Annual Report of the Royal Agricultural Society of Victoria

To the Members.

Ladies and Gentlemen,

Your Council has much pleasure in presenting the following report of proceedings of the Society for the year ended 31st December, 1949.

Royal Melbourne Show.

For the first Show in the second century of the Society's activity your Council resolved to retain the slogan "quality rather than quantity," and to that end inserted in the Prize Schedule those restrictions which had been found necessary to impose after the entries for the Century Show had closed.

Despite this fact the number of exhibitors increased to such an extent as to nullify the restrictions on the number of entries from one exhibitor in any one class, and it was not only necessary for the special Committee appointed to deal with entries of horses to make stringent decisions, but after conferring with representatives of Stud Cattle Breeders' Societies the Cattle Committee was compelled to take drastic action to reduce entries in all sections for cattle to what could be accommodated in the four pavilions.

At the conference referred to above it was resolved to again confer after the Show in the hope that some solution of the problem could be found prior to the publication of the 1950 Prize Schedule, as it was obvious that even if the Society so desired, it would be unable, owing to the continued restrictions on building, to erect any additional accommodation for stock.

No insuperable problems were encountered in the sections for sheep and pigs.

The Poultry section was divided—heavy breeds being exhibited for some days and light breeds for the remainder of the Show.

The entry of 1776 individual Dogs made it necessary to judge a different group of breeds on every day.

Pigeons and Cage Birds were satisfactorily accommodated in the pigeon pavilion, and entries in the section for Home Crafts made an excellent display.

Increased entries of Farm Produce, Fruits and Apiculture, were attractively staged in the Centenary Hall, in which building displays were also made by the Whittlesea Agricultural Society and the "Save the Forests" Campaign Council.

A table is published on page 6 in order that a comparison may readily be made of entries received in the various sections, at pre-war and post-war shows.

The Programme and Arena Control Committee left no stone unturned to ensure the smooth working of the arena programme during the nine day and eight night sessions of the Show, which was held from Thursday, 22nd September, to Saturday, 1st October, inclusive.

A completely new layout of the Judging Rings which covered the arena on the first day was commended by exhibitors and the public, as were other innovations during the Show, such as the variation of the course for Jumping Events for which the long wooden wings previously used were replaced by small trees and shrubs in tubs; the improved method of organising the Grand Parades, and the timing of the many events and special displays.

Several demonstrations by the Victorian Rural Fire Brigades Association with the support of the Country Fire Authority were appreciated by the public, who were thus enabled to get an idea of the work performed in a voluntary capacity by members of Rural Fire Brigades in safeguarding life and property throughout the State.

The displays by members of the Metropolitan Fire Brigade, which have become annual features of the Show Programme, maintained their usual high standard, and patrons were pleased that it had again been found possible for members of the Mounted Police to present their Musical Ride.

On two occasions members of the Waverley Riding School provided a very acceptable item in the programme.

Your Council greatly appreciated the co-operation of the R.A.A.F. in arranging at short notice for a Helicopter demonstration on the last day of the Show to take the place of the display by 10,000 members of Youth Organisations which was cancelled.

The Military Display on the concluding night was very impressive, as was also the performance of Massed Highland Bands.

For good measure, and in order to gauge their popularity with Show patrons, the Committee arranged for two demonstrations of Buck-Jumping during the Show, and these were so well received that it is likely they will be included in the 1950 Show programme.

* Section deleted in favour of a non-competitive display in Young Farmers' Pavilion.

The Shearing Competitions which were arranged to draw particular attention to the growing shortage of competent shearers, and to encourage young men to take up shearing as a means of livelihood, aroused a great deal of interest.

The display in the Government Pavilion arranged by Officers of the Department of Agriculture, was even more comprehensive and of a higher standard than in former years, whilst the exhibition staged by members of the Nurserymen and Seedsmen's Association in the Horticultural Hall, was very favourably commented on by patrons.

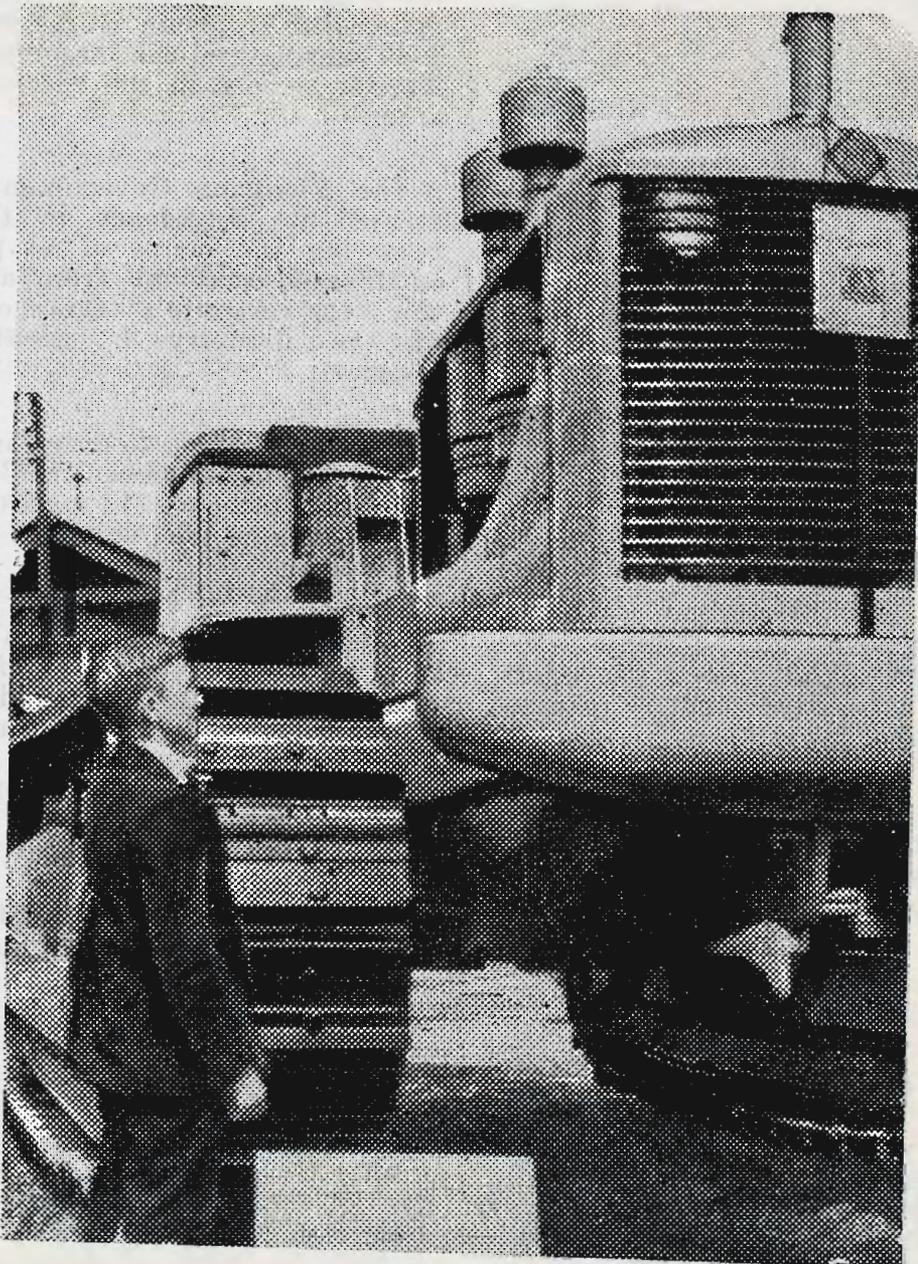

Every available square foot of space was taken up by displays of agricultural and other machinery, motor cars, etc., whilst the Halls of Manufactures and Commerce were filled with attractive displays of all kinds of manufactured goods.

It is no exaggeration to say that the whole Show was one of the best, if not the best, yet staged by this Society, and with such favourable weather as was experienced throughout the

period, the anticipated record in attendance would certainly have been attained had it not been that just prior to the opening day an official announcement—following reports of the spread of Poliomyelitis—urged parents on no account to permit children to attend the Show, and discouraged the flow of visitors from different parts of the State to the metropolitan area.

The adverse influence which this announcement had is clearly demonstrated in that the total attendance at this year's Show was 306,881 as compared with 531,214 in 1948. It is of interest to note that the attendance was 250,476 in 1937 when polio had previously been prevalent at Show time.

His Excellency the Lieutenant-Governor attended the Society's dinner on the evening prior to the opening of the Show. Later in the week he made a tour of the Show Grounds and was impressed with the comprehensiveness of the Show and the excellence of the exhibits. He displayed a very keen interest in the work of the Young Farmers' Clubs Association and the exhibits staged by members of those Clubs in different parts of the State.

The display of heavy machinery was an outstanding feature of the Show.

Other prominent visitors to the Show were the Premier; the Minister of Agriculture; the Rt. Hon. R. G. Menzies; the Hon. E. J. Williams, High Commissioner for the United Kingdom, and representatives of Royal Agricultural Societies in other States.

As in 1948, a special luncheon was arranged in honour of the Judges, Stewards and Stewardesses, and the President took the opportunity on behalf of the Council to express grateful thanks for their honorary services, which had been such a factor in the success of the Show.

In addition to many from other States, the Judges included three from England—Messrs. J. H. Cridlan, Robert Hobbs, and Hildebrand Wilson. They were generous with their praise of the Show in general, and the quality of the stock brought before them in the judging ring.

Although disappointed at the fall in the attendances and the consequent reduction in revenue, your Council, looking on the bright side, has expressed satisfaction that the Society did not sustain a loss, and has already taken the first steps in the organisation of an even better Show in 1950.

In view of the fact that in 1890 Lord Knutsford notified the Earl of Hopetoun, who was then Governor of this State, that Her Majesty Queen Victoria had been graciously pleased to grant the requisite permission for the Society to assume the title of the Royal Agricultural Society of Victoria, your Council has decided that the 1950 Show shall be named the Royal Melbourne Diamond Jubilee Show, and it is confident that such co-operation will be forthcoming from the Society's supporters, as will ensure a fitting commemoration.

ASSOCIATE BODIES.

The Society's staff has throughout the year carried out the secretarial and administrative work of the various Stud Stock Breeders' Societies and other associated bodies referred to in the following paragraphs.

Your Council again records its appreciation of the harmonious relations which exist between them and this Society, and particularly of their co-operation and support in connection with the Royal Show.

The Commonwealth Clydesdale Horse Society. (Federal Council and Victorian Branch).

The event of the year was undoubtedly the display of Clydesdales at the Melbourne Royal Show, when no fewer than 157 entries were received, included in which were some outstanding animals; whilst the general quality of the exhibits was high.

The fact that thirteen stallions were nominated for the Sire's Produce Sweepstakes indicates that members retain their confidence in the horse, and his ability to withstand the competition of mechanical farming methods.

At a meeting held during the currency of the Melbourne Royal Show, Federal Council decided to adopt the recommendation of the Sub-Committee appointed to inquire into the matter of consolidating and strengthening the position of the Society, and as a result, entries from all breeders throughout the Commonwealth will be forwarded direct to the Federal office, as from the 1st January, 1950.

This decision will, however, not involve the closing of the Branches, which will continue to control the affairs of the Society in their respective States. Each Branch will receive a proportion of subscriptions of all members residing in their territory, to cover the cost of restricted operations, and it is hoped that the new system will have beneficial results.

It is pleasing to record that although many reports magnify the decline of the industry, no fewer than 227 draught stallions were certificated under the Victorian Horse Breeding Act for the 1949 season, and the majority of these are standing for service in the recognised horse breeding areas of the State.

The Victorian Government has again demonstrated its confidence in the heavy horse by renewing the bonus of £4 payable on foals by certificated stallions from approved mares, and this very concrete evidence of faith in the future of the industry is greatly appreciated by breeders.

Entries received to date for inclusion in Volume 15 of the Commonwealth Clydesdale Stud Book total 235 stallions, 914 mares, and the compilation of the volume will be taken in hand early in the New Year.

The fact that those who are now associated with the industry have a genuine love for horses, and have the utmost confidence in them is important, as under such conditions the type of animal bred is certain to be of a higher standard, and consequently of greater all round value to the community.

The Australian Pony Stud Book Society. (Victorian Branch).

There are now over 80 members of this Branch.

The large increase in the number of applications received for the entry of ponies in the Australian Pony Stud Book is, to some extent, due to the last minute rush to register ponies prior to the introduction of new regulations which operate as from 1st January, 1950. These provide that to be eligible for the Numbered Division

of the Australian Section, a pony must be the progeny of a registered (Numbered) pony stallion and a mare entered in the Numbered division or in Foundation A Division of the Stud Book. Until the introduction of the new regulations ponies bred from unregistered stock were accepted for the Numbered Division on passing an inspection for pony type.

At the present time the Constitution provides that the affairs of the Society shall be administered by a Council of eight, elected annually by the members attending the Annual General Meeting, together with a nominee from each State Royal Agricultural Society. The Victorian Provisional Committee at its meeting in June, 1949, recommended that the Constitution be amended to provide for a Federal Council to govern the Society, along the lines of other Breed Societies; that such Federal Council be made up of delegates elected by the various Branches on a pro-rata basis according to membership, and that a Special General Meeting of Members of the Society be held in Melbourne during the currency of the 1949 Royal Show to consider this recommendation.

