welcome

SIR JAMES GOBBO
Governor of Victoria

For Victorians and our visitors, the Royal Melbourne Show provides exciting insights into our industries and commerce.

Victoria's food and agriculture sector has been highly successful in competing for world markets. The sector accounts for more than 35 per cent of all state exports.

The Show continues to play an important role in this success by providing a medium for competition, the promotion of agriculture and a venue for agriculturally based education and entertainment. For all Australians, the show reminds us of our heritage and what it means to be Australian — it is an integral part of the nation's landscape.

As Governor of Victoria, I welcome everyone to the 141st Royal Melbourne Show.

THE ideals and goals of the Royal Agricultural Society of Victoria were chosen many years ago by its founding members and enshrined in the Society's charter to promote excellence in agriculture.

The Show has been Victoria's premier event for many years. It has spanned two centuries and now, as the century draws to a close, the Society is again preparing to ensure the Show embraces the challenges of a new era.

The fact it has survived so long is extraordinary, but by no means accidental. The Show is an inspiring example of team achievement, loyalty and the ingenuity of enterprise.

JEFF KENNETT
Premier of Victoria

maintains this original vision with more than 32,000 animals entered this year in various competitions.

The Royal Agricultural Society of Victoria has spent more than \$1 million on initiatives and improvements to make visitors' and exhibitors' time at the Show more enjoyable.

In addition, the government is working with the Society to provide even further upgrading in future years.

This year the Royal Melbourne Show boasts several new attractions, including the Country Music Muster, the Fantastic Farm Animal

Kingdom and Mootown, which will give all of us a first-hand account of processing milk from the cow to the carton in your fridge.

These additions will add to the already impressive line-up of attractions that the show offers year after year.

On behalf of the Victorian Government, I wish all visitors an informative and relaxing time at this year's Royal Melbourne Show.

WELCOME to the Royal Melbourne Show, the biggest event in Victoria and one that provides fun and entertainment for the whole family to enjoy.

Founded to promote and encourage excellence in agriculture, the Royal Melbourne Show

JACK SEYMOUR

President, Royal Agricultural Society of Victoria

THE 1999 Royal Melbourne Show will be a very special event.

As the last Show of the century it will celebrate the history of this great event as well as show the way of the new millennium as "the million-dollar new-look show".

Many services and facilities have been upgraded this year to ensure the future of the Show and make your visit more enjoyable.

Everything you have loved about the Show will be there again as well as the new because the show each year sets itself new standards of quality to ensure its continuing

relevance as the showcase for Victorian agribusiness.

Quality is at the heart of the Show in the animals prepared and presented for competition, in the standard of judging, in the products and produce, in the exhibitions and displays.

The Show also offers something of a haven for Victorians — a place to ease, even manage, the stress of normal daily life in a different yet familiar environment.

Just coming to the Show can be a relaxing stress-free experience. Take a train direct to the showgrounds station — or if you drive, enjoy a

free shuttle ride from within the main car park to the showgrounds gates.

Then walk and talk to the animals in the Farm Animal Kingdom and the Animal Nursery, amble through the Dairy Pavilion, see the spectacular main arena attractions from the grandstands, see the chips fly at woodchop or tap your feet in the Country Music Muster.

All this makes the Royal Melbourne Show one of the enduring icons of Melbourne.

Farm Animal Kingdom provides family fun.

THE Funtastic Farm Animal Kingdom (Map ref. A4) welcomes visitors arriving at the western end of the showgrounds and directs them straight into the farmyard to start the day among the farm animals, including cattle, sheep, horses, pigs, goats and alpacas.

The kingdom brings together all the most popular family attractions at the Royal Melbourne Show such as: Pigs & People, Nature's Way, Horses for Courses and Farm Animal Expo.

Visitors can "talk to the animals", learn about their farmyard lives, pat bulls and pigs and, if they're lucky, see ewes giving birth.

Expert commentary will help parents with some of the trickier questions from young inquiring minds.

THE ever-popular Pigs & People display presents the four most popular breeds in Australia.

