall be held by and be vested in the Trustees for the time being of the Society for and on behalf of the Society. The Trustees appointed as provided by these rules shall hold office until disqualified, or until they are removed in due course at the Annual or at a Special General Meeting of the Society. Any new Trustee or Trustees shall be appointed at the Annual or at a Special General Meeting of the Society, or in accordance with Rule 14. The Trustees shall deal with the lands of the Society as directed by resolution of the Council of the Society (of which an entry in the Minute Book shall be conclusive evidence), and they shall be indemnified against risk and expense out of the Society's property. If the office of Trustee, appointed by the State Governor, shall become vacant by reason of death, resignation or otherwise, a new Trustee shall be appointed by the State Governor.

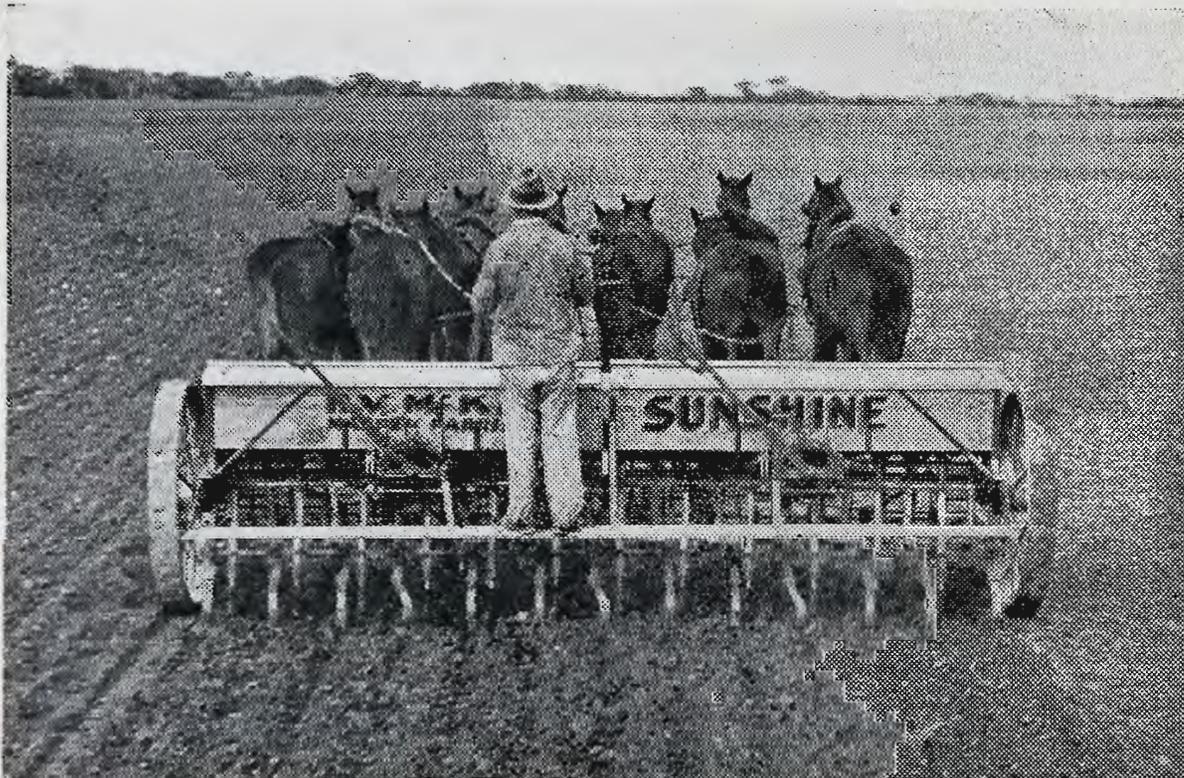

9. The Council shall, at their first meeting after the annual election in each year, elect out of their own number (which includes the Trustees) a President and three Vice-Presidents.

10. The Council shall have the entire management of the income and funds of the Society, and all other affairs thereof, and for these purposes the Members of the Society for the time being shall be deemed to have constituted the Council of the Society for the time being their agents.

11. The Council shall have power to appoint and remove all paid officers of the Society.

12. The Council shall have power to elect Honorary, Honorary Scientific and Corresponding Members, nominations therefor having been submitted at a previous meeting and a notice of such nominations having been sent to each Member of the Council. The Honorary Scientific Members shall retire annually, and shall be eligible for re-election.

FOR SOWING, FOR CULTIVATING, *use* SUNSHINE COMBINES

Sunshine Combines will help you grow the best possible crops. They cultivate thoroughly, provide the correct surface mulch and plant seed and fertilizer evenly on a firm and level seed bed. Leading farmers use them consistently.

