Seventy-Seventh Annual Report of the Council of the Royal Agricultural Society of Victoria

To the Members.

Ladies and Gentlemen,

Your Council has much pleasure in presenting the following report of proceedings of the Society for the year ended 31st December, 1947.

Distinguished Visitor.

Your Council records with pleasure that at

resume of the aims and aspirations of the Royal Agricultural Society of England, and his insistence on the desirability and value of close co-operation between his Society and the "Royals" in the Dominions was readily endorsed by his audience.

Following his return to the Mother Country, Lord Bledisloe was awarded the Gold Medal of the Royal Agricultural Society of England—in its highest honour—in recognition of his dis-

The Council was honoured by a visit from Lord Bledisloe (President of the Royal Agricultural Society of England) to the January meeting. Lord and Lady Bledisloe are here shown being welcomed by Sir Charles Merrett (immediate Past President).

its January meeting it had the honour of extending, on behalf of the Society, a very cordial welcome to the Viscount Bledisloe, P.C., K.C.M.G., K.B.E., the immediate past president of the Royal Agricultural Society of England, who was on a Goodwill Mission to Australia and New Zealand on behalf of the Society.

During his address, Lord Bledisloe revealed his very wide knowledge of all matters affecting the man on the land. He gave a most interesting

tinguished services and invaluable work on behalf of that Society in particular, and of agriculture in general.

1915 — 1947.

President "Stands Down."

It was with profound regret that members at the annual meeting learned from Sir Charles Merrett that he had decided to "stand down"

from the position of President and see a younger man elected to carry on the work of the Society.

The following motion was carried with prolonged acclamation:—

“The members present at this annual meeting express their deep regret that the President, Sir Charles Merrett, has found it necessary to relinquish the office he has filled with such distinction for the past thirty-two years, and they place on record their gratitude for the unremitting devotion to the Society's affairs displayed at all times by Sir Charles, and further, they express the hope that good health will attend him during the years that lie ahead.”

At its meeting in March, your Council assured Sir Charles Merrett that whilst his decision was greatly regretted, his colleagues felt it would not be right to do other than accept it.

Mr. Cecil N. McKay, the Senior Vice-President, was thereupon unanimously elected President.

Speaking from the chair, Sir Charles said he was sure members had made a wise selection.

Having noted with full approval the motion carried at the annual meeting, your Council unanimously resolved to record its sincere appreciation of the outstanding services rendered to this Society by Sir Charles Merrett.

When responding, Sir Charles desired his colleagues to realise how deeply he appreciated their many kindnesses to him and the support they had accorded him during his many years as President.

Buildings and Works.

The second year of post-war activity just concluded, has been equally as strenuous as the first, because of the decision to grasp the opportunity to earn revenue between Shows by adapting the Society's grounds for use as the headquarters of the Trotting Control Board and the introduction of Night Trotting in Victoria.

With a continuance of the support of the State Government, and bearing prominently in mind the dual purpose value of the works undertaken, your Council proceeded with the widening of the trotting track to 45 feet, the alteration and amplification of the lighting; the erection of tubular steel stands to increase accommodation around the arena; necessary alterations to existing grandstands, etc., etc., and despite many exasperating delays, was eventually successful in having all necessary facilities available for the running of the Show programme.

1947 Royal Show.

Practically every Show conducted by the Society had been outstanding in some respect, and this was certainly the case with the seventieth

exhibition, which was officially opened by His Excellency the Governor (Sir Winston Dugan), on Friday, 19th September, 1947.

The Governor (Sir Winston Dugan) officially opens the Show.

“Leader” photo.

In view of his impending departure from Victoria, His Excellency took the opportunity to compliment the Society on its national work, and to wish it well in the years to come.

The phenomenal entry received, particularly in the main stock sections, as is revealed in the accompanying comparative statement, presented a problem which was practically insurmountable, and was only coped with with the co-operation of exhibitors in the several sections.

Your Council is convinced that members generally will realise that even if materials and labour were available, it would be inadvisable to unduly extend the permanent accommodation for stock on the Show Grounds, rather would

The following table is published in order that a comparison may readily be made of entries received in the various sections since 1932:—

they endorse the opinion that the emphasis of this Society must be on the quality of the stock exhibited, and regulations governing exhibition must be examined with that end in view.

The Society was again wonderfully well supported by business firms, whose displays occupied every available space on the Show Grounds, and although public patronage of the Show was not expected to be as great as in 1946, your Council noted with satisfaction the total attendance of 585,778 persons, which, though 67,000 less than in 1946, was nevertheless 165,000 above the pre-war record in 1938—a tribute to the comprehensiveness of the Show and the excellence of the arena programme.

A very interesting feature was the material increase in the number of patrons of the eight night sessions—they totalled 146,263.

The action of the Australian Broadcasting Commission in establishing a fully equipped studio at the Show Grounds, the working of which could be viewed through plate glass windows, is worthy of special mention as an item of particular interest to Show patrons; also the thoroughly revitalised display staged by the Department of Agriculture in the Government Pavilion; the Horticultural exhibits, for which the Royal Horticultural Society, suburban horticultural societies, and the Nurserymen and Seedsmen's Association were responsible; and, in the Centenary Hall, the District Exhibit staged by the Whittlesea Agricultural Society, and exhibits by the Banana Growers' Federation, the Apiculture Industry, and the "Save the Forests" Campaign Council.

A further material increase in membership, whilst noted with appreciation by your Council, but emphasises the necessity, as soon as opportunity arises, to increase grandstand accommodation for members of the Society.

Associated Bodies.

It is customary to include in this report paragraphs relating to the activities of stud stock societies and other organisations of primary producers, the secretarial and administrative work of which is carried out by the staff of this Society. Such paragraphs are published hereafter, and members will, without doubt, be interested therein.

Your Council acknowledges with appreciation the co-operation of these various bodies in connection with the Show, and is always pleased, when it is possible, to adopt their recommendations.

Your Council noted with interest that, at a meeting of the Victorian members of the Aus-

tralian Pony Stud Book Society, it was decided to formally establish a Branch in this State to take the place of the Committee which has operated for several years.

Although the Aberdeen-Angus Society of Australia has not yet altered its constitution to facilitate the formation of State Branches, breeders in Victoria have, in the meantime, established a Committee to further the interests of the breed.

During the year the Australian Goat Society amended its constitution to provide for Branches in the several States, and in accordance with its promise, just prior to the end of the year, your Council assumed responsibility for a Victorian Branch, which already has a membership of sixty, and shows promise of a material increase during 1948.

In response to representations made by representatives of Poultry Societies, your Council, late in the year, determined to establish a Poultry Control Council to govern the poultry world, on lines similar to the Kennel Control Council, which has functioned so successfully in the canine world for many years. The indications are that this Poultry Control Council will be accorded the affiliations of all poultry societies, and will be functioning strongly early in 1948.

The Commonwealth Clydesdale Horse Society. (Federal Council and Victorian Branch).

The display of Clydesdales at the Melbourne Royal Show proved that breeders had retained their interest, and indeed indicated that the re-introduction of Royal Shows had done much to stimulate the horse-breeding industry, which had been, to some extent, neglected over the war years.

It is, therefore, pleasing to record that the type of the animals exhibited was favourably commented upon, particularly the females, whilst, in the gelding classes, it was claimed that there never had been a better display in regard to quality and general conformation.

The plans introduced by some State Governments to foster and encourage the breeding of horses of good type and conformation have been noted by the Federal Council, and whilst these are expected to have beneficial results, it is regrettable that such schemes were not adopted in all States of the Commonwealth.

The Society claims that there is reason to believe that horses are still indispensable to the Nation, and the present economic situation tends to emphasise their importance as a self-contained and efficient form of power, not only in Agriculture, but for heavy delivery work as well.

Seasonal conditions have undoubtedly been conducive to an increase in breeding, and with ample supplies of fodder available, the position of the horse user is secure.

Entries received to date for inclusion in Volume 15, of the Commonwealth Clydesdale Stud Book, comprise 107 stallions, 447 mares, 932 foals and 905 transfers.

There is always a tendency, in prosperous times, to adopt methods which, under normal conditions, would be regarded as wholly uneconomical, and this fact has adversely affected the breeding of horses, but there is a growing realisation that the horse population has been reduced below a level of safety, and that if Australia is to remain independent of outside sources of power, immediate steps to revitalise the horse breeding industry must be taken.

The Australian Pony Stud Book Society. (Victorian Branch).

Since the Society was established in 1931, the secretarial work in connection with the reception of entries and the inspection of ponies owned by Victorian breeders, has been carried out in this office.

At a General Meeting of Victorian members, held during the currency of the 1947 Royal Melbourne Show, it was unanimously resolved that a Branch of the Society for the State of Victoria be formed, and a recommendation for its recognition was submitted to the Federal Council. A provisional Branch Committee, numbering 15, was appointed, and Mr. S. A. Greaves, a member of your Council, was elected Provisional President.

The registrations received from Victorian breeders during 1947 more than doubled the number received in 1946, which reflects the increasing interest being shown in pony breeding circles.

The decision of the Federal Council to restrict the entry of stallions to the progeny of registered sires and dams caused disappointment to some owners desirous of exhibiting stallions at the 1947 Royal Show. These owners will now be interested to learn that, at the recent General Meeting of Victorian members, it was decided to recommend to the Federal Council that the privilege which has been extended to Queensland, South Australia, Western Australia and Tasmania, in relation to the acceptance of ponies which are not the progeny of registered sires and dams, also apply to Victoria, on the grounds that, although the Society was fairly well known

to Royal Show exhibitors, there were still many country centres which had not this knowledge. The Federal Council has agreed to this recommendation, subject to formal approval by the members at the next Annual General Meeting to be held in Sydney during the 1948 Royal Easter Show.

Good type ponies are still being eagerly sought after, and it is particularly pleasing to note that, despite the difficult times, several ponies were imported from England to go to Victorian Studs. The owners of these ponies are to be congratulated on their enterprise.

The R.A.S. Light Horse Control Council.

During the year the number of agricultural societies registering the Light Horse sections of their Shows with this Council showed a slight increase, and a goodly number of gymkhanas in the metropolitan area and country districts were registered, each being conducted in aid of some worthy patriotic or charitable fund.

Your Council will, in the New Year, come to a decision regarding a suggestion that, to widen the scope of the Light Horse Control Council, representatives of country agricultural societies' associations, in various parts of the State, should be appointed to the Committee.

The Shorthorn Society of Australia. (Federal Council and Victorian Branch).