Visitors can pat a pig in safety and see how a sow cares for her litter — anything up to 20 piglets.

stars on the ball

THIS year's Mitsubishi 3-on-3 Streetball will feature a host of basketball stars from the Knart Tigers and Booze Less Titans who will mix it with visitors from 12.30-2pm daily. The aces include four-time Olympian Andrew Gaze, Lanard Copeland, Darryl McDonald, Tony Ronatdson, Mark Bradtke, Ben Pepper, Warwick Giddey and Brett Wheeler. It's at the outdoor sports area (Map ref H3).

See all the moo-vers and shakers

NEXT to the Funtastic Farm Animal Kingdom is the all-new Mootown Dairy Industry Showcase (Map Ref A4). Visitors can start shakin' along with the cream of the dairy industry as it journeys from farm to fridge.

Mootown will include regular milking demonstrations designed to inform young children that milk really does come from cows and not milk cartons.

An interactive showcase area will demonstrate some of the basic principles behind milk processing and dairy manufacturing.

As well, people will explain career opportunities available in the dairy industry.

The showcase will include The Milk Show, a live milking demonstration to be presented at a specially created open theatrette by professional speakers.

Shows will run for 30 minutes on a regular basis each day.

As visitors move through Mootown, they can view six areas which highlight different aspects of dairy-product manufacturing, including processing of butter, cheese and milk; careers; marketing, product development, packaging and transport.

At the end of the display, visitors keen for a taste of fresh country fare can sample a range of fine dairy products.

hall packs more alpacas

ONE of the biggest exhibitions of alpacas outside South America is at this year's Show.

There are more than 230 animals from Victoria and interstate.

The alpaca display (Map ref C4) has grown since its inception seven years ago.

The industry continues to thrive on strong demand for the high-quality fibre.

This year, exhibitors are competing in fleece sections designed to showcase the excellence

of the two main Alpaca types — the huacaya and the suri.

The visual display of animals is complemented by the formal show attire of the handlers and officials.

Alpacas are camelids — they are related to camels — and they belong to a family that includes llamas and guanacos.

Their natural habitat is the high plains of South America, notably Peru, Chile and Bolivia.

Alpacas have been bred, mainly for their fibre, for many thousands of years. They flourished during the rule of the Incas and were killed by

the Spanish when they invaded in 1532.

The first modern-day alpacas arrived in Australia in 1988. They were imported from Alaska and the US.

The large increase in less than a decade of alpaca numbers is largely because of the ability of the alpaca to adapt to Australian conditions and thrive here.

Judging of the alpacas takes place at 10am in *The Weekly Times* Livestock Pavilion on Friday, September 24.

muster's a must

IT'S the biggest barnstompin', bootscootin' country music festival this side of Tamworth with lashings of ranch-style food, beverages and good old-fashioned hospitality.

Country music comes alive at this year's Show with the transformation of the No. 3 cattle pavilion into the Lone Star Country Music Muster (Map Ref F6), an entertainment venue of epic proportions.

The pavilion houses everything country, including themed clothing, cafe outlets and a general store selling the freshest lamingtons in the land.

Combined with one of Australia's leading steak and beverage outlets — the Lone Star Steakhouse & Saloon — and a line-up of performers including winners from Tamworth and the 1999 Victorian Country Music Awards, the Country Music Muster is a must-visit venue for all visitors.

This year the Show Society has formed a partnership with Radio PBS 106.7FM to celebrate the station's 20th birthday and to showcase excellence in country music.

Other events include a new-talent competition and a Sunday morning gospel music session.

entertainment fun

MORE than 40 of our best performers and bands lead the way in entertainment this year in one of the biggest country music festivals running for 11 days and nights.

The Lone Star Country Music Muster (Map Ref F6) is a food and music extravaganza and heads a line-up of unparalleled entertainment and street theatre performing around the grounds.

The Royal Show is famous for its family entertainment, and the grounds become a huge stage for hundreds of performers and artists including dancers, magicians, clowns, puppeteers, jugglers and balladeers.

Entertainment on the main arena includes the Flying Lotz Scary Racing, the Holden Precision Driving Team, tent pegging, parachuting,

the ultimate display of livestock in the grand parades, and the nightly Sunkist fireworks spectacular.