Unfortunately the suggested Special General Meeting was not called and the recommendation will now be presented as a Notice of Motion for the next General Meeting of Members to be held in Sydney during the currency of the 1950 Royal Easter Show.

R.A.S. Light Horse Control Council.

As indicated in last report the Executive of the Light Horse Control Council was strengthened by the addition of representatives of Agricultural Societies' Associations in different parts of the State.

During the year the registration of metropolitan and country gymkhanas, and the Light Horse section of several Agricultural Shows has been maintained, but action to widen activities was deferred pending a decision regarding the proposed national body embracing organisations in several States.

The Shorthorn Society of Australia. (Federal Council and Victorian Branch).

Interest in Beef raising has been greatly stimulated during the year by the decision of the Federal Government to facilitate the development of the industry in Australia, to enable progressively increasing quantities of beef to be exported to Great Britain. Consequently, the enquiry for stud cattle of all the recognised beef breeds has considerably increased.

As the Shorthorn is renowned for its beef producing qualities, and is recognised as ideal for crossing purposes, the breed has naturally been much in demand, and in the last few months the enquiry has reached unprecedented levels.

Some indication of the eagerness of breeders to obtain females from desirable blood lines can be gauged from the fact that at a reduction sale held recently, 42 choicely bred cows and heifers were sold in little more than an hour, and averaged £276/7/-, top price being 470 guineas.

At approximately the same time another sale which is unique in the history of Shorthorns in Australia took place, an entire New South Wales stud, comprising about 70 animals ranging from aged cows to calves at foot being acquired privately by a Western Australian breeder in one lot, and they will be delivered as soon as the necessary veterinary tests have been completed.

Enthusiasm has not been confined to one sale, or even one State, and thirty new studs have been established throughout the Commonwealth during the year.

The importance of type and quality is fully realised by stud masters, and 17 animals of modern type, bred on the most fashionable lines have been imported for studs in New South Wales, South Australia and Victoria, whilst several others have already been purchased for shipment early in 1950.

The publication of Volume 14 of the Shorthorn Herd Book of Australia, which will contain the pedigrees of 502 bulls and 1389 new cows, in addition to the progeny of 2396 cows registered in previous volumes, is well in hand and it is expected that copies will be available early in the New Year.

Entries received to date for inclusion in Volume 15 total 137 bulls, 625 cows, 1394 calves and 997 transfers.

The displays of Shorthorns at all Royal Shows throughout the Commonwealth have been of a high standard and competition exceedingly keen, which reflects the increased interest in the breed, and will have a beneficial effect.

It is reported that at all important sales there are a number of buyers whose requirements have not been fully met, and there is therefore every indication that the Shorthorn will play just as important a part in the development of beef raising today as it did in the founding and establishment of the industry over a century ago.

The Dairy Shorthorn Association of Australia.

The year has been an eventful one in Dairy Shorthorn circles and for the first time animals of this breed exhibited at the Royal Show were judged by an overseas adjudicator. On the recommendation of the Committee of this Association, your Council appointed Mr. R. W. Hobbs, owner of the Kelmscott Stud in Gloucestershire and one of the leading Judges in England, to carry out this work. Mr. Hobbs was more than favourably impressed by the standard of the stock brought before him and described the aged bull

class as a grand class comparing favourably with any Show in England. It was very gratifying for Australian breeders to hear a statement of this kind from such a world renowned Judge.

The popularity of the breed in Australia has continued to increase and the membership of the Association is now approaching the 250 mark. At the corresponding time last year there were just over 200 breeders on the roll.

Volume 4 of the Association's Herd Book was completed and issued to all members early in the year. It features the adult registration of 796 bulls and 1168 cows with a record of their progeny, together with additional produce, changes of ownership, etc., of 1078 cows registered in previous Volumes. The compilation of Volume 5 has now been taken in hand and this will include all registrations up to 31st December, 1949.

A matter of vital importance dealt with by the Committee during the past year was that of faulty tattoo branding, and it was decided that as from 31st December, 1949, any animal found to be ineffectively tattooed would be subject to de-registration.

In May last, an auction sale of registered Dairy Shorthorns was held on the Royal Melbourne Show Grounds. Values generally were satisfactory, but the quality of some animals submitted was not up to the standard expected. The Committee being anxious to make the sale an annual event and to keep high the standard of stock offered, has decided that all animals entered for the 1950 sale shall be subject to a rigid inspection for type.

The Red Poll Cattle Breeders' Association of Australia.

(Federal Council and Victorian Branch).

Although the membership has not greatly increased the breed has continued to progress and a consistent demand exists for good quality animals as they come on the market.

The Australian Red Poll Breeders' Guide referred to in last year's report has now been completed. The booklet is a valuable work of reference containing a wealth of information which should be of interest to those seeking knowledge concerning Red Polls in Australia.

Volume 14 of the Association's Herd Book is in print and copies are at present being bound. The Volume will be available for distribution to members early in the new year. The pedigrees of 409 bulls and 1276 cows, a total of 1685 animals are featured in this Volume, which will be the largest yet issued by the Association. A new departure is the inclusion of production records of cows tested under the Victorian Herd Improvement Association. In previous Volumes only Government Standard Herd Tests were published.

During the year the Federal Council obtained a copy of the English Red Poll Colour Film recently produced by the parent Society. The film was shown for the first time in Australia to a large gathering of members during the recent Royal Melbourne Show, and proved of great interest. Arrangements are being made for the film to be shown in all States.

Owing to the late harvest the 1949 tour of the Classification Board, appointed to inspect herds nominated for inclusion in the Voluntary Classification Scheme adopted by the Victorian Branch, was postponed. Arrangements have now been made for the tour to take place in January, 1950.

The Ayrshire Cattle Herd Book Society of Australasia.

(Victorian Branch and Federal Council).

The membership of this Society showed a further increase during the past twelve months, the total membership now being 420 of which 226 reside in Victoria.

From the number of new members enrolled and the enquiries being received, there is every indication that a further increase will be seen in the coming year.

Prices paid for stock at a number of sales which were held during the year suggest that buyers have experienced keen competition. It is believed that the prices paid for an Ayrshire bull and cow at the dispersal sale of Mr. T. S. Paternoster's herd at Millicent, South Australia, in November, were the highest for the breed in Australia.

Volume 40 of the Ayrshire Herd Book of Australasia was published during the year and Volume 41 which is in the course of being printed will contain the pedigrees of 270 males and 1611 females.

In accordance with resolutions of the Federal Council, a diagram showing the parts of an Ayrshire cow was included in Volume 40 for the first time and an informative pamphlet concerning the registration and tattooing of calves, etc., was published particularly for the benefit of new members.

To meet the increasing costs of printing the Herd Book, the Federal Council also decided to raise by 50 per cent. the fees charged for adult registrations and transfer notifications. These had been unchanged for many years.

Results received to date show that more breeders have placed their herds under test for production, and as a result the number of cows which gained their certificates during the year has increased considerably.

At the 1949 Annual Meeting of the Victorian Branch, it was decided to increase the size of the Committee to 16 with the object of giving a greater representation among members who felt that with membership increasing, a larger Committee was better able to maintain personal contact with them.

During the year, the resignation of Mr. J. A. G. McNab as a member of the Committee was accepted with much regret. In appreciation of the valuable services he had rendered as President and Vice-President and member of the Committee for many years, he was made a Patron of the Victorian Branch.

The Friesian Cattle Club of Australia. (Federal Council and Victorian Branch).

This Club is gratified to report that the popularity of the Friesian breed has grown, and membership throughout the Commonwealth has considerably increased.

To meet the demand for stock many importations have been made from New Zealand by studmasters.

Under Government Standard Herd Test many fine performances have been made, and it is worthy of note that in Victoria the two top cows were Friesians. The Champion of all breeds was "Victoria Olga," from the herd of the Department of Agriculture, Werribee, with a yield of 25,353 lbs. milk and 905.3 lbs. butterfat as a mature cow. The highest producer was "Ingolston Gwen," from the herd of Messrs. P. Goodfellow & Sons, Bunyip. The production figures were 26,601 lbs. milk, 917.3 lbs. butterfat. Unfortunately, as she did not calve within the stipulated time, she was ineligible for the Championship.

The keen interest of members of the Victorian Branch has been illustrated by the many fine displays seen at Country Agricultural Shows, also by the increased entries received for the Royal Melbourne Show.

The Annual Dinner of the Victorian Branch was successfully held, and members and interstate visitors once again spent a thoroughly enjoyable evening.

Mr. W. T. Smith was reappointed Branch Chairman and was thanked by members for his previous year's enthusiastic work.

The Federal Council met twice during the year, and many matters of vital interest were dealt with. Mr. E. H. K. Downes was again elected Federal President.

The progress of the breed in all States augers well for the future, and members look forward to another successful year.

The Guernsey Cattle Society of Australia. (Victorian Branch).

The progress made in the previous year has been maintained, the membership still continues to increase and the Branch maintains its position as the strongest of the Society.

The demand for Guernseys in Victoria is still greater than the supply, although breeders have made many purchases interstate to cope with the position.

The Committee has been working assiduously to bring the Guernsey to the fore, and that members have co-operated is revealed in the increased entries made at this year's "Royal," and at Shows in the country.

Sashes were again donated for Champion Bull and Cow at Shows at which entries were restricted to registered stock.

In the Government Herd Test the Guernsey breed was well represented, a record being established by "Yarraview Admiration," a two year old, with the splendid record of 621.5 lbs. butterfat. This heifer is a daughter of the world famous "Yarraview Le Mode," and was bred by Capt. A. E. T. Payne.

The President, Dr. F. G. Stephens, reported that Mr. P. A. Mahy, the well-known breeder from Guernsey Island, who visited Victoria in July of last year, has forwarded a silver Guernsey Can as a trophy for competition among breeders at next Royal Melbourne Show.

The Annual Dinner held by the Branch was very successful. A number of visitors were in attendance and a most enjoyable evening was spent. An interesting talk was given by Mr. R. F. Sanderson, which was enthusiastically received.

Literature issued by the Federal Council is still in keen demand.

Entries have closed for Volume 17 of the Guernsey Herd Book of Australia, and the Federal Council is hopeful of having it available for circulation early in 1950.

The points for the standard of the Guernsey Bull and Cow were discussed during the year, and the recommendations made by the Committee to Federal Council were adopted in principle.

At the last Federal Council meeting the President of this Branch, Dr. F. G. Stephens, was re-appointed Federal President.

The Australian Illawarra Shorthorn Society. (Victorian Branch).

The Branch experienced another satisfactory year and an increase in the membership can again be reported.

The Breed—so popular in the Northern States—is now becoming widely spread throughout Victoria. Its increasing popularity in this State can be better gauged by a comparison of the number of entries received for the last six Royal Melbourne Shows. In 1938 there were 13 entries; 1939, 70; 1946, 141; 1947, 182; 1948, 235. In 1949, despite the fact that in the Classes for animals under three years old, entries were limited to one in each Class from any one exhibitor, the total number of entries received was 224.

Keen interest was shown in the competition for the best prepared and maintained team of A.I.S. cattle at the last Royal Show. Mr. A. C. Jones, a Patron of this Branch, provided a trophy valued at 20 guineas for this competition.

Another member, Mr. F. N. Day, has offered to donate £20 to the owner of the first Victorian-bred A.I.S. cow to produce 800 lbs. butterfat in a lactation period of 273 days under Victorian Government Standard or the Victorian Herd Improvement Association Test. Judging by the improved performances of A.I.S. cows under test for the year 1948/49 it will not be long before this prize is awarded. A new breed record of 717.9 lbs. butterfat was established by "Douglas Vale Kassie," owned by Messrs. G. Tandberg and Son. This animal was top cow against all breeds in the junior-four-year-old class. Another excellent performance was that of Messrs. J. M. Newton and Sons, "Ovensdale Millie 2nd," which yielded 12,407 lbs. milk and 468.9 lbs. butterfat on her first test.

Entries for Volume 12 of the A.I.S. Herd Book closed during the year, and the Volume is now being compiled by the Federal Council.

The Australian Jersey Herd Society. (Victorian Branch).

Membership of this Branch of the Society has increased by 68 during the year to the record figure of 1352, and the keen demand for stock is evidence of the popularity of this great dairy breed. Its superiority is again demonstrated by its performance under Government Standard Test, the herd Championship falling to Jerseys for the 30th occasion in the 34 years that the test has been conducted. The successful herd was that of Mr. J. Stedman of "Surrey," Appin, which was also the champion herd last year. The Reserve Championship went to the Jersey herd of Mr. W. C. R. Gay, of Yarram.

Mr. G. F. Wade's "Inverbroom" herd provided the top producing Jersey in "Inverbroom Air Maid" (81874), her yield being 12,875 lbs. milk, 6.45 test and 831.6 lbs. butter in 273 days.

The ability of the Jersey to "milk on" and to produce milk of high quality is no doubt mainly responsible for the keen demand by dairyfarmers.

With the view to bringing before breeders the merits of proven bulls as early as possible in their useful life, the Committee of this Branch of the Society introduced a Superior Sire Scheme.