This Society reports that greater interest has been manifest in Shorthorns during the year, and seasonal conditions have, generally speaking, been ideal for the production of beef, whilst market values have remained consistently buoyant.

The breed was well represented at all Royal Shows throughout the Commonwealth, and the demand for stud stock has been sustained at satisfactory price levels.

Stud breeding activities were further stimulated by the importation from Great Britain of five bulls: two for Victoria, two for New South Wales, and one for Western Australia. As all are from renowned studs and the descendants of proved families, their introduction should prove of inestimable value to the breed in Australia.

The membership of the Society has been increased, and a Branch has recently been established in Queensland, in which State the breed is making satisfactory progress.

To further popularise Shorthorns in Western Australia, four bulls from New South Wales

studs were exhibited at the Perth Royal Show, and were keenly competed for by breeders, an average of 362 guineas being obtained.

Considerable interest was aroused, and a body to be known as the Beef Shorthorn Breeders' Council of Western Australia was formed to foster and encourage the interests of the breed throughout the State.

Volume 13 of the Shorthorn Herd Book of Australia is now being published by the Federal Council, and it is hoped that copies will be available for distribution early in the New Year.

The Volume will contain the pedigrees of 269 bulls, 1,072 new cows, and additional progeny from 2,036 cows registered in previous Volumes, together with particulars of all transfers notified.

The Rules governing the registration of animals in the Herd Book have been altered to provide that on and after 31st December, 1947, no animal which is not the progeny of registered parents will be eligible for registration, but provision has been made for the acceptance of the female progeny from those cows which are already recorded in the Appendices to the Herd Book, when they can be proved to possess four pure crosses of Shorthorn blood.

Realising the beneficial results which will follow an improvement in the type and conformation of beef cattle generally, the Federal Council recently published an illustrated brochure on Shorthorn Judging, which has been widely circulated among breeders and others interested, and it is hoped that it will enable young breeders to not only acquire a sound knowledge of the true characteristics of the breed, but also assist them to recognise and appreciate the necessity for eliminating faults in the cattle under their control.

The beef raising industry is now of greater importance to the nation than ever, and an improvement in the type and quality of our general herds would greatly facilitate the economic production of prime beef, benefiting both the producers and consumers, and, at the same time, raise the quantity available for export.

The Dairy Shorthorn Association of Australia.

The Committee is gratified to be able to record that the Association experienced another satisfactory year and a considerable increase in the membership.

The demand for Dairy Shorthorns is still far in excess of the supply, and many prospective

breeders have been unable to purchase stock with which to establish new studs.

A splendid showing of Dairy Shorthorns was seen at the 1947 Royal Show, the total entry of 127 being the highest on record. This was an excellent effort on the part of breeders, particularly in a year when conditions, brought about by shortage of manpower and materials, did not make it easy to exhibit stock.

Dairy Shorthorn sections at Country Agricultural Shows were also well supported. The Association again made available Championship Sashes for competition at shows at which entries were restricted to registered stock.

Entries for Volume 4 of the Dairy Shorthorn Herd Book of Australia closed during the year, and compilation is now well in hand. It is hoped that copy will be available for the printer early in the new year. The Volume will contain the pedigrees of animals born prior to 1st January, 1947.

The Association records with deep regret the death of one of its Vice-Presidents, Mr. W. K. Atkinson, during the year. The late Mr. Atkinson rose to fame as a breeder of high producing Dairy Shorthorn cattle and as a successful exhibitor at the Royal Melbourne Show.

The Red Poll Cattle Breeders' Association of Australia.

(Federal Council and Victorian Branch)

Volume 13 of the Red Poll Herd Book of Australia was issued by the Federal Council during the year, and copies have been forwarded to all members and kindred organisations throughout the world. The Volume contains the pedigrees of 412 bulls and 1,033 cows.

Two meetings of the Federal Council were held during the year, and many matters of vital interest to the Association were dealt with. Representations were made to the New Zealand Red Poll Association asking for co-operation in bringing pressure to bear on the New Zealand Government to have a Quarantine Station established in order that cattle might be imported direct to New Zealand from the mainland of Australia. Subsequent advice indicates that the Somes Quarantine Station has now been re-established, and the New Zealand Government has lifted the restriction against direct importation from Great Britain; but the restriction against direct importation from the mainland of Australia still applies. Steps have been taken by this Association, through its sister organisation in New Zea-

land, to have this matter again brought under the notice of the New Zealand Government.

The Federal Council has appointed a Sub-Committee to arrange for the compilation and publication of a Breed Publicity Booklet, in which an opportunity will be given to breeders throughout Australia to advertise. It is hoped that, when completed, the Booklet will be a valuable work of reference.

At its meeting held during the currency of the 1947 Royal Melbourne Show, Federal Council unanimously elected Mr. A. G. Hunter, a patron of the Association, in recognition and appreciation of his work in the interests of the Association during his long term as President.

Although essentially a dual-purpose breed, plenty of evidence has been provided, both in England and Australia, to show that Red Polls, by careful selection, can be bred so as to produce heavy yields of milk and butterfat. This fact was demonstrated convincingly during the year at the Victorian Government's Research Farm at Werribee, where many excellent production figures have been established. The Herd at Werribee has now the distinction of including "Victoria Electricity," a mature cow which, under Official Victorian Government Test, recently created a world's record for the breed by producing 777 lbs. butterfat from 16,103 lbs. of milk in 273 days.

Ayrshire Cattle Herd Book Society of Australasia.
(Federal Council and Victorian Branch).

During the year the Federal Council published Volume 38 of the Ayrshire Herd Book of Australasia, which was distributed to financial members and kindred bodies in Australia and overseas.

Volume 39, which is now almost ready for distribution will contain the pedigrees of 271 males and 1,428 females, which is a big increase on the number appearing in Volume 38.

From the number of registrations received to date, it is confidently anticipated that Volume 40, entries for which close on 1st February next, will contain an even larger number of pedigrees than Volume 39.

The increasing popularity of the breed can be gauged by the number of new members enrolled by every Branch. This is noticeably so in Victoria, where the membership has increased very considerably.

This year marks the hundredth anniversary of the importation of Ayrshire cattle to Victoria by Captain James Hutton. Captain Hutton was a kinsman of the McNab family, which settled in Victoria in 1839, and the stock which was imported formed the nucleus of the famous "Oakbank" stud, which is still under the control of the McNab family.

Incidentally, Mr. J. A. G. McNab, a descendant of the original settlers, was elected president of the Federal Council and Victorian Branch at the Annual Meetings of both bodies, which were held during the currency of the recent Show.

The centenary of the breed was celebrated at a dinner given to members by the Victorian Branch prior to the Annual Meeting. This dinner was attended by a large number of members and guests, including several Interstate visitors.

This year the coveted award of Champion cow under the Victorian Government Test, was gained by the well-known breeder, Mr. J. H. Goddard, with his mature cow, "Inverurie Thistledown" (35577), which produced in 273 days a total of 808.8 lbs. butterfat.

Due to enforcement on 1st January, 1948, of the second section of the Cattle Breeding Act, there is an increasing demand for Ayrshire bulls which conform to its provisions.

The Friesian Cattle Club of Australia.
(Federal Council and Victorian Branch).

General satisfaction is expressed by the Committee when reviewing activities during the past year. Several new members were enrolled and a keen demand for stock was maintained.

Evidence of the increasing popularity of the breed is the demand for literature issued by the Club; the fact that entries for the Royal Melbourne Show were double those of last year, and that several new herds were submitted to test under the Victorian Government Standard Herd Testing Scheme.

During Show week the first annual dinner of the Branch was held, and a most enjoyable time was spent by members and visitors from other States.

The official panel of judges was revised during the year, and copies sent to agricultural societies throughout the State.

At its last meeting the Branch Committee considered the introduction of a Classification Scheme, and the matter was deferred for further discussion in the New Year.

Entries for Volume 16 of the Friesian Herd Book of Australia closed with the Federal Council at the end of the year, and the work of compilation will be taken in hand immediately.

The Guernsey Cattle Society of Australia. (Victorian Branch).

The Committee finds it encouraging to report that during the year membership increased considerably, and the Victorian Branch now bids fair to become the strongest in the Society.

For some time expansion has been hampered by the shortage of registered females, but this position has now been considerably relieved by the purchase of stock from other States.

The number of Guernsey herds submitted for test under the Victorian Government Standard Herd Test Scheme has increased, and, as a result, wider publicity will be given to the capabilities of this breed in milk and butterfat production.

The Branch again provided special prizes for competition at the Royal Melbourne Show, at which entries in the Guernsey section totalled 147.

Reports to hand reveal that entries in the classes for Guernsey cattle increased materially at country shows.

Volume 15 of the Guernsey Herd Book of Australia was issued by the Federal Council, and copies forwarded to members during the year. This Volume contained the pedigrees of 1,827 more animals than had Volume 14. Also published in this Volume were short biographies of members who have rendered signal service to the breed. Amongst those so selected was Capt. A. E. T. Payne.

It is hoped that copies of Volume 16 will be available for circulation early in 1948.

Members have been furnished with copies of a brochure issued by the Federal Council which gives information concerning the breed, and which will undoubtedly raise interest amongst those engaged in the dairying industry.

At the Annual Meeting of the Branch a presentation of a gold stop-watch was made by the President (Dr. F. G. Stephens) on behalf of the members, to Mr. J. Dawson for the excellent services he had rendered to members and the breed.

With a view to ensuring uniformity in private stud records, the Committee resolved that the Breeding Record issued by the Department of Agriculture of Victoria, be the official book of the Branch.

The Australian Illawarra Shorthorn Society. (Victorian Branch).

With a continued demand for A.I.S. stock and the establishment of several new studs, the Committee reports another successful year.

Further evidence of the growing popularity of the breed in Victoria was the record entry of 182 received for the A.I.S. section of the 1947 Royal Show. In response to the invitation of your Council, the Committee of this Branch again reviewed the Classification for A.I.S., and recommended the inclusion of several new Classes in the Prize Schedule. All these recommendations were adopted, and it is gratifying to be able to report that the new classes were well supported by breeders.

A.I.S. sections at Country Agricultural Shows held during the year were also well supported, particularly in the Gippsland area. The Branch again made available Championship Sashes for competition at shows at which entries were restricted to registered stock.

As usual, the Branch took an active part in the affairs of the Federal Council which, for the first time in the history of the Society, held a meeting in Melbourne. This took place during the currency of the 1947 Royal Show, and many matters of vital interest to the Society were dealt with thereat. The regulation governing the entry of calves in the Calf Register was revised, and particular attention was given to the matter of ineffectively tattooed animals. In this connection it was decided that if the tattoo brands are not clearly readable, the calf, bull or cow concerned, shall be de-registered. The Society considers that this is one of the most important steps ever taken by a breed Society.