Away from the main arena, the entertainment includes Irish and Scottish dance competitions, the Pedigree Pal Superdog Tearti and a fantastic array of children's theatre.

New this year is a special younger people's gig starting each day after 3pm. The FREEZA Program features headline bands and DJs in two sites, fully supervised, in drug and alcohol-free environments.

In the Nestle Peter's FunZone (Map Ref F4) Code One (the Victoria Police rock band) fires up with the Royal Australian Navy Band, the Australian Army Band, and a host of top school bands, day and night.

big, big country

SOME of Australia's best country music acts, including winners from Tamworth and the 1999 Victorian Country Music Awards, are performing at the Show's Lone Star Country Music Muster.

Texicali Rose, Moonee Valley Drifters, Crackerjack, Stringbusters and Uncle Bill.

The more esoteric styles of Louisiana music with Cajun Combo and Zydeco Jump are also part of the Country Music Muster and cater for all tastes and styles.

Gospel music is being featured on both Sunday mornings with groups including Susie Ahearn's Gospel Train and newcomers Git.

International touring star Dale Watson, from Texas, is also performing.

Dale has been hailed as one of the hits of the Tamworth Festival.

canine capers

WHICH four-legged friend will be top dog at this year's Royal Show?

That's the challenge for thousands of dog lovers as they take in the most comprehensive display of dogs in Australia.

With nearly 6000 canines of all shapes and sizes, the Royal Melbourne Pedigree PAL Dog Show is the biggest barkfest in the southern hemisphere.

From affenpinschers to afghan hounds, from weimeraners to whippets, more than 150 breeds will compete for prizes including Best of Breed, Best Exhibit in Group, Best in Show and Best Puppy in Show.

Other features of the dog exhibition (Map ref. G2 and H2) are twilight obedience judging, held most evenings of the Show; the spectacular agility judging, to be held on the last Sunday of the show; and the magnificent Pedigree PAL Superdogs at lunch times (12-12.30pm) and evenings (about 5pm).

International judges at this year's dog championships include Fernando da Costa Maia from Brazil, Carla Molinari from Portugal, Dorothy MacDonald from

the US, and Agnes Ganami Kertes from Israel.

Ms Ganami Kertes has bred german shepherds and standard schnauzers since the early 1950s. She introduced the shiba inu into Israel and has produced many champion dogs.

Brazilian Fernando da Costa Maia, a breeder of miniature pinschers, boxers and pointers, is looking forward to his return visit to the Royal, describing the event as "the most important dog show in Australia".

Portuguese judge Carla Molinari has bred german shepherds, afghans and salukis, miniature dachshunds, whippets and pointers since 1963, producing more than 100 champions. Ms Molinari has judged at several world shows and at Crufts in the UK.

US judge Dorothy MacDonald grew up in England but later moved to the US where she continued raising and showing yorkshire terriers and brittany.

Ms MacDonald is president of the Dog Judges Association of America and has judged in many parts of the world.

prize time

FROM cattle to poultry, from goats to rabbits, from dogs to horses and cavy to pigeons, the Royal Melbourne Show has it all this year.

With record entries in many sections, thousands of animals will compete for top honours.

This year, the Show is leading the way in the beef cattle circuit with an increase in entries.