The Suntyne (illustrated above) is the famous Sunshine combined grain and fertilizer drill and spring tyne cultivator. 7 sizes; 8 to 24 rows. Team or tractor haulage.

The Sunlea is the patented stump-jump rigid tyne cultivator drill with over-head bridle draught. 12, 16 and 20 row sizes. Team or tractor haulage.

Ask your local agent for free illustrated catalogue, or write direct to—

H. V. McKAY MASSEY HARRIS Pty. Ltd.

Sunshine Harvester Works, SUNSHINE.

13. Governors and Honorary Scientific Members may attend meetings of the Council and take part in discussions thereat, but shall not have power to vote.

14. The Council may, except as to the Trustee appointed by the State Governor, fill up any vacancies in its own body created by death, resignation or occurring in any other way amongst its office-bearers.

15. The Council shall have power to make or amend such regulations as they think necessary.

16. The Council shall be regulated in its proceedings by such By-laws as shall from time to time be enacted by it, conformably with the Constitution and objects of the Society; but no By-law shall in any case be altered, or new one proposed, unless notice of such intention has been given at a previous meeting and sent to each member of the Council.

17. The financial year of the Society shall end on the 31st day of December of each year, to which day the accounts of the Society shall be balanced. At the monthly meeting of the Council, to be held in January in each year, the Council shall prepare a list of Members nominated by them to fill the vacancies in the Council. Nominations (other than those made by the Council) of Members who may be candidates for such vacancies must be in the hands of the Secretary prior to such meeting. Every nomination other than those made by the Council shall be signed by at least two Members other than the candidate, and shall have endorsed thereon the consent of such candidate, duly signed by him.

18. The Annual General Meeting shall be held on the last Thursday in February, at which meeting the Annual Report and Balance Sheet shall be submitted. Members elected to fill the vacancies in the Council, two paid Auditors appointed, and any other business transacted of which due notice in writing shall have been given before the hour of two o'clock in the afternoon of the second Tuesday in January immediately preceding.

19. Fourteen days at least before the Annual General Meeting the President or his Deputy shall send to all Members of the Society a ballot paper, numbered, and initialled by the President or his Deputy, or the Secretary, with the names of all the candidates who have been duly nominated, and each Member desiring to vote shall erase therefrom all names he thinks fit. Provided that any ballot paper containing more or less than the required number of names shall be rejected by the President (who shall be Returning Officer) or his Deputy at the election. Every such ballot paper shall be returned before the closing of the poll, which shall be at three o'clock p.m. on the day of the election, and the said ballot papers shall be opened and counted when the Returning Officer is making up the poll.

20. Fourteen days at least before the Annual Meeting a copy of the Report and audited Balance Sheet for the preceding financial year shall be forwarded to every Member of the Society.

21. The Secretary shall report to the meeting of the Council next after the Annual Meeting the Members elected to fill the vacancies in the Council.

22. A Special General Meeting of the Society may be called at any time by the Secretary, on direction of the President or on the requisition of twenty Members of the Society, of which meeting there must be given ten clear days' notice stating the business to be transacted, but no business shall be transacted at any such meeting other than that for which it has been called.

23. A Special Meeting of the Council may be summoned by direction of the President or of three members of the Council, but no business then transacted shall be valid unless confirmed by special resolution at the subsequent Ordinary Meeting.

24. At the Annual Meeting twenty Members, including Members of Council, or at a Special General Meeting ten Members, exclusive of Members of Council, shall form a quorum.

25. The privileges of Membership shall consist of power to vote at the election of Members of Council appointed by the Society, of free admission to the Library, Reading-room and Lectures, and, (with two ladies if the member be a Life Governor, whenever so constituted, or a Life Member, so constituted before the 2nd February, 1939, but with one lady only as regards all other Members) to the Society's exhibitions, grounds and grandstands (subject to such regulations as the Council may make) on production of the Member's ticket for the current year. And while the Society issues a monthly journal a copy shall, on receipt of a request in writing, be posted free to every Member.

26. Any Member neglecting or refusing to comply with these Rules, or any or either of them, or any lawful directions or requirements by the Council made in pursuance or under the authority thereof, or being guilty either before or after becoming a Member of the Society of conduct calculated to bring the Society into discredit in connection with its General Meetings, its Meetings of Council, its Exhibitions, or other objects, shall be liable to be summoned before the Council, and, if found guilty, shall be subject to reprimand or to have his name expunged from the roll of Members, and may also be disqualified from exhibiting and may be disallowed from again becoming a Member during the pleasure of the Council. A Member expelled under this Rule shall forfeit all right in and claim upon the Society and its property.

27. Any person being expelled from Membership or disqualified from exhibiting, riding or competing by any kindred society shall not be allowed to become a Member or to exhibit, ride or compete at this Society's Exhibitions until such expulsion be rescinded or such disqualification be removed, provided such expulsion or disqualification be confirmed by the Council of this Society.