Entries for Vol. 11 of the Society's Herd Book closed during the year, and the work of compilation has been taken in hand by the Federal Council. It is hoped that copies of Vol. 10 will be available for distribution to members at an early date.

The Australian Jersey Herd Society. (Victorian Branch).

For some years past membership of this Branch has steadily advanced, each year creating a record. No fewer than 1,150 breeders are at present enrolled, approximately 150 having been added during the year, and the number is still increasing.

For the 28th time since the Victorian Government Standard Herd Test was inaugurated 32 years ago, the Herd Championship was gained

by Jerseys. This year's winner was the "Wind-rest" herd of Dr. A. R. Haywood, and this is the second occasion on which it has gained this award. The herd, which comprised 45 cows of various ages, yielded an average of 511.3 lbs. or, with allowance for junior animals, 579.6 lbs. butterfat.

Mr. G. F. Wade's "Inverbroom" herd, Stratford, provided the top Jersey cow. She is "Inverbroom Air Marie" (81874) which, in the mature cow class, produced 731.9 lbs. butterfat.

Jerseys have done particularly well this year. In the section for herds of 25 cows and over they have, with the exception of fourth position, filled all places up to and including the twenty-fourth. In the section for herds of 15 to 24 cows, the first twenty-three positions were filled by Jerseys, and in herds of 10 to 14 cows, the first eleven positions went to Jerseys.

With the enforcement on 1st January, 1948, of the second section of the Cattle Breeding Act, the demand for Jersey bulls from certificated dams is huge, and one that, owing to its number, breeders are hard put to satisfy.

Type classification is still increasing in popularity, over 200 herds throughout the State having been submitted for classification during the Spring and early Summer. Final figures are not yet to hand, but there is every indication that the breed is maintaining a high standard of type.

At its meeting in October the Committee decided to introduce a Very Highly Commended Class in the scheme, but the year being so far advanced it was decided that the new class be deferred until classification is resumed in 1948.

Owing to ill-health, Mr. B. A. Barr, who for many years acted as Field and Publicity Officer for the Branch, and who, last year resigned as Field Officer, found it necessary to resign his position as Publicity Officer. It was with very deep regret that the Committee accepted his resignation, and it recorded in the books of the Society a minute of appreciation of his services to the members, the breed and to the Branch.

The Victorian United Cow Test Association.

The expansion of herd testing in Victoria is being so seriously retarded by the shortage of herd testers, that this Association has taken steps to secure migrants for training as herd testers.

The necessary application has been made under the Commonwealth Government's Group Migration Scheme, and the Association is fortunate in that the Agent-General for Victoria in London—Hon. N. A. Martin—who has had wide experience in the dairying industry and has a full knowledge of herd testing work, has undertaken to assist in the selection of suitable young men who, on arrival in Victoria, will be taught herd testing at a school provided by the Department of Agriculture, and then be allotted to affiliated Herd Testing Associations throughout the State.

Mr. G. C. Howey, a past president of the Association, was warmly congratulated when appointed as the Chairman of the Australian Dairy Produce Board.

During the year 650 R.A.S. of Victoria Production Certificates were issued to members whose herds had under test reached a specified standard of butterfat production.

The Australian Society of Breeders of British Sheep.

(Federal Council and Victorian Branch).

The keen demand for British Breeds of Sheep during the past year gives every indication that the already large membership of this Society will greatly increase in the next few years.

The present membership is 2,250, and of this total over 900 reside in Victoria.

At a special meeting of Federal Council held in April, 1947, and attended by delegates from all Branches, which are firmly established in all States (except Queensland), consideration was given a number of recommendations relating to alterations in the Constitution and Rules. Federal Council feels that the alterations adopted by it will assist members, and will maintain the harmonious relationship now existing between the Branches and the Federal Council.

The thirty-ninth volume of the Flock Book published early in the year, contains particulars of over 2,400 flocks and 3,600 individual pedigrees of rams and ewes.

Exportations of British Breeds from Australia to South Africa and New Zealand during the period under review total 178 sheep, and to ensure that the standard of these sheep is of the highest quality, careful inspections were made prior to shipment.

Despite the costs associated with the importation of sheep, many members, in all States, have made purchases from Great Britain, and it is confidently anticipated that these sheep will still

further improve the standard of Australian flocks.

This Society is greatly interested in the Export Lamb trade, and in an endeavour to improve the quality of lamb now being bred in Australia, Federal Council has made representation to the Australian Meat Board to institute fat lamb competitions at the earliest opportunity, and to provide facilities at Royal Shows to enable lamb carcasses to be displayed for the purpose of educating producers.

The increasing number of sales restricted to sheep bred in registered flocks being conducted in the various States, present excellent opportunities for fat lamb raisers to obtain rams most suited to their requirements, and also affords members of the Society the opportunity of selling their sheep at well organised sales.

The Committee of the Victorian Branch is justly proud of the six Registered Show Sales conducted annually at Newmarket, Shepparton, Bendigo, Kerang and the Wimmera District. The raising of the standard of the sheep penned at these fixtures is one of the important aims of the Committee, and the officials who inspect carefully all sheep, have done excellent service in helping to induce breeders to improve the quality of their sheep.

The ever-increasing attendance of buyers at these Show Sales is most gratifying, and the good prices realised at auction are appreciated by the breeders who annually support the sales.

At the 1947 Royal Melbourne Show, breeders presented an excellent display of sheep in the British Breeds sections, and your Council has expressed appreciation of the contribution made by the Victorian Branch to the Prize Fund in the sheep classes.

The Australian Corriedale Association.

(Federal Council and Victorian Branch).

During the year Corriedale breeders in Queensland, who have in the past been under the control of the New South Wales Branch, decided to form a Branch of their own, and this decision prompted the Federal Council to make a special grant of £25 to assist the Branch funds. The Association now has a Branch in each of the States.

The dual-purpose qualities of the Corriedale continues to make the breed very popular in the industry, and the excellent prices being paid for both wool and meat which the breed can produce, ensures a bright future for the Association.

The Association has, at present, a record membership of 725, and the number of registered sheep in Australia has reached a total of over 272,000. The membership of the Victorian Branch is 245, and the number of sheep owned by these members is approximately 73,000.

Several exportations have been made to South Africa and the U.S.A. during the year, and reports received indicate that these sheep are proving most satisfactory to their new owners.

Volume 18 of the Flock Book, recently published, contained the complete histories of 720 flocks throughout Australia.

At the 1947 Annual Meeting of the Federal Council, held in Adelaide, it was decided to revise the booklet, "The Corriedale," and forward copies to all soldier settlers in Australia interested in sheep farming. This booklet has proved to be most popular, copies have, from time to time, been forwarded to Overseas countries concerned in the breeding of sheep, and when revised will contain information of great value to those interested in the breed.

Corriedale breeders presented two good displays of sheep at the 1947 Australian Sheepbreeders' Show held in Melbourne last July and at the 1947 Royal Melbourne Show.

Appreciation has been expressed by your Council for the contribution made by the Victorian Branch to the prize fund for the 1947 Royal Show.

The Australian Pig Society.

(Federal Council and Victorian Branch).

Although pig production has continued to decline owing to the acute shortage of feed grain, interest in the Society has been well maintained, and despite difficulties and setbacks, it can claim to have experienced another successful year.

There has been much activity within the various States in interesting commercial breeders in the necessity for unity. Realising that the majority of commercial pig raisers are already members of other organisations whose interests are not solely in pig production, the Victorian Branch recommended to Federal Council that arrangements to represent commercial breeders in any State should be a domestic matter with the Branch concerned. Federal Council agreed to this recommendation, and subsequent negotiations resulted in a Commercial Pig Committee being formed by the Victorian Branch, which now can claim to represent some 15,000 commercial pig raisers in this State. When similar ar-

rangements are made in other States, their extension to the Federal sphere will be practically automatic, as this Society is, and for over 25 years has been, fully organised on a Federal basis, with properly established Branches in each State.

Volume 35 of the Society's Stud Book was recently completed and forwarded to all members and kindred organisations throughout the world. Much difficulty was experienced in completing this Volume, owing to the labour shortage in the printing trade. Volume 36 is now in the course of publication.

The Victorian Branch Committee supported a move recently made by the Department of Agriculture to introduce a service to provide Victorian pig raisers with reports on the carcass quality of their pigs. Owners and Managers of Bacon Factories and Meat Works are co-operating with the Department of Agriculture to provide the producer with a detailed report on the appraisal of carcasses of any particular individual pig which he nominates. These reports indicate clearly how the pigs measure up to the accepted standard of carcass quality, and are also designed to allow the farmer to check his breeding and feeding practices with the real quality of his pigs.

The Victorian Branch again subsidised Bacon and Pork Pig Classes at the 1947 Royal Melbourne Show, and has intimated to the Australian Meat Board its willingness to co-operate in ensuring the success of carcass competitions, which, it is hoped, that Board will re-introduce early in 1948.

The Kennel Control Council.

The stability of the Kennel Control Council, under the auspices of the Royal Agricultural Society of Victoria, has again been proven by the fact that the membership has increased to 3,256 members. This shows a gain of 35 per cent. on the previous year.

With the increase of members, the registration, transfers, stud names, etc., gained accordingly. The litter notifications were very noticeable amongst the increases, as breeders are now realising the necessity of recording their breedings. Apart from the fact, advertising is gained in the K.C.C. Kennel Gazette, it is a protection for both buyer and seller.

A total of 1,160 individual dogs at the Royal Melbourne Show was an all-time record, but this was marred by the lack of accommodation

in the Dog Pavilion. Instead of the exhibits being on exhibition to the public in four divisions, each of two days, it was found necessary to make eight different sections, which resulted in each breed being on exhibition for one day only.

Affiliated Clubs have benefited from low printing and distributing costs through publishing schedules in the K.C.C. Kennel Gazette. This was made possible by the Gazette being registered as a Newspaper—and, in addition, it resulted in a greater number of entries at Shows and Parades through a larger distribution of schedules.

An increase in entry fees at Shows and Parades, commencing in 1948, with proceeds to go to a fund at the K.C.C., was agreed to so that a programme of printing stud books, breed standards and other outstanding needs of dog exhibitors, could be proceeded with.

New affiliations for the year were: Ararat Agricultural Society, Australian Terrier Club, Ballarat A. and P. Society, Mornington P.A. and H. Society, and Numurkah A. and P. Association.