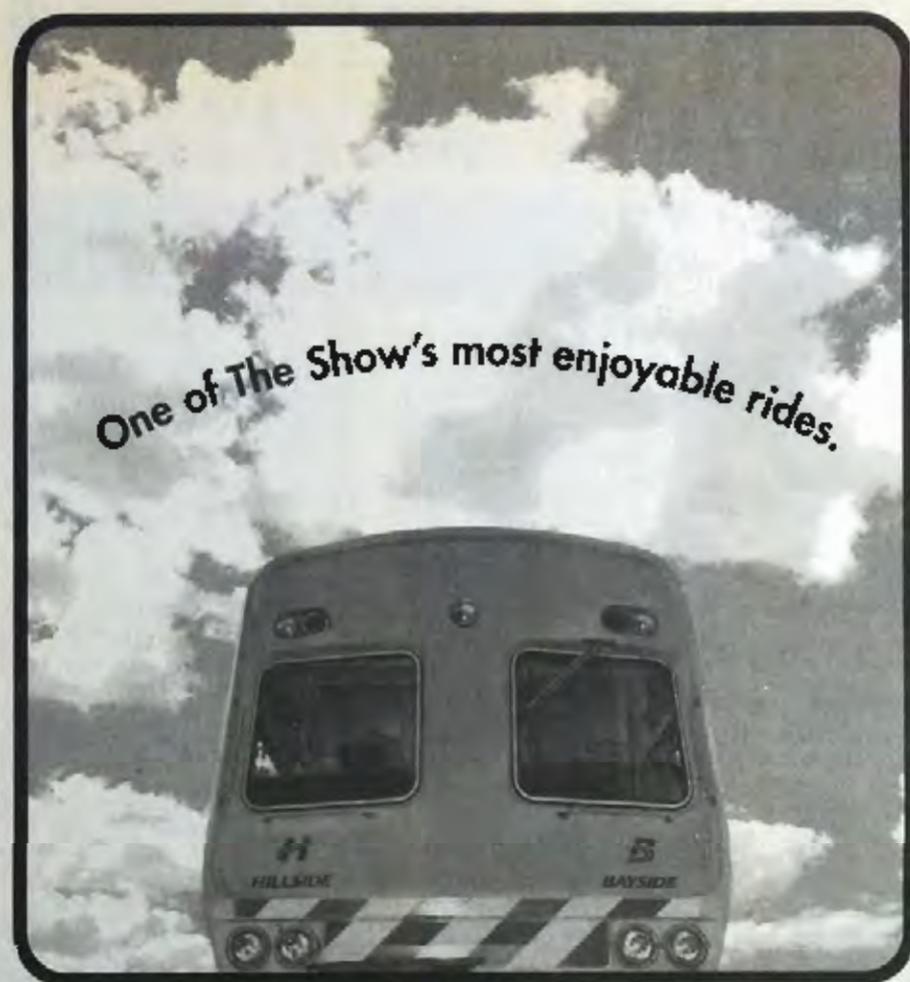

On display will be 1264 beef cattle from 34 breeds — 80 more than in 1998 and 132 more than in 1997.

Exhibitors compete for total prize money of close to \$30,000. The feature beef breed is the charolais. The feature dairy breed is the jersey.

More than 2000 horses and riders will compete in dressage, jumping, tent-pegging and camp drafting.

A total of 514 sheep will compete for honours while the Caxitum Brothers and *The Weekly Times* Prime Lamb Carcase Competition will determine the finest lamb.

Boer goats, dairy goats, angora goats and more than 200 alpacas will also feature, while long-necked, long-legged modern game birds, cage birds, pigeons, rabbits, cavy and cats — including a litter of five bengal kittens — make this year's show one of the biggest displays of fur, feathers and fibre in Australia.

Searching for a park at The Show is no joyride. That's why you should park at one of the 27,000 free car spaces at suburban stations. Then travel on one of the Show Trains, running every 5-10 minutes to the Showgrounds from Flinders St. and Spencer St. stations. As an added convenience, you can buy tickets to The Show from all premium stations. Which means you can arrive at the big day without screaming abuse.

the last show day of the century

THE last day of the 1999 Royal Melbourne Show (Sunday, September 26) will be celebrated in spectacular fashion with entertainment, prizes and competitions befitting a century of excellence in agriculture.

In the scheduled Network 10 Spectacular, stars from *Neighbours*, Bart Simpson, members of the *Totally Wild Crew* and a feast of fireworks, will head the festivities to wind up the last show of the century in true style.

Watch Channel 10 for the chance to cash in on spectacular savings scheduled for the last day of the Show.

Special competitions and deals will be available for all visitors, as well as the chance to meet the stars of some of Australia's most popular programs.

And that's just for starters. The final of the big basketball shootout with NBL stars, will give one lucky person the chance to win a prize worth thousands.