Briefly, this scheme automatically includes all bulls that are fully registered, are classified for type and have at least six classified daughters. Any bull on the register will be raised to the rank of Meritorious Sire when 50 per cent. of his over 3 year old daughters are classified, and have an average age-corrected yield of at least 400 lb. butterfat—a minimum of ten such daughters is required.

A bull will be made a Superior Sire when at least 10 of his progeny (two of which may be males) have been classified H.C. or V.H.C., provided that 66 per cent. of his over 3 year old daughters, not less than 10 in number, are classified and have an average age-corrected yield of at least 425 lb. butterfat.

To further publicise the breed, the Committee has authorised Mr. W. J. Yuill, the Branch Publicity Officer, to procure a tent and furnishings for use as a publicity centre and Jersey depot at country shows in the principal dairying districts of the State.

Although much difficulty has been experienced in procuring sashes the Society continues to donate sashes for Champion Jersey Bull and Champion Jersey Cow at Shows which restrict their entries to registered animals.

The number of members which submit their herds for Type Classification continues to increase, and to visit the herds submitted necessitates travelling over 6,000 miles during the months of October, November and December, thus making the task for the members of the Board an arduous one.

During the year, at the request of 10 members a Special General Meeting was held and it was decided thereat, that the Rules of the Branch be amended to provide for the affairs of the Branch to be administered by a Patron or Patrons and sixteen members of Committee instead of a Patron or Patrons and twelve members of Committee as hitherto. It was considered that owing to the large membership it was necessary to have greater representation on the Committee and thus enable more Committeemen to move among members throughout the State.

Owing to difficulties experienced in the printing trade in Sydney, where the Jersey Stud Book is printed, publication of Volume 35 has been delayed, but the issue of copies to members is expected to be made early in 1950.

The Branch still enjoys a sound financial position and it is anticipated that membership will be further increased during the coming year.

Victorian Herd Improvement Association.

Though the shortage of competent testers is still retarding the development of herd testing throughout Victoria, the Association had one hundred and twenty-seven active Units at work during the year, testing over one hundred thousand cows.

The Council of the Association was particularly pleased that the Department of Agriculture, with the assistance of a Commonwealth Grant for the improvement of the dairying industry, co-operated with the Association in reviving Dairy Farm Management Competitions which were a feature in the Association's work in pre-war years.

A comprehensive Scale of Points for use by Judges was drawn up and despite the shortage of time available, twenty-three Units arranged competitions and one hundred and thirty-eight farms were judged.

Full reports regarding the judging of these competitions will be published early in 1950, and action will be taken to ensure that similar competitions in 1950 will be much more widely supported.

Progress has been made in the development of the scheme referred to in last report to improve the method of recording the production of cows under Association Test, the supervision of testing work, and the collection of data necessary as a prelude to further development of the dairying industry.

Messrs. W. Fleming and E. R. Dickens became ineligible to represent their respective Zones on the Council of the Association, and at last Annual Conference Messrs. J. F. Martin and W. Hogan were elected in their stead.

Appreciation of the services rendered to the Association by Messrs. Fleming and Dickens was duly recorded.

As in former years the Herd Testers' Competition was conducted, and Royal Agricultural Society of Victoria Production Certificates were again issued to members of the Association whose herds reached a specified standard of production under test.

The Goat Society of Australia. (Victorian Branch).

The interest in goat breeding has continued to increase and the membership has risen 100 per cent. There are now 124 members of this Branch. Breeders realise how wide a field exists

for goats' milk which is credited with having valuable nutritional properties, and is reported to be very beneficial for children. As this knowledge is gained by the public, more and more are becoming interested.

Development is proceeding on sound lines, and it is felt that the success which has been achieved in other countries will be realised here.

Expansion has been handicapped by the shortage of animals. Local breeders have been unable to supply the demand for stock, and to ease the position several are making importations from England.

"The Australian Goat World," the paper issued monthly, and the booklet "If I Buy a Goat," are still in big demand.

Keen interest is being shown by breeders in the show ring, as illustrated by displays being made at Country Agricultural Shows where 50 to 60 goats are to be seen. The entries for this year's Royal Show numbered 60, as compared with 33 last year.

An innovation was made at the Royal Show by a 24-hour milking competition, which was won by the doe "Kelvin Brae Josie," owned by Mr. and Mrs. C. J. Mackay, of Glenroy, with the production of 12 lb. 11 ozs. of milk.

At the Annual Meeting Mr. A. C. T. Hewitt was again elected President, and members expressed appreciation of the splendid work being done by him.

During the year a report was received that goats had been taken to Macquarie Island, and had been allowed to run loose, and were rearing their kids well under natural conditions down there.

Publicity given by breeders, the press, and radio has been far reaching, as enquiries are coming to hand from as far afield as the Northern Islands, India, and Northern Territory.

The Australian Society of Breeders of British Sheep.

(Federal Council and Victorian Branch).

During the year the Federal Council issued Volume 41 of the British Breeds Flock Book. This Volume which was published in two Sections, is one of the largest printed for some years. In addition to the histories of 2,479 flocks, the book contained 2,926 ram and 1,907 ewe individual registrations.

Although the Society's membership reveals a slight loss, the present total of 2,214 members can be regarded as satisfactory. The number of members enrolled with the Victorian Branch is 961.

Competitors in one of the hack classes.

The Australian Meat Board conducted during the 1948/49 season, a series of Export Lamb competitions, and the Victorian State Championship was awarded to an outstanding pen of lambs bred by Mr. M. A. Stapylton-Bree, of Portland, who is a member of the Victorian Branch. Further lamb competitions have been arranged by the Board for the current season.

A number of importations of British Breeds of Sheep from Great Britain was again made during the year, and much interest has been taken in the high quality of the sheep obtained by Victorian breeders.

The Victorian Branch has added still another country centre, Echuca, to its list of Shows and Sales of Registered Sheep held throughout the State. The initial Show Sale held at Echuca proved most successful, and its continuance, in what is one of the State's best fat lamb districts, seems assured.

The other Show Sales held at Wodonga, Shepparton, Kerang, Bendigo and Newmarket attracted a good attendance of buyers, and most of the various breeds of sheep yarded were sold at very satisfactory prices.

Every precaution is being taken by the Victorian Branch Committee to ensure that the sheep penned at these Sales are of the highest standard, and official inspectors appointed are instructed to carefully examine each sheep.

An excellent display of British Breeds was again presented at the 1949 Royal Show.

Competition in the sheep section of the "Royal" is very keen, as in addition to the outstanding exhibits penned by Victorian members, strong teams of sheep are forwarded by breeders in Tasmania, South Australia and New South Wales.

After a record term, Mr. T. A. Meaklim did not seek re-election as Chairman of the Victorian Branch at the 1949 Annual Meeting of Members. The Branch has placed on record its keen appreciation of the valuable services rendered by Mr. Meaklim. Mr. W. C. Greaves is the newly elected Branch Chairman.

The Australian Corriedale Association. (Federal Council and Victorian Branch).

Record prices for Corriedale wool and keen demand for rams indicates that this Association will further strengthen its important position in the sheep industry during the coming year.

With a membership of 758 the breed is now becoming firmly established in all States of the Commonwealth. Of this number of members, 250 are Victorian breeders.

The number of registered Corriedales in Australia has increased to 293,000 in the past 12 months.

The printing of the nineteenth volume of the Corriedale Flock Book is now almost completed, and copies of the book should be available for distribution to members early in the new year. The volume contains the histories of over 750 registered flocks throughout Australia.

The illustrated Booklet made available by the Federal Council and forwarded to all members, soldier settlers and Young Farmers' Clubs throughout Australia has been favourably received. A number of copies of the booklet has also been posted to overseas countries which should give the breed good publicity.

To see that the standard of the breed throughout Australia is being maintained, Federal Council decided that all registered Corriedale flocks be inspected once every 3 years. To facilitate the inspection in Victoria, the State has been divided into seven zones.

As a result of representation to the Branch Committee of the Australian Society of Breeders of British Sheep, Corriedales are now officially recognised by that Society at all its Show Sales conducted throughout Victoria. The Victorian Branch of the Corriedale Association will meet portion of the expenses incurred in conducting such Show Sales. Corriedales were readily disposed of at this year's sales at satisfactory prices.

The Australian Pig Society.

(Federal Council and Victorian Branch).

At a conference held in Melbourne in January last, the Federal President (Mr. Graham F. Shirley) reported that the very amicable agreements concluded between commercial organisations and the Branches in the various States were conclusive evidence that the Australian Pig Society would unquestionably have the right to speak on behalf of the Pig Industry in future.

Following the January conference, a deputation comprising representatives from all States awaited on the then Minister for Commerce and Agriculture and asked him to consider the grave position existing, with a view to devising some means of overcoming the problems, so that the Industry could again stand on its own feet as one of the major food producers of the Commonwealth, also as a valuable aid to Britain in the present acute world shortage of food stuffs. The deputation submitted to the Minister a number of resolutions covering the various problems of the industry, mostly brought about by the low price at which the contract for pig meats with the United Kingdom had been signed.

The Minister indicated that he was not prepared to accept without verification the facts and figures furnished in support of the cost of production figure submitted by this Society. He later agreed to direct the Bureau of Agricultural Economics to carry out an investigation, but indicated that he did not propose to call on producer representatives to assist at the enquiry.

The report subsequently prepared by the Bureau of Agricultural Economics showed that estimates of the cost of producing 1 lb. of pig meat varied from 14.6d. for a one man production unit, to 15d. for sideline production on a dairy farm and 15.2d. on a wheat farm. These figures compared favourably with those prepared by the Society and on which it based its recommendation for an export price of 1/6d. per lb., to provide pig raisers with the necessary incentive to increase production to supply Britain's needs. Despite this, however, the Minister recently announced that the new British Contract for Pig Meats was signed at a price which will return barely 1/3d. per lb. to the producer and which, based on the Bureau's report, would in most cases be below the cost of production.

Immediately the new price was announced the Federal Executive met in Melbourne and decided to send a letter of protest to the Minister expressing concern at his apparent reluctance to accept recommendations made by this Society, which by the strength of its membership, combined with that of its affiliated organisations, can rightly claim to be the "sole voice of the Pig Industry."

In expressing approval of the action taken by the Federal Executive the Committee of the Victorian Branch asked the Federal Council to continue to press for an increase in the price for export. The Federal Executive hopes to confer with the new Minister for Commerce and Agriculture early in 1950.

The Society has for some time advocated the adoption of a Pig/Wheat ratio, similar to the Hog/Corn ratio used in the United States, as an indicator of the relative profitability of pig raising. Under the Pig Meat Plan of 1943, 9d. per lb. was paid for first quality pigs and wheat was made available to pig producers at 3/6½d. per bushel. To maintain the same Pig/Wheat ratio a price of 1/6½d. per lb. for pig meat would be required with wheat at 7/4 per bushel.

In May last the Victorian Branch co-operated with the Australian Meat Board, Victorian Department of Agriculture and your Society in staging the 1949 Bacon Pig Competitions, and Stud Pig Sale at the Royal Show Grounds. The Branch also subsidised Bacon and Pork Pig Classes at the Royal Melbourne Show.

The Victorian Branch has continued to press for an increase in the maximum amount of compensation paid under the Swine Act; the introduction of legislation for the compulsory T.B. testing of all Stud pigs; and the establishment of a Pig Testing Station in Victoria.

The Kennel Control Council.

The K.C.C.'s fourteenth year of successful administration of the dog world has now concluded with another record membership. There are now 4,546 members compared with 3,924 in 1948.

During the year Castlemaine, Healesville, Maryborough, Shepparton, and Wangaratta Kennel Clubs and Sale and Wangaratta Agricultural Societies were affiliated, bringing the total of affiliates to 51.

The K.C.C. One-Hundred Guineas proved again to be very popular, and drew large entries in the qualifying class at Championship Shows held by affiliates. In the finals at the Royal Melbourne Show 77 dogs and bitches competed.

A large gallery followed the Annual Championship Field Trial Stakes for Pointers and Setters and Spaniels and Retrievers. These Trials which were held at Little River, were most successful.

The coveted title of "K.C.C. Champion" was granted to 135 dogs and bitches during the year. The 100 points value which must be gained in Challenge Certificates before the title may be awarded makes this Championship Certificate a highly prized possession.

After investigation the Committee found it necessary to increase some of the fees for the ensuing year. Although revenue was more than in previous years, this had been offset by higher costs.

The "K.C.C. Kennel Gazette" was posted free each month as usual to members. The inclusion in the Gazette of notified litters has proved to be one of the greatest selling mediums for puppies, and with this incentive more and more breeders are recording litters regularly.

The maximum classification permissible was again under review, and it has been kept as low as possible to provide healthy competition.

As usual the calendar for the coming year was drawn up well in advance so that affiliates could plan ahead, and there would not be any avoidable clashing of fixtures.

A considerably increased number of previously unattached Agricultural Societies saw the wisdom of obtaining the K.C.C.'s sanction, and as a result, held good Shows.