The much coveted title of "K.C.C. Champion" was gained by 82 dogs and bitches. The necessary 100 points, gained under at least four different judges, makes this title, which cannot be won easily, a credit to all recipients.

The fine entry of over 800 individual dogs has been received for the Combined K.C.C. Clubs' Championship Show, which is held annually to raise money for charitable purposes. This year it is expected that nearly £800 will aid the Royal Victorian Institute for the Blind's appeal for the blind babies' and children's nurseries.

Dog breeding and exhibiting in Victoria is now very sound, profitable, and quite an industry. This has only been made possible by the continued support of your Society over the past eighteen years.

The Victorian Working Sheep Dog Association.

Sheep Dog Trials conducted throughout the State again proved popular. No fewer than 32 Clubs and Societies in Victoria are now affiliated with the Association, and conduct their Trials under its Trial Rules. Once again an increase in the membership can be reported. The total number of members enrolled is now 203.

The 1947 competition for the "Captain Payne" 50 Guinea Trophy, was held in May last at Numurkah and attracted a record entry of 73 dogs. Congratulations go to Mr. D. C. Laird for his win with "Magdala Beth." For the first

time since its inception in 1931, the "Payne Trial" has now been won twice by the same dog, Mr. Laird having previously been successful with "Magdala Beth" in 1942.

An arrangement was concluded early in the year for the control of the "Cooper Trophy," which was donated some years ago by Messrs. William Cooper and Nephews (Aust.) Pty. Ltd., for a Utility Trial as distinct from the usual show yard or field trial. As is the case with the "Captain Payne" Trophy, the "Cooper Trophy" has been vested in the Association, and an annual competition will now be held. The first such competition since the Association took control of the Trophy was held at Wangaratta in August last, and attracted an entry of 59 dogs from Victoria and other States. Mr. J. M. McIntosh is to be congratulated for his outstanding performance in winning the Trophy for 1947.

Since the Association was established in 1927, it has conducted a register of dogs. The Council has now appointed a Sub-Committee to investigate and report on the possibilities of publishing a Stud Book.

The Victorian Young Farmers' Clubs Association.

This Association reports an increase in the number of affiliated Clubs during the year.

The appointment of a fifth supervisor, mentioned in last report, made possible the servicing of an area which in the past it had been impossible to cover effectively.

The display of Young Farmer projects, staged in Colac in March, and the lectures and demonstrations by members of district Clubs thereat, aroused much interest amongst delegates to the Chamber of Agriculture Convention.

The Association is gratified at the interest taken in the movement, initiated at that Convention, to form Senior Sections of Young Farmers' Clubs. Agricultural Societies and other organisations have assisted materially in the establishment of such Clubs, and with their continued support the Association is confident that the movement will extend throughout the State.

These Senior Clubs provide a link between the Junior Young Farmers' Clubs at schools and organisations of adults, as the age of their members ranges from school leaving age up to 25 years.

Literature published by the Association is in keen demand, not only in Victoria, but in other States. The Association was pleased to comply with a request to make some hundreds of copies of its "Dairy Project" booklet available for use at the Ex-Servicemen's Training Centre at Dookie Agricultural College.

A school for Young Farmer Club leaders was organised by the Association during the vacation in May, and the co-operation of departmental officers, who gave lectures thereat, was much appreciated.

The value of broadcasts to young farmers has been demonstrated by the interest displayed in recent sessions. The Australian Broadcasting Commission conducted an Australia-wide competition to select a young farmer to visit New Zealand. The Association arranged for competitors in the Victorian section, and was gratified with their standard as compared with that of other young farmers in the competition. Alan Marke, of Girgaree East, is to be congratulated

on the manner in which he acquitted himself in the final in Sydney.

The sum of £100 has been made available to the Association by the Hugh Victor McKay Charitable Trust Committee for the extension of Club activities. This generous gift is evidence that the Association's ideal of service to the youth of the countryside is appreciated by the donors.

A gift of £5 was again received from the Victorian Society for the Protection of Animals, to be used as the Association so desires. This gift will be much appreciated by our young farmers, who are so interested in that Society's aims.

Through the principal of the Burnley School of Horticulture (Mr. T. H. Kneen), a gift of 70 fruit trees has been made to the Association. Mr. L. J. Cole, of Tyabb, has supplied many fruit trees at a very low cost to Young Farmer Clubs. Their assistance has been of great value to Clubs in orchard areas.

As buildings at the Showgrounds are still occupied under the housing scheme, it is not possible to hold a Young Farmers' camp in conjunction with the Royal Show. With the rapid development of the movement an extension of the camp warrants consideration when accommodation is available.

With continued financial support from the Government, and the co-operation of all its supporters, the Association looks forward to great progress in all sections of the movement in the future.

The Chamber of Agriculture of Victoria.

This Chamber was also honoured in having Lord Bledisloe at its January meeting, his itinerary having been altered to enable him to be present. Council members of this most representative body accorded him a very hearty welcome, and endorsed with acclamation the President's statement that Lord Bledisloe had undoubtedly earned the title conferred on him of "G.O.M." (Grand Old Man) of Agriculture in Britain.

The first post-war country Convention, held at Colac, was very successful, and the President and Council are now looking forward with confidence to an even more successful gathering at Bendigo next March. At Colac, Mr. John McIntosh was again elected President, and Prof. S. M. Wadham and Mr. R. D. Bakewell, Vice-Presidents.

Several outstanding films were exhibited, and delegates listened with great interest to addresses given by Mr. H. A. Mullett, Director of Agriculture, "Some Impressions of North American Agriculture"; Mr. L. R. East, Chairman, State Rivers and Water Supply Commission, "The Planning of Developmental Works"; Mr. G. C. Howey, President, Australian Dairyfarmers' Federation, "Impressions on Dairying Overseas"; Mr. J. F. Murphy, Chairman, Australian Wool Realisation Commission, "Wool Selling with Reference to Surplus Stocks"; Dr. I. Clunies Ross, Council for Scientific and Industrial Research, "The Rural Research Programme of C.S.I.R."; Mr. W. H. Simpson, "The Young Farmer Club Movement in Victoria," and Dr. K. S.

Cunningham, "Future of Adult Education in Victoria."

These addresses, together with a report on the Convention and vital statistics, were published in the 1947 issue of the Chamber Year Book, a publication which is annually sought by those in other States and countries interested in agriculture in Victoria.

Several new affiliations have further strengthened the Chamber during the year, and added weight to its many representations on behalf of the primary producers of this State.

In common with your Council, this Chamber co-operated with other organisations of primary producers in opposition to the proposed nationalisation of banking.

The Chamber is particularly pleased with the success that has followed the launching at its Colac Convention of a State-wide movement to establish Senior Young Farmers' Clubs under the auspices of affiliated agricultural societies throughout Victoria, and the fact that Young Farmers' representatives of these clubs will congregate at the Youth Camp site organised by the Bendigo Rotary Club during Convention week.

During the year the Chamber was responsible for organising a very representative deputation to the then Premier, with a view to convincing the Government of the desirability of adopting a comprehensive long range plan to increase facilities for education in Veterinary Science, and in Agricultural Science in schools, colleges, and universities, so as to ensure that a sufficient number of properly trained men would be available to adequately staff Government Departments, and also supply the requirements of industry. The support accorded this deputation by your Council was much appreciated.

That the Hon. the Premier and his Ministers had been impressed with the representative nature of the deputation and the case it presented, was indicated by their replies, and the Chamber was quite hopeful of the outcome of its efforts.

As there has since been a change of Government, steps are being taken to renew these representations early in the New Year.

Australian Council of Agricultural Societies.

Your Council is pleased to report that following a conference held in Sydney at Easter time, when an invitation, since accepted, was extended to the President and Secretary of the Royal Agricultural Society of New South Wales (Hon. Colin Sinclair and Col. G. C. Somerville), to accept similar office with the Australian Council of Agricultural Societies, that body has been established on a sound basis, with the support of "Royal" and country agricultural societies in the several States.

Opportunity was taken to hold a meeting in Melbourne at Show time, and during the forthcoming Royal Show in Sydney, consideration is to be given to the organisation of an All Australian Exhibit of Agricultural Produce with a view to demonstrating the value of such an exhibit if staged overseas.

Electricity on Farms.

Following a comprehensive discussion regarding action to ensure an increase in amenities in country districts, more particularly the supply of electricity on farms, your Council appointed a Committee to bring evidence before the Royal Commission on Electricity Supplies.

This Committee subsequently reported that at a special meeting of the Commission under the Chairmanship of His Honour Judge Stretton, members had been given every opportunity to state their case, and had been given a very sympathetic hearing. The Committee had been unanimous in endorsing the opinion that first priority in connection with electrical services should be given to dairy farmers over those engaged in other forms of primary production.

The Journal.

At the October meeting of Council, the sale of "The Australian Farm and Home" was reported.

After consideration of letters received from the purchasers, "The Argus and Australasian Limited," and the vendor (Mrs. A. C. McNaughton), of "The Australian Farm and Home," and having noted that the paper would not be in any way directly associated with the "The Argus," approval was given to a continuance of the incorporation of the journal of this Society with "The Australian Farm and Home" during the pleasure of the Council.

Your Council has since expressed its pleasure at the improvement which has been effected in this publication, and the greatly increased circulation which has followed that improvement.

Commemoration.

In accordance with an invitation from the Victorian Council of Scientific Societies, your Council unanimously resolved to support representations to the Postmaster-General that a stamp or series of stamps be engraved to commemorate the memory of Baron Sir Ferdinand von Mueller, K.C.M.G., M.D., LL.D., Ph.D., etc., who came to Australia on 15th December, 1847, and was subsequently Government Botanist of Victoria for 44 years until his death in 1896.

Victorian Pasture Improvement League.

Having maintained a lively interest in this organisation since its inception, your Council is always pleased to receive, each year, a full report on the activities of the Victorian Pasture Improvement League.

Late in the year, at the request of your Council, Mr. Hugh McClelland represented this Society on a tour of the Swan Hill-Kerang area, to inspect pasture plots and attend field days with representatives of the League and the Department of Agriculture.

On his return he reported very favourably on the work being carried out by the League.

Australian Meat Board.

During the year your Council accepted invitations from the Victorian representative of the Australian Meat Board to be represented at discussions regarding the export lamb schedule

for the current season, the reintroduction by the Board of beef, lamb and pig carcase competitions, and other matters affecting the meat industry. Your Council also appointed a Committee to furnish information requested by the Board relating to refrigeration accommodation at the Showgrounds, and the possibility of installing such facilities as would meet with the requirements of the Board.