At the Lone Star Country Music Muster, line dancing, square dancing, clogging and some of the

best country music in the land, featuring Adam Brand and Crane Trash, will keep the toes tapping. While toe tapping of another kind — the Loch Lomond Highland Dancing Competition — will kick up its heels in the Dugdale Theatre.

In the Woodchop pavilion, Australia and New Zealand will slug it out in the third and final under-21 woodchopping Test.

Shearing demonstrations, fashion parades, and wheelwright demonstrations will take place throughout the day in the Whisky Hill Wool Shed.

You will find all your favorites, including Mickey's Magical Toyshop, the animal nursery, arts and crafts, 32,000 animal exhibits, the Halls of Horticulture, the Honey Pot, the Meat Promotions Centre, the Government Expo display, the Department of Defence display, the Fantastic Farm Animal Kingdom, Mootown, the Farrier's Forge and much, much more.

And the show will continue to provide the best entertainment in town until the very last skyrocket explodes about 8pm.

making good use - again

The Show is a **Waste Wise** event and last year more than 20,000kg of waste paper and cardboard were recycled. About 800 eggs a day are laid by poultry exhibits.

Past, present and future — check out the Royal Show pavilions

Whisky Hill Woolshed (Map Ref B5)

Visitors looking for a taste of history can slip back into Australia's colonial past at Whisky Hill Pavilion where storytellers, coopers and wheelwrights re-create the past with fascinating tales and demonstrations of age-old crafts.

A highlight at this year's Whisky Hill display is bushcraft historian John Bury who regales visitors with tips and tales from his "Storybook Living History".

With his loyal dog, Jessie, his shepherd's bed, waddling ducks and firemaking skills, John brings history alive.

Another highlight is sixth generation cooper George Smithwick, who has carried on a time-honored tradition taught to him by his father.

There will be daily fashion parades featuring student designs and the latest in avant garde wool. You can shop in the many commercial stands in the pavilion. Whisky Hill also features a shearer's camp with frequent shearing displays using modern and traditional shearing equipment.

National Meat Promotions Centre (Map Ref F3)

The Meat Promotions Centre will take on a new look at Show Time this year with a new, fully operational butcher shop as well as more great meal ideas, cooking demonstrations and tastings.

Follow the Yellow Brick Road to the centre for your free sample of Quinns Fine Foods from our friendly Q Butchers.

The secrets to favorite fast and simple meals will be demonstrated every 30 minutes by Melbourne's top food specialists and butchers.

Also, watch the Great Chefs Competition and see what the experts can cook up with surprise ingredients and the clock running.

Help judge heats of the National Sausage King Competition or Royal Melbourne Show Smallgoods competition and taste samples of the contestants' products.

Dairy Pavilion (Map Ref F3)

Sample flavored and fermented milk, specialty cheeses, delicious yoghurts, dairy desserts, icecream and other dairy goodies at the Dairy Pavilion.

The Australian Dairy Corporation has information on health and nutrition and will provide delicious dairy-based recipes, and commercial exhibitors will offer a broad range of dairy produce.

Visitors can sample and buy some of nature's finest milk, cream, cheese, and icecream, and also see Victoria's best dairy cuisine in a display of Royal Melbourne Dairy Show winners.

Leisure and Lifestyle (Map Ref G4)

Leisure seekers and lifestyle lovers will be well catered for with a huge range of creature comforts and lifestyle accessories ranging from the latest computers to home entertainment centres and sports equipment.

There will be many tempting bargains and a great range of education and informative displays, with everything from hydro-spas to fishing and photography.

Art & Craft (Map Ref F3 & F5)

From prize-winning photographs and paintings to cooking demonstrations and tips, the family circle Craft Pavilion, the P. B. Ronald Pavilion and the Angliss Gallery cater for all tastes.

Display cases are crammed with award winners in pottery, porcelain, knitting, needlework, leatherwork, metalwork, basketry and book binding as well as cakes, preserves and cookery demonstrations.

Other demonstrations include bead craft, tapestry, calligraphy, hand weaving and spinning, lace making, pergamano, folk art, painting on silk, and mouth and foot painting.

Rural Pavilion (Map Ref B4)

This special pavilion includes displays of alternative farming and different foods such as yabbie pies and venison burgers. There are also stalls featuring natural products such as herbs and their uses, a range of clothing and accessories stands, and a wide array of handy products.