The Committee reports with regret the deaths of two stalwart supporters of the K.C.C.—Mr. J. Gatehouse, and Mr. R. Myers. Both had rendered valuable service on the Committee. Mr. L. F. Armstrong found it necessary, owing to business reasons, to resign from the Committee during the year. The vacancies will be filled by your Council early in 1950.

The Victorian Working Sheep Dog Association.

The Association has continued in its efforts to further develop the standard of our working sheep dogs. Trials conducted by affiliated clubs again attracted excellent entries, and many keen and interesting contests were staged.

As usual one of the main events of the year was the 1949 competition for the Capt. Payne 50 guinea trophy. This was successfully conducted at Alexandra in April, local arrangements being in the hands of the Alexandra Working Sheep Dog Club. The trial attracted an entry of 68 dogs, and was won by Mr. W. J. Clifton, with "Kintyre Moy."

The 1949 competition for the William Cooper and Nephews Utility Trophy—the other "big event" in the Sheep Dog World—was staged at Woolsthorpe, in October last, by the Woolsthorpe Sheep Dog Club. The successful competitor was again Mr. W. J. Clifton, with "Kintyre Moy," who won from a field of 44.

For the first time on record the same competitor has taken the honors in both these big trials in the one year, and congratulations go to Mr. W. J. Clifton for this excellent performance.

The 1949 Royal Show Trials attracted an entry of 100 dogs. On the recommendation of this Association your Council again agreed to conduct the preliminaries concurrently with the annual trials of the Geelong Agricultural and Pastoral Society. Local arrangements were efficiently carried out by the Committee of that Society.

Poultry Control Council.

Having completed its second year, this Council is now firmly established as the governing body of the Metropolitan Poultry Showing Societies.

The confidence which exhibitors repose in the Council is reflected in enquiries which several Country Poultry Societies have made regarding affiliation with the Council. Being convinced that much good would follow a complete link up of all showing bodies—Metropolitan and Country—the Council decided to enrol Country bodies at the reduced affiliation fee of £2/2/-.

All known country bodies have now been invited to affiliate, and it is hoped that in the very near future this Council will have a complete cover of the whole State.

In the last report mention was made of endeavours which were being made to reach an Australian-wide agreement on the standard for Australorps.

Meetings of delegates from Interstate Poultry Societies were held during the Sydney and Melbourne Royal Shows, and it is pleasing to be able to report that at the lastmentioned meeting complete unanimity was reached—a standard was adopted and pictures of ideal birds approved. These agreements bring to an end long standing differences between the various State authorities on what has from time to time been a very vexed question.

The Council has been engaged on a complete revision of the book of standards for all breeds and it is hoped that before the end of the coming year it will be possible to undertake publication. In the compilation of this book the Council has been careful to obtain expert opinion on all points in doubt, and has studied standards recently adopted in England.

During the recent Royal Melbourne Show the Council held a buffet dinner to enable exhibitors to "get together," and provide an opportunity for Victorian breeders to extend a welcome to interstate exhibitors and judges.

The dinner was well attended and proved successful in every way. Since the show, several affiliated Societies have written conveying congratulations of their members, and expressing the desire that the dinner be made an annual function.

At a recent meeting it was decided to offer two trophies for competition at the Show of each affiliated body, and enquiries are now being made in an endeavour to obtain suitable articles for presentation.

In an attempt to cope with the problem of greatly increased entries at the Royal Show, and the difficulties experienced in staging, this Council recommended to your Society that the section be divided into two—Heavy and Light—and that each division be staged separately.

Whilst this innovation solved the staging problem it was not popular with many of our exhibitors and patrons, and the Council is now of the opinion that it would be better to revert to the old system even if it is necessary to "double deck" some of the coops.

Enquiries are now being made as to the possibility of obtaining an extra 500 coops which will be necessary to accommodate all birds in one Show.

The Council has recorded its appreciation of the support accorded it by your Society in providing secretarial services and office facilities, and also of the work of your representative on the Council, Mr. Harold Bartram. Mr. Bartram has been most enthusiastic in his attention to the work of the Council as its Chairman throughout the year, and in his capacity as Steward-in-Chief of the Poultry Section at the Royal Melbourne Show he gave outstanding service particularly in his attention to and entertainment of interstate judges, exhibitors and visitors.

The Victorian Young Farmers' Clubs Association.

The Association has been inspired by the growth of the movement, both Junior and Senior Sections, in Victoria.

The reports by Inspectors of the Education Department on Junior Club activities are very satisfactory, and it is pleasing to note, that despite the beheading of many Clubs owing to the conveyance of senior grades to central schools, the younger members are still maintaining their projects. This is due to the value Head Teachers and parents have discovered in the reality of education correlated with agricultural projects. The movement has been introduced into many Secondary Schools, and the new Consolidated Schools will have a definite place for Young Farmers' projects; especially in the many crafts associated with the farm and farm home.

The Government has continued its financial support of the movement, and in addition members of Parliament display their interest by attending Field Days and addressing young farmers. The Premier of Victoria (Hon. T. T. Hollway), visited the display in the Pavilion at the Royal Show, and expressed his pleasure at the wealth of practical instruction in rural life made available to our young farmers.

The generous support given by the Hugh Victor McKay Charitable Trust in the past has been further extended by another donation of £250. The spirit that prompts the Trust to assist in the development of a happy rural community of youth, adds pleasure to the gift.

The financial year ended with a total of 371 Clubs in the Junior Section, and 48 in the Senior Section.

During Education Week supervisors co-operated with the teachers in Clubs, in demonstrations, displays, and a series of talks by young farmers. The event demonstrated the community interest in young farmer projects.

The Vacation School for teachers who are Club leaders was held at the Teachers' College during the May vacation. Attendance at this school is a necessary qualification for a Young Farmers' Club Certificate issued by the Department of Education. The success of these schools, which are organised by the Supervisors, is the valued co-operation of the Departments of Education and Agriculture. Mr. A. J. Law, M.A., Principal of the Teachers' College, has always made the College available for lectures, and the Association appreciates his cultural discourse at each official opening. The Manager of the State Research Farm at Werribee, the Principal and staff of the Burnley School of Horticulture, the Australian Broadcasting Commission, Mr. J. Hall, of the Bell Young Farmers' Club, and Australian Cement Limited rendered valuable assistance.

The display of arts, crafts, project and correlated studies in the Young Farmers' Pavilion at the Royal Show was the most successful yet

staged, and the attendances have never been exceeded. The attractiveness of the display, and the growing interest of the public in the movement, have made this section at the Show a popular feature. The Pig Raising Competition exhibit associated with the display was a marked attraction, and amongst the many visitors to this section were the members of the Australian Meat Board, who were impressed with the value of the competition. An innovation that proved successful was the appointment of Senior Section members from various parts of the State as Pavilion Supervisors.

The "Sun" Cattle Judging Competition with record entries of Junior and Senior Clubs was carried out under a new principle of organisation, directed by Mr. Keith McGarvie, and the result was most satisfactory. The Senior Competition was won by the Sale Senior Section, and the Junior Competition by Yinnar Club. The trophies won by these teams were presented at functions at their Clubs. Mr. Colin Webb, of the "Weekly Times," represented the "Sun Newspapers." Active participation in sheep judging and Associate Judges' Contests at the Royal Show by Senior Young Farmers was gratifying, and they gained many successes.

Throughout the State the Broadcasting Stations have arranged sessions for young farmers' broadcasts. These have been popular and have greatly assisted in co-ordination of activities. The Australian Broadcasting Commission, through its Rural Broadcasts Officer, Mr. R. Thompson, has extended the facilities for young farmer broadcasts by the programs through regional stations at Horsham and Sale. Mr. Thompson had displayed a keen interest in our activities, and is a popular friend of all young farmers. He has visited many Clubs, and developed most helpful recordings.

The 1949 Young Farmer Leadership Competition, conducted in Melbourne by the Australian Broadcasting Commission for girls under 21 years of age, was won by Miss Pauline Wallis, of Seymour.

The final, comprising the winners from each State, was held at Sydney Royal Show, and the winner in the girls' section was Miss Wallis. Victorian Senior Section members were proud of the achievement of one of their members, and congratulations were sent to Miss Wallis by this Association. State finalists were the guests of the Australian Broadcasting Commission whilst in Sydney. The Leadership Competitions are conducted annually, and are of great educational value to our young farmers, and are beneficial in creating widespread interest in the movement.

The Young Farmers' Pig Raising Competition conducted by the Royal Agricultural Society and the Australian Broadcasting Commission provided 43 entries, an increase of 26 entries over the first competition last year. The carcasses were attractively displayed in the Young Farmers' Pavilion at the Royal Show.

Mr. L. A. Downey, Pig Expert of the Department of Agriculture, assisted by his staff, judged the carcasses, and in his report gave much useful advice to the competitors, and commended the young farmers on their enthusiasm. The winner was Alan Macdonald, of Stacey's Bridge, Yarram.

During the Chamber of Agriculture Convention at Ballarat, the Senior Section conducted a camp for both girls and boys. Eighty members attended, and a program of social, cultural, and agricultural projects was conducted by the Supervisors, assisted by Mr. Ken Wilson, of Geelong. A feature of the camp was the visit made to a session of the Chamber Convention at the City Hall, under the leadership of Mr. Alan Turner, State President. The members were received by the President (Professor S. M. Wadham), and the Hon. W. S. Kent Hughes, Minister for Transport.

Prior to the visit Cr. Fred Wray, Mayor of Ballarat, accorded the Young Farmers a civic reception. Mr. George Young, Supervisor of the West Australian Young Farmers, and Miss Dulcie Wise, of Western Australia, were guests at the Camp. Hospitality extended by Mr. Selwyn Scott, President of the Ballarat P. & A. Society, the Secretary, Mr. L. Blackman, Rotary of Ballarat, and Mr. L. Lederman, was greatly appreciated.

A party of five young farmers representing the Victorian Young Farmers' Clubs Association visited the Sydney Royal Show, under Supervisor Mr. Keith Weppner, where they were the guests of the Royal Agricultural Society of N.S.W. The hospitality extended was appreciated, and the visit was of educational value to our members.

Young Farmers' Clubs in Victoria have been soundly organised, and the extension of the movement to young men and women up to 25 years of age has consolidated the movement. The advantages of the training in agricultural and cultural studies and in social life, has developed the interests of our young men and women, and has influenced them in a way of life that will be beneficial to our rural communities.

The Chamber of Agriculture of Victoria.

The 1949 Annual Convention of this Chamber, held at Ballarat, was well attended by delegates from affiliated bodies throughout the State.

Delegates listened with interest to several addresses on various subjects, and expressed appreciation of educational films exhibited during the convention.

They also took part in discussions on various problems of the primary producer.

Keen appreciation was expressed of the arrangements made, and the warm hospitality extended by the President and members of the Ballarat Agricultural Society, and the Mayor and citizens of Ballarat.

Addresses delivered at the convention, together with a report on the discussions and resolutions passed thereat, have since been published in the Chamber Year Book, copies of which have, in accordance with annual custom, been forwarded to affiliated organisations and to libraries and kindred bodies in other States and other countries.

Professor S. M. Wadham was re-elected as President of the Chamber, and Messrs. C. C. Johnson and W. F. Weigall, as Vice-Presidents.

Quarterly meetings of the Council of the Chamber were held in Melbourne during the year, and arrangements are now being made for the 1950 Convention which is to be held at Warrnambool on 18th, 19th and 20th April.

Australian Council of Agricultural Societies.

Your Council maintained affiliation with the Australian Council of Agricultural Societies, and appointed Messrs. John Bott and Keith McGarvie to represent the Society at meetings of that organisation which were held in Sydney at Easter time, and in Melbourne during the Show period.

Resolutions passed at the Melbourne meeting forecast new competitions in Royal Show arenas throughout Australia in future years.

Victorian Pasture Improvement League.

Your Council decided to continue this Society's contribution towards the funds of the Victorian Pasture Improvement League, as it is convinced of the value of the work of that League in steadily bringing about the improvement of pastures in Victoria.

The Australian Cattle Research Association.

At a meeting held in Sydney during the Royal Easter Show, the Council of this Association regretfully decided that the withdrawal of financial support previously given by the Australian Dairy Produce Board made it necessary to disband the Association.

Your Council, which consistently contributed to the funds of the Association, and was represented at its meetings since its inauguration, endorses the hope expressed by its President at the Easter meeting, that the Association would be credited with having made possible much valuable work in the investigation of Bang's Disease and Bovine Mastitis, the twin scourges of the dairying industry, and that the Commonwealth Government would see to it that the work was carried on by the Commonwealth Scientific and Industrial Research Organisation.

Wheat Crop Championship Competitions.

After consideration of a communication from the Farm Competitions Association of Victoria, your Council decided to agree to a suggestion that there be four such competitions instead of three as in previous years.

£200 was allocated as prize money to be equally divided between competitions in the Northern Wimmera, Southern Wimmera, Mallee, and Northern Districts.

Your Council was pleased to learn that these competitions were well supported, and awaits with interest information relating to the awards which will be announced early in the new year.

Fodder Conservation Campaign.

Your Council is very appreciative of the continued co-operation of the Department of Agriculture with this Society in connection with its annual Fodder Conservation Campaign. Entries received in subsidised Fodder Conservation Competitions this year were so satisfactory that, being assured of financial support from the Department of Agriculture and of the services of its officers as Judges, your Council announced its intention to conduct a 1949-1950 campaign.