This matter will be further discussed by the Board at its meeting in Melbourne in February.

Australian Cattle Research Association.

It is many years since your Council identified this Society with the movement which resulted in the establishment of the Australian Cattle Research Association.

In the hope that the dairying industry will eventually be relieved of its two-fold burden of Bovine Mastitis and Bang's Disease, this Society has annually contributed to the funds of the Association, which finances scientific investigations into these diseases by arrangement with the Council for Scientific and Industrial Research in Victoria, and at the Glenfield Research Station in New South Wales.

Wheat Crop Championship Competitions.

Being convinced of the good work being performed by the Farm Competitions Association of Victoria, your Council has undertaken to again provide a total of £150 as prize money in three Wheat Crop Championship Competitions being conducted by that Association in the Wimmera, Mallee and Northern District.

Over the years, this Society's co-operation and financial assistance has not only been appreciated by the Executive of the Association, but has won the Society many staunch supporters throughout the wheat growing areas of Victoria.

Fodder Conservation.

This Society's 1946-47 Fodder Conservation Campaign was conducted with the financial support of the Department of Agriculture, and the twenty-nine subsidised district competitions were judged and reported on by officers of that Department.

Your Council expressed keen appreciation of this co-operation between the Department and the Society, and also of the valuable services rendered by the judges.

Being assured of a continuance of that co-operation, your Council announced that a 1947-48 campaign would be conducted, and invited applications for subsidies of £15 each as prize-money in local district fodder conservation competitions to be conducted by agricultural societies, herd testing associations, and other approved organisations of primary producers.

The fact that applications have come to hand from all parts of the State, and forty-three subsidies have been allocated, is an indication of the readiness with which country organisations are willing to co-operate with this Society in this nationally important branch of its activities.

Water Conservation.

Realising the great desirability of increasing the facilities for water storage in this State, your Council, having learned of the manner in which work in connection with Victoria's water supply programme was being hampered by the provisions of the Public Service Act, resolved to request the State Government to extend the exemption already granted to the State Rivers and Water Supply Commission in respect of certain classes of employees from the provisions of the Public Service Act, to include all personnel engaged in a temporary capacity on construction projects.

Associate Judges.

Since action taken by your Council was referred to in last year's report, a development took place regarding the proposal to interest competent young men in Show Judging.

This development took the form of a contest at the 1947 Royal Show, to take part in which your Council extended a cordial invitation to all who had been nominated by country agricultural societies as competent to act as Associate Judges of light horses. Messrs. A. G. Hunter, S. A. Greaves, and Harold Howe were the adjudicators, and 44 nominees competed.

The contest was so successful that it has been suggested that, if possible, your Council should take similar action in 1948 in respect of country agricultural society nominees as Associate Judges for cattle, sheep, etc.

Use of Showgrounds Between Shows for Night Trotting.

As a result of the Trotting Races Act, which, as stated in last year's report, was passed in December, 1946, it has at long last become possible to derive revenue from the use of the Society's Grounds between Shows.

At its meeting in January, your Council, in accordance with the provisions of that Act, resolved to nominate the Senior Vice-President (Mr. A. G. Hunter), His Honour Judge Mitchell, and the Secretary (Mr. Louis Monod) as the Society's representatives on the Trotting Control Board. The Metropolitan and Country Trotting Association nominated Mr. R. C. Freestone as its representative.

The nominees, having been approved, were appointed by the Governor-in-Council, together with Mr. L. L. Chapman, Under Secretary, Chief Secretary's Department.

The inaugural meeting of the Board was held in this Society's Council Room on 5th March, 1947, under the Chairmanship of the Chief Secretary (Hon. W. Slater, M.L.A.).

At this meeting, Mr. A. G. Hunter was unanimously elected Chairman of the Board.

With some slight knowledge of the amount of work involved, your Council records its appreciation of the services rendered by Mr. Hunter and his colleagues, and congratulates the Board on the success which attended its efforts, and enabled it to commence the Night Trotting Sea-

son at the Showgrounds on 15th November, with a meeting in aid of the Lord Mayor's Food for Britain Appeal.

Since that date, the Board has had a varied experience as a result of counter attractions, and at least two very wet Saturdays, though the evenings were fine.

However, at its sixth and last meeting for the year, on Saturday, 27th December, under ideal weather conditions, over 25,000 patrons proved by their attendance the popularity of the sport of trotting when properly conducted.

Girl Guides' Rally.

The action of your Council in making the use of the Showgrounds available to the Girl Guides' Association for the Rally in honour of The Lady Baden Powell, was greatly appreciated by the Executive of that Association.

Acknowledgements.

Your Council records its grateful appreciation of the interest taken by His Excellency the Governor and Lady Dugan in the activities of this Society during their many years sojourn in this State. In view of their impending departure for England, it also joins with all residents in grateful acknowledgement of their services to Victoria, and in expressing their best wishes for health and happiness in the years to come.

To the then Premier (Hon. John Cain) and the Members of his Cabinet, your Council again tenders grateful thanks for assistance and encouragement given to proceed with the development of the Showgrounds.

It also records keen appreciation of the publicity given by metropolitan and country press, and the various broadcasting stations, to the activities of the Society throughout the year, and particularly in the weeks preceding the Show.

The co-operation of the Departments of Agriculture and Railways, the Metropolitan Tramways Board, Police, Metropolitan Fire Brigade, and the various stud stock breeders' societies, is gratefully acknowledged, as is also the valuable service given in an honorary capacity by Judges, Stewards and Stewardesses, and the many other staunch supporters of the Society, who contributed to the success of the Show.

The Council.

The eleven members of Council who retired through effluxion of time, being eligible for re-election, were returned unopposed for a further period of three years.

Though, as stated earlier in this report, Sir Charles Merrett did not seek re-election as President of this Society, as a Trustee he retains his seat on the Council and an undiminished interest in its activities.

Unfortunately, his health has been such that he has not been able to attend meetings for some considerable time; he is, however, making slow, but sure, progress towards recovery.

Capt. A. E. T. Payne and Mr. A. C. Gibb, other Trustees, and Mr. F. E. Clarke have also been in

The Modern Way —

The National Mutual Way

BRIEFLY . . .

the National Mutual Plan operates as follows:

- You provide a relatively **small** proportion of the total value of the land and house.
- The **National Mutual** provides the **balance**.
- You then repay The National Mutual by **easy monthly payments** over a convenient period of years selected by you.
- In the usual Plan **at the end of the selected period** not only are the title deeds of the property handed over to you **but you will receive in addition a sum of money in the form of bonus additions to your contract**. This sum may be quite substantial.
- In the usual Plan, **if you die before the end of the selected period** payments to The National Mutual cease. **Your family or other beneficiaries in your Estate, will therefore inherit a real asset free of an encumbrance**. They will probably receive a cash sum in bonuses as well.
- These **outstanding** benefits are all provided out of monthly payments which are normally **less than you would pay in rent**.

Other Unique Advantages of the National Mutual Plan:

- It can be used to buy an existing property or to build a new house on your own block of land, or to pay off an amount owing by you on your present Home.
- The National Mutual pays its own Valuers' expenses and its own Solicitors' fees (except normal Government charges) for drawing up the contract.
- You receive free helpful advice on the property or block of land you are considering buying.
- If you are building a home, progress payments to the Builder can be easily arranged.
- You receive free architectural approval of your plans and specifications.
- You are entitled to claim a concessional rebate of income tax on part of your monthly payments.
- Even if you cannot buy or build immediately, you can commence your National Mutual Plan now—enquire about the advantages you would thus gain.

ill-health, but their colleagues look for their return to the Council table early in the New Year.

At its meeting in June, your Council recorded its pleasure that the President (Mr. C. N. McKay) had been elected President of the Chamber of Manufactures, and endorsed the opinion then expressed that there was a great need for a proper understanding between the primary and secondary industries, whilst there was no better way of promoting that understanding than by having the same man as President of both bodies.

Hearty congratulations were extended to Prof. S. M. Wadham, when, at the September meeting, your Council learned that he had been awarded the Farrar Memorial Medal for distinguished service in agricultural research.

Finance.

The audited financial statements published with this report are set out in the customary detail and will, therefore, be readily followed by members.

The settlement of the Society's claim on the Commonwealth in accordance with the final determination of the Central Hirings Committee, referred to in last year's report, brought to an end protracted negotiations following the evacuation of the Showgrounds by R.A.A.F.

Members will note that some revenue has already been derived from the Trotting Control Board, and will be interested to know that when at the end of the year, the total expense of providing facilities for trotting was indicated in the accounts, the Board and the Society came to an agreement for submission to the Governor-in-Council, under which the Board has accepted liability for the capital expenditure and for payment of a rental for the use of the Showgrounds.

In view of the ruling costs of materials and services, the payments to be received will be a welcome addition to revenue earned from other sources, and will assist your Council to carry on the work of the Society.

On behalf of the Council.

C. N. McKAY, President.

How Much for Your Livestock ?

According to present market prices, livestock is worth quite a lot of money, and constitutes a very large portion of some farmer's capital.

To-day livestock can be sold at a profitable turnover — but what price to-morrow? Could the loss of any of your stock through accident or sickness affect you financially?

The answer naturally is Yes! — unless they are protected by Insurance.

For over 100 years Yorkshire Insurance has specialised in the Insurance of livestock, and now hold the reputation of world leaders in this class.

Wise owners don't take unnecessary risks. Insure now and ensure your security.

Security !

*Freedom from Care
or Apprehension . . .*

SOMEONE has said that Joseph was the first Underwriter. During the seven fat years "he built up a reserve" by storing Egypt's surplus grain in huge granaries. Then came seven lean years, and the land was parched and withered. But the Egyptians were secure; they had freedom from care or apprehension, as Joseph, knowing the Risk, had provided against it through the exercise of Forethought and Thrift.

In other words, they were **INSURED** against Disaster.

"GOOD HANDS" CHALLENGE TROPHY.

Each Agricultural Society in Victoria is invited to co-operate in qualifying competitors for this trophy, by providing annually a riding competition for girls under 15 years of age on the day of its Show; such competition to be named "The Good Hands Qualifying Riding Competition."

The competitors to be judged solely on their riding ability—mount, saddlery or costume not to be taken into account, but special attention to be paid to hands and seat, general management and control of the horse or pony.

The Royal Agricultural Society will provide a suitable certificate for presentation to the winner of each qualifying competition, and she is then debarred from competing in any other qualifying competition held during that year.

Holders of qualifying certificates won during the preceding twelve months will be eligible to compete for the "Good Hands" Challenge Trophy at the next Royal Melbourne Show. No entry fee will be charged.