28. The Council shall be the sole authority for the interpretation of these Rules, and of the By-laws and Regulations made thereunder; and the decision of the Council upon any question of interpretation or upon any matter affecting the Society or the administration of its affairs, whether provided for by these Rules or by the By-laws and Regulations made thereunder or otherwise, shall be final and binding on the Members.

29. Every Member shall communicate from time to time to the Secretary his address; and all notices required by these Rules to be sent or given to Members shall be deemed to have been duly sent or given if posted or sent to such address.

30. Every person becoming a Member of the Society thereby undertakes, if at any time required to do so by the Council, to give evidence by statutory declaration or otherwise of any facts within his knowledge or information relating to the subject matter of any inquiry by the Council.

31. Every person becoming a Member of the Society shall thereby undertake to indemnify and shall with every other Member thereof be bound to indemnify the Council, and the individual Members thereof, any Committee of the Council and any Members of any such Committee, against any action or damages in respect of anything done or purported to have been done in accordance with these Rules, or the By-laws or Regulations made thereunder, during the continuance of his Membership.

32. The Council and the Members thereof shall be indemnified out of the Society's property against risk and expense which may occur through borrowing monies in accordance with paragraph 13 of Rule 2; and Members of the Society, notwithstanding Rule 31 hereof, shall not by reason only of their membership be or become personally liable through, by reason, or on account of any such borrowings.

33. These Rules shall not be altered except by a majority of the Members present at the Annual or at a Special General Meeting.

BY-LAWS

GENERAL MEETINGS.

1. Notice of the Annual and Special General Meetings of the Society shall be given in such newspapers as the Council may decide, and by circular through post to every Member; and all matters, except the election of the Members of Council at the Annual Meeting, shall be determined by a show of hands, unless a division is called for by at least three Members present. At every Annual General Meeting the minutes of the last Annual Meeting shall be read and confirmed; a report, together with a financial statement from the Council, shall be submitted, and any Member present may propose any question to the Council respecting the matters contained in such report, and comment thereon, or may refer to such other matters relating to the government of the Society and the management of its affairs as to him may seem proper, provided that his remarks have reference to some motion of which notice has been previously given in accordance with Rule 18.

2. The President or his Deputy shall conduct the election at the Annual General Meeting, at which meeting two or more scrutineers shall be chosen by the President or his Deputy to assist in making up the state of the poll.

THE PRESIDENT.

3. The President shall, in all official relations of the Society, take precedence of all other Members, and shall take the chair when present, having (as well as any other Chairman of the Council) the privilege of a casting vote in addition to his own in all cases of equality in a division on any question. He shall sign all such letters, votes of thanks and other documents as the Council may decide.

THE COUNCIL.

4. The Council shall hold a meeting at least every month, on such a day and at such an hour as the Council may decide, for the transaction of the business of the Society, and may adjourn from time to time at its discretion.

5. At the monthly meetings the Council shall have full power to originate, discuss and decide by a majority of votes on a show of hands all questions not involving an unusual outlay of money brought before it; provided that, if any three Members present regard any proposition brought forward as too important for immediate decision, they may object and demand the usual month's notice, whereupon all discussion on the question shall cease.

6. No motion, the effect of which, if carried, would be to rescind any motion previously passed by the Council during the same year, shall be entertained unless one month's notice be given to the Council.

7. The ruling of the Chairman shall be final in all matters of order and practice.

8. If within half an hour after the time at which any meeting of the Council is called a quorum of Members be not present, the Members present, or the majority of them, or any one Member if one only be present, or the Secretary, if no Member be present, may adjourn such meeting to any time not longer than fourteen days from the date of such adjournment, providing that no meeting shall be held on a public holiday, and should an Ordinary Meeting fall on a holiday the Secretary shall be empowered to postpone the date of such meeting and call it not later than ten days after the date on which it otherwise would have been held.

9. Minutes of the proceedings of every meeting of the Council or of any Committee shall be taken during their progress by the

Secretary, or, in case of his absence, by some person present whom the Chairman may appoint for the occasion. The minutes shall afterwards be fairly copied into a minute book kept for that purpose.

10. The Council shall, from time to time, draw up such By-laws as may appear to them expedient for conducting the proceedings of their own meetings, which shall be binding on the Members of the Council, and all such By-laws shall be binding on all and every the Members, Honorary, Honorary Scientific, and Corresponding Members, officers and servants of the Society, as well as on all exhibitors or their assistants at the Society's Exhibitions.

11. The Council may appoint Committees to examine into or take action on any special matter relating to the objects or business of the Society, and may dissolve such Committees when they shall think proper.