Applications from agricultural societies, herd

testing associations, and other approved organisations of primary producers, willing to organise Fodder Conservation Competitions in their respective districts, for subsidies of £15 each as prize money, closed at the end of the year. The subsidies will only be payable in cases where a minimum of five entries is received.

Entries will not close with local secretaries until 31st January, but the indications are that this will be the most successful campaign yet conducted.

"Leo Bartels" Memorial Prize.

In the last report reference was made to the decision of your Council to commemorate the work of the late Mr. Leo Bartels, by the inauguration of a memorial prize to be annually awarded at the Royal Melbourne Show, for conserved fodder.

This decision followed a suggestion made by the late Mr. R. R. Kerr, whose activities prior to his lamentable death resulted in many generous donations which have facilitated the establishment of a fund totalling £1,000, thus ensuring the awarding of this prize in perpetuity.

Though the notice was short, seventeen entries were received for the competition at this year's Show, and a suggestion has been received from the Judges, Messrs. R. L. Twentymen and W. R.

SHOULD UNEXPECTED SICKNESS OR ACCIDENT CAUSE YOUR DEATH—

WHAT WOULD BE A REASONABLE INCOME FOR—

- (a) YOUR CHILDREN UNTIL THEY CAN SUPPORT THEMSELVES?

Jewell, of the Department of Agriculture, that the memorial prize should be divided into two sections—from irrigated and non-irrigated land. This suggestion has been referred to the Produce Sectional Committee for consideration and report prior to the compilation of the 1950 Prize Schedule.

Use of Show Grounds Between Shows.

The Society's revenue has again benefited from a continuance of Night Trotting Racing at the Show Grounds.

Your Council has expressed its appreciation of the services rendered by this Society's representatives on the Trotting Control Board, and has congratulated the Board on the fact that it will, during the current Racing Season, have the honour of conducting the Inter-Dominion Trotting Championship, for which the best horses in Australia and New Zealand have already been nominated.

Your Council has also made arrangements under which the Victorian Athletic League will conduct two meetings at the Show Grounds in February in connection with the World Sprint Championship, to compete in which widely known athletes have come from England and the United States of America.

Olympics.

In accordance with an invitation from the Sub-committee appointed by the 1956 Olympic Games' Committee, the President and other representatives of the Society attended a conference at which the proposal that the Show Grounds be selected as the site for the main stadia was discussed.

The Sub-committee has also had similar conferences with representatives of other organisations favouring different sites. It is understood that the Sub-committee has already submitted its report and the decision of the Olympic Committee is expected to be announced early in 1950.

Acknowledgements.

Your Council is indeed pleased to report that His Excellency the Governor, Sir Dallas Brooks, has accepted an invitation to become Patron of this Society.

This opportunity is taken to again place on record your Council's appreciation of the co-operation of Government Departments, public bodies, Stud Stock Societies, the Press and Broadcasting Stations (both metropolitan and country), also the valuable services given in an honorary capacity by Judges, Stewards and Stewardesses, and the many other supporters of the Society who contributed to the success of the Show.

The Council.

Many changes have taken place in the Council during the past year, and whilst recording its keen regret at the losses the Society has sustained, your Council expresses pleasure at the calibre of the men who were found available to fill the vacancies as they occurred.

There were eighteen nominations for the eleven vacancies in the Council, which annually occur through effluxion of time. A postal ballot was conducted, as a result of which it was announced at the Annual Meeting of Members in February that the eleven retiring Members of Council had been elected for a further period of three years.

At this meeting His Honour Judge Mitchell was appointed a Trustee of the Society in succession to the late Sir Charles Merrett.

This appointment created a vacancy in the Council which was filled by the election of Mr. P. Bruce Ronald.

At its meeting in June, Mr. J. F. Bedwell submitted his resignation owing to his advancing years and the state of his health. The resignation was accepted with keen regret, and at the July meeting Mr. Bedwell was formally farewelled, and appreciation expressed of his long and valued services to the Society.

The Hon. Trevor Harvey, M.L.C., was then elected to fill the vacancy.

At that meeting a letter was received from Captain A. E. T. Payne, in which he stated that owing to ill-health he had, with deep regret, decided to tender his resignation as a Trustee of the Society.

Though very loth so to do, Council accepted the resignation with great regret, and recorded its keen appreciation of Captain Payne's sterling service to the Society since he was first elected as a Member of the Council in 1908.

Announcement at the August meeting of the death of Mr. R. R. Kerr was received with great regret, and when recording appreciation of the services rendered by Mr. Kerr, it was not overlooked that these covered many years prior to his relatively recent election as a Member of the Council.

At this meeting Mr. A. G. Hunter was unanimously appointed a Trustee of the Society in succession to Captain A. E. T. Payne.

The two vacancies in the Council were filled at the September meeting by the election of Messrs E. A. Doyle and T. Luxton, Jnr.

At its meeting in January, hearty congratulations were extended to Mr. R. N. Scott, who had been honoured by His Majesty the King with an O.B.E.

Special leave of absence having been granted in March and May respectively, your Council was pleased to welcome Mr. M. A. Nicholas and Sir Clive McPherson on their return from abroad late in the year.

When it was reported to Council at its meeting in May that Mr. F. E. Clarke, who had resigned from the Council last year, had died on 21st April, members deplored the passing of one who had performed wonderful work for the Society.

Finance.

The audited financial statements published with this Report are as usual set out in such detail as to be readily followed by members.

At a Special General Meeting of Members in December it was unanimously resolved to adopt a revision of the Constitution and Rules of the Society, as drawn up and recommended by the Council.

Members noted that to cover the increased cost of administration provision was made to

increase the fees for membership, and to permit of the enrolment of Associate Members. Also, the Council would in future have the power to appoint a person who has been a Councillor for at least twenty years to be an Honorary Councillor.

Thus, in addition to ensuring that the Society would have the lasting advice of senior members of the Council, the way would be left open for younger persons to be elected to the Council.

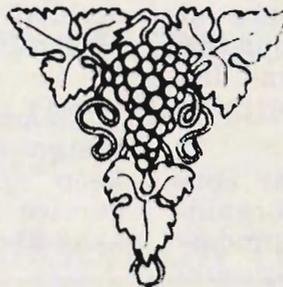

Viewed in the light of the proposed development at the Show Grounds, and the growing activities, this will undoubtedly be in the best interests of the Society.

On behalf of the Council,

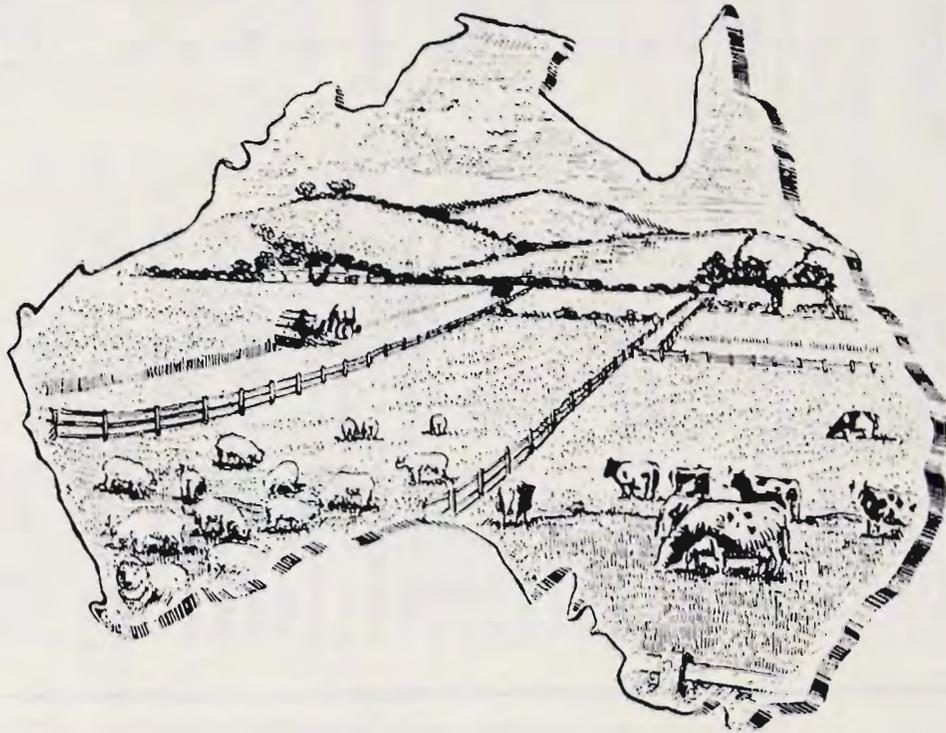

C. N. McKAY, President.

PRIMARY PRODUCTION AND YOUR BANKING SERVICE

In Australia today, primary production has become greater and more varied than ever before in our history. Many forms of banking service are required to facilitate this development.

This calls for ever greater efficiency in the activities of the man on the land and requires careful budgeting in financial affairs.

DUNLOP TRACTOR TYRES

OUTLAST

ALL OTHERS!

Here's proof!

Dunlop are the only Tractor Tyres in Australia with Linked-Bar tread. With up to 12 feet more bar area per tyre, and up to 40 lbs. more rubber per tyre, Dunlop Linked-Bars re-inforce each other—form a chain of support around the whole of the tread—a strong backbone re-inforcing the entire casing! Dunlop combine the greatest number of long life factors that have ever been built into any tractor tyre in Australia. That's why Dunlop Linked-Bar Tractor Tyres outlast all other makes!

**MORE FARMERS USE
DUNLOP LINKED-BAR
TRACTOR TYRES THAN
ANY OTHER MAKE!**

A recent survey among farmers who purchased Dunlop Linked-Bar Tractor Tyres up to 12 years ago proved Dunlop last longer, pull better, clean better, and ride better than any other make! Ask your neighbours!

Dunlop full-width Linked-Bars — grip better!

Up to 12 feet more bar area — pulls better!

Linked-Bars clean and ride better!

Up to 40 lbs. more rubber—lasts longer!

How Much for Your Livestock ?

According to present market prices, livestock is worth quite a lot of money, and constitutes a very large portion of some farmer's capital.

To-day livestock can be sold at a profitable turnover, — but what price to-morrow? Could the loss of any of your stock through accident or sickness affect you financially?

The answer naturally is Yes! — unless they are protected by Insurance.

For over 100 years Yorkshire Insurance has specialised in the Insurance of livestock, and now hold the reputation of world leaders in this class.

Wise owners don't take unnecessary risks. Insure now and ensure your security.

FORDSON MAJOR DIESELS FOR EXTRA POWER

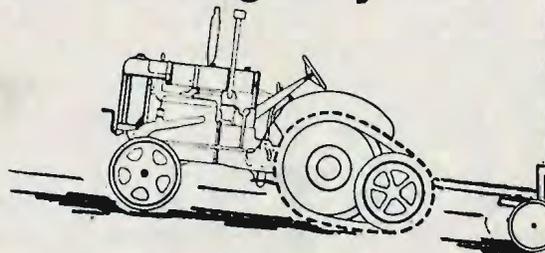

- FAMOUS PERKINS 6-CYLINDER ENGINE
- EQUALS A 14-HORSE TEAM
- LOWEST COST TRACTOR IN ITS H.P. CLASS
- BACKED BY FORDSON SERVICE

Act now to secure yours!

Big news for broadacre farmers. This is the fine new tractor—backed by two great names, Perkins and Fordson—that rated 37.5 maximum horsepower at the drawbar, on the Dept. of Supply and Development's "Nebraska" Test. Simple to start, drive and maintain, the Fordson Diesel will tackle any routine mobile power job on the farm. Limited supplies are now available. To ensure quick delivery—see us about it now!

For the toughest jobs...

the HALF-TRACK model

Handles just like a normal wheeled tractor, but—by laying down its own tracks—gives extra drawbar power and uses less fuel. If you want maximum traction under adverse conditions, ask to inspect the Fordson Major Diesel Half-track.

*"We're biding
our time
for a new Vauxhall"*

That's just what lots of people are doing. Why? Because Vauxhall has proved itself to be Australia's favourite British car and because Vauxhall's many desirable features make it a car well worth waiting a little longer for. Vauxhall gives economy with its 6-phase carburation; comfort with its independent front wheel suspension; safety with its hydraulic brakes; performance with its flexible overhead valve engines; grace with its smart, newly styled bodies. Vauxhall gives you all this, and more. It gives you such outstanding value for money that if you, too, bide your time for a new Vauxhall you'll be well rewarded.

The Vauxhall range includes 8 distinct models:

FOR FAST, CLEAN HARVESTING

The New **McCORMICK INTERNATIONAL**
GL-200

**POWER-DRIVE
HEADER HARVESTER**

***Gets the
extra bushels***

BUILT FOR HIGH-SPEED TRACTOR OPERATION

***Will gather, thresh, and clean efficiently
at speeds up to 5½ miles per hour***

The McCORMICK International GL-200 Power-Drive Header Harvester brings to every grain grower using tractor power, all the labour and time-saving benefits of "One-Man harvesting". There's a new ease of control for the tractor driver, and a new "high" in harvesting efficiency at speeds up to 5½ miles per hour.