Each Society conducting a qualifying competition is requested to notify the R.A.S. of the names and addresses of the winner and "runner-up," so that if it is found that for any reason the winner was ineligible, an opportunity may be given the "runner-up" to compete in the Championship competition.

PROVING AUSTRALIA'S FIRST CAR

In 1896 Australia's first motor car was driven successfully on the Malvern Cricket Ground, Melbourne, by the inventor, Mr. Herbert Thomson of Armadale. Later, after running many thousands of miles in Victoria, the car was shipped to Sydney for the Agricultural Show of 1900. After giving the people of Sydney their first experience of horseless transport, the car was driven to Bathurst; the first to cross the Blue Mountains. From Bathurst, Mr.

Thomson drove over nightmarish outback roads, via Junee and Wagga, to Melbourne.

This amazing 500 mile journey was made on Dunlop pneumatic tyres and the car's springs were specially made by Henderson's. "The springs gave every satisfaction," states the inventor, "and are sound to this day." Remarkable substantiation of Henderson's proud claim of over 50 years faithful service as Australia's Leading Springmakers.

Latest News for Country Travellers

● In addition to the twelve 100 h.p. and six 150 h.p. diesel rail cars ordered previously, the Victorian Railways have now placed orders for six 280 h.p. diesels which will be used for combined branch and main-line running.

● These 280 h.p. diesels will seat 102 passengers and will be capable of speeds up to 60 m.p.h. Comfort will be their key-note. They will feature rubber-padded seats with hairlok backs, centrally heated saloons, adequate toilet facilities, bright lighting and plenty of space for luggage.

71 Years of Service and Progress

**THE ANNUAL REPORT FOR 1947 SHOWS THAT THE SOUND
PROGRESS OF THE T. & G. HAS BEEN WELL MAINTAINED.**

NEW POLICIES—During the year 132,551 new Life Policies assuring £26,649,968 and 11,003 new Accident and Sickness Policies assuring £3,678,866 were issued in Australia and New Zealand, demonstrating the continued popularity of the Society.

ASSURANCES IN FORCE—The esteem in which the Society is held is shown by the total Assurances in Force in the Ordinary and Industrial Departments, which increased to £160,643,791.

INCOME—The Income for the year exceeded £9,918,000, a record increase of more than £830,000 over the previous year's total.

SECURITY—The Society is in an unassailable financial position. The Assets, which are held in trust to meet Policy liabilities, have increased by £4,168,000 to £56,594,000.

SERVICE—The T. & G. is a Mutual Life Society. It is a truly co-operative Institution which has no shareholders and is entirely owned by the Policyholders. It renders the utmost service to its members and settles all claims promptly. During the year £3,800,000 was paid to Policyholders making a total of more than £31,000,000 during the last 10 years.

GROUP ASSURANCE—The Society specialises in Staff Superannuation and Group Provident Schemes on terms most advantageous to Employers and Employees. Many hundreds of such Schemes which operate on the mutual principle, have been entrusted to the Society.

**A POLICY WITH THE T. & G. IS A SAFE AND
PROFITABLE INVESTMENT.**

Purely Mutual.

No Shareholders.

THE PASTORAL INDUSTRY--

Australia's Financial Institutions have been of material assistance in the development of the Pastoral Industry. The Bank of Australasia — Melbourne's first Bank — has been prominent among these institutions for over a century.

Through its numerous Branches in Australia and New Zealand, the Bank now provides a wide range of banking services which are of great assistance to farmers and graziers.

The Bank allows interest on Fixed Deposits, and advances are made on the usual terms.

Demand!

Demand!!

THAT sums up the situation to-day in regard to Rylands' "Waratah" wire and wire products. Due to factors beyond the control of the company, such as an insufficiency of coal and other raw materials, and dearth of manpower, the wire mills' present output is below the plant's maximum, consequently the demand cannot be completely met.

Rylands regret indeed that the man on the land has to forego the help and advantages that adequate supplies of "Waratah" wire make possible.

With our valued customers, we are looking forward to better circumstances which will enable Rylands to fully satisfy Australia's wire demands.

SUNTYNE

The sure, even sowing of the **SUNTYNE** gives the best preparation for a successful crop.

The ORIGINAL combined drill for cultivating, fallowing and seeding.

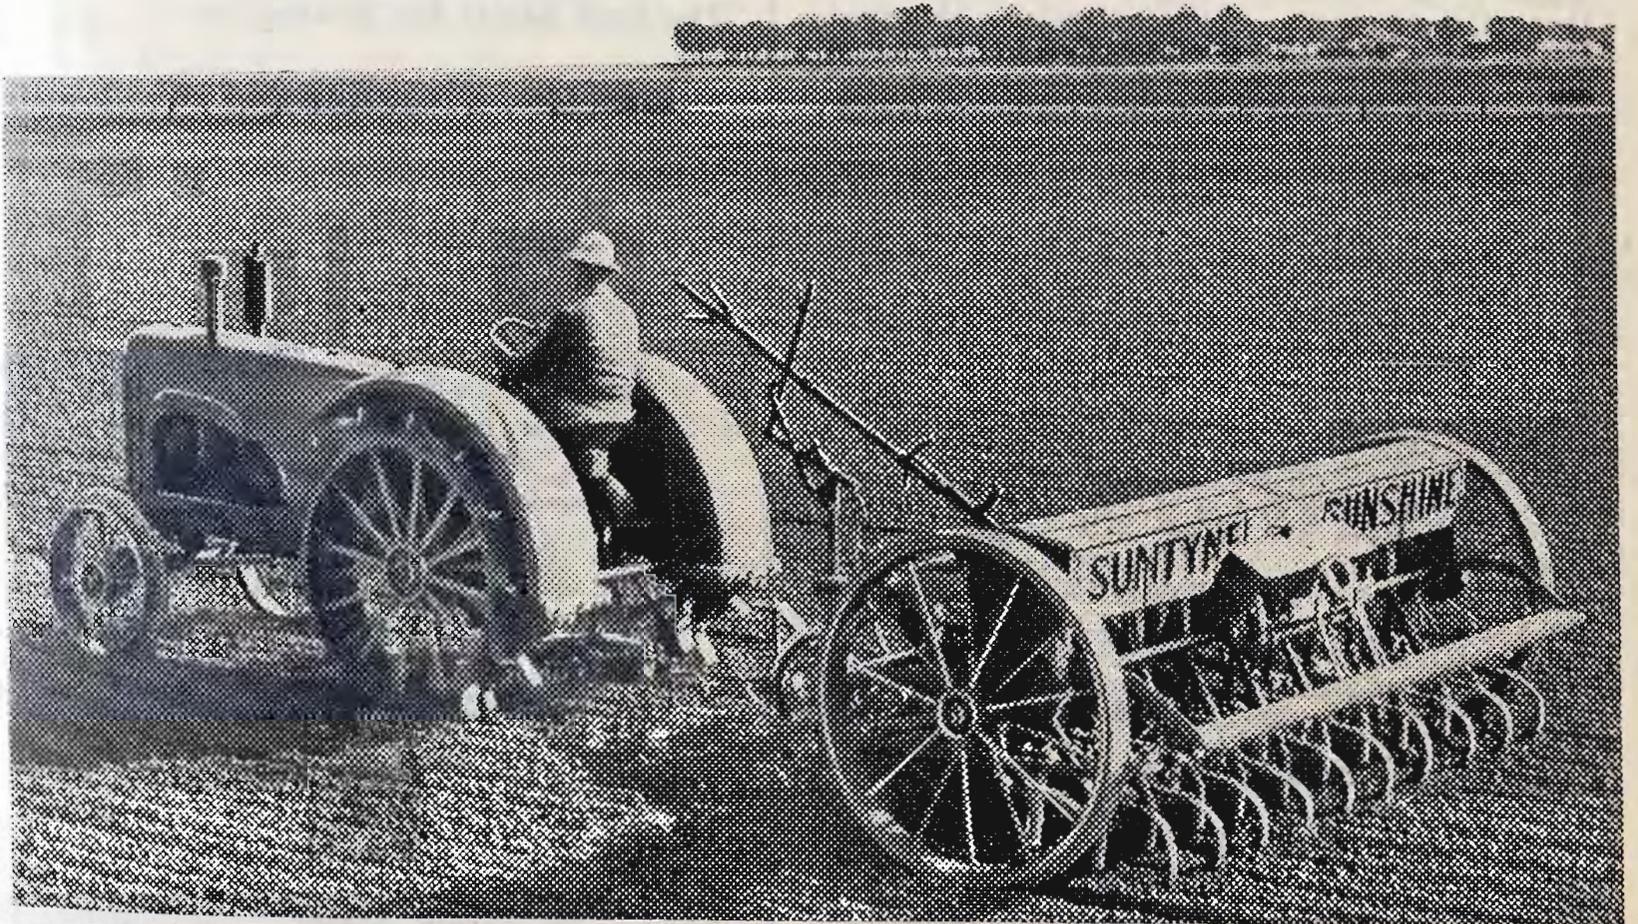

CONTROLLED FORCE-FEED SOWING cannot crack the grain—unequalled for accurate sowing. Large range of quantities for grain and fertilizer. Simple, sturdy gearing, quickly changed to vary quantities.

Highest quality tested heavy-duty tines and toughest points included in the efficient cultivating section.

CONTROLS: Full range for team or tractor work, including automatic lift and one-man control unit.

BOXES have weatherproof lids. Large capacity boxes can be ordered on larger sizes.

The tremendous demand for Suntynes still exceeds the number we can supply. **BOOK EARLY**—see your local Sunshine Agent or write for free catalogue NOW.

FODDER CONSERVATION.

The Royal Agricultural Society of Victoria annually conducts a Fodder Conservation Campaign with the co-operation of the Victorian Department of Agriculture, officers of which act as Judges.

Every Agricultural Society, Herd Association, and other approved primary producers' organisation, is invited to apply for a subsidy of £15, as Prize Money, in a local district fodder conservation competition.

Applications close with the Secretary of the Royal Agricultural Society on 31st December, each year.

Pull Trees Out by the Roots

Born to the work, heavy trees and stumps are torn out, abolishing hours of arduous digging and root cutting. In the "Monkey" Grubber way of clearing work is done expeditiously and without great outlay leaving the land clean for tilling.

The machine is compact and sturdily built to deliver 260 times the power applied to the handle. It is quite portable and fitted with an automatic lowering gear, second speed, rope shortener, snatch block, etc. Ample cable to take an acre and a half from an anchor.