Intencity Pavilion (Map Ref F3, formerly Centre Point)

A range of leading-edge interactive simulators featuring games like the new Datona 2 and Zombie's Revenge will be on display. Triple M, FOX FM and Channel 9 Footy Show Showbags will be on sale together with a AFL/VFL footy memorabilia display from Thanks for the Memories.

Harvest Hall (Map E3)

Samples of the best of Victoria's top quality grains including wheat, pulses, barley and canola seed harvested during the 1998-1999 season are on display in Harvest Hall.

A record 760 entries were received for this season's Grain Quality Awards, presented by the Society and the VFF — more than double the entries last year.

National Bank Animal Nursery (Map Ref D4)

This is one of the Show's most popular displays, attracting nearly 450,000 visitors each year to watch a slice of country life unfold before them.

Children can touch, smell and feed the many farm animals on display. They include rare breeds and baby animals.

This year, visitors can also get a hands-on feel for agriculture in the interactive corner where different animal feeds can be assessed and weighed, and a four-stage explanation of the life cycle of a chicken can be viewed.

Farrier's Forge (Map Ref A4)

The ever-popular Farrier's Forge has been significantly upgraded and expanded.

It includes working black smiths demonstrating skills required in a range of time-honored crafts, including horseshoe making and horse dentistry. Horse Whisperers will also put their talents to the test, gently persuading young horses to trust their handlers.

Honey Pot (Map Ref A5)

The Honey Pot is a showcase of apiculture adjacent to the Dugdale Theatre.

It offers a fascinating insight into the intricacies of the hive and the lives of bees. There will be free honey sampling, exhibits of prize honey products, live bee display and apiculturists on hand to explain the highs and lows of life as a bee.

Billabong Trail (Map Ref starting points A3 & G2)

The Billabong Trail will take children from the main entry points at the Showgrounds to major animal and educational attractions. Easy-to-follow signs will direct people around the grounds to each great display and children will meet Billabong Bill and his mates.

Wonderful World of Pets (Map Ref H2)

The ever popular display will be bigger and better this year, providing easy and friendly access to companion animals ranging from the well known to the unusual and bizarre. A live-snake demonstration will be held six times daily.

splinters to fly

COMPETITION — the catalyst for excellence — is a huge part of the Royal Melbourne Show, with hundreds of entrants battling for honors every hour of the day.

But nowhere is the spirit of competition more alive than in the Woodchop Pavilion where the smell of fresh wood and the ring of the axe draw thousands of visitors each day to watch the splinters fly.

This year, there have been nearly 2000 entries in the championships.

They include members of the legendary O'Toole, Foster, Youd, Gurr, Hewitt, Sherriff, Caldwell and Bolstad woodchopping families.

A highlight of the woodchopping this year is the under-21 three-test series between Australia and New Zealand, which

comes to a head on the last Sunday of the show.

This year, watch the son and daughter of world champion axeman David Foster, from Tasmania, who have been named in the relay team to compete against New Zealand.

Janelle, 19, and Stephen, 15, will compete in the double-handed sawing section of the relay event which has been hotly contested by both countries since it started in 1996.

New Zealand won the event last year, while Australia won in 1996 and 1997.

Janelle is the first woman to be named in an international woodchopping test team and Stephen is the youngest male to earn a test guernsey.

The woodchop arena is map reference H5.

getting fresh

VISITORS to the show's horticulture pavilions can celebrate color, taste and diversity with fellow greenthumbs and fresh-food fanatics.

The two pavilions are sponsored by the Melbourne Market Authority and Coles Supermarkets.

The focus is on "healthy horticulture," nutrition, well-being and sustainability. They are at Map ref D4.

Coles Supermarkets showcase a range of fresh and prepared food in their "7-a-day" display which highlights healthy eating and the need for a variety of fruit and vegetables in our diets.

The Hall of Horticulture also features leading produce and gardening companies.

On a presentation stage, speakers and demonstrators explore gardening, Landcare and produce subjects.