This new Power-Drive Header Harvester has been developed and proved under all kinds of cropping conditions throughout the Commonwealth. It is not a converted horse-drawn machine—it is scientifically en-

gineered and built throughout expressly for tractor operation.

The gathering, threshing, and cleaning mechanisms have abundant capacity with an unusually wide range of simple adjustments. This makes possible *faster* and *cleaner* harvesting of all types of grain under almost any crop conditions.

Made in 12-foot size with 30-bushel grain tank, on steel wheels or rubber. Fits all makes of tractors with standard A.S.A.E. power take-off and drawbar dimensions.

Ask your nearest International Harvester dealer for the price and full information.

Security !

*Freedom from Care
or Apprehension . . .*

Someone has said that Joseph was the first Underwriter. During the seven fat years "he built up a reserve" by storing Egypt's surplus grain in huge granaries. Then came seven lean years, and the land was parched and withered. But the Egyptians were secure; they had freedom from care or apprehension, as Joseph, knowing the Risk, had provided against it through the exercise of Forethought and Thrift.

In other words, they were **INSURED** against Disaster.

The OLIVER - BRITSTAND RANGE

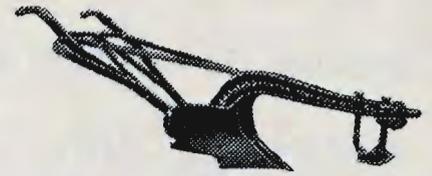

for FARM & CONSTRUCTIONAL Work

HEADED by the new OLIVER Standard '88' tractor (illustrated at left), the Oliver - Britstand range covers the whole field of farm, constructional and earthmoving equipment. In the crawlers, the famous Oliver-Cletrac — Models BD, DDH and FDE — are unsurpassed for fitting as hydraulic or cable-controlled trailbuilders and angledozers.

Britstand equipment makes possible heavier, faster and better work, and a much greater hourly output.

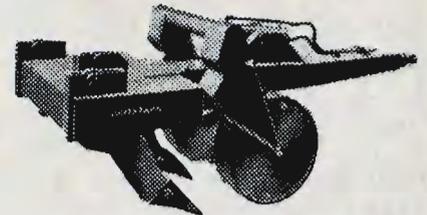

Write today for full literature on the Britstand equipment range.

PLOUGH—Heavy steel beam, unequalled for heavy road work.

DRAG SCOOP—All steel construction, renewable runners.

HYDRAULIC ROOTER — Hydraulic controlled, for heaviest breaking-up work.

INCREASED STAYING POWER OF PENICILLIN NEW TESTS BY C.S.I.R.O. PROVE NEW PENIJEK MORE EFFICIENT

Big news for milk producers! "Penijec," the preferred mastitis remedy of thousands, is now even more efficient. The new "Penijec" contains Sigma Procaine Penicillin which stays in the udder longer and increases the efficiency of the treatment. C.S.I.R.O. tests have proved that this is more effective than other penicillin methods. Dosage is as before: 3 doses at 24 hour intervals, applied in a few seconds in the easy-to-use hygienic tubes.

For less mastitis—more milk—use New "Penijec."

NO increase in price.

30,000 unit tubes, 18/- dozen.

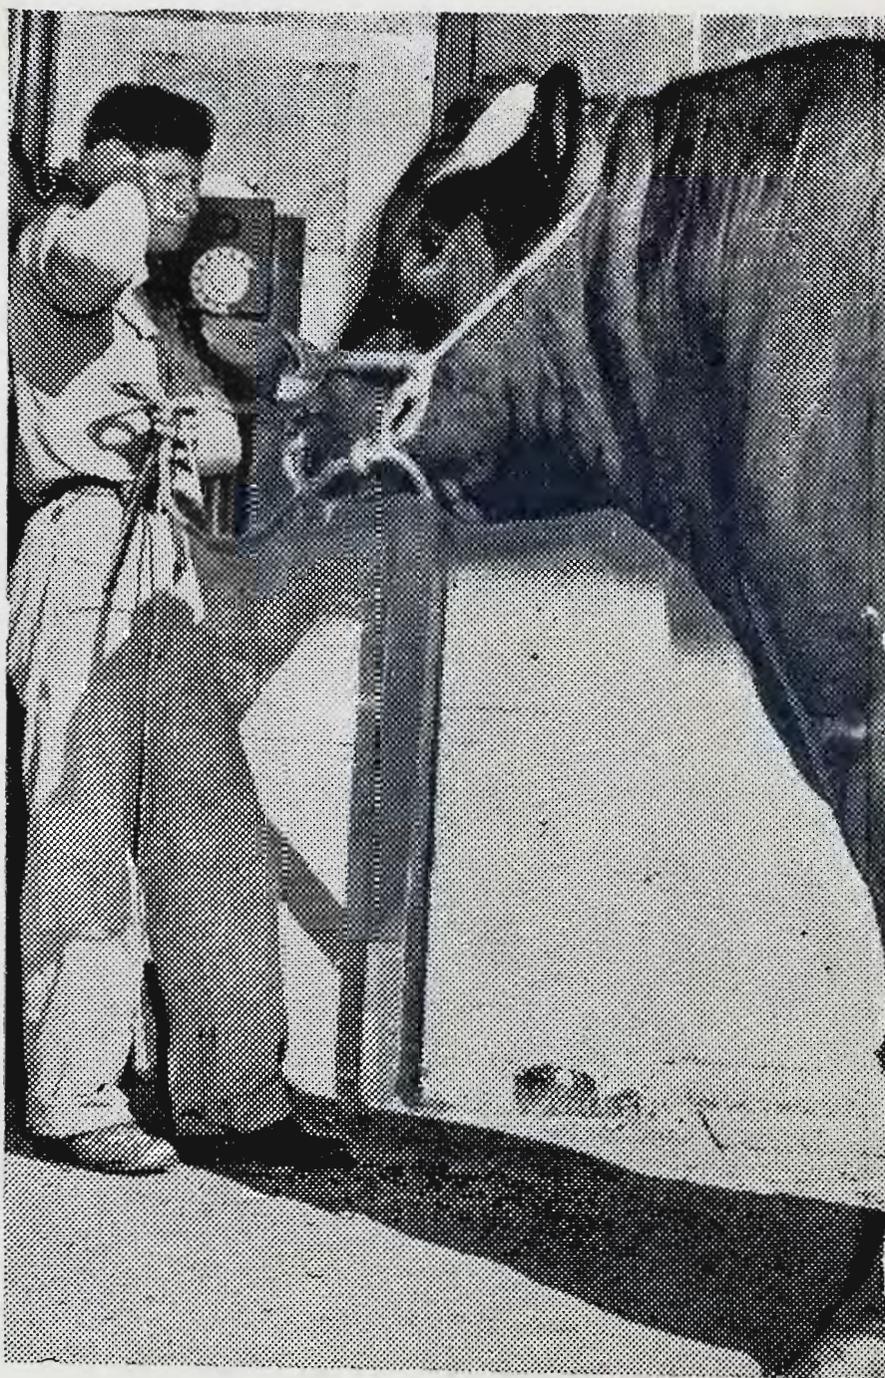

110,000 unit tubes, 48/- dozen.

SHEEP FEEDS

★

We are glad to advise Graziers that we can again supply the well-known "RIVERINA SHEEP NUTS," and all enquiries will receive prompt attention.

★

STOCK MEALS.

At the request of leading Stud Sheep Breeders we are now making up "SPECIAL STOCK FEEDS." These are popular with many graziers owing to their quality, reasonable cost and labor saving.

The Formulae of these Meals were specifically designed by us with the co-operation of Leading Stud Sheep Breeders and prominent Veterinary Officers primarily for the purpose of preparing STUD SHEEP for Shows and Sales. They can also be used beneficially for supplementary feeding during drought periods.

We use only ingredients of the Highest Quality in our Meals, because we realise the importance of Correct Feeding for this purpose. The ingredients used are as follow:—Wheaten Chaff, Lucerne Chaff, Peanut Meal, Linseed Meal, Oats, Maize, Sorghum Grain, Barley, Bran, etc., Lime 1 per cent., and Salt 1 per cent.

The "STARTER MEAL" is recommended for feeding when Sheep are first brought in for preparation for Shows and Sales, and the formula is suitably adjusted for feeding at this stage.

The "STANDARD MEAL" contains a higher percentage of concentrates and is recommended for feeding the same sheep after they have been accustomed to hand feeding.

The "FINISHER MEAL" contains a still higher percentage of concentrates and is recommended for "topping off" for a few weeks prior to the Shows or Sales.

SPOT WOOL

“You know the spot market in London is much more important than one thinks. Last season C.L.W.B. sold over 900,000 bales, more than half of them Australian wool.”

“That’s a lot of wool, but why do people buy in London when so much is sold locally?”

“Because what’s bought here doesn’t reach the mills in Europe for about three months and a lot can happen in that time. New orders — a change in demand — anything like that may mean revising production plans, and that can only be done if there’s more wool ready for use right at hand. That’s where London comes in.”

“Then I reckon that competition over there must be very keen. You ship your clip, don’t you; does it pay well?”

“Certainly. The principals of Yorkshire and Continental firms attend the sales in person, and my clip always meets excellent competition, especially the lower lines.”

THE PASTORAL INDUSTRY--

Australia's Financial Institutions have been of material assistance in the development of the Pastoral Industry. The Bank of Australasia — Melbourne's first Bank — has been prominent among these institutions for well over a century.

Through its numerous Branches in Australia and New Zealand, the Bank now provides a wide range of banking services which are of great assistance to farmers and graziers.

The Bank allows interest on Fixed Deposits, and advances are made on the usual terms.

*Why you can't get
all the Wire
you need..*

OVER the years, Rylands' sustained efforts have resulted in the Company's Newcastle Wire Mills being expanded and equipped with modern and efficient machines which are capable of manufacturing wire, wire products and wire netting in tonnages considerably greater than at present being produced.

To-day, due to the shortage of labour and coal, the Australian steel industry is unable to operate its plants anywhere near full capacity. This, in turn, means reduced quantities of steel rods for Rylands' wire-drawing plants.

Every effort is being made to equitably distribute the output of "Waratah" wire products throughout the Commonwealth.

With our customers, we look forward to the time when improved manufacturing conditions will enable the man on the land to enjoy the maximum help and advantages which adequate supplies of Rylands' "Waratah" wire and wire products make possible.

THE 73rd ANNUAL REPORT
OF THE

DISCLOSES
OUTSTANDING RESULTS

NEW POLICIES—117,052 new Life Policies, assuring £28,690,514, and 12,715 Personal Accident and Sickness Policies, assuring £4,539,320, were issued. The whole of the business was written in Australia and New Zealand, and indicates the confidence of new and existing Policyholders in the T. & G.

ASSURANCES IN FORCE—In the Ordinary and Industrial Departments there are 1,535,000 Policies in force assuring £195,800,000. That the T. & G. has been entrusted with the responsibility of providing this great mantle of protection is striking evidence of the esteem in which the Society is held.

INCOME—The Income for the year exceeded £11,500,000, an increase of more than £810,000 over the previous year's total.

SECURITY—The financial position of the Society is unassailable. The Assets, which are held in trust to meet payments to Policyholders as they fall due, increased by £4,790,000 to £66,500,000.

SERVICE—The T. & G. is a Mutual Life Society, a truly co-operative institution which has no shareholders. It renders the utmost service to its members and settles all claims promptly. Payments to Policyholders during the past ten years exceeded £34,867,000, of which £4,393,000 was paid last year.

A Policy with the T. & G. is a Safe and Profitable Investment.

Sunshine No. 4 ★ No. 6 HEADERS

Unequaled for Profitable Harvesting!

SUNSHINE'S unique double spiral front with long tooth comb has never been approached for clean, efficient harvesting . . . for gathering every possible grain in every type and condition of crop.

NEW No. 4 and No. 6 models now bring greater ease of control, smoother running, full range of simple adjustments, enclosed walkers for dust-free operation, and a type and size for all requirements.

No. 6 HEADERS, with simplified oil-bath drives and ample threshing and separating capacity, are made in 6, 8 and 10 ft. sizes and in ground-wheel drive, power drive and engine-functioned types. One-man control, as illustrated, can be fitted.

No. 4 HEADERS, made in power drive type in 10 and 12-ft. sizes, feature hydraulic raising and lowering, one-man control, enclosed gears running in oil, and greatest capacity of any power-drive machine.

EQUIPMENT available for straight heading or pick-up work for the best sample and greatest yield from a great variety of vegetable, pasture and other profitable seed crops, as well as the usual grains.

Pull Trees Out by the Roots

Born to the work, heavy trees and stumps are torn out, abolishing hours of arduous digging and root cutting. In the "Monkey" Grubber way of clearing work is done expeditiously and without great outlay leaving the land clean for tilling.

The machine is compact and sturdily built to deliver 260 times the power applied to the handle. It is quite portable and fitted with an automatic lowering gear, second speed, rope shortener, snatch block, etc. Ample cable to take an acre and a half from an anchor.

JACKS FOR ANY JOB

about the farm or station, with engines or implements, waggons, trucks and machinery, with house and machinery removers, in shipyards, on railroads, or bridge builders, etc., may be had from Trehellas.