JACKS FOR ANY JOB

about the farm or station, with engines or implements, waggons, trucks and machinery, with house and machinery removers, in shipyards, on railroads, or bridge builders, etc., may be had from Trewhellas.

The "Wallaby" Jacks are utility tools; the "Monkey" Jacks for heavy farm work, etc.; Wood-cased Jacks to 10-ton capacity; Hydraulic Jacks to 200 tons; Ball Bearing Jacks to 45 tons; and special jacks for railroads.

Modifications of these types are made for many purposes.

MODERN METHODS
— and experience

THE paramount need of to-day is increased production. To achieve this, producers in all industries require modern methods no less than they need the experience of past years to teach them how and when to apply such methods.

The National Bank is able to provide a modern financial service because, in keeping pace with progress and development throughout the years, it has acquired not only a full appreciation of the needs of modern producers, but as well, a comprehensive understanding of mankind and of human problems. The Bank's interpretation of service is as strongly based on this understanding as it is in the more material fact of sound business principles.

Friendly co-operation in financial matters and experienced counsel in business problems are equally at the disposal of clients and their friends.

TRINITY GRAMMAR SCHOOL

KEW, VICTORIA (Incorporated)

A CHURCH OF ENGLAND PUBLIC SCHOOL

FOR BOYS (from 12 to 19 years), and

TRINITY GRAMMAR PREPARATORY SCHOOL

(for boys from 5 to 12 years)

Ideally situated in beautiful surroundings, in grounds of nearly ten acres, ON THE CREST OF THE HIGHEST PART OF MELBOURNE. Three separate houses for boarders. Splendid sleeping-out accommodation. New Buildings. Modern methods, ensuring individual attention with full collegiate life. The house tutorial system ensures individual attention for each boarder in his studies by the resident members of the staff.

Special provision for the care of young boarders.

In the two schools, each with its separate playing fields and organisation, and its own staff of University graduates and trained teachers, but both under the one Headmaster, boys are taken from the beginning of their school education to the Matriculation standard of the University of Melbourne.

# The Royal Agricultural Society of Victoria

## RULES

1. The Society shall be called **The Royal Agricultural Society of Victoria.**

2. The objects of the Society shall be to promote the development of the Agricultural, Pastoral, Horticultural, Viticultural, Stock Raising and Industrial Resources of the State—

- (1) By holding Exhibitions at such places and times as the Council shall appoint, and by offering and awarding prizes and premiums at all such Exhibitions, if deemed desirable.
- (2) By holding meetings for the purpose of popularising rural life and disseminating knowledge of improved methods and new ideas in relation thereto.
- (3) By corresponding with Agricultural and other kindred societies, and collecting information for the furtherance of the objects of the Society.
- (4) By promoting the discovery, investigation and introduction of improved kinds of agricultural implements and machinery, the better equipment and construction of farm buildings, the application of chemistry to the general purposes of agriculture, the destruction of insects injurious to vegetable life, and the eradication or utilization of weeds.
- (5) By promoting the discovery, investigation and introduction of new varieties of cereals, vegetables or grasses suitable to the climate, and capable of being cultivated with profit; and also the introduction of desirable kinds and varieties of live stock.
- (6) By collecting and distributing information on all subjects concerned with the objects of the Society, including the preparation and publication of Flock Books, Herd Books, Stud Books, Pamphlets, Essays and Papers, and by the establishment and maintenance of a Library and Reading Room for the use of Members.
- (7) By investigating the nature of diseases in animals or plants and taking measures to encourage the prevention or eradication of such diseases.
- (8) By remunerating any person for original research work leading to the advancement of the objects of the Society.
- (9) By the purchase of live stock for breeding purposes and allowing farmers and other rural workers the use thereof for improving the standard of live stock.
- (10) By promoting or assisting any scheme for herd testing and remunerating any person for his services in connection therewith.

(11) By promoting or assisting competitions in regard to farm crops and other primary production, implements of husbandry and improvement of the conditions and methods of rural work.

(12) By promoting or assisting any other work which may be regarded by the Council of the Society as being beneficial to primary production or the improvement of live stock.

(13) By borrowing monies at interest on "short call" or otherwise from bankers or any other source for the purposes of the Society, and particularly for repaying in whole or in part monies owing or which may become owing by the Society either on current account or otherwise.

(14) By establishing and supporting or aiding in the establishment and support of funds, trusts and conveniences calculated to benefit employees or ex-employees of the Society, or the dependents or connections of such persons, and by granting pensions and allowances, and by making contributions towards Insurance Premiums.

(15) To do all such other lawful things as are incidental or conducive to the attainment of the above objects.

3. The Society shall consist of a President, three Vice-Presidents, four Trustees (three of whom shall be appointed as hereinafter provided, and one shall be appointed by the State Governor), Governors, Members, Honorary Members, Honorary Scientific Members (not exceeding six in number), and Corresponding Members. The term "Member" shall (unless the context otherwise requires) be deemed to include a Life Member, Life Governor and Governor.

4. Subject to the provisions of Rule 27, every applicant for admission into the Society, by giving his name and address, with his subscription, to the Secretary, shall be duly constituted a Member of the same, and shall have all the rights of membership till the day after the Annual Meeting next ensuing. Provided that when any subscription shall be paid in the name of any firm or company such firm or company shall nominate in writing one of the members thereof, who shall, on the receipt by the Secretary of such nomination, be entitled to and exercise the rights and privileges of membership, and be bound by the Rules, By-Laws and Regulations of the Society, and may be elected to any office.

5. Governors shall pay a subscription of three pounds three shillings and Members one pound ten shillings annually. Life Governors shall pay

a subscription of fifty pounds, and Life Members a subscription of twenty-five pounds.

6. The Society shall be managed by a Council consisting of thirty-three Members (elected from amongst the Members of the Society as hereinafter provided) and the Trustees, who shall be ex officio Members of the Council.

7. One-third of the Council (the Trustees excepted) shall retire annually in rotation, but shall be eligible for re-election.

8. Land acquired, or to be acquired, for the Society shall be held by and be vested in the Trustees for the time being of the Society for and on behalf of the Society. The Trustees appointed as provided by these rules shall hold office until disqualified, or until they are removed in due course at the Annual or at a Special General Meeting of the Society. Any new Trustee or Trustees shall be appointed at the Annual or at a Special General Meeting of the Society, or in accordance with Rule 14. The Trustees shall deal with the lands of the Society as directed by resolution of the Council of the Society (of which an entry in the Minute Book shall be conclusive evidence), and they shall be indemnified against risk and expense out of the Society's property. If the office of Trustee, appointed by the State Governor, shall become vacant by reason of death, resignation or otherwise, a new Trustee shall be appointed by the State Governor.

9. The Council shall, at their first meeting after the annual election in each year, elect out of their own number (which includes the Trustees) a President and three Vice-Presidents.

10. The Council shall have the entire management of the income and funds of the Society, and all other affairs thereof, and for these purposes the Members of the Society for the time being shall be deemed to have constituted the Council of the Society for the time being their agents.

11. The Council shall have power to appoint and remove all paid officers of the Society.

12. The Council shall have power to elect Honorary, Honorary Scientific and Corresponding Members, nominations therefor having been submitted at a previous meeting and a notice of such nominations having been sent to each Member of the Council. The Honorary Scientific Members shall retire annually, and shall be eligible for re-election.

13. Governors and Honorary Scientific Members may attend meetings of the Council and take part in discussions thereat, but shall not have power to vote.

14. The Council may, except as to the Trustee appointed by the State Governor, fill up any vacancies in its own body created by death, resignation or occurring in any other way amongst its office-bearers.

15. The Council shall have power to make or amend such regulations as they think necessary.

16. The Council shall be regulated in its proceedings by such By-laws as shall from time to time be enacted by it, conformably with the Constitution and objects of the Society; but no By-law shall in any case be altered, or new one proposed, unless notice of such intention has been

given at a previous meeting and sent to each member of the Council.

17. The financial year of the Society shall end on the 31st day of December of each year, to which day the accounts of the Society shall be balanced. At the monthly meeting of the Council, to be held in January in each year, the Council shall prepare a list of Members nominated by them to fill the vacancies in the Council. Nominations (other than those made by the Council) of Members who may be candidates for such vacancies must be in the hands of the Secretary prior to such meeting. Every nomination other than those made by the Council shall be signed by at least two Members other than the candidate, and shall have endorsed thereon the consent of such candidate, duly signed by him. The election to fill the vacancies on the Council shall be held on the day immediately prior to the day fixed for the Annual General Meeting, as provided by Rule 18.

18. The Annual General Meeting shall be held on the last Thursday in February, at which meeting the Annual Report and Balance Sheet shall be submitted, successful candidates for the vacancies in the Council declared elected, two paid Auditors appointed, and any other business transacted of which due notice in writing shall have been given before the hour of two o'clock in the afternoon of the second Tuesday in January immediately preceding.

19. Fourteen days at least before the Annual General Meeting the President or his Deputy shall send to all Members of the Society a ballot paper, numbered, and initialled by the President or his Deputy, or the Secretary, with the names of all the candidates who have been duly nominated, and each Member desiring to vote shall erase therefrom all names he thinks fit. Provided that any ballot paper containing more or less than the required number of names shall be rejected by the President (who shall be Returning Officer) or his Deputy at the election. Every such ballot paper shall be returned before the closing of the poll, which shall be at three o'clock p.m. on the day of the election, and the said ballot papers shall be opened and counted when the Returning Officer is making up the poll.

20. Fourteen days at least before the Annual Meeting a copy of the Report and audited Balance Sheet for the preceding financial year shall be forwarded to every Member of the Society.

21. The Secretary shall report to the meeting of the Council next after the Annual Meeting the Members elected to fill the vacancies in the Council.

22. A Special General Meeting of the Society may be called at any time by the Secretary, on direction of the President or on the requisition of twenty Members of the Society, of which meeting there must be given ten clear days' notice stating the business to be transacted, but no business shall be transacted at any such meeting other than that for which it has been called.

23. A Special Meeting of the Council may be summoned by direction of the President or of three members of the Council, but no business then transacted shall be valid unless confirmed

by special resolution at the subsequent Ordinary Meeting.

24. At the Annual Meeting twenty Members, including Members of Council, or at a Special General Meeting ten Members, exclusive of Members of Council, shall form a quorum.

25. The privileges of Membership shall consist of power to vote at the election of Members of Council appointed by the Society, of free admission to the Library, Reading-room and Lectures, and, (with two ladies if the member be a Life Governor, whenever so constituted, or a Life Member, so constituted before the 2nd February, 1939, but with one lady only as regards all other Members) to the Society's exhibitions, grounds and grandstands (subject to such regulations as the Council may make) on production of the Member's ticket for the current year. And while the Society issues a monthly journal a copy shall, on receipt of a request in writing, be posted free to every Member.