12. The Council shall appoint a banker or bankers to the Society, to whom all sums of money received by the Secretary or other persons for the use of the Society shall be paid.

13. No money shall be drawn from the Society's banking account but by order of the Council, after a report from the Finance Committee, and by cheques signed by two Members of such Committee and countersigned by the Secretary. Entries shall be made of all such payments.

14. If any Member of Council, with the exception of the Trustees, shall be absent from three consecutive monthly meetings of the Council without leave having been obtained, his seat shall be declared vacant.

15. The Secretary shall notify to the Council any vacancy which may have occurred in the list of President, Vice-Presidents, Trustees or other members of the Council, at the meeting of the Council at which or next after such vacancy occurred, and such vacancy shall not be filled up until the monthly meeting of the Council which shall take place next after such notice, provided that if any such vacancy occur after the ordinary monthly Council meeting in November such vacancy shall not be filled except at the next Annual Meeting.

16. In the absence of the President, the chair shall be taken by the senior Vice-President then present; and should none of these officers be present, then by such Member as the Council shall choose as their Chairman by a majority of votes. (The senior Vice-President shall be deemed to mean the Vice-President who has been a Member of Council for the greatest number of years in the aggregate.)

17. The quorum of a monthly or special meeting of Council shall be five.

18. At every monthly meeting of Council the order of business shall be as follows:—

- (1) Reading and confirming minutes of previous meeting.
- (2) Business arising from minutes.
- (3) Election of officers and nominations for vacancies.
- (4) Committee's Reports.
- (5) Motions.
- (6) Correspondence.
- (7) Postponed business.
- (8) General business.
- (9) Notices of motions.

19. All minutes and reports read to and adopted by the Council shall be signed by the Chairman.

20. The report from the Council to the Annual Meeting in February shall be prepared at the Council meeting first in January or at some adjournment thereof.

COMMITTEES.

21. The Council shall elect such standing Committees at the monthly Council meeting in February as they think fit, and such Committees shall remain in office until the Annual General Meeting in the ensuing year, two members of Committee to form a quorum.

22. The President shall be *ex officio* a member of all committees.

23. Each Committee, at its first meeting, shall elect its own Chairman for the year, and in his absence a Chairman shall be elected by the Committee for the occasion.

24. All Committees shall make or adopt rules for the conduct of their business, and shall make a report of their proceedings to the Council and shall hold office until they have made their respective reports; but in case such reports shall not have been made previous to the last Thursday in February next after their appointment, their powers shall then cease, providing that standing Committees shall retain office till their successors are appointed.

THE STAFF.

25. The Manager shall be immediately responsible to the Council for the discharge of his various duties. He shall attend the sittings of all meetings of the Council and of Committees.

26. The Secretary shall keep all the Society's books. He shall also conduct the correspondence of the Society and keep copies of all letters on the business of the Society.

27. Under the direction of the Finance Committee, the Secretary shall be responsible for all monies received, paying such sums into the Society's Bank, and producing at each meeting of the Finance Committee receipts for the same; and, excepting the amounts allowed him for petty cash, he shall not retain in his hands any

money belonging to the Society, but shall pay it over forthwith to the Society's Bank. He shall have the charge of the expenditure for petty cash.

28. The Secretary shall have the custody of all books and property of the Society. All books, pamphlets, etc., becoming the property of the Society shall be stamped with the Society's stamp at once.

29. The Manager shall have the immediate superintendence over all of the servants of the Society, and shall be required to report to the Council any instances of misconduct on their part which he may think of such a nature as to require the consideration of the Council.

30. The Manager and the Secretary shall each find, if required, approved security to the amount of £500, the premium to be paid by the Society.

31. Neither the Manager nor the Secretary shall exercise any of the privileges of a Member of the Society.

FINANCE.

32. The Finance Committee shall have the immediate care of the Society's funds, and shall meet before the ordinary Council meeting in each month, in order to prepare a report for the Council on the state of the Society's funds, which they shall present to each monthly meeting, as well as a statement of the payments recommended to be made, together with all the books in which entries of cash receipts or payments are made, and such documents as the business of the day may require. Should a report from the Finance Committee not have been presented at the meeting of the Council, the Secretary shall report the state of the funds to the Council, in which case the Council shall vote the moneys required without such report.

33. The Chairman of the Finance Committee shall be the Honorary Treasurer of the Society.

34. All receipts for money received on behalf of the Society shall be out of a book with counterpart.

35. All moneys received and paid shall be entered daily in a general cash book.

36. The accounts of the Society shall be audited as may be required by the Council by two professional accountants, to whom a balance sheet shall be submitted by the Secretary immediately after the close of the financial year, and such, when audited, shall be presented at the Annual Meeting.