The "Wallaby" Jacks are utility tools; the "Monkey" Jacks for heavy farm work, etc.; Wood-cased Jacks to 10-ton capacity; Hydraulic Jacks to 200 tons; Ball Bearing Jacks to 45 tons; and special jacks for railroads.

YOU'LL GET BIGGER AND BETTER CROPS WHEN YOU USE A MODERN **HOWARD ROTARY HOE**

Yesterday!

All the following plant was necessary: Horse, plough, harrow, cultivator, and stationary engine.

To-day!

Only one machine — The Howard Rotary Hoe — takes the place of all yesterday's plant, performing a better job with less effort and greater economy.

Illustrated is the Model DH 22, with 4ft. 6in.-cut Rotary Hoe.

- Rotary Hoe easily and quickly detachable when tractor required for haulage or other work.

THERE'S A "HOWARD" MODEL FOR EVERY FARM!

- "CUB" 10in.-cut, "JUNIOR" 18in.-cut, "TWELVE" 32in.-cut, and ROTARY HOE for FORDSON MAJOR TRACTOR—all designed and built to give lifelong service at low cost.

Dedication to Service

The very spirit of Red Cross is dedication to service . . . but the spirit needs the backing of the people to keep it alive in its practical application. The blood banks, the emergency relief services for disaster victims, sanatoria to fight tuberculosis, the hundreds of tasks that are helping disabled service men and women, the long, patient nursing of tiny cripples, the aged and infirm . . . We can all help Red Cross to maintain the grand services that mean so much to those who have been hit hard by fate.

This is Red Cross Month

The Royal Agricultural Society of Victoria

RULES

1. The name of the Society is "The Royal Agricultural Society of Victoria."

2. The objects of the Society shall be to promote the development of all phases of the Agricultural, Pastoral, Horticultural, Viticultural, Stock Raising, Manufacturing and Industrial Resources of the State of Victoria, and in connection therewith:

- (a) To hold, promote, assist or subsidise exhibitions, displays or shows of any nature or kind at any time or place, and to offer any kind of awards or prizes thereat if deemed desirable so to do.
- (b) To hold meetings for the purpose of fostering or popularising rural life and disseminating knowledge of methods of agriculture, and for the purpose of discussing and determining methods whereby the interests of persons engaged in any class of primary industry may be best protected or enhanced.
- (c) To collect, distribute, publicise and advertise any information or details connected with or akin to the Society's objects.
- (d) To encourage, promote, establish, form or appoint clubs, bodies, councils or committees for the control or betterment of showing conditions or the exhibition of any class of live stock and also for the promotion of any particular breed or breeds of live stock or any section or part of the primary industry, and further to appoint representatives to any body on which it is deemed desirable to have representatives.

Words importing the singular number include the plural number, and words importing the plural number include the singular. Words importing the masculine gender include the feminine gender.

THE SOCIETY.

4. The property, assets and income of the Society whencesoever derived shall be applied towards the promotion of the objects of the Society, and no portion thereof shall be paid or transferred directly or indirectly by way of dividend, bonus or otherwise, howsoever by way of profit to members of the Society. Provided that nothing herein contained shall prevent the payment in good faith of remuneration to any officers or servants of the Society or to any member of the Society or other person in return for any services actually rendered to the Society nor prevent the payment of interest on money borrowed from any member of the Society.

5. The Society shall consist of Honorary Members, Life Governors, Life Members, Ordinary Members and Associate Members.

MEMBERSHIP.

6. Every applicant for membership of the Society shall, when making such application, state whether he desires to become a Life Governor, Life Member, Ordinary Member or Associate Member, and shall at such time pay the appropriate member's subscription and (except in the case of associate members), the name of such applicant shall be submitted to the Council for election or otherwise. The Council may refuse any application for membership without assigning any reason therefor.

7. (a) The subscription for a Life Governor shall be One Hundred Pounds.

(b) The subscription for a Life Member shall be Fifty Pounds.

(c) The subscription for each financial year for ordinary and associate members shall as from the first day of January, 1950. be:
For Ordinary Members the sum of Three Guineas.

For Associate Members the sum of One Pound ten shillings.

(d) Annual subscriptions shall be due and payable on the first day of January in each year.

(e) The Council may at any time and from time to time vary the amount of any of the subscriptions for any class of member.

(f) The Council may at any time appoint any person to be an Honorary Member of the Society in recognition of services rendered in promoting the objects for which the Society was established.

8. (a) Only an individual person shall be eligible to be a Life Governor or a Life Member.

(b) Any person, firm, corporation, society or company shall be eligible to become an ordinary member or associate member.

9. In case any firm, corporation, society, company or other body (hereinafter called a "body") desires to become an ordinary member, such body may nominate in writing a person who shall be entitled to act as a proxy for the body at all meetings of and in all dealings with the Society. The body may change such nominee from time to time but the Society shall be deemed to have fulfilled all requirements if it addresses notices, ballot papers or communications to the nominee for the time being, care of the body at its address in the members' roll. Unless the instrument appointing such nominee is deposited at the office of the Society not less than one month before the date of the meeting, which the nominee attends, or one month prior to the closing of any ballot the body concerned shall not be entitled to vote. The instrument shall remain in force until the same is changed by the body unless such instrument specifically limits the time of operation thereof. A vote or act done in accordance with or in pursuance of such instrument of nomination, shall be valid notwithstanding the previous revocation of the nomination provided that no written intimation of the revocation has been received at the office of the Society. Notwithstanding anything hereinbefore contained the decision of the President of the Society or of any other person or persons appointed by the Council for that purpose as to the validity of any instrument appointing a nominee or proxy, and the right of the nominee or proxy to vote thereunder shall be final and conclusive.

PRIVILEGES OF MEMBERSHIP.

10. The privileges of an Honorary Member of the Society shall be the right to free admission to the Society's Grounds and grand stands during shows or exhibitions conducted by the Society and also such other rights as may be determined by the Council from time to time, and such rights may vary in regard to different persons.

11. The privileges of a Life Governor, Life Member and Ordinary Member, shall be:—

(i) Free admission to the Society's grounds and grand stands during Shows or exhibitions conducted by the Society, and such ladies' tickets as the Council may from time to time decide upon provided always that a person who became a Life Governor or Life Member prior to 2nd February, 1939, shall be entitled to two ladies' tickets.

- (ii) The right to purchase up to two additional ladies' tickets at the price fixed from time to time by the Council.
 - (iii) The benefits of any reciprocal arrangement which the Society has with any kindred Society.
 - (iv) Such reduced entry fees at shows or exhibitions conducted by the Society as the Council may from time to time determine upon.
 - (v) The right to vote at general meetings of the Society subject to any rules herein contained, which deal with the right to vote at meetings of the Society.
 - (vi) The right to a copy of the Society's Journal free of charge.
12. The privileges of an Associate Member shall be:—
- (i) Free admission to the Society's grounds and grand stands during shows or other exhibitions conducted by the Society.
 - (ii) Such reduced entry fees at Shows or exhibitions conducted by the Society as the Council may from time to time determine.
 - (iii) The right to purchase up to two ladies' tickets at the price fixed from time to time by the Council.
 - (iv) If a firm, corporation, society, company or other body, then it shall have the right to pay more than one associate member's subscription in which event it shall be entitled to as many associate members' tickets as subscriptions paid.
13. The Council may at any time, and from time to time add to or vary any of the privileges of membership herein set out.

14. A member shall not be entitled to any of the privileges of membership whilst his subscription remains unpaid, provided always that the right granted to Ordinary members by Rule 33 is not hereby prejudiced.

MEETINGS OF MEMBERS.

15. The Annual General Meeting of the Society shall normally be held on the last Thursday of February in each year. Every other general meeting shall be called a "Special General Meeting."

16. The business of an annual general meeting shall be to receive and consider the annual report of the Council on the past year's operations and the Balance Sheet, to receive the declaration of the result of the election of Councillors, and to appoint two auditors. No other business shall be transacted at any annual meeting unless notice in writing shall have been given before the hour of two o'clock in the afternoon of the Monday before the second Tuesday in January, immediately preceding such meeting or before such other time as may be determined by the Council.

17. The Secretary shall convene a special general meeting upon receipt of a request made to him by the President or by two Vice-Presidents or by the Council or upon receipt of a request made to him in writing, and signed by fifty members other than Honorary or Associate members.

18. Every such request shall express the purpose for which it is required that such meeting be convened.

19. No business shall be considered at any special general meeting of the Society except the particular business notified in the notice paper convening the meeting.

20. Notice of every general meeting of the Society setting forth the purpose for which it is convened, and the time and place at which it is to be held shall be forwarded to every Life Governor, Life Member and every Ordinary Member of the Society at his address in the Members' Roll. In the case of a firm, corporation, society, company or other body being an ordinary member the provisions of Rule 9 in regard to notices shall be observed.

21. The accidental omission to give any such notice mentioned in the last preceding rule shall not invalidate any resolutions passed at such meeting.

22. Twenty persons qualified to vote at a ballot present personally shall form a quorum for any general meeting of the Society, and no business shall be transacted unless a quorum be present.

23. If within fifteen minutes from the time appointed for a general meeting a quorum is not present the meeting if convened upon such requisition as referred to in Rule 17 shall be dissolved, but in any other case it shall stand adjourned to the same day in the next week at the same time and place, or to such other day, time and place as the President or council may by notice published in at least one Melbourne daily paper appoint.

24. The President of the Society shall take the Chair at every general meeting but if there be no President or if at any general meeting he shall not be present within ten minutes after the time appointed for holding such meeting the Senior Vice-President then present shall take the chair, and if there be no Vice-President present, the members present shall choose another member of the Council to take the chair.

25. The Chairman shall have control of any general meeting, and his declaration of the result of any show of hands or ballot shall be conclusive.

26. (a) No member other than the Chairman shall speak for a longer period than ten minutes except with the consent of the meeting.

(b) The meeting may at any time resolve that a speaker be no further heard.

(c) The meeting may resolve at any time that the "Question be now put." If such resolution be carried the debate shall thereupon be closed except that the mover of the resolution before the meeting shall have a right of reply.

27. At every general meeting of the Society a ballot may be demanded by the Chairman or by at least 20 persons qualified to vote at a ballot and present.

28. The Chairman of a general meeting may with the consent of the meeting adjourn the same from time to time and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

29. At all general meetings when questions of order, procedure or interpretation of the Rules or By-laws of the Society shall arise, the ruling of the Chairman shall be accepted as final.

30. If a ballot be demanded as aforesaid it shall be taken in such manner and at such time and place as the Chairman of the meeting may direct. The demand of a ballot may be withdrawn.

31. The demand of a ballot shall not prevent the continuance of a meeting for the transaction of any business of that meeting other than the question on which the ballot was demanded.

VOTES BY MEMBERS.

32. On the determination of any question whether by ballot or show of hands or otherwise life governors, life members, and financial ordinary members present at a meeting shall have one vote each. Associate members shall not be entitled to be present or vote at any meetings of the Society.

33. Every ordinary member, who was a financial member for the year preceding the annual meeting, shall be entitled to one vote at such annual general meeting.

34. No person, firm, company, corporation or other body may, by becoming a member after the 31st December in any year and before the next annual meeting exercise any of the rights of membership at such next annual meeting.

35. Except in the case of a firm, corporation, society, company or other similar body, votes must be cast personally. In the case of a firm, corporation, society, company or other body, votes shall be cast by proxy as hereinbefore set out.

36. In all cases of equality of votes the Chairman shall have a second or casting vote.

TRUSTEES.

37. All the real and personal property of the Society now or hereafter acquired shall be, and is hereby vested in the Trustees for the time being on behalf of the Society.

38. There shall be four Trustees, one of whom shall be appointed by the Governor of the State of Victoria, and the other three shall be appointed by the Council.

39. The Trustees holding office at the date of adoption of these rules shall continue to hold office as Trustees until their office has been vacated under the provisions of these Rules.

40. The office of trustee shall ipso facto be vacated:

- (a) if he becomes bankrupt;
- (b) if he be declared lunatic;
- (c) if in the opinion of the Council he becomes from any cause incapable of attending to his duties or unfit to hold office;

(d) if he resigns his office;

(e) if his membership subscription remains unpaid for more than twelve months;

(f) if he dies.

41. The Trustees shall deal with the property of the Society as directed by resolution of the Council (of which an entry in the Minute Book shall be conclusive evidence) and they shall be indemnified against any liability, loss, expense or risk out of the funds and property of the Society.

COUNCILLORS.

42. The members of the Council as constituted as at the date of the adoption of these rules shall continue in office as Councillors until their respective offices be vacated in accordance with the rules.

43. Councillors shall hold office for three years, one-third retiring annually in rotation, but those retiring shall be eligible for re-election.

44. Notwithstanding anything herein contained, a Councillor shall ipso facto cease to hold office as such if he:

(a) becomes bankrupt;

(b) be declared lunatic;

(c) in the opinion of the Council becomes from any cause incapable or unfit to hold office;

(d) resigns his office;

(e) absents himself from three or more consecutive meetings of the Council without leave of absence from the Council;

(f) allows his membership subscription to remain unpaid for more than twelve months;

(g) dies.