26. Any Member neglecting or refusing to comply with these Rules, or any or either of them, or any lawful directions or requirements by the Council made in pursuance or under the authority thereof, or being guilty either before or after becoming a Member of the Society of conduct calculated to bring the Society into discredit in connection with its General Meetings, its Meetings of Council, its Exhibitions, or other objects, shall be liable to be summoned before the Council, and, if found guilty, shall be subject to reprimand or to have his name expunged from the roll of Members, and may also be disqualified from exhibiting and may be disallowed from again becoming a Member during the pleasure of the Council. A Member expelled under this Rule shall forfeit all right in and claim upon the Society and its property.

27. Any person being expelled from Membership or disqualified from exhibiting, riding or competing by any kindred society shall not be allowed to become a Member or to exhibit, ride or compete at this Society's Exhibitions until such expulsion be rescinded or such disqualification be removed, provided such expulsion or disqualification be confirmed by the Council of this Society.

28. The Council shall be the sole authority for the interpretation of these Rules, and of the By-laws and Regulations made thereunder; and the decision of the Council upon any question of interpretation or upon any matter affecting the Society or the administration of its affairs, whether provided for by these Rules or by the By-laws and Regulations made thereunder or otherwise, shall be final and binding on the Members.

29. Every Member shall communicate from time to time to the Secretary his address; and all notices required by these Rules to be sent or given to Members shall be deemed to have been duly sent or given if posted or sent to such address.

30. Every person becoming a Member of the Society thereby undertakes, if at any time required to do so by the Council, to give evidence by statutory declaration or otherwise of any

facts within his knowledge or information relating to the subject matter of any inquiry by the Council.

31. Every person becoming a Member of the Society shall thereby undertake to indemnify and shall with every other Member thereof be bound to indemnify the Council, and the individual Members thereof, any Committee of the Council and any Members of any such Committee, against any action or damages in respect of anything done or purported to have been done in accordance with these Rules, or the By-laws or Regulations made thereunder, during the continuance of his Membership.

32. The Council and the Members thereof shall be indemnified out of the Society's property against risk and expense which may occur through borrowing monies in accordance with paragraph 13 of Rule 2; and Members of the Society, notwithstanding Rule 31 hereof, shall not by reason only of their membership be or become personally liable through, by reason, or on account of any such borrowings.

33. These Rules shall not be altered except by a majority of the Members present at the Annual or at a Special General Meeting.

## BY - LAWS

### GENERAL MEETINGS.

1. Notice of the Annual and Special General Meetings of the Society shall be given in such newspapers as the Council may decide, and by circular through post to every Member; and all matters, except the election of the Members of Council at the Annual Meeting, shall be determined by a show of hands, unless a division is called for by at least three Members present. At every Annual General Meeting the minutes of the last Annual Meeting shall be read and confirmed; a report, together with a financial statement from the Council, shall be submitted, and any Member present may propose any question to the Council respecting the matters contained in such report, and comment thereon, or may refer to such other matters relating to the government of the Society and the management of its affairs as to him may seem proper, provided that his remarks have reference to some motion of which notice has been previously given in accordance with Rule 18.

2. The President or his Deputy shall conduct the election at the Annual General Meeting, at which meeting two or more scrutineers shall be chosen by the President or his Deputy to assist in making up the state of the poll.

### THE PRESIDENT.

3. The President shall, in all official relations of the Society, take precedence of all other Members, and shall take the chair when present, having (as well as any other Chairman of the Council) the privilege of a casting vote in addition to his own in all cases of equality in a division on any question. He shall sign all such letters, votes of thanks and other documents as the Council may decide.

## THE COUNCIL.

4. The Council shall hold a meeting at least every month, on such a day and at such an hour as the Council may decide, for the transaction of the business of the Society, and may adjourn from time to time at its discretion.

5. At the monthly meetings the Council shall have full power to originate, discuss and decide by a majority of votes on a show of hands all questions not involving an unusual outlay of money brought before it; provided that, if any three Members present regard any proposition brought forward as too important for immediate decision, they may object and demand the usual month's notice, whereupon all discussion on the question shall cease.

6. No motion, the effect of which, if carried, would be to rescind any motion previously passed by the Council during the same year, shall be entertained unless one month's notice be given to the Council.

7. The ruling of the Chairman shall be final in all matters of order and practice.

8. If within half an hour after the time at which any meeting of the Council is called a quorum of Members be not present, the Members present, or the majority of them, or any one Member if one only be present, or the Secretary, if no Member be present, may adjourn such meeting to any time not longer than fourteen days from the date of such adjournment, providing that no meeting shall be held on a public holiday, and should an Ordinary Meeting fall on a holiday the Secretary shall be empowered to postpone the date of such meeting and call it not later than ten days after the date on which it otherwise would have been held.

9. Minutes of the proceedings of every meeting of the Council or of any Committee shall be taken during their progress by the Secretary, or, in case of his absence, by some person present whom the Chairman may appoint for the occasion. The minutes shall afterwards be fairly copied into a minute book kept for that purpose.

10. The Council shall, from time to time, draw up such By-laws as may appear to them expedient for conducting the proceedings of their own meetings, which shall be binding on the Members of the Council, and all such By-laws shall be binding on all and every the Members, Honorary, Honorary Scientific, and Corresponding Members, officers and servants of the Society, as well as on all exhibitors or their assistants at the Society's Exhibitions.

11. The Council may appoint Committees to examine into or take action on any special matter relating to the objects or business of the Society, and may dissolve such Committees when they shall think proper.

12. The Council shall appoint a banker or bankers to the Society, to whom all sums of money received by the Secretary, or other persons for the use of the Society shall be paid.

13. No money shall be drawn from the Society's banking account but by order of the Council, after a report from the Finance Committee, and by cheques signed by two Members of such Committee and countersigned by the Secretary. Entries shall be made of all such payments.

14. If any Member of Council, with the exception of the Trustees, shall be absent from three consecutive monthly meetings of the Council without leave having been obtained, his seat shall be declared vacant.

15. The Secretary shall notify to the Council any vacancy which may have occurred in the list of President, Vice-Presidents, Trustees or other members of the Council, at the meeting of the Council at which or next after such vacancy occurred, and such vacancy shall not be filled up until the monthly meeting of the Council which shall take place next after such notice, provided that if any such vacancy occur after the ordinary monthly Council meeting in November such vacancy shall not be filled except at the next Annual Meeting.

16. In the absence of the President, the chair shall be taken by the senior Vice-President then present; and should none of these officers be present, then by such Member as the Council shall choose as their Chairman by a majority of votes. (The senior Vice-President shall be deemed to mean the Vice-President who has been a Member of Council for the greatest number of years in the aggregate.)

17. The quorum of a monthly or special meeting of Council shall be five.

18. At every monthly meeting of Council the order of business shall be as follows:—

- (1) Reading and confirming minutes of previous meeting.
- (2) Business arising from minutes.
- (3) Election of officers and nominations for vacancies.
- (4) Committee's Reports.
- (5) Motions.
- (6) Correspondence.
- (7) Postponed business.
- (8) General business.
- (9) Notices of motions.

19. All minutes and reports read to and adopted by the Council shall be signed by the Chairman.

20. The report from the Council to the Annual Meeting in February shall be prepared at the Council meeting first in January or at some adjournment thereof.

## COMMITTEES.

21. The Council shall elect such standing Committees at the monthly Council meeting in March as they think fit, and such Committees shall remain in office until the Annual General Meeting in the ensuing year, two members of Committee to form a quorum.

22. The President shall be ex officio a member of all committees.

23. Each Committee, at its first meeting, shall elect its own Chairman for the year, and in his absence a Chairman shall be elected by the Committee for the occasion.

24. All Committees shall make or adopt rules for the conduct of their business, and shall make a report of their proceedings to the Council and shall hold office until they have made their respective reports; but in case such reports shall not have been made previous to the last Thursday in February next after their appointment,

their powers shall then cease, providing that standing Committees shall retain office till their successors are appointed.

#### THE STAFF.

25. The Manager shall be immediately responsible to the Council for the discharge of his various duties. He shall attend the sittings of all meetings of the Council and of Committees.

26. The Secretary shall keep all the Society's books. He shall also conduct the correspondence of the Society and keep copies of all letters on the business of the Society.

27. Under the direction of the Finance Committee, the Secretary shall be responsible for all monies received, paying such sums into the Society's Bank, and producing at each meeting of the Finance Committee receipts for the same; and, excepting the amounts allowed him for petty cash, he shall not retain in his hands any money belonging to the Society, but shall pay it over forthwith to the Society's Bank. He shall have the charge of the expenditure for petty cash.

28. The Secretary shall have the custody of all books and property of the Society. All books, pamphlets, etc., becoming the property of the Society shall be stamped with the Society's stamp at once.

29. The Manager shall have the immediate superintendence over all of the servants of the Society, and shall be required to report to the Council any instances of misconduct on their part which he may think of such a nature as to require the consideration of the Council.

30. The Manager and the Secretary shall each find, if required, approved security to the amount of £500, the premium to be paid by the Society.

31. Neither the Manager nor the Secretary shall exercise any of the privileges of a Member of the Society.

#### FINANCE.

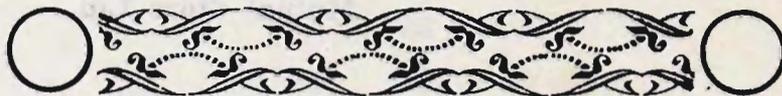

32. The Finance Committee shall have the immediate care of the Society's funds, and shall meet before the ordinary Council meeting in each month, in order to prepare a report for the Council on the state of the Society's funds, which they shall present to each monthly meeting, as well as a statement of the payments recommended to be made, together with all the books in which entries of cash receipts or payments are made, and such documents as the business of the day may require. Should a report from the Finance Committee not have been presented at the meeting of the Council, the Secretary shall report the state of the funds to the Council, in which case the Council shall vote the moneys required without such report.

33. The Chairman of the Finance Committee shall be the Honorary Treasurer of the Society.

34. All receipts for money received on behalf of the Society shall be out of a book with counterpart.

35. All moneys received and paid shall be entered daily in a general cash book.

36. The accounts of the Society shall be audited as may be required by the Council by two professional accountants, to whom a balance sheet shall be submitted by the Secretary immediately after the close of the financial year, and such, when audited, shall be presented at the Annual Meeting.