Join in the Junior Landcare Workshop and learn about endangered species or find out about Landcare activities in Victoria's fruit bowl, the Goulburn Valley.

A Landcare display features the work of community groups in Victoria.

Visitors to the Melbourne Market's Fresh Produce Pavilion can taste a variety of country-fresh food and see master chefs and sporting identities in cooking demonstrations throughout the day.

The pavilion, showcasing "Fruit & Veg — the Winning Edge", features a diversity of Australian produce supplied by growers and exhibitors.

The pavilion presents fresh produce galore with free fresh-taste samples, recipes, competitions and lots of fun with Lucy Lettuce and Claude Carrot.

Other features include "Gaypak Honey Murcott Mandarins" presented by John Holman & Co; "Kapiris Tomatoes with Taste"; tasty, cooked potato and onion portions from Red Gem Growers and Packers; and the chance to get fruity with apples, from Westmore's.

Win a \$300 supply of fruit and vegetables from your local greengrocer. Also, there's \$4500 to

fab food for thought

IF you've got an appetite or a hard-earned thirst, the show has a mighty menu to match with a range of food and refreshments bigger than Texas.

Try this for starters: pork ribs, juicy prawns, Cajun rib-eye steaks, T-bone, Porterhouse and Teriyaki steaks, Mexi and Bubba burgers, hot-fudge brownies and sticky date pudding.

That's just some of the ranch-style food in the Lone Star Steakhouse & Saloon (Map ref E6) inside the Country Music Muster Pavilion. Bootscooting (or even watching bootscooting) can certainly build an appetite!

Also in this pavilion is a traditional Australian Country General Store selling fabulous lamingtons — just the way you remember them — corn on the cob, or a sausage grill from the back of a ute!

There's a lot more to food than just fairy floss, waffles and Dagwood dogs, including exciting new food outlets.

Global Gourmet (Map Ref D4) is a new focus on international food (under the Schweppes arcade) offering culinary delights from Africa, Spain, Italy and Japan.

Nestle Peter's (Map Ref D4) is opening a new ice

cream shop (also under the Schweppes Arcade — near Global Gourmet) called SCOOPS, while Gillies Pies & Pastries (Map Ref D4) have set up a baking house next door, for fresh pies, pasties and pastries.

For more traditional food buffs, there's an old-style spit roast in the Paddock to Plate Pavilion (Map Ref D4) while other taste-bud tempters can be found in the Rural Pavilion where visitors can indulge in delights such as venison and yabbie pies.

The Bushells Tearoom, (Map Ref G4) offers fully-licensed dining in a cafe style, while the Stavros Tavern (Map ref E4) delivers all the flavors of the Mediterranean with magnificent dishes made from fresh Australian produce.

And of course, no Show would be complete without the tireless efforts of the women in the Country Women's Association.

The CWA Cafe (Map Ref E3) is a part of Show history and offers everything from early morning bacon and eggs to wholesome sandwiches and homemade soup.

Enjoy.

Families can enjoy hours in the Expo Centre and put their wallet away as there are more than 50 free giveaways and activities.

warfare for the millennium

SOLDIERS of the future, Leopard Tanks, armored vehicles and some of the deadliest weapons of modern warfare will be on display at the Australian Defence Force Exhibition at this year's Royal Melbourne Show.

Hi-tech equipment used by the navy, army and air force will be a feature of the 1200sqm exhibition located between the Epsom Rd entrance to the showgrounds and the police station.

With a "hands-on" emphasis, the

exhibition features combat equipment, and large interactive models of the navy's latest warships.

The highly-detailed models include the Australian-built Collins Class Submarine, the ANZAC Frigate, and the Huon Class minehunter.

Scale models of the army's Black Hawk Helicopter and the RAAF's front-line F/A 18, F111 and Hawk lead-in fighter aircraft will also feature.

Visitors can talk to uniformed members of all three services about

the roles they play in the defence of Australia.

Also on show will be some of the latest combat equipment used by the army, including a model of a soldier of the future and a one-third scale working model of the Phalanx high speed defence system.

An electronic display highlighting Australia's northern defences will be on show as well as a display detailing Australian Defence Force help for the community during natural disasters.