45. Should any vacancy occur in the office of Councillor between annual meetings through death, resignation or otherwise, such vacancy shall be filled by the Council and the substituted Councillor so elected shall hold office for the unexpired period of his predecessor's term of office.

46. At each annual meeting of the Society the eleven councillors, who have been longest in office shall retire.

For the purpose of this rule the length of time a Councillor has been in office shall be computed from the date of his last election or appointment, except as provided in the last preceding clause.

47. At the monthly meeting of the Council held in January or at some other convenient time the Council shall prepare a list of persons nominated by them to fill the vacancies in the Council occurring at the next annual meeting. Every candidate for the office of Councillor (other than those nominated by the Council as aforesaid) shall be nominated in writing by two members other than Honorary or Associate Members, and the full name of every such candidate, together with the names of his two nominators, and his own written consent to stand as a candidate, shall be lodged with the Secretary before two o'clock in the afternoon of the Monday immediately preceding the second Tuesday in January prior to the Annual General Meeting. Every candidate must be either a Life Governor or a Life Member or a financial Ordinary member at the time of nomination.

48. Unless otherwise determined by a three-fourths majority at a meeting of the Council, an election shall, when the nominations exceed the vacancies be by ballot, and the following provisions shall have effect:

At least 14 days prior to the annual general meeting the Secretary or his deputy shall send to all Life Governors, Life and ordinary members at their address in the members' roll of the Society a ballot paper containing in alphabetical order the names of the candidates. With such ballot paper shall be enclosed an envelope addressed to "The Returning Officer," care of the Secretary, and a smaller envelope marked "Ballot Paper." The accidental or inadvertent omission to forward such ballot paper and envelopes to any or some of the aforesaid persons shall not invalidate the ballot. Where a firm, corporation, society, company or other body is an ordinary member the provisions of Rule 9 shall be observed in regard to the posting of ballot papers.

49. Votes shall be recorded by striking out on the ballot paper the names of candidates for whom it is not wished to vote. Every member voting shall vote for as many candidates as there are vacancies to be filled and no more or less.

50. Ballot papers shall be placed in the smaller envelopes sent out by the Secretary and marked "Ballot Paper," and such envelopes, when sealed, shall be placed in the larger envelope addressed to "The Returning Officer." The member voting shall sign his name in the space provided on the larger envelope when a vote is cast by the nominee of a firm, corporation, society, company or other body, the nominee shall sign his own name in addition to the member's name.

51. A Ballot Box shall be placed at the Society's offices at least fourteen days before the annual general meeting, and members or nominees entitled to vote may deposit therein the envelopes addressed to the returning officer and containing their ballot papers at any time prior to the close of the poll. The envelopes addressed to the Returning officer and containing the ballot paper may be sent by post or other means, but they must arrive at the office of the Society prior to the close of the poll. All votes so sent to the Returning Officer shall be placed in the ballot box as soon as received.

52. The poll shall close at five o'clock on the Tuesday before the day on which the annual general meeting is to be held or some other convenient date fixed by the Council.

53. The President, or should he fail so to do, then the Council, shall appoint a returning officer for the purpose of conducting the ballot, taking charge of the voting papers and counting the votes cast. The returning officer shall, on the completion of the counting of the votes, communicate to the President or his deputy, the result of the poll. The Chairman of the Annual Meeting shall declare the result of the ballot at such meeting, and the declaration by the Chairman of the result of the ballot shall be final and conclusive.

54. Each candidate for election may at his own expense appoint another person to be present at the examination of the voting and the counting of the votes.

55. In the case of two or more candidates receiving an equal number of votes the President or his deputy shall have a second or casting vote.

56. The validity of any vote or votes shall be determined by the returning officer whose decision in this regard shall be final and conclusive.

57. Except as herein provided each Councillor shall hold office until the dissolution of the annual general meeting at which his successor is appointed.

HONORARY COUNCILLORS.

58. After a person has been a Councillor of the Society for a period of twenty years the Council shall have the power to appoint him an Honorary Councillor of the Society, and upon the Council so doing, such person shall thereupon cease to be an elected Councillor, and his office as such shall become vacant.

59. All Honorary Councillors of the Society shall be permanent members of the Council, and subject only to termination of their office as provided by the next succeeding rule, and they shall be entitled to all the privileges of a Councillor.

60. An Honorary Councillor shall ipso facto cease to hold office if he:

- (a) becomes bankrupt;
- (b) be declared lunatic;
- (c) in the opinion of the Council becomes from any cause incapable or unfit to hold office;
- (d) resigns his office;
- (e) allows his membership subscription to remain unpaid for more than twelve months;
- (f) dies.

COUNCIL.

61. The business and affairs of the Society shall be under the management and control of a council. The Council may exercise all the powers of the Society and do all such acts and things as may be exercised or done by the Society or which, it considers is necessary or expedient to carry out the objects of the Society.

62. The Council shall have the entire management of the income and funds of the Society and all other affairs thereof, and the members of the Society shall for these purposes be deemed to have constituted the Council their duly authorised agents.

63. The Council shall have power from time to time to make, amend, enlarge or revoke such by-laws as they deem necessary for effectively carrying out the objects of the Society or any of them.

64. The Council shall consist of:

- (a) Thirty-three members, who shall be elected to the Council from life governors, the life members and ordinary members of the Society in the manner herein provided, and who are in these rules referred to as "Councillors."
- (b) The four trustees hereinbefore mentioned.
- (c) The Honorary Councillors appointed to such positions in the manner herein provided.

PROCEEDINGS OF COUNCIL.

65. The Council shall hold periodical meetings for the despatch of business and may adjourn and otherwise regulate its meetings as it thinks fit.

66. The quorum for all meetings of the Council shall be ten. If within half-an-hour after the time for which any meeting of the Council is called a quorum is not present, then the members present or the majority of them or the Secretary if no member be present, may adjourn such meeting to a time not longer than 14 days.

67. The Council shall at their first meeting after the annual meeting in each year or as occasion may require, elect out of their own number (which includes Trustees and Honorary Councillors if any), a President and three Vice-Presidents.

68. In the absence of the President the Chair shall be taken by the Senior Vice-President then present, and should none of these officers be present, then by such member as the Council shall choose as their Chairman. The Senior Vice-President shall be deemed to mean the Vice-president, who has been a member of the Council for the greatest number of years in the aggregate.

69. The President or any four members of the Council may request that a meeting of the Council be called to consider any particular matter or matters and the Secretary, upon receipt of such request shall convene a meeting of the Council.

70. Questions arising at any meeting of the Council shall be decided by a majority of votes of those present at such meeting. In case of an equality of votes the Chairman shall have a second or casting vote.

COMMITTEES.

71. The Council may delegate any of its powers to a committee or committees consisting of such members of the Council as it thinks fit, and may, from time to time, alter or revoke any such delegation or alter, add to or vary the members of any such committee. Any committee so formed shall, in the exercise of the powers delegated, conform to any regulations that may from time to time be imposed upon it by the Council, and shall report to the Council as soon as possible any action it has taken or decision it has made in the exercise of such powers. All acts done at any meeting of any such committee shall be valid notwithstanding any defect in the appointment or qualification of any member or any defect in the procedure adopted at any such meeting. Any casual vacancy occurring in any committee may be filled by the Council.

72. Without limiting the generality of the power contained in the last preceding rule the Council may appoint a Special Committee, which shall have power inter alia to investigate and determine any question or matter relating to the conduct of a member or members and in particular to exercise the power of expulsion of members or to impose any other penalty on any person.

73. The Special Committee may expel from the Society or otherwise punish or penalise any member whose conduct, in the opinion of such committee, is discreditable or injurious to the character or interests of the Society or renders him unfit to associate with members of the Society

or who fails to comply with any direction or request of the Council within a reasonable time or who fails to comply with any rules governing any show or exhibition conducted by the Society or disregards or fails to observe any direction or decision of any official or judge appointed by the Society.

74. Before any member is expelled or otherwise punished or penalised his conduct shall be inquired into by the Special Committee, and he shall be given an opportunity to defend himself and to justify or explain his conduct. If a majority of the Special Committee present when the matter is enquired into are of the opinion that the member has been guilty of such conduct or action as aforesaid then such Committee may expel or suspend him from membership or disqualify, fine or otherwise punish or penalise him. In the event of the member being expelled from membership, or in the event of any member not obeying or complying with any other penalty imposed by the said Committee, then his name shall be removed from the roll of members and he shall thereupon cease to be a member.

75. The Special Committee shall have power to enquire into and determine all questions relating to protests or disputes arising at or in connection with any show or other exhibition conducted by the Society, and to determine the eligibility of any particular person or exhibit for any particular event, class or competition.

76. The Special Committee shall have power to enquire into all matters concerning the conduct of any exhibitor or competitor at any show or exhibition, and after enquiring into such conduct to impose such penalty, suspension or disqualification as to it seems just.

77. Any person being expelled from membership or disqualified from exhibiting or competing by any kindred Society shall, if such expulsion or disqualification is confirmed by the Council, not be allowed to become or remain a member of this Society or to exhibit or compete at any of the Society's shows or exhibitions until such expulsion has been rescinded or such disqualification removed.

78. Any person affected by any decision of the Special Committee may appeal therefrom to the Council of the Society. Any such person desiring to appeal shall within fourteen days after the decision of the Special Committee lodge with the Secretary of the Society notice of his intention to appeal together with a deposit of £5.

79. On hearing such appeal the Council may vary, alter, increase, reverse or otherwise amend the decision come to by the Special Committee, and the decision of the Council upon the matter shall be final and conclusive. The Council may give such direction as to the disposal of the deposit of £5 as it deems fit.

80. Without limiting the generality of the provisions of Rule 71 the Council may appoint a Finance Committee which shall have the immediate care of the Society's funds, and shall have the power (in addition to any other duties or powers delegated to it by the Council) to pass accounts for payment and to deal with urgent or special matters requiring attention between meetings of the Council. The Finance Committee shall make

a report to each meeting of the Council of the action taken by it between Council meetings.

81. Unless otherwise herein provided the Council shall be the sole authority for the interpretation of these rules and any By-laws or Regulations made thereunder, and the decision of the Council upon any question of interpretation or upon any matter affecting the Society or the administration of its affairs or of the procedure to be adopted in reference to any particular matter shall be final and binding on all members.

FINANCE AND AUDIT.

82. The financial year of the Society shall commence on the first day of January in each year and end on the thirty-first day of December following.

83. At least once in every year the accounts of the Society shall be examined and the correctness of the accounts and balance sheet ascertained and certified by two auditors.

84. The Society at the annual general meeting in each year shall appoint two auditors to hold office until the annual general meeting in the following year. The Council may fill any casual vacancy in the office of auditor, but while any such vacancy continues the surviving or continuing auditor may act. Every auditor appointed shall hold a licence as auditor issued in accordance with the Victorian Companies Act.

85. The remuneration of the auditors shall be fixed by the Council.

86. No person, other than a retiring auditor, shall be appointed at a general meeting unless a nomination signed by two life and/or ordinary members, together with a notice in writing, signed by the person so nominated, expressing his willingness to act as auditor, shall have been left with the Secretary of the Society at least 14 days before the holding of the meeting.

87. Every Auditor of the Society shall have a right of access at all times to the books, accounts and vouchers of the Society, and shall be entitled to require from the Council officers and servants of the Society such information and explanations as may be necessary for the performance of the duties of auditor.

MEMBERS' ROLL AND NOTICES.

88. There shall be kept in the office of the Society a roll containing the names and address of all Honorary Members, Life Governors, Life and Ordinary Members, and Associate Members.

89. A notice may be served by the Society upon any member either personally or by sending it through the post, addressed to such member at his address entered in the members' roll. Notices to firms, corporations, societies, companies or other bodies, who are members, may be served in accordance with Rule 9.

90. Any notice sent by post shall be deemed to have been served on the day following that on which it was posted.

91. Where a given number of days' notice or notice extending over any other period is required to be given, the day of service shall, unless otherwise provided, be counted in such number of days or other period.

INDEMNITY.

92. Every member of the Council, Trustee, Secretary, Manager or other officer of the Society, shall be indemnified out of the funds and assets of the Society against any risk, expense or liability incurred by him as a member of the Council Trustee, or as an officer of the Society.

93. Every person becoming a member of the Society shall thereby indemnify and shall, with every other member be bound to indemnify the Council and the individual members thereof and the Trustees against any action in respect of anything done or purported to have been done in the exercise or purported exercise of their powers or duties hereunder.

MISCELLANEOUS.

94. Every person becoming a member of the Society and the nominee of every firm, society, company or other body, which is a member of the Society shall, when required so to do by the Council or Secretary, give evidence by statutory declaration or otherwise of any facts within his knowledge or information relating to any particular subject matter before the Council or the Special Committee or any other Committee.

95. These Rules shall not be altered except by a majority of members present at a General Meeting.

96. Wherever in these Rules the time, day or date is fixed for the doing of any act matter or thing or a time or day is fixed within any act is to be done, then the Council may, without assigning any reason therefor, enlarge, abridge or alter such time, day or date.

97. Where no time or date is fixed in these rules for the doing of any particular act, matter or thing, the Council may fix such time or date as to it is considered convenient.
